TIMES CONCEDES IT.

The Marietta Times, the Democratic organ of Washington county, in its issue of Monday evening, publishes an article in which the election of Van Voorhis is conceded. The Times article referring to the situation in the Fifteenth district reads as follows:

IN THE FIFTEENTH AND TWENTIETH DISTRICTS THE DEMOCRATS ARE HOPING TO MAKE GAINS. IN THE FIFTEENTH DISTRICT CONGRESSMAN VAN VOORHIS (REP.), WHO IS RUNNING FOR THE FIFTH TERM, IS OPPOSED BY L. W. ELLENWOOD (DEM.), AND THE REPUBLICANS HAVE SOME FACTIONAL TROUBLE. BUT THE RE-ELECTION OF VANVOORHIS IS GENERALLY CONCEDED.

The Times for once has hit it right, and we congratulate our brother on seeing things as they are.

The American eagle is in high feather today.

Don't forget to vote the first thing this morning.

That pesky rooster will have the life shaken out of him today.

When it is all over they can blame it on poor old Uncle Adlai.

A much needed rest will now come to the campaigners—also to the people.

One mark is enough. Place it in the circle beneath the eagle. Don't delay, but vote early.

ELECTION DAY.

Election day dawned in Washington county, the Fifteenth congressional district, the state of Ohio, and the United States with one of the most promising aspects for the Republican party that it has ever had.

The result of the Republican vote in the county promises to be most gratifying to all those who place their hopes in the success of the Republican cause. The Republican meetings throughout the county have been attended by large and enthusiastic crowds. From every precinct comes most encouraging reports. The county will poll an unusually large Republican vote. The congressional district is safely Republican, and the Republican majority will in all probability exceed that of two years ago, when so great an effort was made by the Democrats to capture the district.

The state is going to roll up one of those immense Republican majorities which characterizes the elections of Ohio every few years. The result of the national campaign will be something that will gladden the hearts of the millions of true and earnest Republicans of the nation.

Do your part in the matter and all will be well.

CROKER'S RECORD.

Mr. Croker continues to advocate the use of violence at the polls, and said today that he was grateful to Senator Jones for indorsing what he said on that subject. Those indiscreet remarks are being used with great effect by the Republican campaigners upon a class of men who approve of Bryan, but do not approve of Croker. And their arguments are strengthened by recalling the fact that Mr. Croker was tried for the murder of John McKenna at a polling booth in the Twenty-first Ward of New York at the election of 1874. Croker was then a district leader of Tammany and the head of what was known as the "Fourth avenue tunnel gang." A dispute having arisen as to the right of a certain man to vote, Mr. Croker assaulted James Moore with a slingshot, knocking him down and kicking him, which resulted in a free fight and the death of John McKenna, whose last words were, "Dick Croker shot me." Croker was arrested, indicted, confined in the Tombs for nearly a year in company with Edward S. Stokes, who shot Fisk about the same time, and tried for murder. The jury disagreed, he was released on bail, and, through political influence, the indictment was nolle prossed.—W. E. Curtis in Chicago Record.

Look out for campaign lies. There never was a campaign in which candidates were not viciously and falsely attacked in the eleventh hour. The voter will do well to ignore any story that may appear at this stage of the campaign. True statements will always stand the light of investigation, and it is not necessary to withhold them until election day.

Information comes from a reliable source that the Democrats have a scheme by which they hope to get Republican voters to use blue pencils in marking their ballots. The law specifically says that black pencils must be used, so the voter will do well to be on his guard.

The news dispatches tell us of the death of the favorite wife of Emperor Kwang, who, by order of the Empress Dowager, was thrown in a well and drowned. This would seem to be summary action, but probably the poor creature is better off.

The World's Work is a new magazine, of which the first issue has just appeared. It is bound to be popular because of its excellence. The publishers are Doubleday, Page and Company, of New York.

The Democratic managers have been carrying all the States in the Union each day for the last four months, but this is the day that a large majority of them will be carried by McKinley.

It was supposed that the President's Thanksgiving message would escape attack—but not so; the Cincinnati Enquirer, Bryan's mouthpiece, has viciously assailed that sacred document.

Messrs. Morrow, Hadley, Brennan and Gregory are all well equipped for the offices to which they respectively aspire. Vote for them and you will make no mistake.

By their votes today the voters of the United States will emphasize the fact that they are fully satisfied with the existing prosperous conditions of the country.

Hon. A. B. White, of Parkersburg, and who will be elected as Governor of West Virginia today, was a visitor in Marietta for a few hours on Monday.

Boss Croker has sold his Trust stock and now he cannot for the life of him see how that issue can "cut any ice."

This year Summer County, Kansas, will sell four million dollars' worth of wheat at McKinley prices.

Washington county ought to roll up twelve hundred majority for McKinley and the entire ticket today.

NEW CARS RECEIVED

Marietta Electric Co. Increases Its Facilities for Transportation.

The Marietta Electric Company received four new cars over the Pennsylvania Lines yesterday. The cars are the usual closed winter style which is now being used on the company's line. They were made by Barney & Smith, of Toledo, the firm from which the other closed cars were purchased. Several of the old cars will probably be put in the shops and the new cars will be used in their place. When the tracks are completed and the service perfected at least two cars will be needed on the West Side.

The work on the new car barn and power house in the Norwood Addition is progressing rapidly and the building will be ready for occupancy in several weeks.

The tracks which cross the country road at this point have been paved, thus making the crossing much easier for teamsters and tending to keep the frogs of the switches free from dirt.

It is expected that the department of the electrical station devoted to the generation of electricity for lighting purposes will be in operation by next Saturday.

GOOD ODDS

Given on McKinley and Van Voorhis at the Oil Exchange.

Yesterday at C. R. Richardson's Oil Exchange betting was the center of much interest. The odds greatly favored the Republican ticket. The odds were offered and taken by local men.

The leading bets were as follows: \$50 even money that VanVoorhis does not get 1200 majority.

\$50 to \$25 that VanVoorhis will be elected.

Even money that West Virginia gives McKinley 5000 plurality.

One to four that Bryan will be elected.

\$10 even money that Bryan carries New York.

\$100 even money that VanVoorhis gets 1000 plurality.

Odds of 6 to 5 that McKinley carries New York; \$50 is offered.

The last three bets have been taken. It will be noticed that the even money bet that Bryan carries New York is only for \$10.

Mr. Richardson will get the returns tonight by private wire. He invites all of his friends. Today is his fourth anniversary in the business in Marietta. Refreshments will be served during the evening and a general good time is expected.

RIVER BREVITIES

Pungent Paragraphs of Interest to River Men From Wharf and Bank.

The river has reached such a stage that even the proprietors and captains of the small river craft have become disgusted and abandoned their boats, thinking that a wheelbarrow line to and from various places along what was once the broad and navigable river would be more satisfactory and more profitable than the present methods of forcing the steamers over bars and shallows.

The Calhoun, which has been running from New Matamoros to Wheeling has been taken to Parkersburg, where she will be abandoned by her proprietors, Captains Merrill and Hall. The Telephone, on her return trip from Wheeling, reached Sardis, but was compelled to tie up because she could not get enough men to form a crew.

The Harry passed up the river today with a good trip. This boat enjoys the unique distinction of being the only boat afloat and running on the river between Parkersburg and Wheeling.

The Jewel will enter the Newport and Wheeling trade.

The stage at the wharf is at present 2.9 feet with the river about on a stand.

The Goebel has been sold by her owner, Capt. Duffey, to Price, the showman. He will use her in towing his boat on which he has his show.

Frauds Arrested.

By Associated Press.

Indianapolis, Ind., Nov. 5.—Indications point to a full vote being polled tomorrow. The Marion county political committees were busy today exposing alleged efforts toward corruptions in the election in this city tomorrow. Late this afternoon there were indications that several Republican politicians and as many Democratic ward workers will be placed under arrest before the polls open tomorrow morning. Before leaving for his home at Spencer tonight, Chairman Martin, of the Democratic State Committee, said: "Indiana will go Democratic by a very safe majority." Mr. Hernley, of the Republican State Committee, said: "It is a landslide. We will elect eleven congressmen sure, will carry the state by 40,000, will elect the entire state and National tickets, and will carry both branches of the legislature."

DID YOU EVER NOTICE

That if you want a really fine cigar, you must go to a good drug store to get it? This seems odd, perhaps, but it's so. A good druggist has to be a particular man. He never takes any chances. He exercises the same skill in buying cigars as he exercises in buying drugs. He sells good cigars because he buys good cigars. We make a specialty in this good drug store of the Roig cigar. It is sold for 5 cents, and is equal to many 10 cent grades, and actually better in some instances. An especially delightful smoke is the 10 cent cigar.

FOR YOUR Fall and Winter Suit

CALL ON

W. A. JUDG,

MERCHANT TAILOR,

249 Second Street,

Opposite Union Depot.

"No, Thank You; No Ready-Made Clothes For Me,

Said a gentleman to us recently, "Have you ever worn a STEIN-BLOCH ready-to-wear Suit or Overcoat?" We asked him. "No," he said, he had not; but he added "all ready-to-wear clothes were alike to him." We were persistent; he was obliging.

He permitted us to show him one of the new STEIN-BLOCH Suits in the heathery mixture. He examined it carefully, the way the buttons were sewed on, the hand made collar and lapels; then he tried on his size, and said incredulously, "his is not a ready made Suit? these garments were custom tailored for some man who is just about my size."

We showed him THE STEIN-BLOCH CO., Wholesale Tailors, label under the collar on that particular coat and others in our store.

We fitted him perfectly with Coat, Vest and Trousers; also an Overcoat.

This was at the beginning of the season, and there is no better dressed man, nor a more enthusiastic one about STEIN-BLOCH Clothes, in this town to-day, than this very same gentleman. Won't you give us a chance to do the same for you?

Suits \$15 to \$25. Overcoats \$15 to \$40.
