TEN CENTS A WEEK

## MINERS

### Near Cambridge En- gage

### IN AWFUL RIOT.

### Another Victim of the Fight Died Monday.

### TEN NEGRO FAMILIES WERE

### Ordered to Move From the Scene of the Trouble.

By Associated Press.  
Cambridge, O., July 29.—Melvin Sheldon, who was shot in the fight at King's mines Sunday, died today, and Joseph Reardon, who was also shot, is not expected to live. Sheldon was the second man to die.  
Lawrence Busby, the negro whose alleged intimacy with Taylor's wife caused the trouble, is still in jail here and there are threats of lynching him. Ten negro families were ordered to move from King's today and did so. The mines are closed.

### SUNDAY'S TROUBLE.

Special to the Leader.  
Cambridge, O., July 28.—One man dead, one dying, another probably fatally shot, and a fourth man with the back of his head crushed in—this, with the threatened lynching of a negro, is the result of a free for all fight at King's mines today, a short distance from the Black Top mine, where a riot between the Hungarian and Slavish miners occurred Saturday.

The dead man is Grant Taylor.  
Injured:  
Joe Reardon, shot twice in the bowels, one bullet going through the body.  
Marvin Sheldon, shot in the breast.  
Mack Sheldon, head crushed by a stone in the hands of Lawrence Busby, colored.

All the other men are white.  
Busby was arrested and put in jail here. He was only saved by the quick work of the officers, as the miners were determined to lynch him if possible. They blame him for the trouble.

The trouble was over the actions of Mrs. Taylor, whom neighbors claim was intimate with different men.

### GOT WHITECAP NOTICES.

Some time ago Taylor and wife were served with whitecap notices, warning them to leave the neighborhood under threats of violence. Mack Sheldon met Busby near the company's store, and after a few words Busby knocked him down by hitting him in the back of the head with a stone. Melvin Sheldon and Reardon quickly appeared, but Busby ran to his home and armed himself, threatening to shoot any one trying to get him. Taylor, walking along, made a remark to Sheldon and Reardon, and all three drew their revolvers and began firing at Taylor. Taylor fell at the first shot, and while on the ground emptied his revolver at his enemies, hitting them at each shot. Taylor died a few minutes later and Sheldon and Reardon fell to the ground fatally wounded and were removed to their homes.

### SHERIFF GOES TO THE MINES.

Telephone messages were sent to Sheriff Dollison, and, accompanied by Deputy Gallop, Marshal Wilken and Coroner Voorhies, he went out to the mines. The people were excited and threatened to kill Busby, the negro, and it was only the prompt work of the officers that saved him. The body of Taylor, whom no one at the mines liked, was allowed to lie on the ground with the fierce rays of the sun beating down on it for over an hour. The Coroner had to bribe men to move the body and to get some one to care for Mrs. Taylor. All is quiet at Black Top, where a riot occurred

yesterday. Eight men are here in jail. Doctors from here are attending the injured. One physician said it required over eighty stitches to close the cuts made on different men.

### WAYWARD WIFE

### Deserts Her Husband and Her West Virginia Home.

On Monday afternoon a young fellow called at the office of Squire McDermott in this city and told the following story. He said that he lived in Pleasant county, W. Va., and that on the day of the circus he brought his seventeen year old wife to the city to see the big show. It appears, according to his story, that when she had seen the sights of the show she suddenly became dissatisfied with every day life among the hills of West Virginia and decided to follow a faster life in the city. Accordingly she soon found herself an inmate of the resort of Blanche Wells in the lower part of town and her husband is now making an effort to get her back with him. In order to get the parties before the court a warrant was issued for the Wells woman charging her with keeping a house of ill fame. The young West Virginian's name is Bert Higgins; he is a typical, hard working backwoodsman and was married to his pretty, wayward young wife about a year ago. Squire McDermott advised him to return home and let her go, but the young fellow seems willing to forgive and forget if she will only return to him.

### Emil Liebling to Appear Here.

Emil Liebling, Chicago's most famous composer and pianist, has at the request of his pupils here, consented to give a recital in this city, and the time will probably be in October. Mr. Liebling does not go on the road and make regular recital tours, but sometimes gives recitals in cities as a sort of favor to his pupils. Marietta music lovers can congratulate themselves upon having an opportunity of hearing such a rare artist as Mr. Liebling.

Mr. Liebling's pupils in this city are Mrs. Metcalf, Miss Bessie Dawes and Miss Gurley Reed.

### D. B. Taylor.

The many friends of D. B. Taylor, the popular engineer of the Ohio River Railroad, will be sorry to hear of his death which occurred at his home in this city Saturday. He was for a number of years engineer on the B. & O. branch.  
The deceased was 47 years of age and leaves a father and mother to mourn their loss. The remains were taken to Hockingport for burial.

## HOPE AND FEAR

### Are Felt in Strike Circles but Hope Predominates

### And Peace is Confidently Expected--Strikers Claim to Have More Than Held Their Ground.

By Associated Press.

Pittsburg, July 29.—Everybody is on the qui vive tonight in strike circles and the coming conference of the leaders of the two contending forces is looked forward to with mingled hope and fear. Hope predominates and peace is confidently expected.

The executive committee of the Amalgamated Association will meet in the headquarters of the organization at 10 o'clock tomorrow morning and take up the proposition of the United States Steel Corporation for a settlement of the steel workers' strike. This statement was made today by Secretary Williams, of the Amalgamated Association. There was no change in the position of the two contestants today.

It was intimated that the committee would not adjourn tomorrow until they had met with the manufacturers and formally discussed the settlement of the strike. If this should be the case, actual peace is possible in a short time. Whatever points are to be discussed is still known, only to the officials of the Association and the Corporation.

Joseph Bishop, Secretary of the

Ohio Board of Arbitration, was in conference with President Shaffer during the day. Most of the officials of the Amalgamated Association expressed confidence that the strike is near an end.

The following terms of settlement of the strike and the program for tomorrow came from an authoritative source. The terms of probable settlement are: The Amalgamated Association is to drop the contention for the signing of a scale for all mills. All mills are to be "open mills" in the fullest sense of the term. The company is to have the right to place a non-union man in any plant and keep him there. In addition to the plants covered by the expired scale it is to be signed for the following: W. DeWees Wood, of McKeesport; Painter, Lindsay & McClutcheon and Clark mills, of Pittsburg, and the Monessen plants of the American Steel Hoop Co. The question of making the Wellsville sheet plant and the Monessen tin plate plant directly covered by the scale is to be settled by the conferees. The Amalgamated Association is to have the privilege of organizing the men in any of the plants.
