You Can Safely Get 6 and 7 Per Cent. on Your Money

Your money is worth 6 and 7 per cent to you. You can get this through the securities underwritten and approved by The Geiger-Jones Co. These securities possess the essential features of a good sound investment; are secured two for one or better; yield a just return; have ready convertibility; are non-taxable.

Such an opportunity is not new; but simple and time-tried. You can safely loan your money directly to the business which is really used, instead of indirectly loaning it through an agent who is compelled to divide the interest with you.

Never let anyone clean you with that moth-eaten argument that money cannot be safely invested at 6 to 7 per cent. If that argument were true, bank deposits would be a drug on the market and there would be very few solvent bankers. Money can earn, and is earning safely every day, 6 to 7 per cent in profitable staple business.

These securities, with the protection of a mortgage combined with their non-taxable feature, make an unusually clean sound investment.

DOVER

Lenora and Charley Imes gave a little party at their home Tuesday evening. About fourteen of their friends were present and enjoyed the evening in laying games and eating candy and pop corn.

The Forty Year Test.

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation.

Before buying that new buggy be sure and see my 1914 samples of Cron and Elkhart buggies. Will save you money. Charles F. Stotzer, 44-c Sold upon merit—Hanford's Balsam.

Oakland

THE CAR WITH A CONSCIENCE
Sta bility
The Oakland Motor Car Company made its first car in 1907. So the Company is now in its eighth manufacturing year.

We have followed the progress of the industry and in succession have made two four and six-cylinder cars, less than 3000 cars in 1907. In 1913 we produced 1 over 8,000 cars. Consistent progress like this can mean but one thing—that our foundation was correct and on that foundation we have built permanently and for all time.

Consistent growth like this means a host of satisfied owners. Owners who have told others that the Oakland is a good car. For 1914, we offer a line of beautiful cars that are mechanically true. Cars that are good to look at and dependable cars. Cars that are made to satisfy the most critical owner. Four and six cylinder models. Open and closed bodies. Many types. \$1150 to \$1900, fully equipped, f. o. b. Pontiac.

NAVE PRETTY HAIR

Thick, Soft, Fluffy, and No Dandruff
If your hair is losing its natural color, coming out and splitting, or lacks that enviable softness, gloss and beauty, do not despair—pretty hair is largely a matter of care. If it is too thin make it grow. If it is harsh and brittle soften it up—lubricate it. If you have dandruff, it is because the scalp is too dry and flakes off. Freshen up the scalp with Parisian Sage—all dandruff disappears, your hair is doubly beautiful. Parisian Sage, sold by Read & Wager and at all drug stores, is just what you need—a large bottle costs but 50 cents. It surely makes the hair lustrous and seem twice as abundant. You cannot be disappointed in Parisian Sage.
