

UNOFFICIAL PRIMARY RETURNS

Willis, Republican, Nominated For Governor—Thompson of Defiance in Close Contest For Nomination For Congress in Fifth District—Republican and Democratic County Tickets.

Partial and unofficial returns from over the state indicate that ex-Governor Frank B. Willis has been nominated as the Republican candidate for Governor by a large majority, and would have been an overwhelming majority had the vote been anywhere near normal; from all over the state the reports of a very light vote are coming in. The indications are that Clarence J. Brown has been nominated by the Republicans for Lieutenant-Governor; Harvey C. Smith, for Secretary of State; Rudolph Arch, State Treasurer; and John G. Price, Attorney General. Supreme Court Justices are still in doubt, with Reynolds R. Kincaid and H. A. Wamsaker as the leaders.

The Congressional nomination is close. Clark Good of Van Wert has been announced as the winner, but up to Thursday morning the result was still in doubt, and Charles J. Thompson of Defiance may be the candidate for this office when the final official count has been announced. Following is the unofficial count of votes in Fulton county on the Republican ticket:

EXPERIENCED FARM HELP AVAILABLE There are about 100 men at Camp Sherman who have been classed as conscientious objectors and are available for farm work at once. Practically all of these men are experienced farmers and some are capable of managing farms. The men are to be furloughed from camp to the farm, and are to be paid the standard or usual wage for the community. They will be under agreement not to accept for their own use more than \$50 per month besides their board and clothing. Any additional sum they receive for their services shall be given to the Red Cross or other charitable purpose approved by the war department. They will not be allowed to return to their homes to work for their relatives, or to work in the same community from which they came. It is the desire of the officials at Camp Sherman that these men be placed where they can work continuously on the same farm, as they do not wish to move them from one section of the state to another. Any farmer interested in securing a man for steady work on his farm should notify the county agricultural agent in Wauseon, who will take the matter up with the farm help specialist.

JULY FOURTH IN FRANCE

Dear Folks: This is Saturday night and way past time for the lights to go out, but as I am over in the office I can write all night for that matter, for the duty of the officers should come around they would think that I am writing, and I am making this old machine go some, making me and I suppose that this letter looks like it, too.

We had a glorious day on the 4th here. It was terribly cold nearly all forenoon, but in the afternoon it warmed up some. We had some games on the parade grounds. Had a big stand all fixed up and had colored and mairys by the wagon-load; also several French high school and college students and distinguished people. All of the soldiers were lined up in front of the stand, with a small company of French soldiers in front. Then there were the band and the band played several pieces between the speeches—and then it was over—so much for the forenoon.

In the afternoon we had a big field day over at the hall park; and there were several thousand people there. Had all kinds of things, and to finish the day we had a ball game between the M. R. S. 500 and one of the band and officers companies stationed here, and of course the M. R. S. beat 7 to 4. Some of the boys cleaned up a lot of money on the game. Tomorrow we will play another company of the M. R. S. 500 and the band.

Will drop you a line to let you know that I am all O. K. and everything going fine; have been having a fine time and getting to see a good many things that in civilian life would have cost considerable money. Uncle Sam sure picked out a fine place for his soldiers on the 4th. It sure was great. We have very fine hotels, and it does not cost a cent for lodging or eats. I will hate to go back to camp. This is a place I sure would like to live in; it is practically a summer resort and most of the wealthy people of France put up here. The Y. M. C. A. here has a wonderful place and they sure are doing a lot for the boys; they have a trip scheduled up some mountain every day. I have taken in several of them and they are just fine. One can see the mountains over in Italy and Switzerland. Switzerland is about nine miles from here, but I will not take any chances of going over there; I know how to get it, but when one goes out in the lake swimming and looks up at the snow-topped peaks, one thinks he is going to freeze to death.

I hope that the next trip or leave I get will be across the pond, although I would like to see more of France, for there are some beautiful places here. I also would like to see more of Paris; one could spend a couple of weeks there and not see everything. I would like to tell you more, but it would take me too long and would be a regular newspaper, so will not attempt it. Just finished dinner; had a very good one. It is quite gloomy out, so will lay around today and take another trip tomorrow. If the weather permits. Hope that when I get back to camp I will have "oodles" of mail. I will write off for this time and hope this finds you all O. K. M. R. S. C. SMITH, 462 Aero Sqd.

RESULT OF FIRST COUNT OF ARMY OF SCHOOL SAMMIES Rank of General: W. H. Eager Jr., Clark Eugene Robinson. Rank of Colonel: Glen Gallaway, Clarence Harper. Rank of Captain: Howard Porter, Robert Gehring. Rank of First Lieutenant: Edna Pence, Harlan Perry. Rank of Second Lieutenant: Billy Ackerman, Donald Miller. Rank of Corporal: William Cramer, Carl Judson. In the six months ending July 31, 703 nurses had been enrolled from these three states—537 from Indiana, and 30 from Kentucky. Two hundred and ninety-one were enrolled in July, August and September, making each produce at least triple that figure. Appreciating that public health must not be permitted to suffer, the Red Cross has been pushing its Home Care for the Sick and its First Aid Courses as well as co-operating with other agencies in recruiting students of the hospitals. Notice has gone out that the pay of nurses going out to active military service has been increased to \$75 a month for overseas duty and \$60 a month for work in camps and cantonments in America. This is in addition to board and lodging and the same War Risk Insurance privileges are granted soldiers, sailors, and marines. "Nurses will respond to this imperative call if the people of Wauseon will conserve the nurse power which impresses upon the nurses that the 'Greatest Mother in the World' must have thousands of them to meet its obligation to the government," says Miss Gladwin.

I take this method of answering many inquiries as to how to locate me. Office and residence at 122 Deane street, Hotel Beck. Phone 225. This will let us day or night. And we will answer all calls, day or night. DOCTOR R. S. KESTER, 19-3-P. INSURE YOUR AUTOMOBILE against Fire and Theft. Call Carl F. Orth, Agent.

A DAY OF CASUALTIES

Monday August 12th a Day of Mortality and Accidents—Miles Barber and Wm. Thresher Meet Sudden Death—Two Suffer Broken Legs—A Horse, a Ford and a Bad Mix Up

Monday, August 12, 1918, is destined to be remembered by many people in this vicinity as an ill-fated day. To some it has brought sorrow and bereavement and to others loss and pain. The fact of the loss of life and the pain and suffering on the battle field in France does not lessen the sensations of regret, sympathy, and desire to help bear the burden when these things happen at our own doors. After all, we are all one and what affects one of us touches in some measure all of us.

Miles A. Barber, the sudden death of Monday was the sudden death of Miles A. Barber, father of Judge A. M. Barber and brother of Fred A. Barber, of this city. Mr. Barber has been a long-time resident of this county and no man in the county was held in higher esteem than Miles Barber. A year or two ago he moved from his farm in Gorham township to a home in Wauseon, and his many friends felt that he had earned a respite from the hard work of years on the farm. Of late, Mr. Barber seemed to be inclined to despondency, but there was no particular reason; friends endeavored to talk him out of his despondent mood. Mrs. Barber has been caring for her daughter-in-law, Mrs. Allen Barber, who is recovering from an operation on her throat at her home here in Wauseon, and last Saturday Mr. Barber was in Wauseon meeting many of his friends. It was remarked by a number of them that Mr. Barber was not looking well.

He had taken a line from a buggy harness for use in a loop that attaches to the bridle, making a noose which was about his neck; the other end of the line was secured in some fashion, so that Mr. Barber had succeeded in hanging himself. Only the deepest regret that Mr. Barber's life has thus come to an untimely end exists in the minds of his many friends. A man noted for his integrity of character, his high quality of work, and his manly will and respect for his neighbors, there is no doubt but that the despondency disturbed mental balance and his death resulted.

Monday morning, Mr. Will Thresher, father of Robert Thresher of this city, was the victim of an accident which resulted in his death. Mr. Thresher, who lives in Ridgeville township in Henry county, 3 1/2 miles south of Pettisville, hitched a team of young Percherons to his tractor for mowing and started to work in the field. He had unloADED one load and stepped in front of the tractor.

Considerable loss is caused each year from stinking smut on wheat. This is the covered smut and many times is not noticed on the wheat while it is being harvested. It causes a decided loss wherever present, not only by reducing the yield but by the disagreeable odor of wheat affected by the disease. A splendid program is prepared and a general good time is planned. The service will begin at 10:30 in the morning, after which there will be a basket dinner and a social. Come, everybody! W. W. BETTS.

The First Universalist Church of Lyons will celebrate its fiftieth anniversary August 18. All members and friends of the church are cordially invited to attend this service. A number of the surviving ministers will be there and friends will have the pleasure of listening to them. A splendid program is prepared and a general good time is planned. The service will begin at 10:30 in the morning, after which there will be a basket dinner and a social. Come, everybody! W. W. BETTS.

According to August 1st reports from the U. S. Department of Agriculture, the United States produced 557,725,000 bushels of winter wheat this year, as against 418,070,000 in 1917. Special for Saturday only, rib boiling beef, 23 cents per pound. South Side Meat Market.

What's The Word From Home? That's what the boys at the front want to know. The best word we can send them is that we're confident of victory and that we're going to make every effort and sacrifice to help them in their fight. When the boys at the front know the home folks are saving money and loaning it to Uncle Sam, they feel sure of the support they're going to receive. A bank account will help you keep track of your money—it will help you save more money. Why not have one here? The First National Bank of Wauseon

The seed corn work was immediately taken up. An effort was made to find out the amount of old corn on hand and the number of farmers needing seed, but results were not very satisfactory.

A carload of government corn was finally arranged for, to be distributed in Fulton and Lucas counties. Four hundred and one-half bushels of corn were sold to 173 farmers from that car. Part of the corn was yellow dent and a part was 8-row flint corn. The yellow dent was high in germination and gave very good satisfaction, but the 8-row corn was somewhat disappointing. This corn was sold for \$5 per bushel and a rebate of 40c per bushel was made. Later, a car was obtained in Toledo and sold to 171 farmers at \$4.00 per bushel and a rebate of 40c per bushel was made. One hundred twenty-two and one-quarter bushels of war emergency corn was shipped in by express and sold to 85 farmers at \$5.15 per bushel plus the express.

Germination War emergency corn... 78.1 per cent Corn from other sources... 70.4 per cent Local corn... 57.0 per cent

Soils The Liberty Pagent that created so much enthusiasm at Columbus that thousands were turned away will be given at the Fulton County Fair under the direction of its author, Mr. J. Clarence Sullivan, of Columbus, Ohio. It will be the largest open-air attraction ever given in Fulton county. Over four hundred school children selected from all parts of the county will appear in this wonderful presentation, representing the history and growth of the nation. The program is arranged in five episodes, designed to carry the lesson of American's passion for Liberty and the cause of her lives and moral character of the children and women of the nation must be safeguarded and held as sacred. In order to safeguard the children in this country the Juvenile Court was established under section 1654 of the General Code of Ohio, as amended, the Juvenile court has jurisdiction over all minors under 18 years of age and under the contribution toward the delinquency of said minors. Said section referred to, reads as follows:

Whoever abuses a child or aids, abets, induces, causes, encourages or contributes toward the delinquency, neglect or delinquency, as herein defined, of a minor under the age of 18 years, or acts in a way to tend to cause such delinquency in such minor, shall be fined not less than ten dollars, nor more than one thousand dollars or imprisoned not less than ten days nor more than one year, or both, and in addition such contribution to such delinquency, neglect or delinquency, shall be deemed a separate offense. There may be many persons who are not aware of the laws which give authority lodged in the Juvenile court along this line, and the recent finding and imprisonment of one of our citizens who was found guilty by Judge Barber in this court, contributing to the delinquency of a minor, has come as a surprise. Judge Barber was acting entirely within his jurisdiction in this matter, and his action in no way interferes with or changes any matter that may be lodged against the same person in another court. The one thing in this regrettable affair that needs to be made unmistakably emphatic and impressed upon the public mind is; that in the state of Ohio no parent or guardian or legal right to abuse, neglect, or contribute in any way to the delinquency or delinquency of any child, whether their own or some other person's, is absolute and inviolable. The state of Ohio vests absolute authority in the judge of the Juvenile court to protect the child, both physically and morally, even to the extent of taking the child out of the court to be dependent or delinquent or abused in any way, from its parents or natural guardians and place such child in such environment as the judge of the Juvenile court may deem proper. We have absolute confidence in Judge A. M. Barber, that he will perform his full duty along this line, wisely, justly, and with absolute impartiality. One of Ohio's most valuable and important assets are her children; her citizens of tomorrow. The future of this state and nation depend upon the character of the future citizen and the character of the citizenship depends upon the physical, mental and moral development of the boys and girls of the present. One of the wisest set of laws ever placed on the statute books are the laws governing the Juvenile court.

What's The Word From Home? That's what the boys at the front want to know. The best word we can send them is that we're confident of victory and that we're going to make every effort and sacrifice to help them in their fight. When the boys at the front know the home folks are saving money and loaning it to Uncle Sam, they feel sure of the support they're going to receive. A bank account will help you keep track of your money—it will help you save more money. Why not have one here? The First National Bank of Wauseon
