The State Dye Works Has removed to No. 4 Tiber Way, Riley Block, where they will be more thoroughly equipped than ever to handle all kinds of wearing apparel, carpets, rugs, and tapestries. Four years of successful operation and growing trade in Marietta testify to the quality of their work. Ladies' Ball and Evening Dresses dry cleaned quickly and thoroughly without odor or shrinkage. Gentlemen's fine suits cleaned most successfully. Clothing of all descriptions dyed in any desired shade. Pressing and repairing on short notice. NO. 4, TIBER WAY, Sept 1, till Jan. 1, 1901.

Body building, as they understood it in Greece and Rome, seems a lost art. Young men flat chested, flabby muscled, slouch along the streets, with scarcely one physical attribute of manhood. And yet these young men would like to be well muscled, supple, erect and hardy. But they don't know how to go about it. They try dumb bells, rowing and boxing, but only in a half hearted way. These sports should be played to them but are really work. The main factor in this condition is an ill nourished body. The stomach is not working properly. The digestive and nutritive organs are not in active health. The result is that the nutrition for the body is not distributed in proper proportions to make blood, bone and muscle.

Weak young men who take a course of Dr. Pierce's Golden Medical Discovery will find a marked change in their physical strength and energy. The body will be built up so that gymnastics will not tax and tire them, but be the natural exercise enjoyed by muscles which are nourished into firm health.

In a letter received from A. D. Weller, Esq., of Pensacola, Escambia Co., Fla. (Box 544), he states: "I have since receiving your diagnosis of my case as stomach trouble and liver complaint, taken eight bottles of the Golden Medical Discovery and must say that I am transformed from a walking shadow (as my friends called me) to perfect health. I value your remedies very highly and take pleasure in recommending them to any and all who suffer as I did. Four months ago I did not think to be in shape to assist our 'Uncle Samuel' in case of hostilities, but thanks to you, I am now ready for the 'Dons.'"

Dr. Pierce's Pellets cure biliousness.

Real Friends.

Are not always appreciated until a time of trial comes. You can never truly value a Hot Water Bottle until you have had occasion to use one. There are plenty of uses for them, especially during the cooler months.

They cure pain, keep a poultice warm, warm feet and give you heat when and where you want it. We won't sell a poor one no matter how cheap the price may seem.

Women's Notes.

The winter girl will be a radiant picture this season in her velvet gown, her swirling plume-laden hat, her rich furs and her big granny muff. What over else she may economize on, she will not omit fur as a part of her wardrobe, for not for many seasons has fur been given so prominent a part in the drama of fashion.

Dr. Roux has an article in a Lyons medical paper in which he recommends as a simple but effective cure for a cold in the head pouring cologne on a handkerchief and snuffing up the fumes two or three minutes repeatedly as soon as the first symptoms are noted.

The happiest women are those who live in a small world. Soft and warm and pretty are gloves of deerskin lined with silk. Antelope skin is taking the place of gazelle skin gloves, as they are stronger and softer and come in delightfully soft colors.

The oldest dressmaker's bill was found in the ruins of a temple of the City of Nippur, and cannot be less than 3,700 years old. It contains the names of 92 vestments given to the temple of the King of Babylon.

Where brasses are much discolored an application of a solution of salt and vinegar is advisable before using the customary brass polish, as the work of polishing is much more quickly performed.

Handsome glass vases may be kept free from the accumulation of dust at the bottom by inserting a wad of tissue paper the color of the vase, when it is not in use. By taking this means of keeping them clean the brilliancy of the glass is retained.

Corduroy forms a useful walking dress and is being used a great deal for tailor-made costumes. Smoke-gray and ecru beige shades are the most worn; no trimming is put on these gowns, except large and handsome buttons, sometimes of mother-of-pearl. Parisiennes usually affect rather a severe style of cravat with a corduroy gown, generally a natty bow and a muslin collar only. Given really good corduroy, it has endless wear in it.

Three women will lecture at Swiss universities the coming winter—Miss Tumarkin at Berne on the "History of Modern Aesthetics," Miss Rodregue at Geneva on "Floral Biology," and Mrs. Zebrowski at the Nerenbery academy on "German Literature."

Emperor William of Germany has recently given 50,000 marks toward the new building which a philanthropic society proposed to erect in a Berlin suburb as a model house for 2,000 young girls, who will be instructed there in bookkeeping, photography, housekeeping, etc. Emperor William is a sound believer in the value of domestic training for women.

The Empress of Russia, who is a clever and beautiful woman, has not endeared herself to the Russian people in the same way as the Empress Dowager has done. She has not identified herself so much with Russian institutions, and though she has of course conformed to the orthodox faith, she is suspected of liberal tendencies, both in politics and religion. One thing is certain, she has enormous influence over the Emperor, who is said to consult her in every manner relating to the State.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.
