

Accidents Will Happen.

The wisest people can't avoid accidents, but all wise people keep fully prepared to deal with the accident if it does happen.

Dr. Gear Will Teach.

The School Board held a meeting at Dr. Willis's office last evening for the purpose of considering the resignation of Prof. Smith and appointing his successor as Principal of the High School.

The matter of choosing his successor was discussed at some length, and Prof. Williams, who had just returned from a Teachers' meeting at Pomeroy, gave many valuable suggestions as to different men for the place.

Beginning Tuesday, Dr. Gear will temporarily assume the duties of principal, to act in that capacity until the end of the fall term. By that time the Board will have chosen Mr. Smith's successor, who will begin his work with the winter term.

Death of Mrs. Eliza McAtee.

Mrs. Eliza McAtee, widow of the late Benjamin McAtee, died at her home, 310 Putnam avenue, West Side, Saturday morning at six o'clock. Her death was the result of pneumonia and dropsy of the heart, from both of which troubles she had been an intense sufferer for some time.

Mrs. McAtee was born in Washington county, seventy-seven years ago, and in 1884 removed from Beverly to this city, where she has since resided. Her husband died just one year ago Saturday.

She leaves four children to mourn her loss, Mrs. Letha Newton, Mrs. B. F. Jackson, Miss Dora McAtee and Mr. W. B. McAtee.

Settled Out of Court.

The case against Howard Waller, Oliver Smith and George Armstrong, who were arrested on complaint filed in Mayor's court by William Martina, charging them with assault was "settled out of court" in rather an odd way, Saturday morning.

Martina filed complaint several days ago, alleging that the men assaulted him at the Rainbow ferry. The case was set for hearing Saturday morning, but when the time came for the hearing the Mayor was informed that the case had been settled without trial.

It appears that Martina had agreed to accept \$5 to settle the case providing the defendants pay costs, but was afraid to take the \$5 from the men for fear it would cause him trouble. One of the defendants then passed the \$5 to Marsenal Dye, who gave it to Martina. Waller, Smith and Armstrong paid the costs, amounting to \$21, and the Mayor marked the case "settled out of court."

The Highwayman.

The presentation of the comic opera "The Highwayman" last evening at the Auditorium was just about the best thing in its line ever given in Marietta. The company is a big one, a strong one, and one of quality. The voices are good, the girls are pretty and the costuming is splendid.

Smith, the baronet, has done a good job in writing the plot and its by-plays, and DeKoven has matched him well with the music. The opera is very lively in its general make-up; and is highly entertaining from start to finish.

"Foxy Quiller" is one of the best and newest things in comedy character that has happened in a long time, and around his genial astute self revolves a deal of fun.

A Big Mortgage.

Mr. J. Chauncey Huffman, of the B. & O. railroad, was in the city Saturday and used in the Recorder's office a mortgage from the B. & O. R. Co. to the Farmers Loan and Trust Company. The amount of the loan which this mortgage secures is \$40,000,000.

Probate Court Proceedings.

Fred Blume filed application for appointment as administrator of the estate of Frank B. Bizzanzis. The bond was fixed at \$46,000.

A Slight Collision.

John Clogston and Roy Haney, drivers of express wagons, had a collision in Foundry Alley yesterday forenoon. It was purely accidental and but little damage was done. Neither of the men were hurt, but both wagons suffered slight breaks.

This will be the first of a series of Sunday evening discourses on what the pastor conceives to be the message of the church to the politician, the lawyer, the school teacher, the stage manager, the saloon keeper, etc. To avoid the charge often made that the clergyman fortifies himself behind the pulpit and makes assaults upon people who not in position to defend themselves, Mr. Coll proposes that if the members of any class or order are not satisfied with his presentation of their case and the message of the church to them, they shall designate one of their own number to present their case for them from his pulpit on a subsequent Sunday evening.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for a list of Testimonials.

The Star Clothing House.

The debility of David Duggins has been completely cured. David Duggins lives in the town of Jones, Ohio County, Kentucky. From there he writes:

"When I began taking Dr. Pierce's Golden Medical Discovery, I had nervous or general debility of three years' duration. I took three bottles of the Discovery. During the time I was taking it, my weight became more refreshing and gained fifteen pounds in weight, and also gained strength every day. It has been six months since I took the medicine and I will have good health."

When a man gets run-down it is hard work to run him up again unless the whole condition of his system is first changed. That is what the "Golden Medical Discovery" does for him. It begins by removing from his digestive system all poisonous, effete matter. It gives tone to his stomach, activity to his liver, cleanliness to his bowels. While this work is going on the "Discovery" also manifests its potency through the blood and nerves. It fills the blood with rich, red corpuscles and sends them vigorously circulating all over the body to soothe and nourish the tired, abused, screaming nerves.

When a man has nervous prostration it isn't his nerves that are wrong. It's his blood. Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys. Dr. Pierce's Golden Medical Discovery will put all these organs in good order. "Golden Medical Discovery" contains no alcohol in any form. It is entirely free from opium and other narcotics and contains neither sugar nor syrup which are injurious to some stomachs. Without any of these ingredients it retains its pleasant taste and healing qualities in any climate and under all conditions.

Don't let a careless or dishonest medicine seller cheat you out of your health by giving you a substitute.
