BLOOD

Flows in the Streets of Akron, Ohio.

ATTEMPT TO LYNCH A NEGRO

Who is Charged With Assaulting a Six-Year-Old Child.

THREE PERSONS KILLED, MANY WOUNDED

The Mob Organizes, and Prepares To Go To Cleveland.

Akron, O., August 23.—A mob attempted to secure Louis Peck, charged with assaulting six-year-old Christian Maas. The officers fired on the mob, killing three persons, and wounding several others.

Peck was taken to Cleveland without the knowledge of the excited populace. Buildings were burned, and others were broken into.

SITUATION AT AKRON.

By Associated Press. Columbus, O., August 23.—A message received at the Governor's office from Assistant Adjutant General Adams late this evening, states that things are now quiet at Akron. However, trouble is feared tonight. A conference is being held between the State and city authorities of Akron. Troops are now patrolling the streets and plans have been agreed upon for coping with the mob.

CHIEF HARRISON IN CLEVELAND.

By Associated Press. Cleveland, O., August 23.—Chief Harrison, of the Akron police force, arrived tonight and went to central police station, where he was met by deputy superintendent Gates, Chief Detective Lohrer and Sergeant of Detectives Doran. The local police of this city were notified, and the sheriff and his deputies then held a lengthy conference behind closed doors. Chief Harrison subsequently left the building, saying that he would return later.

A report was received from Akron to the effect that Chief Harrison is insane. Chief of Detectives Lohrer made a public statement, saying that Chief Harrison is perfectly sane. Sergeant of Detectives Doran, who knows Chief Harrison intimately, says that the latter is perfectly rational, and added that he discusses the riot in a perfectly rational manner.

A telephone message has been received from Akron from the son of Chief of Police Harrison to the effect that a mob of three hundred is preparing to leave that city bent on revenge on the black demon, Peck. Subsequently the Sheriff and deputies inquired of Akron and the report was confirmed. The Sheriff stated that if a mob appeared he will call upon the city for a detail of police to guard the county jail, in which the prisoner is confined.

The excitement here is intense. Peck is begging the jailer for an immediate hearing and praying to be removed from here to Columbus. He wants to throw himself on the mercy of the Court, and says that a life sentence is far preferable to a trial in Akron. As he was brought up street he trembled with fear.

Chief Harrison professes that he is not aware that the mayor of Akron has appointed some one in his place. He says that he came to Cleveland in order that his family might be protected, and says he will be greatly surprised if a mob comes from Akron to try to take the prisoner from jail. Sheriff McConnell has sworn in twenty-five extra deputies, who will guard the jail as long as trouble is feared. It is the intention of the Sheriff to arrest all persons who have weapons found loitering in the city around the jail.

ANOTHER OUTBREAK.

By Associated Press. Akron, O., August 23.—Forty rioters broke into the store of the Standard Hardware Company by smashing a big plate glass window. Later fully five hundred returned to the store for more weapons. Policemen and employes of the store were held at bay across the street while the store was being looted. Ninety shotguns and rifles, thirty revolvers and twenty razors, one thousand loaded shells and two thousand revolver cartridges, two pairs of handcuffs, and two "nippers" are missing. Only two shot guns have been recovered. Two sticks of dynamite are also missing, and were found in a sewer.

court house grounds. The mayor has issued a proclamation ordering all citizens to remain at their homes at night. No groups are now on the streets.

Bryan Notified Again.

By Associated Press. Topeka, Kan., August 23.—William J. Bryan today received his second notification of his nomination for President. He was at the same time informed of the endorsement of the U. S. Monetary League. The ceremonies took place in the capital grounds and were witnessed by a large crowd. Who were made too uncomfortable by the intense heat to pay much attention to the speeches.

Mr. Bryan read the greater part of his speech from manuscript and the delivery occupied about forty minutes. The impatience of the crowd was manifested and the speakers were forced to curtail their speeches.

New Telephone Company.

By Associated Press. Warsaw, Indiana, August 23.—The Commercial Telephone Company, of Warsaw, with a capital of \$30,000, has just filed articles of incorporation. This company has purchased all the toll lines which connect forty-eight points in Northern Indiana, and will assume control September 15th.

Farmers' Congress.

By Associated Press. Colorado Springs, Colorado, August 23.—The Farmers' Congress, in session here, was addressed today by Senator Jerome, Second Secretary of the Mexican Legation at Washington. He favors early construction of canal.

Hoyt's "A Midnight Bell."

The Midnight Bell Company, which has been rehearsing here for the past two weeks, gave the initial performance of their season before a large audience at the Auditorium last evening. The oppressive heat prevented many people who would otherwise have attended, from witnessing the first performance of Hoyt's popular play "The Midnight Bell." The house though was very well filled by a very appreciative audience.

The play does not contain an elaborate plot, as the really important personages in the plot proper are ignored sometimes during the entire act.

The specialties and dancing elicited much applause from the audience. The work of Miss Lillian Lawton, Gus Tate, the country boy, and Richard J. Dillon, the Deacon, was especially good. The play had much good clean, sparkling comedy in it and entertained an audience, suffering from the intense heat, without even causing the least trace of ennui during the three hours it was in progress.

Railroad Conductor Wins.

Conductor W. S. Davis, of the Marietta Division of the Pennsylvania, has received notice that he has been awarded one of the large prizes in the Honduras Lottery, which was drawn August 11. The prizes amounted to many thousands of dollars, and ranged from \$30,000, the first prize and \$16, the lowest prize. Mr. Davis with two other friends, Geo. Riekey and Nick Young, of Cambridge, held five tickets. One ticket called for a half of the second prize, amounting to \$5,000, and the three gentlemen will therefore receive each one-third of \$1,000, or \$333.33.

The successful ticket which drew the second prize was No. 60,369.

Conductor Davis feels jubilant, as well he may, over his unusual good fortune, and is receiving congratulations of his numerous friends.

After counseling the strictest discipline, His Majesty said, "Spare the population, but do not spare those who oppose you there in arms. Show the Chinese that there is one power which means to punish them for the crimes they committed."

TEMPORIZING

Will Not be Tolerated by Uncle Sam.

GREAT POWERS ARE ACTIVE.

No More Troops To Be Sent To China at Present.

GENERAL CHAFFEE HAS PLENTY OF MEN.

Each Government Is Acting Upon Its Own Responsibility.

By Associated Press.

London, August 23.—Casele, Commander of British forces at Pekin telegraphs War Office as follows: "Pekin, August 15, Wednesday, via Chefoo, August 21.—At conference August 12th it was agreed that all Allies should concentrate within five miles of Pekin. The attack was commenced August 12th, and our troops made a forced march of fifteen miles from Lung Chow in the great heat. We were on the extreme left attacking. The Indian troops broke down, rushed through the gate, and I entered with cavalry and guns. I then sent other cavalry and infantry to the temple of Heaven to secure our left flank and camping ground, and with other companies pushed towards legations. At five o'clock that afternoon General Chaffee entered the legation, then we moved towards the central gate of Tartary for the night."

NO MORE TROOPS.

By Associated Press. Washington, D. C., August 23.—An important development in the Chinese situation was the decision of the government not to send any more troops to China. All troops now at the seat of war, numbering about four thousand, together with those under orders for service in the far east to the number of seven thousand, and who have not yet sailed, will be sent to Manila. These troops will sail on the same route, and upon touching at Nagasaki will go on to Manila.

General Chaffee will have five thousand available men, which answers demands for all possible emergencies. A dispatch was received today from Chaffee, dated Pekin, August 18th, stating that line between Taku and Pekin cannot be used at present time, as portion of it has been destroyed by the Chinese. He will cooperate with other commanders in reporting conditions as far as allies are concerned.

STATE DEPARTMENT'S REPLY.

By Associated Press. Washington, D. C., August 23.—The United States government has taken the lead in replying to China that there will be no temporizing in negotiations. There is every reason to believe that the powers will be united in the efforts against China.

The answer of the United States was quickly followed by similar action on the part of Germany, and a Berlin dispatch was delivered to the Chinese a short time after the reply from the United States was received.

Baron Speck von Sterburg was advised by cable and he called at the State Department to inform the authorities of Germany's course. The course of the French and Great Britain has not been made known here, but is thought that there is no doubt that those governments will decline to treat with China at this time.

Each government, however, is acting entirely on its own responsibility and there is no prearrangement as to the reply.

It is even stated that Germany's answer differs from that of the Washington reply. In the case of the American answer, copies of it were sent to all powers simply for their information but in the State Department note of transmission there was no suggestion that concurrence or approval was expected or desired. On the contrary, the United States acted entirely on its own initiative.

As it has turned out, action was in such a way as to have other governments take action along the same line.

EMPEROR WILLIAM'S SPEECH.

By Associated Press. Berlin, August 23.—The Zeitung publishes the address made by Emperor William to the officers of the troops from the Rhine district who are embarking for China.

After counseling the strictest discipline, His Majesty said, "Spare the population, but do not spare those who oppose you there in arms. Show the Chinese that there is one power which means to punish them for the crimes they committed."

MOB IN CONTROL

At Akron, and Although Not Organized May Cause Trouble.

The mob, when in possession of Akron since early Wednesday night, is still parading the streets, although there is now no organization.

It has been reported that a mob forced an entrance into a pottery and secured a large quantity of dynamite and that this was to be thrown among the troops Thursday night. Feeling is still running, and a leader would probably cause further depredations.

Akron will be virtually under military control until Friday at least, Mayor Young told Col. Potter at noon that he wanted the troops to remain over night, possibly longer. Albert Greenlee, who was appointed acting chief of police, has declined to serve and John Durkin, jr., has been appointed in his place. Durkin is the oldest man on the force.

During the riot Wednesday night colored people stayed at home. No attention was paid to colored people, however, on the streets Thursday. The Standard Hardware Co. is short about ninety shotguns and rifles, thirty revolvers, twenty razors and nearly 100 knives of all kinds and sizes, stolen from its store by the mob Wednesday night. About 1000 loaded shotgun cartridges and 20,000 rounds of rifle and revolver ammunition was also taken. Two pairs of handcuffs and two of "nippers" are missing. Only two shotguns have been recovered. Two sticks of dynamite were also found in Robinson's sewer pipe yard.

About forty rioters broke into the Standard Hardware's store about 11 o'clock, smashing a big plate glass window. Later fully 500 returned to the store for more weapons. Policemen and employes were held at bay across the street while the store was looted. Although crowds thronged the streets near the wrecked city building, all was quiet Thursday afternoon.

LOUIS PECK CONFESSES. Says He is Sorry for His Act and Attributes It to Liquor—He Feels Mob Violence.

Cleveland, O., Aug. 24.—A confession was obtained from Louis Peck, the alleged Akron rapist, by Deputy Sheriff Barry, at the county jail here Thursday.

Peck said that he had attempted to assault the girl, but was very sorry for it. He attributed his act to liquor. He said that he had been on a spree for a month. Peck is fearful lest he may suffer from mob violence and becomes greatly agitated from any noise in the jail.

LARGE STOREHOUSES.

The Government Will Build Thirty at Taku, China, to House a Vast Supply of Commissary Goods.

Seattle, Wash., Aug. 24.—The United States government will build within the next four months thirty large storehouses at Taku, China, for the accommodation of a vast supply of commissary and other goods, which have been and will be transported to that point for the maintenance of the troops. The material for these warehouses will be purchased by the quartermaster's department of this city, and shipped to the Orient at an early date. Hoboken's population is 59,314, as against 43,948 for 1890, an increase of 15,366, or 35.01 per cent.

PELL EIGHT HUNDRED FEET.

Aeronaut's Parachute Failed to Open and He Was Dashed to Death.

Delphos, O., Aug. 24.—During the street fair being held in Delphos this week a balloon ascension was arranged for every day. Harry Davis, an aeronaut of Delphos, made an ascension, one of the prettiest ever seen, and when about 300 feet high he cut loose his parachute, evidently not being aware that the ropes were entangled. He descended to the earth at a rapid rate, the parachute failing to open. He struck on a telegraph wire, which checked the fall somewhat, and from there he fell to the street, his parachute falling on top of him. Not a bone in his body was broken, and he only received a few scratches about the face and shoulders. He was taken to his home, and doctors soon found that he was crushed internally to a pulp, and he died at about 9 o'clock in awful agony. Davis had been making ascensions for about four years, and this was the first accident he had met with. The awful tragedy was witnessed by about 8,000 people. He had been working for G. D. Eitt, of Dayton, a street fair promoter.

RIOTING AT AKRON

Rioters Were Shot by Police and Frenzied Citizens Destroyed the City Building.

THE MOB WAS AFTER A NEGRO FIEND.

In the Battle That Took Place Two Persons Were Killed and One Fatally Wounded.

Many Others on Both Sides Were Seriously Hurt—The City is Now Patrolled by Ohio State Guards.

Akron, O., Aug. 24.—Early Wednesday morning Officer Duffy arrested Louis Peck, colored, about 40 years old. He confessed to having on Monday night attempted to assault Christian, 6-year-old daughter of Mr. and Mrs. Theodore Maas, industrious and respectable people. The story of his confession spread like wildfire, and a mob of several thousand gathered about the city prison at 8:30 p. m. and forced the doors and made a search of the institution.

Early in the evening the prisoner had been quietly taken away to Cleveland.

A mad rush was then made for the jail, and it soon was in the hands of the mob. They were informed by Sheriff Stone that Peck could not be found there. They went to the courthouse and ransacked that building in the search for the prisoner. A second time the mob visited the city prison and Mayor Young addressed the crowd, saying that Peck had been taken out of the prison at 4 o'clock by Sheriff Kelly and driven out of the city in a closed carriage. The people in the mob would not believe the mayor and continued to yell and demand that Peck be surrendered.

At 10 o'clock the mob attacked the city prison, and those inside defended it. Many shots were exchanged between the mob and officers. Two people were killed and another is dying in the hospital. Many were wounded. Shortly after midnight the mob broke into a hardware store and stole all the firearms and ammunition they could find, including guns, rifles and revolvers, and proceeded to the city building and opened fire on the defenders and finally set fire to the Columbia hall, which adjoins the city building.

All the officers who had been peeped up in the city building for two hours, escaped through a rear window and ran for their lives. The mob then placed dynamite under the city building and partly wrecked that structure. It was later set on fire and completely destroyed.

Akron, O., Aug. 24.—Thousands of people came to this city Thursday to see the ruins of the buildings destroyed by the mob Wednesday night. The city hall has been totally ruined by dynamite and fire. Company C, 5th regiment, of Canton, has arrived and the 4th regiment from Columbus is momentarily expected. There has been no further rioting Thursday.

Following is a revised list of the dead and wounded:

Killed.—Ella Wade, aged 11 years, 503 of Lillian Wade, Empire hotel, shot through the heart; Rhoda Davidson, aged 4 years, daughter of Mr. and Mrs. J. M. Davidson, 111 Allin street, shot through brain.

Fatally Injured.—Fred Worwick, 343 West North street, buckshot wound in abdomen.

Injured.—W. H. Dussel, flesh wound in leg, 307 North Forge street; Park Strair, flesh wound in leg, 104 Hill street; John E. Washer, scalp wound from brick; Arthur E. Sprabus, teamster, scalp wound; John Akron, pain-

er, 143 Benjamin street, flesh wound; A. E. Chemlosky, 143 South Main street, flesh wound, hand; Albert Grant, flesh wound below knee; Frank Sours, flesh wound in hand; Fireman L. Manchester, flesh wound, cheek and neck; Fireman W. Boepke, flesh wound in neck; Fireman Minor Peitz, flesh wound in cheek; Fireman David Phillips, flesh wound in cheek; Fireman John Denis, flesh wound in leg; Fireman A. Eberly, flesh wound in breast; Policeman Alva G. Greenlee, struck over the heart with a brick, serious; Policeman John King, struck on knee with brick; Detective Edward Dunn, struck on the back with a brick; Albert Stevens, of Graham Station, shot in foot.

Chief of Police Harrison has left the city and his whereabouts are unknown. He is suffering from a nervous shock.

Officer A. G. Greenlee has been appointed by Mayor Young as acting chief.

Mayor Young Thursday morning issued a proclamation to close all saloons until further orders.

At 3:50 Thursday morning everything was quiet about the ruins of the city building. In the destruction of the building the city has lost all records of the city clerk and also the records of the city engineer. City Engineer Payne said that the loss in his department will be fully a half million. The automobile patrol wagon has been run into the canal. It is feared that more trouble is to follow, as threats are being made against Mayor Young and Chief of Police Harrison. It has been reported on the streets that a big crowd has started for Chief of Police Harrison's home.

With the approach of dawn Thursday morning the riotous mob which held possession of this city throughout the night melted away, and when the sun rose the streets assumed their usual appearance.

At 6 o'clock Thursday morning Company C, of the 8th Ohio regiment, arrived on a special train from Canton and was at once marched to the scene of Wednesday night's rioting.

The militiamen were at once placed on guard duty around the county buildings, but they found little to do. The excitement has calmed down, and now the people of Akron are contemplating the smoldering evidence of the wild fury of the mob.

It is not likely there will be further trouble. Only flame-scarred walls remain of the city hall, and great heaps of ashes mark the site of Columbia hall, which stood next to the city building. Fire completed the havoc wrought by dynamite at the city hall.

Firemen are still pouring water into the smoldering ruins. Chief of Police Harrison is reported insane over the awful events of Wednesday night. The last seen of Chief Harrison he was driving rapidly out of the city toward the south.

Nine companies of the 4th regiment arrived at 9:20 Thursday morning.

Beside the city building destroyed by the mob, the Columbian building adjoining is a heap of ashes, and several smaller frame buildings in the vicinity are in ruins. The property loss is fully \$1,000,000. It is estimated that the mob was composed of not less than 1,500 men.

At 10 o'clock Thursday morning it was reported that a portion of the mob had marched to East Akron, broken into a hardware store and stolen a quantity of ammunition and dynamite, together with all the guns in the place, and that it was their intention to charge on the troops at the first demonstration.

Officers commanding the troops say that any attempt to start a riot will be the signal for a charge by militia.
