

DROWNED.

Young Man Meets Death in the Muskingum River.

Beverly, O., July 15.—Herman Humphrey, son of A. W. Humphrey, aged about 18 years, and a graduate of our Township High School, was drowned last night at the dam. He had gone there to bathe alone. His friends missing him at his usual bedtime went in search and found his clothes and wheel at the dam. Search was instituted and the river dragged and at 9 o'clock a. m. his body was found near where his clothes lay on the shore. It is a sad thing, as Herman was one of our most promising young men. No arrangements have as yet been made for the funeral.

Marietta Township Improvement Association.

Met for the first time Friday, July 14th at Miller's School House, in an interesting and enthusiastic session.

Captain C. A. Miller was chosen chairman of the body, Harry Cogswell, Secretary, and L. E. Miller, Treasurer. City committee—Fred Mitchell, Louis Harness and Fred Mueller. Country committee—E. D. Johnson, Robert Miller and O. M. Russell.

This committee to report the last Friday in July. The principal business before the body was the location and construction of the proposed new cinder path from Marietta to Little Muskingum river. The body decided that a five-foot sidewalk would be the proper width, and that it be built on the east side of the road.

It was also decided that all subscribers to the sidewalk fund be members of the Association.

Adjourned to meet at call of chairman.

Property Still Rising.

Saturday afternoon Mr. F. L. Alexander sold a twenty-five foot strip of land at the corner of Third and Butler, to a Chicago gentleman, for \$35 per front foot. Mr. Alexander owns a lot 282 feet front and 180 feet deep, which he purchased of Messrs. Ward & Stone and D. R. Rood for \$20 per front foot. Two years ago the same property sold for \$10 per foot. This is but another evidence that Marietta real estate is becoming more valuable every day.

A Mile Run.

Gordon Gilpin, of Mile Run, was arrested last night on the charge of drunkenness and disorderly conduct. While Officer Posey was on the way to the lockup with the prisoner, Gilpin broke away from him at Second and Putnam and fled. The officer gave chase and followed him to Mile Run, where he was captured. Gilpin was brought back and placed in the lockup.

Will Not Celebrate.

At a meeting of the Trades and Labor Council Friday evening it was decided that the labor organizations would not get up a celebration of any kind on Labor Day. This action was taken for various reasons. The Council decided, however, that in case the Citizens Organization were to celebrate on that day, they would assist them in every way possible.

Has Sold His Farm.

Mr. J. S. Pierpont, proprietor of the St. Cloud Hotel, sold on Saturday his farm in Williams District, one mile above Williamstown, W. Va., to F. K. Bills, of St. Marys. This farm consists of 46 acres of choice farm land, and the price paid for it was \$5,000. Mr. Bills will take possession at once, but he will not move down until September 1st.

River Notes.

The stage of water in the Ohio at this point is four feet and falling. Boats yesterday were the Valley Belle down at 1 p. m., Kanawha up 7 p. m. and the Bedford last evening. The Greenwood will be down for Charleston this morning. The Catherine will enter the Wheeling trade Monday in place of the Bedford.

A CHARTERED LIFE.

In a railroad accident the other day a man sustained ten complete fractures of the bones of the limbs, three fractures of the pelvis, and a score of bruises, gashes and sprains, and yet he is recovering. Men and women sometimes withstand great physical violence, but succumb to the invisible germs of consumption.

so small that they can be seen only under a powerful microscope. The starting point of consumption is in the stomach, which, when deranged, makes bad blood, because digestion is not perfect, and in bad blood the microbes multiply and flourish. Sooner or later the lungs are attacked, and in the weak spots the germs begin their deadly work of tearing down the tissue.

Dr. Pierce's Golden Medical Discovery stops the encroachments of consumption microbes. It builds up and fortifies the whole system by aiding the stomach in its many functions. It assists in the proper assimilation of food. This scientific remedy cures lingering coughs, bronchitis, bleeding at the lungs, and every other symptom that eventually leads to consumption. Dr. R. V. Pierce, of Buffalo, N. Y., who makes this wonderful medicine free, faithfully advises to all who write him.

Last spring I was taken with severe pains in my chest, and was so weak I could hardly walk about the house," says Mrs. G. E. Kerr, of Fort Dodge, Webster Co., Iowa. "I tried several physicians and they told me I had consumption, but that I might break down and perhaps live a good many years. I heard of Dr. Pierce's Golden Medical Discovery and I thought I would try some of it. Before I had taken the first bottle I was very much better. I took five bottles of it and have not yet had any return of the trouble. I have also taken Dr. Pierce's Favorite Prescription and 'Pleasant Pellets' with good results."

When the bowels are obstinate, take Dr. Pierce's Pleasant Pellets. They don't grip.

Lucky Child. Mr Carnegie has bought a block to make a garden for his child to play in. The grounds of his new mansion are to be arranged to form a beautiful Italian garden, with fountains, pavilions and marble terraces, and along the eastern side of the garden is to be a beautiful palm house. All this splendor will cost about \$2,000,000, and it is planned and to be carried out for the benefit of Mr. Carnegie's only daughter, a little maiden of 2 or 3 years. Lucky child to own such a father!

The Nickel-Plate Shows. While the Harris Nickel-Plate Show is not the largest show on earth, there is no doubt but that it is the best show on earth for the price of admission. The seating capacity was not nearly sufficient last evening to accommodate the crowd.—Daily Independent, West Point, Miss.

DOES COFFEE AGREE WITH YOU? If not, drink Grain-O, made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee. It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful tabi beverage for young and old." 15c and 25c.
