

HUTCHISON'S Bargain Store, BARGAINS A MERCANTILE ANTI-TOXIN.

We don't have any midsummer dullness at the Bargain Store, because we have learned how to cure it. Follow this.

Midsummer conditions produce a general dullness in the general market.

Dullness in the general market propagates bargains, and bargains injected into a particular business kill any germ of dullness therein.

And so, in such a spirited midsummer movement now in progress, we but parallel in merchandising the principles of the serum treatment: We cure the disease with the remedy it has itself elsewhere produced. Come and see the quantity of goods. Every department full. The values, unusual. Everything to save you money.

A few prices to show you what we are doing:

Remnants, short pieces and some whole pieces of silk going at 19c a yard; were 25, 30 and 35c a yard.

One lot of fine checks and striped satines at 8c; were 15c a yard. Fine high colored satines, pink, light blue, cream and light green, only 10c yard; regular 25c goods. Some lots of fine gingham at 10c; worth 15c, 20 and 25c a yard.

Engine Derailed.

Engine No. 21 of the Pennsylvania division, was derailed on the "Y" track in the yards yesterday. The flange of the wheel climbed the rail and as a consequence the engine was forced off the track. The accident caused quite a good deal of inconvenience to the other roads and was remedied only by much labor. The 1:05 train on the B. & O. was compelled to back to Parkersburg, where it was turned on the Y track.

The T. & O. C. E. was compelled to take engine No. 65 of the B. & O. for the regular run.

The engine was removed and the trucks cleared of all obstruction before the evening trains arrived.

CAPITOL IS TORN UP.

House Where Congress Meets Being Thoroughly Overhauled.

Should a Special Session of That Body Be Necessary in the Next Three Months There Would Be No Place to Meet.

It should become necessary to call an extra session of congress that body would have to find other quarters than the capitol in which to hold its sessions. This building is now in full possession of a large corps of mechanics and it will require three or four months' steady work to put it in shape for occupancy. The senate chamber and the hall of the house are being renovated.

All the carpets, desks, chairs and other furniture has been removed from these two famous halls and are scattered through the corridors in a most negligent manner. Work of all kind is being done, such as installing new machinery, elevators, replacing worn-out floors, gas and electric fixtures, and painting.

The rotunda resembles a room that has been wrecked by dynamite. It is filled with old furniture, debris and hundreds of huge pieces of timber have been laid on the floor to protect it from injury while the work of repairing is in progress. These timbers are necessary for the use of the trucks used in disposing of the material taken from the original Congressional library, which is being converted into committee rooms and reference library.

When this work is finished there will be a library near at hand for the convenience of the senators and representatives, who have complained of the delay in securing books from the congressional library beyond the capitol plaza. There will also be 25 committee rooms in the space formerly used as a library, half of which will be assigned to the senators and members. When congress reconvenes it will find a great deal has been done in the way of improvements to the capitol looking to the comfort of its members.

CALLING A MAN A LIAR.

Question Under Discussion in New York Stock Exchange as to When It is Safe to Do So.

A grave question has arisen on the New York stock exchange as to whether it is a punishable offense to call a man a liar when the epithet is qualified that he is only a liar between 3:30 p. m. and 10 a. m. This, according to the claims of James A. Taylor, does not in any way reflect upon the veracity of a member in his business capacity. Frederick T. Bonecon, of Cox & Sharp, 30 Broad street, declares that it makes no difference whether the epithet is qualified or not.

The committee of arrangements and the board of governors have gravely sat upon the question several times. The original controversy took place about a week ago, just after the closing of the exchange. There had been a great deal of excitement around the Atchison post, in which both Mr. Taylor and Mr. Bonecon participated.

There was some dispute over the closing quotation, and Mr. Bonecon accused Mr. Taylor of closing the stock one-eighth above the actual price of the last sale. Mr. Taylor's retort, according to the charge, was that Mr. Bonecon was a liar between the hours of 3:30 p. m. and 10 a. m.

Mr. Bonecon contends that Mr. Taylor's retort was merely an evasion of the strict law of the exchange, which forbids members calling each other liars or crooks between the hours of 10 a. m. and 2:30 p. m.

SECRET LEAKS OUT.

Son Was Born to Turkish Minister at Washington on Independence Day.

Muchteba Ali is the name of the new son of the Turkish minister and his wife. The youngster weighs 9 1/2 pounds and was born on Independence day. This has been a closely guarded secret, but the news came out the other night. This is the first child born to the Turkish diplomat and his wife, but their joy has been somewhat dampened by the condition of Minister Ali Ferrouh Bey, who is critically ill with typhoid fever. The minister has been ill some time. The legation resembles a hospital, because of the presence of the physicians and nurses. There are four nurses in attendance upon the inmates of the legation, besides three physicians, one of whom is a woman. A brother of Ali Ferrouh is confined in the legation suffering with a broken leg.

A FINE LION.

Four-Year-Old Recently Captured in African Jungles Added to Central Park Zoo.

A fine young lion has been added to the large collection of animals under Superintendent Smith's charge at the Central Park menagerie. The animal, which arrived on a Hamburg-American liner, was transferred to the park. The lion is four years old and is considered one of the finest animals ever received in Central park. Smith probably will christen him "Croker." He has been in captivity only a few months. He was captured in the African jungle by German hunters.

Decidedly Up to Date.

The Russian story that the Chinese army has 900,000 Mausers is important if true, says the Kansas City Star. There is nothing very effective about that sort of a layout.

MOST BEYOND BELIEF.

If It Were Not For Marietta Endorsement People Might Be Skeptical.

Marietta people want local proof. That's what we have here. It's not beyond belief, because it can be proven.

Read a local citizen's testimony: Mrs. G. W. Caywood, of 411 1/2 Third street, says: "The use of Doan's Kidney Pills gave Mr. Caywood cause to have much faith in them. He suffered from his kidneys for a long time before he turned to this remedy and got it at Wm. H. Siver's drug store, 240 Front street. The first box did him so much good that he continued the treatment. His case being of many years' duration the progress was therefore slow, but he believes sure." Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Fatal Accident at Raven Rock.

Wellington Johnston, a colored boy residing at Sistersville, met with a horrible accident at Raven Rock Saturday night which resulted in his death Sunday.

He boarded a south bound freight, No. 39, on the O. R. R. and was bound for St. Marys on a pleasure trip. When the train stopped at Raven Rock, Johnston got off and when attempting to again get on when the train started he missed his footing and fell under the moving train. Both his feet were badly crushed, but he made no outcry that was heard by the trainmen and he was left alone to suffer the greatest agony.

A north bound freight crew passing several hours afterward discovered him and took him aboard the train and to his home. When he arrived at Sistersville his injuries were attended to but the terrible shock and loss of blood was more than he was able to stand and after a short time he passed into unconsciousness and died a few hours later.

Johnston had been in the habit of beating his way from Sistersville to St. Marys frequently.—Parkersburg News.
