He reports an attendance of 25 in the High School and 16 other schools in the township in prosperous condition. The High School has lately purchased an organ and will give an entertainment about Christmas for the benefit of the library.

At Work.

Work on the new court house was begun in earnest Monday. A large number of men were engaged in digging for the foundation and the tool house is being built.

Anthracite coal at the C. & P. Coal Company. Oct. 4-11.

BOARD OF EDUCATION

Important Business Transacted. Report of Supt. Williams Filed.

The Board of Education met last evening with Messrs. Curtis, Meisenbelder, Dye and Richardson present. The usual routine business relating to the conduct of the various schools and the adding of improvements to the several school buildings and grounds was gone through with.

The committee appointed for the selection of a suitable place in which to hold the opening devotional exercises of the High School reported favorably on the selection of a room in the First M. E. church. The report was adopted and the High School will meet at the place selected for the first time Friday morning.

Supt. Williams reported that the Baptist church had asked for the privilege of using a room in the Fultonburg school Sunday afternoon for mission purposes. The church agreed to stand good for any damages done to furniture or books during its occupancy and also to pay costs of heating and so forth.

The Superintendent's report was presented last night and is full of interest and incidentally of surprise to the majority of the city's citizens. A comparison of the record of attendance made last year and the one which was compiled by the Superintendent for the past two months presents the most convincing evidence possible of Marietta's growth and increase in population since last fall. While it was known by the general public that the increase in pupils over last year was sufficient to cause the erection of a new building and the extension and amplification of others, the extent of this unprecedented acquirement of new pupils by the schools of the city was not a matter of general information. The knowing that the detailed report would be of interest to its readers, the Leader gives the following list of the attendance at the several buildings. The list is accurate and is not guesswork, but an actual authorized statement of the facts. The school register shows the following results:

Building.	Pupils.
High School.....	193
Washington street.....	394
Marion street.....	394
Putnam school.....	346
Willard school.....	390
Fort school.....	513
Fultonburg school.....	65
Pike school.....	111
Total.....	2406

This tabulated list closes with October 26. It shows an increase of 212 for an equal period last year.

The report for the assignment of new pupils, that is from families which have moved to the city since last June, is for the past seven weeks, 232, against only 188 so examined and assigned to their proper ranks up to Jan. 1, 1900.

The tuition received by Supt. Williams from out-of-town pupils was given \$89.62. This is noticeable for two reasons. First, it shows that the community outside of Marietta's corporation is also growing, and second, that the people value the graded school system and the excellence of Marietta teachers.

The following bills were allowed and the Board then adjourned:

Leo Wetts & Co.....	\$ 42.50
H. G. Williams.....	2.50
American Book Co.....	51.17
Greenwood School Co.....	95.10
American Book Co.....	6.39
India Spice and Drug Co.....	3.00
Pennsylvania Co.....	2.25
G. C. Hawkins.....	27.00
American Book Co.....	2.23
Otto Bros.....	25.00
Wanamaker Century Co.....	76.00
Johnston & Miraben.....	1.00
U. S. Express Co.....	1.30
Cochran & Hoff.....	64.00
Colonial Book Store.....	67.50
L. A. Noll, Insurance.....	33.75
Blume Agency.....	26.25
River Gas Co.....	13.53
Electric Co.....	.61
Register Printing Co.....	37.15
Fred Blume.....	32.50
John Becker.....	106.85
Z. Darrow.....	125.00

The bills of Dr. Robbins, amounting to \$39; that of C. W. Dowling's estimate on school building of \$2,619, and part of Z. Darrow's bill were withheld for various considerations. They will be investigated and considered at the next meeting.

Indiana's Population.

By Associated Press
Washington, D. C., Nov. 5.—Official returns announced by the Census Bureau today give Indiana's population as being 2,516,462, against 2,192,404 in 1890. The increase is 324,058, or 14.7 per cent. The population in 1880 was 1,978,301, an increase of 214,103, or 10.8 per cent.
