M'KINLEY Seems to Be a Favorite Among the "Dark Horses,"

And May Be Selected as a Compromise Candidate,

Although He Declares He is Not in the Race

AS LONG AS PRESIDENT HARRISON HAS ANY SHOW.

SAID THAT OHIO WOULD LEAD THE BREAK IN HIS FAVOR

In Case the President is Not Renominated on the First Ballot—Massachusetts Would Do Likewise—Governor McKinley Made Permanent Chairman of the Convention.

THREE CANDIDATES. Blaine, Harrison and Alger to Be Placed in Nomination.

MINNEAPOLIS, June 7.—It is now almost certain that but three names are to be formally presented to the convention—President Harrison, by Chauncey M. Depew; Mr. Blaine, by ex-Governor Foraker, of Ohio, and General Alger, by Hon. Henry M. Duffield, of Michigan.

At another point in his speech Mr. Fassett made another significant pause—after his allusion to the foreign policy of the administration. But it awoke comparatively little enthusiasm.

FIRST BLOOD FOR BLAINE. J. Sloat Fassett, of New York, Chosen Temporary Chairman.

MINNEAPOLIS, June 7.—When the night session assembled Monday the Harrison men made their fight in the national convention on Fassett, and the result was 29 votes for Fassett and 20 for Cullom, so that Mr. Fassett will be temporary chairman of the national convention.

THE REAL WORK BEGINS. The Convention Meets on Time and Gets Down to Business.

CONVENTION HALL, MINNEAPOLIS, June 7.—The hall looked very beautiful Tuesday morning in the sunlight.

The first burst of cheering arose when Governor McKinley, of Ohio, was recognized moving down the main aisle at a quarter to 12 o'clock.

It was just 12:30 when Chairman Clarkson called the convention to order. Mr. Clarkson announced that the session would be opened with prayer by the Rev. Dr. Brush, chancellor of the University of South Dakota.

There was a round of applause at this announcement led by the New Yorkers, and Mr. Fassett unscathed left his seat and started for the platform.

possessed as he gazed about the vast hall. In his hand was a typewritten manuscript to which he referred occasionally as he spoke.

The hall was very quiet as Mr. Fassett began. The delegates woke up almost immediately at his allusion to Minneapopolis, and a minute later, when he spoke of reciprocity, there was an enthusiastic response.

Some one tried to start the Blaine cry but there was no disposition to precipitate the crisis and there was no response. The convention applauded liberally the announcement that an interests would be in harmony after the convention.

The Blaine sentiment, in which Mr. Fassett finds his inspiration in this convention, came out in the dramatic presentation of the Maine man's name and the subordination of the name of Harrison.

At another point in his speech Mr. Fassett made another significant pause—after his allusion to the foreign policy of the administration.

The ex-speaker at first hit his lip in apparent embarrassment. As the applause continued he bowed, but the audience being still unsatisfied, he finally rose and saying briefly, "Thank you, gentlemen," resumed his seat.

Committees were then appointed on permanent organization, rules, order of business and credentials.

A motion to adjourn for the day was put and carried, and those not members of standing committees slowly filed out of the house, and the committee adjourned to their respective committee rooms to proceed to business.

THE GRIND RESUMED. Proceedings of the Second Day of the Great Gathering.

MINNEAPOLIS, June 8.—Three minutes before the hour of opening the proceedings—11 a. m.—Governor McKinley, the chairman-elect, walked down the main aisle to an accompaniment of cheers.

While the delegates and spectators were assembling in the convention hall there was much discussion of the probable action of the Ohio delegation, as it was reported that they were preparing to go to McKinley.

W. C. Brown, of Fostoria, in the Foster district, who is a member of Governor McKinley's staff, said to a reporter of the United Press:

"I have heard nothing of the receipt of a telegram from Senator Sherman, but the delegates from Ohio need no urging from any quarter in behalf of McKinley. Whether Blaine men or Harrison men they are first of all McKinley men and we would certainly present his name to the convention before the first ballot if he would permit.

Strength and Health. If you are not feeling strong and healthy, try Electric Bitters. If "La Grippe" has left you weak and weary, use Electric Bitters.

from that state would be glad to find the way out of the present strife by falling in line for McKinley. That, in my judgment, would nominate him."

Senator Hisecock said to the United Press that he had not heard the statement that Ohio would swing to McKinley and he did not believe that they would.

Governor McKinley meanwhile had seated himself in the gallery behind the chair in close company with Governor Gorham, Senator Carey and other friends of the administration.

Temporary Chairman Fassett was late in putting in appearance and so in fact were a good many of the delegates who had been engaged in committee work a part of the night.

Mr. Webster, of Nebraska, asked permission that Mr. Walker, of Nebraska, be given the floor to present a gavel to the convention. Permission was granted, and the gavel was presented in the name of the young Republicans of Nebraska, in memory of the homestead act.

Mr. Cogswell and Mr. Spooner having taken their seats, the chairman announced that the report of the committee on permanent organization was next in order.

Charles W. Johnson was named for secretary and the assistant secretaries of the temporary organizations were recommended. The committee also recommends that each delegation appoint an honorary vice president and secretary.

Mr. Lockwood moved the adoption of the report and it was adopted, and the chairman appointed Samuel Fessenden, of Connecticut; ex-Senator Spooner, of Wisconsin, and General Malone, of Virginia, a committee to escort Major McKinley to the chair.

When Mr. Spooner proceeded and General Malone followed him down the aisle to the platform. He shook hands with Mr. Fassett, while the convention rose and cheered again and again.

When order was restored the chairman recognized Chairman Bingham, of the committee on rules and order of business, who took the platform and read the committee's report.

The chairman then announced that the next order of business was the report of the committee on resolutions.

The roll was then called for the names of members of the national committee.

The chairman then announced that the next business was the naming of candidates for the presidential nomination.

On motion of Mr. DeYoung, of California, the convention at 12:50 adjourned until Thursday at 11 o'clock.
