Unofficial List of Numbers Drawn—Fulton's Quota Probably 138—Registered Men Must Scan Lists For Notice of Draft—Delay in Sending Official List From Washington

The total number of registered men in the United States as determined by the registration on June 5th is 9,559,882. Last Friday, July 20th, in the city of Washington, D. C., everyone of these men was drawn for possible service in some branch of the United States Military Service...

HARPER PRAISED

Coldwater, Michigan Daily Paper Lands W. J. Harper as An Expert Well Sinker—Secures Ample Supply of Water for City of Coldwater

The following article reprinted from the Coldwater Daily Reporter, July 13th, speaks for itself. Mr. Harper has very evidently struck water and struck it rich in Coldwater and is furthermore daily appreciated by the people of that town.

The water supply of Coldwater is now an assured fact whether it be in wet or dry season. The reason is four feet of water have been sunk to supply the old wells with water which comes in from a natural flow.

In the new well house there have been 3 wells sunk. These are 92 feet in depth and the pipes sunk are ten inches across. The old well house there has been one such well sunk to a depth of 104 feet.

USE LOCAL SUPPLIES—Patronize your local producer. Distance means money. Buy perishable food from the neighborhood nearest you and thus save transportation.

USE THE PERISHABLE FOODS—Fruits and vegetables we have in abundance. As a nation we eat too little green stuffs. Double their use and improve your health. Store potatoes and other roots properly and they will keep. Begin now to can or dry all surplus garden products.

GENERAL RULES Buy less, serve smaller portions. Preach the Gospel of the Clean Plate. Don't let the plain food of growing children. Watch out for the waste on the Community.

FIGHT BY SAVING

Win The War by Giving Your Own Daily Service of Saving In The Home—Appeal of United States Food Administration.

SAVE THE WHEAT—One wheatless meal a day. Use corn, oatmeal, or barley bread and non-wheat foods. Order bread twenty-four hours in advance so your baker will not bake beyond his needs.

SAVE THE MILK—The children must have milk. Use every drop. Buy butter milk and sour milk for cooking and making cottage cheese. Use less cream.

SAVE THE FATS—We are the world's greatest fat wasters. Fat is the world's essential for the growth and health of children. Use butter on the table as usual but not in cooking. Grease pans are not necessary. Reduce use of fried foods. Soap contains fats. Do not waste it.

SAVE THE SUGAR—Sugar is scarce. We use today three times as much per person as our Allies. So there may be enough for all at reasonable price, use less candy and sweet drinks. Do not stint sugar in putting up fruit and jam. They will save butter.

SAVE THE FUEL—Coal comes from a distance and our railways are overburdened hauling war material. Help relieve them by burning fewer fires. Use wood when you can get it.

USE LOCAL SUPPLIES—Patronize your local producer. Distance means money. Buy perishable food from the neighborhood nearest you and thus save transportation.

RED CROSS CAMPAIGN

Fulton County Chapter Doubles Its Membership—548 Members To July 23rd—List of New Members—Pleasing Incident in the Campaign—Contributions and The War Fund

Since last week's issue of The Tribune, Fulton County Chapter has just about doubled its membership. Last week we published the names of 275 members; this week we publish a list of 273 additional members, making only two of being as many as on the first list.

The net of the war is drawn closer about us as the machinery of the selective draft proceeds and the boys that are in our own or our neighbors home are found to be on the list toward the first and as one after another our own boys enlist and leave us, we are made aware that war is near us and that the heavy burden of that war is slowly but surely descending upon our own fair land and upon our own flesh and blood.

When the day of catastrophe comes it is the American Red Cross that will start in the places of desolation to soothe the pain and save if possible the wavering light of life. It is not encouraging or continuing the ravages and carnage of war to join or contribute to the support of the Red Cross; on the contrary it is making provision for a possible factor of relief for a world of suffering and the saving of the lives it may be of our own boys. Don't take a change on the speedy ending of the war or that "our boys" will never get into it. Some of "our boys" are already in it and those who are in position to know best advance our hopes of an early termination of the war; taking such chances is gambling with your own flesh and blood. Join now and give now to this organization that stands for humanity and mercy in the midst of the unreasoning brutality of war.

One of the pleasant incidents in the campaign for membership carried on in Wauseon last week: At the Superior Iron and Manufacturing Co. the committee were permitted to present the Red Cross to the employees in a body, the men being released from work a half hour before the noon hour on Thursday for this purpose. Judge Wolf, F. A. Stuenkel and L. H. Devo were the committee; Mrs. Stuenkel spoke to the men in their own language and acted as interpreter for Judge Wolf. The committee were well received and practically every man in the plant took a Red Cross membership, the company supplemented the contributions of the men with a contribution of \$25.00 making the total from this plant, \$30.00; many of the men had previously been solicited and joined the Red Cross.

Chautauqua Gets You Where You Live

"Hello, Henry! Bought your Chautauqua ticket?" "Nope! Guess I won't go." "What's the matter! Didn't you get your money's worth last year?" "Ye-ah; I got my money's worth, all right!" "Well, if your season ticket was a good investment last summer you want to be sure to be on deck this time, for it's a great program."

"Aw, I've seen all that kind of 'You've seen all of it? Why, Bingham, Opie Read, White Hussars, light opera with twenty puppers, China's 'Mark Twain', a bunch of singing Irish girls and a whole pile of other features." "Nothing doing! Haven't been feeling right lately. Stomach's all out of fix. Dyspepsia, I guess."

"Then take my word for it, Henry, you want a whole family of Chautauqua tickets. There's going to be a woman here on the second day of the Chautauqua who tells your wife how to feed you, and then a couple of days later a man comes along and enjoy that good eating." "Zat so! How much are those tickets you've got there?" "Two dollars for you and \$2 for your wife. The children can get in all week for \$1 each."

FIRST NATIONAL BANK Wauseon, Ohio

WEST "LOCO"

Mr. W. L. Brown relates an interesting incident; last Tuesday afternoon as he was returning to Wauseon from New York State on Train 23, N. C. Railway, a colored man occupied the seat ahead of him, as the train was between Holland and Swanton and colored man suddenly threw his pocket book over the side. The conductor who was just entering the coach immediately stopped the train and backed toward the East until the pocket book was recovered; it was found to contain \$41.00. The negro who was unconscious was taken to the smoker where he was when Mr. Brown left the train at Wauseon still in an unconscious condition.
