A REASONABLE
SUGGESTION

Soda Water is always "In Season."
Whether taken hot or cold it is a
wholesome beverage, unless rendered
deleterious to health by being loaded
with impure artificial flavorings and
glucose syrups.

Gold Soda drawn from
Our Arctic Fountain
Lacks nothing that could be
Desired by the most
Sensitive Palates. We use
Only pure juices made
Direct from fresh fruits
And can give any flavor.

Our "Cold Soda" is always cold.

Victory at Last

For ten long years I was a sufferer
with kidney dyspepsia and rheuma-
tism disease. I treated with many Col-
umbus doctors; took patent medicine.
No results whatever until I discovered
and took ONE bottle of DENN'S
SURE, SAFE and SPEEDY CURE. In
three days I threw down my crutches.
Ordinary cases cured in one day.

BUSY

Is the President and Cabinet on
Chinese Complication.

STUMBLING BLOCKS APPEAR.

Democratic Campaign Book Edited and Pub-
lished By a Renegade Republican.

HARRISON AND CLEVELAND A BITRATORS.

The Flag of Our Country in the Defense of
Honor Must Not Be Pulled Down.

Special to the Leader.

Washington, August 31.—President
McKinley and those members of the
Cabinet who are in Washington have
had a busy week with the diplomatic
branch of the Chinese complication.
This government being the only one
among the allied governments that has
the confidence of all the others is nec-
essarily compelled to take the leading
role in the negotiations for a settle-
ment of the Chinese trouble that will
be satisfactory to the other govern-
ments—the question of what will be
asked at this stage of the proceedings,
and may never be asked at all.

STUMBLING BLOCKS.

Naturally neither the President nor
members of the Cabinet are doing any
talking about the matters now under
consideration, but it is known that
several European powers, headed by
Germany, are stumbling blocks to the
reaching of an immediate agreement,
and it is believed that Germany is in-
tentionally delaying an agreement.
There are several plausible surmises
as to why Germany does not wish an
agreement to be reached, the one most
generally believed being that the Em-
peror intends to make war on China, if
he can do so without clashing with the
other allied powers, but is not yet
ready to declare himself to that effect.

HIGH COMPLIMENT.

It was a high compliment to Presi-
dent McKinley that Russia, the govern-
ment which was supposed to be the
most antagonistic, should in an official
declaration of its attitude and inten-
tion toward China, have endorsed his
policy so strongly, by stating its op-
position to the partition or dismember-
ment of the Chinese Empire. This
country was the first to officially pub-
lish its opposition to the dismember-
ment of China, and if dismemberment
is prevented, it will be because of
President McKinley's courageous stand
against it at the beginning.

That the sensational stories of defeat
for the allies in and around Pekin
found no credence in official circles
was shown by the order sent to Naga-
saki, Japan, for the transport Meado,
which arrived there this week with
troops, to proceed to Manila, in ac-
cordance with President McKinley's
previously announced determination
to send no more American troops to
China at this time.

DEMOCRATIC TEXT BOOK.

The democrats had their campaign
text book, which is just out, prepared
by a renegade republican, George C.
Gorham. About one-third of it is de-
voted to so-called imperialism, and 16
to 1 is practically ignored. Why Mr.
Gorham was chosen to prepare this
book is a mystery, as a man who
leaves a party for the reason he left
the republican party—is not worthy of
any party's favors. He was Secretary
of the Senate when that body passed
under control of the democrats some
years ago, and when the republicans
again got control of the Senate he
was a candidate for the same office, but
owing to the opposition of a number
of republican Senators he failed to get
it. From that time Mr. Gorham has
regarded the republican party as on
the down grade.

HARRISON AND CLEVELAND.

In asking Ex-Presidents Harrison
and Cleveland to serve on the Inter-
national Board of Arbitrators provid-
ed for in the treaty signed at the
Hague President McKinley served notice
upon the European signers of the
treaty that he is not disposed to regard
it as a dead letter. An international
arbitration board may come in handy
and prevent a big war before the Chi-
nese mix-up is straightened out.

FLAG MUST STAY.

Thomas C. Grenshaw, State Rail-
road Commissioner of Georgia, and of
course a democrat, in a telegram to
the War Department, giving notice of
the death of his son, Capt. Frank Gren-
shaw, from a wound received in the
Philippines, said: "He leaves a wife
and four little children. We pray for
all who have fallen there in defense
of their country's honor that the flag
under which they sacrificed their lives
may never be pulled down." The Sec-
retary of War replied by a telegram, in
which, after expressing his sympathy,
he said: "The flag under which he sac-
rificed his life in defense of his coun-
try's rightful sovereignty will remain
the emblem and guaranty of peace and
justice throughout that land and your
boy's sacrifice, hard as it is, will not
have been in vain."

OIL NEWS.

What the Operators are Doing in
Nearby Fields.

The National Oil Co. drilled in their
No. 1 Williamson on Middle Island
Creek and have a 75 barrel producer.

The South Penn Oil Co. expect their
No. 8 Bills in today.

Lane Bros. have drilled in their No.
1 Vanlaw at Chesterhill and have a five
barrel well.

Logan, Spence & Honne's No. 13
Yarnell in the same field is in and is
making 100 barrels.

Schumaker & Co. have commenced
spudding on their No. 1 S. Paker.

The South Penn Oil Co. got a 20 bar-
rel well in their No. 4 Charles Cliff in
the St. Marys field.

The Kee Wan Oil Co.'s No. 9, L.
Bowen, is good for 20 barrels.

The Kanawha Oil Co. cleaned out
their No. 55 John Mills in Wetzel coun-
ty and got a 15 barrel well in the Gor-
don sand. The same company have
cleaned out Nos. 42, 43, 50, 55 and 60
John Mills and have wells ranging
from 190 to 240 barrels per day.

The South Penn Oil Co. cleaned out
their Lentz Nos. 5 and 6 in the same
field and they are doing 150 and 175
barrels respectively.

The Carter Oil Co.'s No. 3 Stout in
Doddridge county, is a good well.
Their No. 1 S. W. Stout is good for 25
barrels.

Marietta parties have a good well in
the new territory at Cambridge.

Little & Co. have a fishing job in
their No. 11 Craft at Little Musking-
um.

The Wyvell Oil Co.'s No. 6 Parson-
is holding up to 75 barrels. They ex-
pect to drill a gas well on the same
lease.

The Eastern Oil Co. are developing
a large block of territory at the head
of the Old Elk Run field.

George Davis has located several
wells on the South Fork of Elk Run.

The Wyvell Oil Co. have contracted
to clean out their six wells on the Par-
sons. They have made the location for
No. 7.

O. K. Granger has purchased the
Brownell lease on Buck Run, Morgan
county, of Paul Poits. Consideration
\$1,900.

Automobile Line.

Owing to the increased number of
dwellings which have been erected in
the past few months up the Musking-
um, there is some talk of establishing
an automobile system. Should this be
carried out the track would extend
from the upper end of the paved street
on Third to Unionville or probably
some distance further up. There
would be trips made on scheduled times
at convenient intervals during the day.
This service would not only be appre-
ciated by the people up the river, but
also by quite a number of Marietta
people as well. It is to be hoped that
his plan will be carried through.

Death of Scarlet Fever.

Frank Wayne Miraban, the ten-year-
old son of Mr. and Mrs. Lee Miraban,
died at his parents home on Scammel
street at 10 o'clock Friday morning.
The cause of death was scarlet fever
and it was not discovered until several
days ago that the dread disease had at-
tacked the little boy. Efforts of the
physicians were of no avail and the little
fellow passed away Friday morning.
On account of the contagious na-
ture of the disease the burial services
were conducted from the chapel of Oak
Grove cemetery Friday afternoon at 6
p. m. by Dr. Gear. Interment was made
in Oak Grove cemetery.

New Captain.

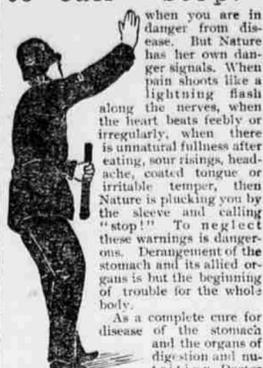

L. Brokaw, of Roxbury, elected cap-
tain of the College football team for the
coming year, will come down the first
of the week and make arrangements
for ordering the football suits, so that
practice may begin in earnest as soon
as the College opens. Mr. Brokaw
expects the team to make quite a rec-
ord for itself this year.

Cream and Cake.

The ladies of the Christian church
will serve cream and cake on Labor Day
at the Boat House. The best of ac-
commodations and a nice cool place in
which to rest. Serving during day and
evening. Cums and enjoy cream and
cake with us and thus encourage and
help these ladies.

Serofina, salt rheum, erysipelas and
other distressing eruptive diseases

ing power of Burdock Blood Bitters.

There is no police-
man to enforce the
laws of health and
to call "stop!"

when you are in
danger from dis-
ease. But Nature
has her own dan-
ger signals. When
pain shoots like a
lightning flash
along the nerves,
when the heart
beats feebly or
irregularly, when
there is unmatu-
rality, when there
is unnatural full-
ness after eat-
ing, sour risings,
head-ache, coated
tongue or irri-
table temper, then
Nature is plucking
you by the sleeve
and calling atten-
tion. To neglect
these warnings is
dangerous. Deran-
gement of the
stomach and its
allied organs is
the beginning of
trouble for the
whole body.

Pierce's Golden Medical Discovery

stands without an equal. It purifies
the blood, cleanses the system of
poisonous accumulations, nourishes
the starved nerves and builds up
the entire body, blood and bone,
muscle and nerve. It is with
pleasure that I tell you what Dr.
Pierce's Golden Medical Discovery
has done for me. I was in a
state of prostration, unable to
do anything. I was taken with
stomach and bowel trouble.
Everything I ate would not stay
in my stomach. I lived two weeks
on milk and even that gave me
pain. I felt as though I would
starve to death. Three doctors
attended me—none said I had
dyspepsia, two said cancer of the
stomach and bowels. They attend-
ed me one at a time for one
year. I stopped taking their
medicine and tried patent
medicine, got no better, and I
grew so weak and nervous my
heart would flutter. I could not
do any kind of work. Now I
can do my house work very well,
am gaining in flesh and strength,
and can eat anything.
