

# Hutchison's Bargain Stores

## Grocery Department.

There are many people in this city who are not patrons of this department in our stores. It is no doubt because we rarely make mention of it and the prices and goods sold here. It will surprise the many who are not customers to hear that we distribute more groceries than three of the largest retail groceries in this city. The reason is very easy to find, large purchases give us the inside on prices. THE BEST GOODS AT THE LOWEST PRICES. Many people have the impression that because of the low prices we make (often lower than the wholesale houses), that they are necessarily of inferior quality.

The dealer who buys in small quantities at outside prices and puts a heavy profit on must defend himself by crying inferior goods. It does not follow because our prices are lower than others ask, that the goods are of a poorer class. Every one is protected in the quality in this store; our goods are open for inspection, we invite it. We challenge a comparison of QUALITY, WEIGHT and PRICES with the best stores in the city, and furthermore, any goods not entirely satisfactory can be returned. People's tastes differ, what pleases one may not please some one else.

## RED HOT PRICES

### EXAMINATION

Test Questions Used at the County Teacher's Examination Saturday Feb. 9.

At the Washington County Teachers' Examination held in this city last Saturday the following test was used: ARITHMETIC.

(Full solutions required.)  
J. F. Wagner.

1. A man can saw 2 cords of wood per day, or he can split three cords of wood when sawed. How much must he saw that he may be occupied the rest of the day splitting it?
2. Which is best for me, to buy 5 per cent bonds at 72 per cent, or to invest my money in mortgages bearing 8 per cent? How much better is it?
3. How much alloy must be mixed with 2 lbs. 2 oz., 15 pwt., 19 gr. of pure gold to make gold 18 carats fine?
4. A and B engage to do work for \$170. A worked 3 da. more than 1/2 as long as B, and received \$70. How many days did each work?
5. A owes B \$1200, payable in 5 mo., but at the end of 4 mo. he pays \$400. How long after this payment is made will it be before the rest is equitably due?
6. At \$40 an acre, and 90 ct. a rod for fencing, what will it cost me to purchase and fence a field having two parallel sides 100 and 80 rds. long respectively, the distance between them being 70 rds., and the other two sides being equal?
7. Bought 50 cords of wood for \$225 and sold 15 per cent of it for \$45. What per cent was gained on the part sold?
8. If the interest for 3 yr. 9 mo. is 3-10 of the principal, what will be the amount of \$450 for 2 yr. 4 mo. 15 da?
9. A person after spending \$40 more than 1/6 of his money had \$60 less than 1/2 of it left. How much money had he at first?
10. A and B can do a work in 12 days. How long will it take each separately to do the work if B does 1/2 as much as A?

### PHYSIOLOGY.

J. F. Wagner.

1. What is disease? What the Germ Theory of disease?
2. What are stimulants? narcotics? To which class does alcohol belong?
3. Define fermentation, distillation, alcohol.
4. Locate and state the use of lachrymal gland, crystalline lens, Eustachian tube.
5. In what stimulants are to be found theobromine, caffeine, tannin?
6. There are said to be eight special senses. Name them.
7. Describe muscles as to uses, form, kinds, structure and motions produced.
8. Write 100 words. Subject: Drinking-Water.

### U. S. HISTORY AND CIVIL GOVERNMENT.

A. M. Farlow.

1. What English sovereign of the sixteenth century accomplished the most colonization and exploration?
2. Show how the environments of the American colonists were conducive to union.
3. What were the two leading conquests of the Spaniards? Why not beneficial in their results?
4. Describe the educational and commercial progress that resulted from the poor soil and severe climate of New England.
5. Why was the destruction of the public buildings at Washington in 1814 by the British condemned?
6. Show how the attitude of Henry Clay and Daniel Webster toward slavery caused the popularity of each to wane.
7. What was the chief topic in the Lincoln-Douglas debates?
8. Where will the next great exposition in this country occur? What will it be called?
9. Mention five great men that have died within the past year. Sketch briefly the life of the most prominent American statesman who has passed away during this period.
10. What is meant by the "constitution following the flag"? Where is such a question apt to be settled? Mention three important measures before Congress. Why is an extra session thought probable? How does the history of the Hay-Pauncefote treaty show respectively the powers of the President and Senate?

### THEORY.

A. M. Farlow.

- 1-5. trees  
nature's most valuable gift to man is the vegetable world without wood fiber for lumber and paper leaves for refreshing coolness and fragors for the winter fire would be sadly missing. Man on beholding the rugged oak might well say, what strength is in thy gnarled limbs? what encouragement in inspecting you! This is all I can think of.  
Rewrite the above, making fifteen corrections, indicating each.
6. Why should a teacher's knowledge exceed that of his pupils?
7. What special value has the topic recitation?
8. The operations of the mind are analytic-synthetic. Explain by describing the a, b, c method.

### ORTHOGRAPHY.

A. M. Farlow.

1. Represent three elementary sounds of "i" and four of "e" by diacritical marks.
  2. Spell correctly: Behring, Carribean, Buenos Ayres, Chilli, Okots.
  3. Show accent and sound of vowels in the following adjectives: reputable, estimable, Philippine, recreant, imitative.
  4. Use correctly in sentences the five words in question preceding.
  5. Give synonyms of: culture, corrugated, attribute, affirmed, occasioned.
- GRAMMAR.
- John A. Stone.
1. Define; etymology, comparison, declension, conjugation and parsing.
  2. What parts of speech can be compared? Conjugated? Give examples of each.
  3. Give a synopsis of the verb RUN in the active voice and all modes.
  4. Write the plural of the following: Daughter-in-law, cupful, axis, memorandum, deer.
  5. Name the relative pronouns and decline each.
  6. Classify sentences as to form and function. Illustrate each class.
  7. Give a model for parsing a noun, an adjective, a verb.
  8. Correct the following if there be any errors: "That is between I and you;" "Who did he marry?" "Will I see you soon?" "All the men and guns which was on the ship were lost;" "We arrived safely." Give reasons.
  9. Analyze the following and parse capitalized words: He POSSESSED that rare UNION of reason, simplicity AND vehemence WHICH formed the PRINCE of orators.
  10. Diagram and parse capitalized words: Can STORIED urn or animated BUST BACK to ITS mansion call the FLEETING BREATH?
- GEOGRAPHY.
- John A. Stone.
1. What form of government has England? France? China? Brazil? Hawaii?
  2. Where does the sun jump a day? Explain.
  3. Mention three principal mineral products of (a) England; (b) the Rocky Mountain region of the United States?
  4. Mention an important lake port of (a) Ohio; (b) Michigan; (c) Wisconsin.
  5. Locate (a) the Llanos of South America; (b) Selvas; (c) the Pampas. What great river drains each?
  6. Which is farther, twenty degrees east or twenty degrees south from Marietta? Explain.
  7. Name the territories of the United States.
  8. What and where is the Sargasso sea? Explain Standard Time.
  9. Name the capital of each state that borders upon the state of Iowa.
  10. What cargo would a ship be likely to carry from Odessa to London? Buenos Ayres to Liverpool? Manchester to Bombay?

### HUTCHISON WAS FIRM

In the Last Five Minutes it Suddenly Reached 56 1-4.

By Associated Press

New York, Feb. 9.—Today's stock market was free from sensational movements, but was fairly active. It was evident that realizing was going on on a liberal scale, especially in high grade railroad stocks under cover of the upward movement in some very low priced stocks in both the railroad and industrial lists. Among the candidates for favor in this department were Standard Rope, Leather, Mexican National and some other stocks of similar grade, which showed a continuance of yesterday's strength.

Advances in Sugar, Tobacco and general Electric also helped sustain the market. Hutchison was firm, and in the last five minutes suddenly ran up to 56 1/4. At the same time Union Pacific, preferred sold down sharply at 87. Chicago and Eastern Illinois pushed up 6 1/2 points, but reacted 2 1/2 points, and Louisville and Missouri Pacific were rather firm.

Steel stocks moved rather narrowly and irregularly.

The railroad bond market was almost unprecedentedly active, and prices advanced more steadily than those of stocks. Low grade speculative, or semi-speculative bonds have been in largest demand. U. S. registered 2's declined 1 1/2 and 3's advanced 1/4 per cent.

The total sales of stock was 563,000 shares.

### DUN'S REVIEW.

By Associated Press.

New York, Feb. 8.—R. G. Dun & Co. says: More reasonable weather in the east has brought up the volume of business in retail lines a little this week and at the west and south the distribution of merchandise is on a satisfactory scale.

Prices of staple products show but a moderate decline and quotations of manufactured goods are steady in all directions, the pressure to sell being everywhere conspicuously absent. Jobbers report good orders for spring goods. Only the complaint still comes

## Will Close at 5:30.

Beginning Monday evening, Jan. 14th, 1901, we will close our store every evening except Saturday at 5:30 P. M. standard time. Saturday evening will be open until 8:30 standard time. This change is made to give our clerks their evenings to rest at home with their families and be in better condition to wait on our customers in the day.

Yours for the best year our grand old city ever had, 1901.

## HAGAN & SCHAD,

Opp. Union Depot.

### AUDITORIUM

Friday, Feb. 15th,

'Glory say Your Prayers!'

between John Storm and "Glory Quayle."

from the woolen goods market which has not yet felt the expected stimulus. In this line, however, prices do not decline and agents expect better conditions.

The large operations in the stocks of leading steel companies do not affect volume of business or prices of their products as yet, and probably will have no material influence in the future. Quotations will depend on the relation of supply to demand which at present give an undertone of great strength.

Activity continues in foot wear. Jobbers are placing large contracts at well sustained prices. The large number of buyers in the Boston market indicates that heavy contracts will be placed.

The textile industry did not revive appreciably, even the lower temperature failed to infuse life into woolens, aside from better retail dealings.

Manufacturers make small purchases of raw material, showing preference for the cheaper grades, and even insisting on small concessions. Cotton goods are uniformly dull.

Wheat fell below 80 cents, ample snow affording the desired protection in winter wheat states, while the chief support was a better inquiry on the foreign account, maintaining an advance of over 7 cents compared with the same date of last year.

Reported by Charles R. Richardson, Broker, 177 Front street.
