Official functions in the White House will be barred until New Year's Day.

Candidates were at the Barlow Fair thicker than bees and ten times as busy.

Estrada Palma will be elected as the first President of the Republic of Cuba today.

Theodore Roosevelt has devoted considerable time to writing American history and now he is making it.

The colleges are all reporting an increased attendance this fall, and the crop of football players is correspondingly large.

Hicks, the weather prognosticator, predicts thunder, rain, wind, sleet and snow, with a variation of hot and cold waves, for October.

Hon. William Millikan, Senior Editor of the Fayette County Herald, has just celebrated his ninety-fifth birthday, and he is hale and hearty. Mr. Millikan is the oldest editor in Ohio.

Chairman Daugherty announces that the Democratic State Campaign will be formally opened at Bucyrus, October 23rd. He might have added that the obsequies will occur on the 25th day of November.

Mayor Carter Harrison, of Chicago, is the first public official to offer soft words in behalf of anarchists since the assassination of President McKinley. Harrison has consigned himself to the same crypt where Altgeld lies mummied.

Formal protest has been made to Mayor Johnson against the introduction of religious teachings into the schools of Cleveland. The Jewish rabbis have decided to go to the Courts unless the School Council rescinds its action next Monday night. They claim to have a majority of the Council pledged for a repeal of the resolution.

A correspondent inquires as to what elections in Ohio since 1879 elected legislatures which selected United States Senators. The following is the list: The Sixty-fourth general assembly, elected in 1879, sent Sherman to the senate; the Sixty-fifth, elected in 1883, sent Henry B. Payne; the Sixty-sixth, elected in 1886, again elected Sherman; the Sixty-seventh, elected in 1889, elected Calvin S. Brice; the Seventieth, elected in 1892, again elected Sherman; the Seventy-

second, elected in 1895, elected Joseph B. Foraker; the Seventy-third, elected in 1897, sent Hon. M. A. Hanna to the senate, and the Seventy-fifth, to be elected this fall, will re-elect Senator Foraker.

It is known that when the Republican speaking campaign opens that Senator Hann will pay considerable attention to Cuyahoga county, and quite a number of his speeches will be delivered there. It will be a fight in that balliwiek between Johnson and the junior Ohio senator, and it will be, as old John Harper used to speak of races, "from end to end." Johnson boasts of his ability to carry Cuyahoga county for his legislative ticket, but there is nothing in the situation to warrant such a hope.

The special election for choosing a member of council in the Second Ward today promises to be very much one-sided, as there seems to be but one candidate, Mr. B. F. Wood. The announcement of Judge D. R. Rood was made some days ago, but it appears that it must have been done by convincing politicians who had "axes to grind," as no nomination papers have been filed by the Judge, as required by law. The election of Mr. Wood therefore, seems certain—and he will make a good councilman.

Judge Frederick Stump, of Elkton, Maryland, in his will declared that he was utterly disgusted with the foolish displays that are made at most funerals. He directed that he be buried in a white pine box, without paint, stain, covering or any emblem of woe; that no embalming fluid be used, and that no funeral sermon be preached over his remains. In conclusion the will says: "I am to be buried in a suit of clothes I have worn, as I do not see the sense of wearing old clothes when alive and being buried in a new suit when it is of no use to me."

Judge Davy, of the New York supreme court, has instructed the grand jury to make special efforts to root out anarchists. The judge said in his charge: "When two or more persons conspire to commit a crime or to commit any act against public morals or for the perversion or obstruction of the law of this state they are guilty of a conspiracy and the acts and declarations of any of the conspirators in furtherance of its purpose and objects are competent evidence to establish the guilt of all conspirators." At last the anarchist-league of murderers is face to face with justice.

**CONTRACT**

Closed by the Inter-Urban Company.

The contract was closed Friday morning by President C. H. Shattuck for the Parkersburg Inter-Urban Street Railway Company for 1500 tons of steel rails for the new line to be laid between Parkersburg and Williamstown. The rails will be furnished by the Carnegie Steel Company and the contract calls for 400 tons to be delivered in October and the balance during the months of November and December. The contract means the expenditure of \$45,000 by the local company. This does not include the special work, merely the bare rails.

**BARLOW**

Fair Was Largely Attended on Friday.

Thousands of people from all sections of this and adjoining counties were in attendance at the Barlow Fair on Friday, and the meeting was a decided success from every point of view. The exhibits were all of a most meritorious character, and it was difficult indeed for the judges to award prizes in many cases because of the excellence of all the entries.

Marietta was there by hundreds and all who went came away delighted with the trip. The management of the Fair deserves great credit for the splendid entertainment provided.
