

FULTON COUNTY TRIBUNE.

VOL XXXIII NO 22

SOUTH BUSINESS

WAUSEON, OHIO, FRIDAY, SEPTEMBER 8, 1916

\$1.50 PER YEAR

DOCTOR LEONARD

World Famed Penologist Speaks in Wauseon Sunday Evening—Pleads For Training and Environment That Will Prevent Crime.

The Christian church was packed with a large audience last Sunday night when at close attention for about two hours listening to Doctor Leonard, Superintendent of the Ohio State Reformatory at Mansfield, while he pleads for the establishment and maintenance of such conditions which would prevent the commitment of young men to such institutions as the State Reformatory, and described the great institution at Mansfield and the character of the work of reformation which is being done there. Dr. Leonard has an international reputation as a penologist and is without doubt the foremost man of the century in this department of social and civic science. He was very fittingly introduced by Mr. F. H. Reighard, the "great" man in Ohio, and Mr. Reighard also informed the audience that the institution at Mansfield is a model of its kind, officials of other states and nations visiting it often to study its plan and Dr. Leonard's methods.

Dr. Leonard's basic ideas are that there are no born criminals; that the young child has no more sense of moral right or wrong than a chicken, that is not born with a moral sense, that is to be developed; that men and women come into the world neither perfect or imperfect but imperfect in character, and that there is given a Divine environment to improve and develop. He said that the presence of 1300 young men in the institution at Mansfield is unnatural and that they are here because society has failed to use this Divine endowment which Mr. Leonard likened to the fingers of a hand; the first finger representing the home, the investigation has shown that 50 percent of the boys committed to Mansfield come from homes that have been broken up by separation of the father and mother, another large per cent is composed of boys who have been deprived of the companionship of one parent particularly the father. The home was characterized by the most powerful and efficient force for the development of moral character and the making of good citizens, it has no equal.

Another finger represented organized religion, the church and its teaching example and influence. The third finger represented organized education, the schools with their training and teaching. The little finger represents play or recreation, while the thumb, which Dr. Leonard styled as an after-thought of creation, represents the law. Very graphically the speaker showed how the proper use of all these forces would prevent the necessity of shutting boys up in such institutions as that at Mansfield and he held the close attention of the audience. The Mansfield Reformatory, the methods of conducting it and the various lines of work that are being accomplished in this institution were described in a most interesting and instructive manner. The operation—of congenital dislocation of the hip—was performed over a year ago by Dr. Schulz. The child was in bed for a few weeks but since then has been up and about with the hip encased in a plaster cast. Three casts were used, the first with the knee at a right angle, the second with the leg at 45 degrees and the third with it practically straight. Last week Dr. Schulz removed the final cast. Since then the girl has used crutches, but in a few days will discard these and in every way will have the normal use of her leg.

In congenital dislocation, one leg is shorter than the other. The operation performed by Dr. Schulz was similar to that of Dr. Lorenz of Vienna upon Lolita Armour of Chicago a number of years ago. The misplacement of the hip bone is remedied by bloodless surgery. The head is put in the socket where it belongs and completely normal use of the leg follows.

Usually operations are performed in children much younger than Miss Burke. Dr. Schulz took her to the osteopathic headquarters at Kirksville, Mo., for the operation, and has given the child his personal care for over a year. Dr. Schulz will go to Flint, Michigan the latter part of this week where he has been called to treat two cases similar to the above.

Don't Neglect Your Cold. Neglected colds get worse, instead of better. A stuffed head, a tight chest must be relieved at once. Dr. Bell's Pine-Tar-Honey is Nature's remedy. Honey and glycerine heal the irritated membrane, antiseptic tar loosens the phlegm, you breathe easier and your cold is broken up. Pleasant to take. Dr. Bell's Pine-Tar-Honey is an ideal remedy for children as well as grown-ups. At your Druggist, 25c.

How To Give Good Advice. The best way to give good advice is to set a good example. When others see how quickly you get over your cold by taking Chamberlain's Cough Remedy they are likely to follow your example. This remedy has been in use for many years and enjoys an excellent reputation. Obtainable everywhere.

LIFE AT

There are many opinions as to the life we are living at the mobilization camp. But no one knows exactly how the daily routine is carried on, except those who actually participate. There is considerable grumbling on account of the delay, but the people from what you could call the outer world get an exaggerated idea of it. Many think we have scarcely anything to eat, and that is poorly cooked. I can only give facts concerning the food we have in our own company. Owing to the fact that we have a very competent Mess Sergeant, we have had extra varieties of food which possibly other companies do not have. Our food is well cooked. The grumbling arises from fellows who are natural grumblers. It is said that it takes all kinds of people to make up the world. I have come to realize that this is very true, especially since one has been thrown in constant companionship with all types of men. At first everyone was eager to see what was in store for us. Sooner or later these young fellows will have to realize that life is not a huge joke, and my sincere hope is that we go to the border; get REAL service, if for no other reason than the sake of these fellows.

PRIVATE SPADE. First Ambulance Co., O. N. G.

JORDAN FAMILY REUNION.

The Seventh Annual Reunion of the descendants of Josiah Syble Jordan was held on August 23 at the pleasant home of Guy Slater, on North Main street, Adrian, Michigan. The day was an ideal one and a goodly number were in attendance. Dinner was served at noon and afterwards all assembled for the business hour. On account of the absence of the President and the death of the Vice President, M. F. Jordan, of Toledo, took charge. The regular routine of business was attended to and the following officers were elected for the ensuing year: E. H. Jordan, President. Wauseon, Ohio. Chas. A. Jordan, Vice President. Chas. A. Jordan, Secretary. Toledo, Ohio. Mrs. Hattie Drew, Secretary. Toledo, Ohio.

Wallace Jordan, Treasurer, Fair, Michigan. William Jordan, Chaplain, Cedar Springs, Michigan. Lillie Jordan, Historian, Wauseon, Ohio.

The place of the next reunion was not settled on, but was left to a committee to attend to.

OSTEOPATHY IN WAUSEON

Dr. William H. Schulz, Osteopath, a graduate of the American School of Osteopathy at Kirksville, Missouri, has opened offices in the Peoples Bank Building, Dr. Schulz is highly recommended by Dr. Gautschi of Napoleon, in whose office Dr. Schulz has practiced. The following is clipped from a recent issue of the "State Journal" of Columbus: Although a cripple since birth, Miss Frances Burke, aged 14, soon will be able to play and walk about the same as other children without the slightest trace of a limp, as a result of an operation performed by Dr. William H. Schulz, osteopath.

The operation—for congenital dislocation of the hip—was performed over a year ago by Dr. Schulz. The child was in bed for a few weeks but since then has been up and about with the hip encased in a plaster cast. Three casts were used, the first with the knee at a right angle, the second with the leg at 45 degrees and the third with it practically straight. Last week Dr. Schulz removed the final cast. Since then the girl has used crutches, but in a few days will discard these and in every way will have the normal use of her leg.

In congenital dislocation, one leg is shorter than the other. The operation performed by Dr. Schulz was similar to that of Dr. Lorenz of Vienna upon Lolita Armour of Chicago a number of years ago. The misplacement of the hip bone is remedied by bloodless surgery. The head is put in the socket where it belongs and completely normal use of the leg follows.

Usually operations are performed in children much younger than Miss Burke. Dr. Schulz took her to the osteopathic headquarters at Kirksville, Mo., for the operation, and has given the child his personal care for over a year. Dr. Schulz will go to Flint, Michigan the latter part of this week where he has been called to treat two cases similar to the above.

Don't Neglect Your Cold. Neglected colds get worse, instead of better. A stuffed head, a tight chest must be relieved at once. Dr. Bell's Pine-Tar-Honey is Nature's remedy. Honey and glycerine heal the irritated membrane, antiseptic tar loosens the phlegm, you breathe easier and your cold is broken up. Pleasant to take. Dr. Bell's Pine-Tar-Honey is an ideal remedy for children as well as grown-ups. At your Druggist, 25c.

When others see how quickly you get over your cold by taking Chamberlain's Cough Remedy they are likely to follow your example. This remedy has been in use for many years and enjoys an excellent reputation. Obtainable everywhere.

JURIES

Juries and Petit Juries Draw For October Term of Common Pleas Court—Long Term Will Open October Ninth.

Court officials "tapped" the jury wheel on Tuesday of this week and drew therefrom the following freeholders to serve as jurors for the October term of Common Pleas Court of Fulton County:

GRAND JURY
W. B. McClarren—Pike Township.
Fred Hollis—Swan Creek Twp.
R. B. Batdorf—York township.
Charles Blaine—Amboy Twp.
C. C. Wardley—York Twp.
Robert Edgar—Clinton Twp.
James Dickerson—Clinton Twp.
Jacob Leininger—German Twp.
Ammon Lantz—German Twp.
DeWitt Williams—Clinton Twp.
Ed. Cosgrove—German Twp.
George Clifton—Clinton Twp.
George Dudley—Clinton Twp.
Albert Clinton—Gorham Twp.
T. H. Fraker—York Twp.

The Grand Jury will meet at the Court House October 9th, 1916, at 10 o'clock a. m.

PETIT JURY

L. T. Belding—Gorham Twp.
Oliver Dunbar—Royalton Twp.
Fred Cottrell—Gorham Twp.
J. H. Bachman—York Twp.
J. E. Faubel—Fulton Twp.
Orlo Whitaker—Dover Twp.
Henry Bachman—Clinton Twp.
Jacob Aeschliman—Clinton Twp.
Godfrey Bucher—German Twp.
William Clay—Swan Creek Twp.
W. E. Clark—Chesterfield Twp.
Andrew Strong—Amboy Twp.
DeWitt Loveland—Clinton Twp.
F. A. Geesey—German Twp.
Ray Carver—York Twp.
Frank Bloomer—York Twp.

The Petit Jury will meet on Monday October 10th at 10 o'clock.

AUTO TOURS

The ideal month for a motor trip is September, and the auto service afforded by C. & E. Line Steamers from Cleveland make the delightful touring territory adjacent to Buffalo in Western New York and Southern Ontario particularly available for the tour of two days or longer.

The New \$5.00 Auto Rate takes your car by steamer from Cleveland to Buffalo and back for a two days motor trip, this very low rate being made for all cars less than 128 inches wheelbase.

You may leave Cleveland any evening at 9:00, arrive in Buffalo at 7:30 next morning, spend two days in touring to Niagara Falls, East Aurora, Toronto or other attractive points and return from Buffalo the evening of the second day at 9:00, reaching Cleveland 7:30 the following morning, thus making an ideal out-of-town trip at a small cost.

CO-OPERATION

The publishers of the Fulton County Tribune in common with all other country publishers are facing a serious condition in the paper market; the prices are constantly going up and there is no telling how much higher they will go. In this crisis we have decided to ask the co-operation of our subscribers to help us meet and weather through these conditions. We have a list of subscribers who are pretty well paid up, some of them in advance, but there are a few who are a year or more in arrears. Will you kindly examine the label on your paper and if you are in arrears please co-operate with us by paying up the arrears on your subscription. The figures on the label will tell the story; the first figure stands for the month; the second for the day of the month and the third for the year. For instance, if your label reads 8-20-15 it would signify that you were paid up to August 20th, 1915.

UNSURPASSED HOLSTEN EXHIBIT

Fulton County Fair Sets A New Pace—Field of 130 First Class Race Horses—Fine Exhibits—Plenty of Amusements

Never before has the Fulton County Fair opened under more auspicious circumstances than it did this year. The weather was all that could be asked, the exhibits in the live stock and in fact every department came in early and were of high standard. Tuesday the fair grounds presented a busy scene, the "Midway" attractions were all in place and ready for business. Hamburg, pop corn, candy and lemonade men began to cry their wares, "Ballyhoo" men were limbering up their vocal organs, exhibitors of farm implements and machinery, automobiles and all the other things that appeal to the farmer and the farmer's wife were putting the finishing touches on their tents and wares, exhibits were being placed in the various halls and every body seemed happy, busy and good natured.

One feature that distinguishes the 1916 fair in Fulton county is the splendid exhibit of Holstein cattle made by members of the Fulton County Holstein-Friesian Association. About 150 head of some of the finest specimens of this breed of cattle ever shown are at the Fulton county fair while at home on the farm of H. A. McQuillin is the cow destined to make the county known the world over for the reason that she has already made a World's Record for a year with the year of official test not yet complete, 1200 pounds of butter and over 30,000 pounds of milk which this cow has produced in considerably less than a year will make the county in which she was born and raised famous wherever Holstein-Friesian cattle are known, and that is the world over. Not even the State Fair can surpass our own county fair this year in the showing of live stock either in quantity or real quality. Added to all the other attractions which are many is a field of 130 first class horses which insure some "classy" races and they must be hard to suit who cannot find entertainment, information and interest at the Fulton County Fair this year.

BASE BALL
The Wauseon Indians scored another victory last Sunday afternoon by defeating the Metamora Team. The game which was well played resulted in a score of 5 to 4 in favor of the home team. Next Sunday afternoon the Indians will meet the Swanton Team at Athletic park and there will be some fast games when these rival teams come together. Game is called at 2:30.

ADVERTISED LETTERS.
Mrs. E. E. Alteman, Miss Lilly Dileep, Miss Marie Grime, Mr. John Miller.

EMIL WEBER, P. M.
Try an advertisement in The Tribune and note the results.

COUNTY AFFAIRS

Cases in Probate Court—Marriage Licenses—Real Estate Transfers—Orders Drawn on Treasury—New Cases in Common Pleas Court.

Probate Court.
Estate of Albert E. Carver, final distributive account confirmed and administrator discharged.

Estate of Maria Bender, deceased. Inventory and appraisal filed.
Will of Lewis A. Conklin, deceased, widow elected to take under will.
Guardianship of Gwendolin A. Kanauer, and Atha L. Kanauer, inventory filed.

Estate of Mary Westbrook, deceased, report of public sale of personalty filed and confirmed.

Estate of Edmund W. Whitaker, deceased, collateral inheritance tax certified to county auditor.

Estate of George F. Shriner, application for letters of administration filed. Bond filed and letters of administration issued to Sarah A. Shriner.

Estate of George F. Shriner, deceased, application for order to settle wrongful claim held against the New York Central Railroad Company for \$256 filed. Order decreed and report filed.

Guardianship of Marian J. Roth, fifth partial account filed. Hearing set for October 2nd, 1916.

Guardianship of Oscar L. Wales, final account filed. Hearing set for October 2nd, 1916.

Marriage Licenses.

Floyd F. Leininger, 24, wagon maker, Archbold, Ohio, and Elsie D. Lohse, 20, Archbold, Ohio. Rev. P. K. Kluepfel, officiating.

Edward Nickerson, 22, farmer, Fayette and Florence B. Kuhn, 18, Fayette, Ohio. Rev. O. P. Hoffman, officiating.

Caroline C. LaBar and Elmer LaBar to Matthew J. Dangler, lot 360 Barr & Merrill's addition, Wauseon, \$182.

Jesse Morningstar and wife to Mary Morningstar, 30 acres, section 7, York township, \$9000.

A THIRTY YEAR PASTORATE

After a pastorate of thirty years at Archbold, Rev. Paul Kluepfel has resigned his pastorate in Fulton county and accepted the pastorate of the Lutheran church at Perryburg, where he went to occupy all his attention; he was young, energetic and enthusiastic in his ministry and he set at work organizing churches at points in the county where members of the Lutheran church were to be found in any considerable number.

These churches he has nurtured and ministered to until they have become well established; among churches so established is the Trinity Lutheran church of Wauseon.

Always genial and cheerful and always about "The Work of The Kingdom," it was a pleasure to meet Mr. Kluepfel and we shall miss him, but we are glad for him that he goes to a pastorate where his work will be in one place, though fully as important and possibly larger in extent than his first pastorate.

The Perryburg Congregation is to be congratulated and we predict for them a period of real growth along all lines under Rev. Kluepfel's ministry.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.
This is a most valuable family should be provided with. Colic and diarrhoea often come on suddenly and it is of the greatest importance that they be treated promptly. Consider the suffering that must be endured until a physician arrives or medicine can be obtained. Chamberlain's Colic Cholera and Diarrhoea Remedy has a reputation second to none for the quick relief which it affords. Obtainable everywhere.

Statement Regarding Church
Notice is at a purpose of the lecture to ask you to become members of the Christian Science Church.

And here, it may be well for me to read a few lines from the Christian Science Text Book, Science and Health with Key to the Scriptures, written by Mary Baker Eddy, who is the Discoverer and Founder of Christian Science. The reference is found on page 35 of the text book, and reads as follows: "Our church is built on the divine Principle, Love. We can unite with this church only as we are new born of the Truth, and we receive the Life which is Truth and the Truth which is Life by bringing forth the fruits of Love, casting out error and healing the sick."

It will be evident, therefore, that Christian Science is not related and should not be associated in any way, with material suggestion, hypnotism, spiritualism, mental hygiene, or any circle, church, cult or society, which bases its teachings and practice upon the use of the human mind, the human will, or the human personality as a religious or healing factor or control. On the contrary, Christian Science has to do with the being, government and operation of the Divine Mind, or God—as well as the perfect, harmonious continuity of creation, man and the universe.

Not Related to Mortal Mind
It will be evident, therefore, that Christian Science is not related and should not be associated in any way, with material suggestion, hypnotism, spiritualism, mental hygiene, or any circle, church, cult or society, which bases its teachings and practice upon the use of the human mind, the human will, or the human personality as a religious or healing factor or control. On the contrary, Christian Science has to do with the being, government and operation of the Divine Mind, or God—as well as the perfect, harmonious continuity of creation, man and the universe.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

CHRISTIAN SCIENCE

Lecture By William W. Porter, C. S. B. of New York at The Court House in Wauseon September Third, 1916. Large Attendance.

Right to be Here
That it is the undoubted right and privilege of every person to know the truth is a proposition with which all will readily agree. Therefore we may be assured in the outset that it is a right thing for us to be here seeking to know the truth—seeking to know something of the healing truth involved in Christian Science.

Christian Science is meeting the warm approval and commendation of humanity wherever its influence is felt or known throughout the world today, because it is meeting the needs of a humanity sick of its sufferings and wearied with its superstitions; because it is bringing to this humanity the cheering message—and proof—that there is rest, and peace, and joy, and health, and strength; and in inexhaustible supply of the heavenly Father's loving kindness and care, only the ashes of unanswered prayers seemed to remain.

Not to Destroy
It is not the purpose of the lecture to rudely challenge or compel the relinquishment of any cherished religious principle, or the abandonment of any sustaining or upholding ideal, opinion or thought, which may have heretofore been a source of comfort and help to anyone. In fact, and in this connection, it will be a surprise to many and of interest to all, to know, that even if it were possible to compel all the people of the world, to at once adopt the religion and healing methods of Christian Science, Christian Scientists themselves would be the first to oppose and nullify any such procedure, because the Christian Scientist knows better than most people that it would be just as impossible to legislate a man into the acceptance of a certain form of religion, as it would be to legislate him into the acceptance of a certain method of healing treatment.

Religion and Healing Defined
And here it may be stated that if man is to attain to the full benefit of either religion or healing they must be to him as simple and necessary, as universally available and certain, as that two and two make four.

Religion properly defined is that which clarifies and makes available the simple fundamental facts concerning God, and man, and the universe; while religion which fails to do this mystifies and submerges clear thought and by reason of this mystification can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.

And healing properly defined is that which establishes the recognition of a perfect harmonious consciousness, while material consciousness, being a part of material existence, is a part of material consciousness, can accomplish no good purpose of religion.
