### LURED INTO A TRAP

#### A Telegram From Pretoria Says That Gen. Warren Was Enticed to Spion Kop.

#### ELEVEN OF HIS CANNON WERE TAKEN.

#### Claimed That Buller's Hasty Retreat Over the Tugela River Alone Can Save His Army.

#### War Office Has No News of a Catastrophe to Buller—No Explanation for the Abandonment of Spion Kop.

Berlin, Jan. 28.—Some of the papers here claim to have a telegram from Pretoria saying that Gen. Warren was enticed to Spion Kop, where the Boers fell upon him; that 11 of his cannons were captured, and that Buller's hasty retreat over the Tugela river alone can save him.

Berlin, Jan. 28.—It is said that the German foreign office has confirmation of the report that Gen. Warren's division has been crushed.

The Pretoria telegram adds that the British losses were 800 men killed and 1,500 wounded. The dispatch comes through Brussels and does not receive much credit in this city.

London, Jan. 28.—The war office has no news of the catastrophe to Gen. Buller's force reported from Berlin and discredits its story. Neither has the war office any explanation, at least

for publication, of the abandonment of Spion Kop, and there are no indications in this connection from independent sources. The disposition Saturday is to regard the evacuation as not so serious as at first thought, and commentators are abusing the military authorities, both at front and at home, for publishing hasty accounts of an incomplete, half-understood operation, thus alternately thrilling and depressing the nation.

London, Jan. 28.—The afternoon papers describe the general's dispatches as unpleasant reading for the British people, intensely mortifying to the national pride and damaging to the country's prestige, and scathingly denounce the gawking at the present time of reports which, the St. James Gazette says, "display academic frivolity not uncommonly found in combination with considerable practical incapacity, lapsing into sneering when they ought to rebuke, and filled with the slang and humor of Kipling's subalterns."

The St. James Gazette sums up its opinion as follows: "These dispatches sweat the folly which has prevailed throughout the period the campaign has covered, and which has exacted its usual tribute of lives and men."

There are signs of important movements developing in the north of Cape Colony. Gen. French has succeeded in getting in touch with Gen. Buller, possibly presenting a combination of the two columns and the commencement of a concentration of the forces, which is believed to be the groundwork of Lord Roberts' plan of campaign.

The last detachment of the infantry section of the London volunteers, numbering 134 men, were entrained Saturday morning for Southampton, where they will embark Saturday for Africa. The route from Wellington barracks to Nine Elms station was thronged with cheering spectators, but not in the same degree as on previous occasions, so the order of march was undisturbed. The lord mayor and sheriffs accompanied the troops to Southampton. The battery section and ammunition column completing the regiment will leave February 3.

Boer Camp, Modder Spruit, Upper Tugela River, Tuesday, January 23.—The British are now endeavoring to force with 40,000 troops the Spion Kop route to Ladysmith. The firing on Gen. Buller's position yesterday was terrific. The trenches were fired, rocks dislodged and grenades pierced, but the battle was practically one-sided, the federals only firing thirty shots. A ball from a shell landed in Gen. Buller's pocket. The only Boer casualties were some horses wounded. The firing ceased at dark, but was resumed this morning in vicinity of Ladysmith and here, but up to noon

it lacked vigor. Lorenzo Marques, Delagoa Bay, Friday, January 25.—It is reported on good Transvaal authority that Mafeking was relieved Tuesday, January 23.

### VANMETER SEATED

Berry, the Republican Contestee, Ousted From the House by a Vote of 51 to 45.

### SIX DEMOCRATS VOTED WITH MINORITY

This Action is Admitted by All as a Forecast of the Vote in the Governor Contest Case.

The Ballot on the Minority Report Was 51 to 46—Majority Report as Announced by the Minority Adopted.

Frankfort, Ky., Jan. 28.—At the opening of the session of the house Saturday, Mr. Burkamp, who presented the majority report, republican in favor of Mr. Berry, resumed his argument in favor of the adoption of the republican report which he had presented.

The democrats tried in vain to pair Saturday. Sledge, who was unable to attend the house proceedings Saturday, but the republicans refused, on the allegation that Mr. Watson, while paired with an absent republican last week, did not keep faith with him.

At the conclusion of Mr. Burkamp's argument, Mr. Rawlings, who presented the minority report, announced that being ill he was unable to speak in behalf of his report, and surrendered the floor to Representative Hollan, who delivered the argument in favor of the adoption of the minority report.

At the conclusion of Mr. Holland's argument, Mr. Finn (dem.) moved the previous question, which was the adoption of the majority report. Mr. Laferly (dem.) rose to make a personal explanation. He said it had been reported that he was on the floor in defense of Mr. Berry. He denied this, saying that he proposed to vote in defense of himself, and would vote as he thought right.

Mr. Laferly was not allowed to finish his statement, the democrats objecting. Under the rules of the house, Mr. Burkamp, the mover of the resolution, had thirty minutes to speak on his motion. He was given the floor, and announced he wished to divide his time with Mr. Slack (rep.). The speaker ruled that he could not divide his time, and that Mr. Burkamp should talk alone. A motion was made by Mr. Slack to adjourn, and the motion was lost by a large majority.

After several motions had been made by republican members to reconsider to take a recess of thirty minutes, and for an extension of the debate, all of which were ruled out of order by Speaker Trimble as being dilatory, Mr. Burkamp took the floor for his thirty minutes allowed him under the rules of the house.

At the conclusion of Mr. Burkamp's address, the speaker called the question which he declared to be the substitution of the minority report for that of the majority, the minority presented by Mr. Rawlings uniting with Mr. Berry. The vote in favor of the minority report was 51 to 46.

The democrats voting with the republicans were Cochran, Egbert, Hinton, Grider, Orr and Williamson. Sledge (dem.) was absent and Speaker Trimble did not vote.

A resolution to adopt the majority report as amended by the minority report was adopted, 51 to 42, and Mr. Van Meter was declared a member of the assembly.

The case of Van Meter (dem.) against Berry (rep.) for the latter's seat in the legislature, decided in favor of Van Meter by a vote of 51 to 45. This is the vote which republicans and democrats admit is an accurate forecast of the vote in the Goebel-Taylor contest.

The house adjourned until Monday morning at 11 o'clock.

### MINERS AND OPERATORS.

The Latter Have Decided to Hold Out Against the "Single Standard"—Miners Determined.

Indianapolis, Ind., Jan. 28.—The joint scale committee of the coal operators and miners met again Saturday. The operators Friday night decided to hold out against the "single standard" rule of an mine system of pay. The miners went into the meeting Saturday determined to secure what they want. The strike talk of Friday has quieted down, largely because many of the big operators from Chicago, Cleveland, Columbus and St. Louis have gone home to spend Sunday. Chairman W. S. Bigle, of the joint conference, has gone to Chicago and there will be no joint session until his return. Predictions Saturday are that the scale committee will not report before Tuesday, then the wrangle will come in the conference. President Mitchell and the members of the national board of the union mine workers are anxiously waiting developments in the anthracite region of Pennsylvania. The operators at Scranton have absolutely refused to meet the miners and the executive conference, which will follow the adjournment of the joint conference here may determine upon a general anthracite strike.

The defense fund plan of the union mine workers is gaining ground. It is thought that if the plan proposed is perfected within two months, if not general strike comes, the national treasury will have from \$150,000 to \$200,000, while Illinois, Ohio, Indiana and Pennsylvania districts will also pile up many thousands of dollars.

Chicago, Jan. 28.—The news of the death of P. D. ### OHIO HAPPENINGS.

#### JOSEPH LAMB DEAD.

He Acquired Notoriety About Ten Years Ago in Connection With a Sensational Forgery.

Toledo, O., Jan. 28.—Joseph Lamb, for many years an express agent here, died of heart disease in the house of strangers, where he went to peddle brooms. Lamb acquired notoriety ten years ago through his connection with Madame Lydia Devere, for whom he negotiated a note for \$5,000 to which the name of C. F. Brown, a wealthy Youngstown iron manufacturer, was forged. This was one of several similar cases, and both were arrested and tried.

Irvin Balford, now clerk of the federal court here, defended Lamb and astonished bar and jurors by admitting all charges and pleading that Lamb had acted while under hypnotic influence. It was the first time this defense was ever made in an American court, but it was established to the satisfaction of the jury and the express agent was acquitted. He lost his position, and has since been making and peddling brooms.

Columbus, O., Jan. 28.—The question whether the board of education or a special school district, in which the patrons are all Roman Catholics, could authorize the teaching of the catechism and Bible history of the church in schools, was submitted to the attorney general from Fulton, O.

The attorney general in an opinion rendered says: "That if any religious sect in the state of Ohio is using the funds of the public schools in the manner suggested in your question, even if authorized by the board of education, it is an unlawful diversion of the school funds of the state of Ohio and should be prohibited."

Slaven, his father-in-law and three other men started in three small open boats with the corpse from Marble Head for Kelly's island. ### CAN HE GIVE FEDERAL AID?

Will He No Interference Kentucky Unless It Becomes Necessary to Enforce a Decree.

Washington, Jan. 28.—There will be no federal interference in Kentucky unless the situation should so change as to involve the necessity of enforcing a decree of a United States court. No such factor enters into the situation at present. The president has no constitutional authority to send federal troops to Kentucky, the legislature now being in session, unless the request for federal aid came from the legislature, and as that is a Goebel body, it is not to be supposed that it would ask for United States soldiers to overturn its own decisions.

The significant wording of the clause of the constitution under which it originally was thought federal aid might be demanded by the friends of Gov. Taylor has been considered by President McKinley. The president, fully understands that, as the constitution now stands, he has no authority to send troops to Kentucky, nor save to enforce the decree of a United States court, would he have any such authority unless the demand came from the legislature.

Should Gov. Taylor, in the event that he is unseated, take his case before the federal courts upon the ground that his constitutional privileges are abridged, as he might do under the fourteenth amendment, and should the federal courts sustain his contention, then of course, the members of the government would be used to enforce the decree of the courts.

### Convicts as Waiters.
