## ACCIDENT

### To the Steamer Trenton Said to Have Been Result of Racing.

By Associated Press.

Philadelphia, Pa., Aug. 29.—It developed today that the result of the explosion on the steamer City of Trenton yesterday is more appalling than at first supposed. Nine persons are known to have perished and at least 19 are missing, the most of whom are believed to have been on the steamer, and two of the injured still in the hospital will probably die.

Identified dead: Wm. Nelson, aged 67, formerly an inmate of the Soldiers' Home, Hampton, Va.; James McCormick, 23, Wilmington, fireman; Elizabeth Green, 21, Philadelphia; Wm. Dunn, 38, Philadelphia; Arthur T. Lansing, 14, Trenton; Wm. H. Keene, Philadelphia; Ethel Stokes, Trenton; Henry Johnson, Hulmeville, Pa.

Of the 33 persons taken to hospitals nine are still in the institutions, two Mrs. Edna VanSchaick, of Hightstown, and Miss Fannie Keene, of Philadelphia, will die.

Although searchers have been dragging the river ever since yesterday afternoon, they were unable to find any more bodies. That there are more victims in the river is the firm belief of the authorities. The water was pumped out of the hull of the burned steamer and no additional victims were found in it. An attempt to float the wrecked vessel was unsuccessful.

As to the exact cause of the explosion nothing is yet known, but a rigid investigation will be conducted. Many passengers maintain that the City of Trenton was racing at her topmost speed and that but for this the accident would not have happened.

ant engineer; August Merkle, fireman; Mott Mergle, fireman; Anna Herr, 16; Mrs. John W. Matthews, Mr. and Mrs. Frank Albert, Nellie Ballantyne, Mrs. Herbert Cross, Marion Ashmead, 17; Elizabeth Gillison, 23; James O'Connell, fireman; Miss Edna Kinney, all of Philadelphia; Ethel Stokes, Trenton; Henry Johnson, Hulmeville, Pa.

house on the extension of Maple street, known as Harmar road. The road has been obstructed for some time by Mr. Price working his quarry and throwing the mud and dirt in the road, and yesterday when he tore up the sidewalk and made excavation and laid foundation for a building the other residents of Fairview Heights asserted themselves and the called meeting was the result.

Col. Riley addressed the meeting in behalf of the other residents of the hill top.

Mr. Price claims the road as his because it is built above survey. This was admitted, but Mr. Price built the road himself, with the consent of the owner at that time, where it now is and afterward purchased the land above the road, which is platted to the present road and not to the survey.

On motion of Mr. Strain the Solicitor was instructed to make proceedings for temporary injunction. The in-

junction was granted by Judge Nixon, the plaintiff giving \$800 bond. The papers are now on file in Court of Common Pleas.

### Prominent Elk Dead.

By Associated Press.

Louisville, Ky., Aug. 29.—Zach Phelps, a prominent lawyer of Louisville, died tonight of pneumonia and complicated heart trouble. He drew the ten year agreement of the National Base Ball League and was prominent as an Elk.

### In Immense Cavity.

By Associated Press.

Dayton, O., Aug. 29.—An immense cavity in the earth, 250 feet below the surface, was struck today by oil drillers at this place. Into this poured the water supply of the village wells and surrounding farms were also drained.

## GLASS

### Manufacturers Agree not to Resume Work at Present.

By Associated Press.

Indianapolis, Ind., Aug. 29.—A meeting was held today between President Burns, of Local Assembly No. 300 of the National Glass Workers organization; President Cole, of Indianapolis; Vice President Hart and Secretary Phillips, of the American Window Glass Co., officers of the National Federation of Co-operatives; President Gray, of the Jobbers' Association and Capt. Brown of the Pittsburgh Glass Co. It was decided that the co-operative factories shall resume work Oct. 15 and the American and Independent organization known as trusts shall begin their fires Nov. 1. When the work was concluded for the summer the three associations could only get together, and determine to cease operations on May 1, after definite promise had been exchanged that fires would again start up Sept. 15. As the time approached it was found that the market was too well supplied with the product to permit of such an early beginning. If the date originally agreed upon were enforced it means that prices of window glass would become

demoralized.

Therefore it was determined to call a meeting of all interests affected. This was brought about by the initiative being taken by the American Window Glass Co. It was explained that an attempt to start fires at the date originally set would disorganize the market and it is proposed to postpone the beginning of operations. The proposition was finally put to a vote and the vote resulted in an order to postpone. The trusts in order to effect settlement was forced to make concessions to the co-operatives. They therefore voted that the latter be allowed to begin work first, Oct. 15, a full month later than was anticipated. The trusts, the American and Independent companies, agreed not to manufacture any glass before Nov. 1, a full month and a half later than expected. To this proposition Burns on behalf of L. A. 300 agreed. The effect on production so far as quotations are concerned, will not be immediate. Probably the market will witness a stiffening of prices but the direct advance will not be observable until later in the season.

## FRISCO

### Chosen For the Next Knights Templar Triennial Conclave.

By Associated Press.

Louisville, Ky., Aug. 29.—After electing officers and selecting San Francisco for the place of meeting, on the first Tuesday in September in 1904, the 28th triennial conclave of Knights Templar today adjourned.

In selecting the Grand Junior Warden and Grand Recorder, the only contestants, the following were elected: Henry Bates Stoddard, Bryan, Tex.; Grand Commander to succeed Reuben H. Lloyd, California; Col. Geo. M. Moulton, Chicago, to succeed Stoddard as Deputy Grand Master; Rev. H. W. Rugg, Rhode Island, advanced one rank to Grand Generalissimo, made vacant by the election of Col. Moulton; Wm. B. Melish, Cincinnati, to succeed Rugg as Captain General, while Jos. A. Locke, of Portland, Me., Junior Grand Warden, was made Senior Grand Warden. There were fifteen candidates for Grand Junior Warden and Frank H. Thomas, of Washington, was elected on the second ballot.

In the contest for Grand Recorder, W. H. May, of St. Louis, who held the office for six years, was pitted against John A. Gerow, of Detroit. The office went to the Detroit man on

the fifth ballot. H. Wales Lines, of Connecticut, was elected Grand Treasurer practically without opposition.

When the elections were over the committee on time and place of the next meeting reported San Francisco as the only bidder. That city carried off the honor without a struggle.

The closing feature is the ball tonight in the horse show building. The magnificent crowd was too great to allow comfortable dancing, but was a pronounced success. Eight thousand people were present. Receptions and excursions on the river were the other features of the evening entertainment.

### Boiler Explosion.

H. M. Gaynor, of Sistersville, a tool dresser in the oil fields, was instantly killed Wednesday morning on the Tuttle heirs farm in Tyler county, about ten miles from Sistersville. He was working in a mill for Andy Bruner, when the boiler exploded, several of the fragments striking Gaynor, mutilating him pretty badly and causing instant death. His remains were taken to Sistersville in the evening.

Bens Run, W. Va., Aug. 29.—The National Oil Co. is building the rig for their No. 12 and 13 M. Williamson.	

### FIFTY BARREL WELL.

The U. S. Oil Company's No. 16 Isaac Pethel, St. Marys field, drilled in Thursday and is good for fifty barrels.

## COUNCIL

### Acts to Enjoin Price From Building on Maple.

The City Council met yesterday afternoon in called session. The call was issued by Councilmen Cutter, Plumer and Toller.

The following members were present: Curtis, Cutter, Lorentz, Plumer, Strain, Savage and Toller.

The object of the meeting was, as stated by Solicitor Richards, to have the Council, in the absence of the Mayor, authorize him to begin proceedings and get a temporary injunction restraining D. P. Price from tearing up the sidewalk and building a

## PASSENGER

### Train Carrying Hundred and Fifty People is Wrecked.

By Associated Press.

Newark, N. Y., Aug. 29.—The accommodation train leaving Soda Point over the Northern Central, due here at 6 o'clock, was derailed tonight at Fairville, near here. Engineer Wm. Mosher, of Soda Point, was killed and 28 persons injured, two of whom, Howard Tubbs, ticket agent of the Lake Shore, and Libbie Ford, will probably die.

The train consisted of four coaches, a baggage car and the engine. It was running 40 miles per hour. Ap-

proaching the station at Fairville there is a curve and gravel pit. For some unknown reason the engine jumped the track while passing the gravel pit. The engine turned completely around, throwing five cars on their sides. The train load of 150 passengers was thrown into the ditch and the engine and all the cars wrecked. Help was quickly summoned from neighboring houses. Many of the injured passengers hastened to Newark and five were sent to Rochester hospitals.

## FLEEING

### Minister Was Chased by His Congregation.

Special to the Leader.

Bloomington, Ind., Aug. 29.—The residents of Elkinsville, a small village in Brown county, east of here, are in a state of excitement bordering on lynching, which is all due to a sermon Rev. Minor White, a circuit rider delivered Sunday night to the congregation of the one church in the little town.

Sunday night Rev. Mr. White, who lives in Johnston township, arrived in Elkinsville and discovered the doors and windows of the church locked. This did not deter the minister, who forced his entrance through a window. When the doors were opened the congregation came pouring in, creating no little disturbance.

The minister armed himself with stones, and taking his accustomed place in the pulpit opened by saying:

"If any man undertakes to create a disturbance I will knock him on the head with a rock."

In scathing language he denounced two prominent citizens of the community, and ere he had concluded a rush was made for him and cries of "Hang him." The mob surrounded the belligerent preacher, who escaped by jumping through a window back of the pulpit, carrying sash and glass with him. The crowd continued its chase quite a distance, but were unable to overtake the fleeing minister, who arrived here tonight, leaving his family behind. He states that his meetings heretofore have been disturbed by hoodlums, and he proposes to take drastic measures in conducting future worship.

### Fire Chiefs.

Indianapolis, Ind., Aug. 29.—The International Association of Fire Chiefs elected: President, Chief Humphreys, Pittsburg; Vice Presidents, Chief Hughes, Louisville; Chief Stagg, Patterson; Secretary, Henry A. Hills, Wyoming, O.; Treasurer, Chief Larkin, Dayton. New York was selected for the next annual convention. No time was fixed.

## INSANITY

### Laws of Indiana Should be Revised.

By Associated Press.

Indianapolis, Ind., Aug. 29.—The State Board of Charities today filed its report with the Governor on its investigation of insane hospitals, to assist any sane persons deprived of freedom. The report says no such persons are confined and have not been within the last 18 months, unless it be in the case of John Ross or Morse, or James Haywood, who probably recovered after he was found insane and before he was received at the hospital.

The report says somewhat sarcastically of the Attorney General: "It may not be proper for us to suggest that an effort to connect the 'insanity trust' with hospitals is very unfair to the institutions."

The board says the blame rests on the parties that conducted the inquiries and suggests that it is the duty of law officers to recover that part of \$15,000 in insanity fees wrongfully taken from county treasurers. The report says that such conspiracy as shown by the Attorney General's report lays members liable to severe prosecution. The board suggests that entirely new insanity laws be enacted by the next legislature.

## WRITTEN

### Agreement Recommended by Committee of Miners.

By Associated Press.

Hazleton, Pa., Aug. 29.—With the adoption of the report of the committee on resolutions, the United Mine Workers this afternoon practically finished their work. The resolutions recommended written instead of verbal agreements with all coal companies and strict compliance with the present contract, a continuation of the card inspection system as now conducted, and instructs President Mitchell and district Presidents to confer with coal companies regarding card inspection and violation of agreements and to arrange a joint conference. These officers are vested with power to declare a strike if contracts now in force are not lived up to.

### Canning Plants Purchased.

By Associated Press.

Kokomo, Aug. 29.—The Cannery trust purchased two of the big canning plants of this county, the Genavickler and Ruddell establishment and the Brookside plant. Each plant employs 600 people during the canning season.

## CATHOLIC

### Societies Of the United States to be Federated.

By Associated Press.

New York, Aug. 29.—A convention of Roman Catholic societies is being held at Long Branch to effect a federation of societies throughout the United States. Today a temporary organization was effected. The meeting is well attended by delegates from the eastern and middle states. They decided to hold a convention for permanent organization in Cincinnati Dec. 10. The following temporary officers were elected: President, Henry A. Price; Vice President, Thos. W. Fitzgerald, New York; Secretary, John J. O'Rourke, Philadelphia; Treasurer, M. P. Mooney, Cleveland; Spiritual Adviser, Right Rev. A. I. McGaul, Trenton.

## COLOMBIAN

### Officials Make Statement to Associated Press.

By Associated Press.

New York, Aug. 29.—The Associated Press received the following dated Bogota, Aug. 24, from a Colombian official of high rank: "General Ospino, acting Minister of War, reports that within the last fifteen days he destroyed nearly all the Colombian guerrillas. The government of Colombia has maintained strict neutrality regarding Ecuador and Venezuela, notwithstanding the fact that the governments of said countries have effectively aided the rebels of Colombia, thus prolonging the revolution in this country. Recently the revolutionary chiefs of Colombia met on the frontier of Venezuela to organize new invasions of Colombia, using munitions of war accumulated by Venezuela on her frontiers. The frontiers of Colombia are sufficiently defended. Colombia feels certain she can maintain her rights and repel whatever foreign invasions may occur."

### Bashford Will Stay.

By Associated Press.

Delaware, O., Aug. 29.—The trustees of the Ohio Wesleyan university of Delaware today announced that Dr. J. W. Bashford, President of that institution, would continue that office. Bashford was offered the Presidency of the Northwestern University of Chicago.

### Small Blaze.

Fire department No. 1 was called out Thursday afternoon by a small blaze in the rear of the court house, caused by tar boiling over and catching fire. Damage small.
