A WORD OF CAUTION.
 The old saying that "a man, who is naked can't give away his shirt," is only another way of saying that you can't give what you haven't got. The man can't give "free medical advice," or any other kind of medical advice who hasn't got a medical education and a certificate to the fact, in the form of a diploma. And in this particular a woman has no more privilege than a man. She can't give medical advice without medical education and medical knowledge.
 The offer of free medical advice made by Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been imitated by so many, who without any medical qualifications claim to give "medical advice" that a word of caution is necessary.
 Don't write for medical advice to any one, man or woman, who is not a physician. If they are physicians they will take the title of physicians or doctors so that you may recognize them. If they don't claim that title it is because they dare not, for fear of the law.
 Do not forget that there is just as much difference in doctors as in artists. Every little town has its artist who draws and paints. But these "artists" generally paint copies of the works of great artists like Millet. There was only one Millet.
 There is only one Invalids' Hotel and Surgical Institute, such as Dr. Pierce presides over. Thousands of women come or write to Dr. Pierce who have found no help at the hands of doctors of lesser skill and narrower experience.
 Any sick or ailing woman, suffering from the distressing forms of disease peculiar to women, is invited to consult Dr. Pierce, by letter, free. Such consultations are absolutely private. Each letter is treated as a sacred confidence, and each answer is sent in a plain envelope, bearing no printing upon it.
 In this way offensive questions and repulsive examinations may be avoided. Address Dr. R. V. Pierce, Buffalo, N. Y.

Paint Neglect Costs Money.
 Many who care little for appearances are equally regardless of the preservative value of paint. Such economy brings an actual loss. A poorly protected building suffers more damage in one year than it should in ten.
 Good paint is always worth twice its cost. It is worth its cost as a beautifier, and it is worth still more for the protection it affords.
 We handle nothing in paints that is not of the most worthy quality, and our prices will appeal to all who seek real economy.

It's up to You.
 The blush of the wild rose will tinge the uncultivated flush of your complexion and the soul of health will lie in the shade of your existence, cooling the hot fevers of your blood that are burning to burst their confines and grapple with you in the grip of death if you take Cranberry Tone—the one easy way of pulling out of the dumps. I could fill this paper with testimonials telling of Cranberry-Tone cures but you are not interested in the affairs of others. Now let's get together, be honest, tell me how many bottles of spring wash you have guzzled? How many beautiful little pills have stuck in your throat until coasted down on a gag? Now don't look coy, but tell me, do you feel better? No, of course not, and you've coughed up from \$5 to \$2 to help buy a horse for a patent medicine fakir.
 Say, Cranberry Tone is the only really, truly remedy for that dreamy, drowsy, lazy languor that saps the snap of life away, caused by a pathetic liver, indolent kidneys and supine blood.
 Brace up—be a man.
 Cheer up—be a woman.
 And take Cranberry Tone.
 Price 75c a bottle, 3 bottles \$2.00.

 —Frank Ketter arrived in the city Monday morning from an extended trip through the northern part of the State. Mr. Ketter was on a train for eighteen hours the passengers could get nothing to eat.

8109 Reward, \$100.
 The readers of this paper will be pleased to learn that there is at last one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing her work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

 Hall's Family Pills are the best.

Dairymen Are Busy.
 The people in the flooded districts of the city are depending entirely on the dairymen as milk is the best substitute obtainable in the absence of drinking water. The milk vendors are transporting their fluid in boats and are giving all their customers good service. The supply of the lactical fluid, however, is generally not equal to the demand but most families succeed in obtaining at least one bottle of milk.
 If clear water should get mixed with the milk basis in some of the bottles who could blame the dairymen at this season when the flood penetrates almost everything, glass hardly excepted?

Don't Be Funny.
 It does not pay. If you have a good thing, tell it right out. Don't use false means to attract attention. We say "right out" and mean it, too, that Dr. Caldwell's Syrup will cure every case of Stomach Trouble. It will stop any pain caused by indigestion; it knocks Sick Headache by attacking the cause of the complaint and aids you to digest your food, no matter what you eat.

SPECTACLES AND EYE GLASSES

Some very important things to consider in the wearing of spectacles and eye glasses. First of all is do you need them at all?
 Call on H. P. Lorbach, Scientific Optician, at the Norwood Hotel, (until Thursday, April 25th, the last day) have your eyes examined in the most scientific and approved manner, free of charge, as well as any consultation you may have in regard to the same. If you do not need glasses, or if the glasses that you now have are as good as you can get, he will tell you so, but, if you have headache, eyes burn and smart, print blurs and runs together, eyes feel as if they had sand in them, you have to hold your reading matter too far or too near for good vision (12 to 15 inches the proper distance) you should see him at once.
 Second: Being assured that you do need glasses, then you must be sure that the lenses prescribed for you are absolutely right, and just what you ought to have in your case. Next, see that these lenses are put into a frame (either with rim or rimless) that fit your face: one that will place the glasses square in front of the eye.
 Third: After you have made up your mind to get them, get all the comfort you can and have them look well on you. Be just as particular in this as you are in your clothes, and in looking around please notice the glasses furnished by H. P. Lorbach, the Scientific Optician. See how well they fit the patient, see how well he or she, as the case may be, looks in them; also ask them as to his skill and ability in optical work. Thursday, April 25th, is his last day in Marietta. See the local testimonials.

MISS L. ZIMMER, OF 306 WASHINGTON STREET, SAYS SHE CAN MAKE SMALL TUCKS BY THE HOUR WITHOUT ANY TROUBLE.
 This certifies that Dr. H. P. Lorbach, Scientific Optician, at the Norwood Hotel, examined my eyes and fitted me with a pair of Bifocal lenses (compound cylinder) which gave me perfect vision and entire satisfaction in every way. That prior to that, either with or without the glasses I had, I was subject to severe eye strain and headache, when making small tucks on the machine, especially on striped goods. But with the glasses he furnished me, my sight is perfect and no strain; headaches are also much better. I can recommend the doctor as reliable in his profession.
 MISS L. ZIMMER,
 306 Washington street.

MR. C. H. KILMER, WITH THE HUTCHISON'S BARGAIN STORE, SAYS THE DOCTOR AND HIS WORK ARE ALL RIGHT.—TO WHOM IT MAY CONCERN.
 This certifies that Dr. H. P. Lorbach, scientific optician at the Norwood Hotel, examined my eyes and fitted me with a pair of glasses that have given me entire satisfaction in every respect. That prior to that time I had been troubled with defective vision, a burning and smarting sensation of the eye, and a feeling sometimes as if there were sand in them. They would water to such an extent that was very disagreeable and annoying. Since using the glasses prescribed by him, the trouble has entirely disappeared. I can certainly recommend the doctor in as far as my experience goes as thoroughly practiced in his profession.

HEADACHE FOR TWO YEARS.
 A constant headache for over two years, cured as if by magic. Miss Nettie Matthews, a dressmaker of Church Alley, West Side, says: "I have been troubled constantly for years with severe headache, to such an extent that I sometimes had to quit my work entirely, and for the last two years I have had headache constantly. I was advised to see Dr. H. P. Lorbach, scientific optician, at the Norwood Hotel, which I am very glad to say I did. I found the doctor thoroughly posted in his work. After he had made an examination of my eyes, he furnished me with a pair of glasses, with which I can see both near and far better than I ever could. My headache has entirely disappeared. I would not have believed that there was so much comfort in glasses. I work as long as I please and with perfect ease. I certainly can recommend the doctor to any one having headache or eye trouble as competent in his profession, and a pleasant gentleman to deal with."
