-Weston Herald: Every man knows how to run a newspaper till he starts in the business himself, then he forgets all his fine spun theories, gets mad at the delinquent subscribers, throws his early vegetables and mammoth sweet corn into the "hell box" and says, "demit, wish I hadn't known so much."

-It secomplishes its object so quickly and so antisfactorily, that its praises are in the mouth of every mother.—We refer to Dr. Bull's Baby Syrup, the remedy for children's diseases. Sold for only 25

-According to our exchanges, hayfork swindlers are still gatting in their work on the farmers who are too poor (7) to sub-scribe for their home paper in various parts of the country. A fork is left at the residence of a farmer, he is induced to sign a paper, and the next thing he knows about the matter is that he is confronted with a promissory note bearing his name and he is then compelled to fork over its face value.

-South Toledo Advertiser: The new Railroad company, the "Toledo Delphos & Burlington," took possession of the Toledo & Maumee N. G. Monday and the

Boston Post, and is from the gifted pen of Mrs. C. W. ROMNEY, formerly Miss LINA Westcott, of Perrysburg, a neice of Mr. S. D. Westcott, of this place, who corres ponds with a large number of leading papers all over the country. We are in pos-session of the second letter, descriptive of Leadville, which we will endeavor to find room for next week.

The Perrysburg Tannery .- The fact that we have a good tannery in our midst should not be overlooked. Mesars, J. M. & F. HIRTH, the proprietors, are modest, quiet men, but industrious, and thoroughunderstand the business in which they are engaged. They make a market here for hides and tanbark for which they pay market prices, and keep on hand a fine assortment of leather for sale to the trade. Give them a call when anything is wanted in their line.

Mabley,-Mr. MADLEY says in his new dvertisement elsewhere that he is "proud to be able to say that he has the finest Clothing House in the West." He may well be proud of his mammoth establishment, and its patronage. Mr. MABLEY pushes right through thick and thin times, always carrying a mammoth stock of goods, suitable for the season, contending that quick sales and small profits is the way to keep business moving and put money in the purse. See what he says in his new

The skull on back part of the herd was badly fractured, one arm broken and the body more or less bruised and mangled.

The New Box Factory .-- For two or three years past Mr. S. P. It is a startling fact, that quinine, aracule, and other poisonous minerals form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonies," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malacial and their own drug poison in the system, producing quintum, dischess, ringing in the cars, headache, vertigo, and other disorders more formidable than the disease they were intended to cure.
