

A Silver Anniversary

Memories of '47. The year 1910 marked the sixty-third anniversary of the introduction of the most widely-known brand of silver plate—1847 ROGERS BROS. TRIPLE. First produced by the original Rogers Brothers in 1847, it has set the standard of quality for all brands of silver plate. It is the heaviest grade of triple plate. "Silver Plate that Wears." We carry a good line of the various popular styles. READ & WAGER THE REXALL STORE.

FIRE BUGS

Fayette Parties Implicated and Under Arrest. Fred Moog Confesses to Having Set Fire to House of Charles Collins in Fayette, October 18th.

Last week Thursday Sheriff McQuillin was summoned to Bryan to get three men, Fred H. Moog, Charles Collins and Everett Jay, who had fallen into the trap set by State Fire Marshals Geo. Kings, of West Unity, and Hanley, of Toledo. Fred H. Moog was first arrested on the charge of arson and placed in jail at Bryan where he confessed to Sheriff Wineland, of Williams county, that he had set fire to the house of Charles Collins in Fayette, Ohio, on October 18th. In his confession Moog implicated Charles Collins and Everett Jay and both of these men were arrested on the strength of Moog's statements and lodged in the jail at Bryan. Brought to Wauseon last week and arraigned before Justice Deyo, Collins and Jay pled not guilty and hearing was set for Tuesday of this week; both of these men were held in jail at Wauseon to the time of hearing. Moog was taken back to Bryan and was brought to Wauseon Tuesday for arraignment before Justice Deyo, who occupied the entire day. Messrs. Collins and Jay had retained Files & Taylor to represent them. These gentlemen were gathered in by Sheriff McQuillin and the case was warmly contested. Justice Deyo held both of these men in jail to the time of the March grand jury and amount of bonds were fixed for their release.

TEACHERS INSTITUTE

The attendance at the Teachers Institute held in the High school assembly room at Wauseon last Saturday was not up to the standard of the program provided; those who were in attendance enjoyed and profited by the addresses and discussions.

W. L. C. Brown, principal of the Swanton high school, presented the question of athletics in the schools in a clear and forceful manner. Professor C. L. Marzolf, of Ohio University, Athens, Ohio, the principal speaker of the occasion gave a scholarly and masterful historical address on the "Impeachment and Trial of Andrew Johnson", at the formal session and in the afternoon paid a glowing tribute to "Ohio and Ohioans". Professor Marzolf's address made a lasting impression on the minds of those who heard him and the Ohio University may well be proud of the fact that such men as he are members of her faculty. Superintendent D. J. Dodge, of Delta, Ohio, presented a paper on "The history and his points were well taken and well considered. At the afternoon session there were present a number of members of Boards of Education and citizens to discuss the proposed legislation touching the school system of Ohio. After considerable discussion the following resolutions were adopted: We are opposed to the plan of making the village and rural schools subject to county and district supervision but recommend that villages supporting a first grade high school be made independent of county and district supervision or subject to them as they choose. We are also opposed to having our schools so managed that they can be made a part of a political machine. Counties and districts should be selected and elect their supervisor, provided the supervisor has the required educational and professional qualities. We favor county and district supervision of rural schools. Supt. C. J. Biery was elected to represent the teachers of Fulton county at the big educational convention to be held in Columbus next November 5th. Ordinarily, I do not care to give my personal approval to any person or organization, but in this case I feel that the company of a local manager cannot always be certain of the degree of merit in coming to the attention of the public. "Brewster's Millions" comes to us with the universal commendation of the Theatre Managers, Critics and travelling press. The company which here is the same that has been playing now in the principle and surrounding cities of the state. I feel that I am justified in giving the attraction my personal endorsement and guarantee. I will state that any person or persons attending the performance of the brilliant comedy and are not satisfied, the price of admission will be refunded after the first act. When you give this guarantee we know we are giving you goods. WALTER W. CADELL, Mgr.
