**SCHOOL BEGINS**  
ON MONDAY SEPTEMBER 7  
One Week Later than Previously Announced.  
In order to allow the teachers an opportunity to attend the Teacher's Institute in Toledo, and because the school year has been cut down to 9 months, it has been considered better to postpone opening the Fall term until September 7.  
The new Superintendent, Professor Gaertner, and family have arrived and the Professor is ready to commence the year's work.  
The Board of Education feel that they have every reason to anticipate a good year's work for the schools.

**DEATH BY FIRE.**  
A Wandering Female Burned to Death Near Dowling.  
A fatal burning accident occurred near Dowling last Saturday. Carrie Johnson, aged 36, a half breed Indian woman, was the victim. She and an old man by the name of Archie, aged 86, claiming to hail from the infirmary at Hastings, Mich., were tramping through the country and stopped for the night in Schrader's woods, a half mile north of Dowling. Saturday morning the woman's clothing caught fire from a little camp fire and before they could be removed she was burned about the limbs and abdomen so badly that death resulted Saturday evening. The township trustees took charge of the remains and they were interred in the Dowling cemetery.

—Miss Emma Witzler is visiting friends in Bowling Green this week.  
—Arthur Finkbeiner and wife have returned from a delightful trip to Macinac and Petoskey.

**WM. BARTON.**  
Electric railway tickets for sale at our store and waiting room.  
FROM THE TROLLEY.  
Among the Operators of the Belt Line  
Contractor Bick who was so badly scared by the Besanson affair as to be unable to tell anything but the truth for an hour after the explosion, managed to keep his record clear by not speaking during that time, but says it was an awfully long hour.

C. F. Goddes, the manager of the T. B. G. & F. Ry. Co. was in town Wednesday looking after the interests of his company. He has been a very successful railroad manager and will, no doubt, make the new road a hummer.  
One of the boys was recently heard to sing, "We may have had better jobs." The prospects of changes made him feel homesick, but he still "saws wood."  
"Motorner" is the name applied to the man who twists the electric fluid on a street car, instead of "motorman" as generally used. The new name comes from the cultured East.  
Motorner Chas. Gaw is said to be a sure guess on weights.

**BESANSON'S CONDITION.**  
Probability that he will Fully Recover.  
It is now believed that the injuries sustained by James Besanson in his recent effort to annihilate the workmen on the street railway line will not result fatally. He is able to be about and it is claimed still retains his interest in the electric line.  
It is rumored that the coming grand jury will investigate his case.  
He attempted to accomplish what would have been fearful in its results, and a number of workmen, who had no further interest in the affair than the mere earning of their daily bread, would have been victims of his wrath had he not failed in his efforts.

**KELLOGG'S AGED LINSEED OIL PAINTS.**  
The successful employment of mixed paints for residences, buildings, etc., is at last made possible by the use of an honestly made article. The Kellogg Paint Company, of Buffalo, N. Y., have built a world wide reputation on their AGED LINSEED OIL PAINTS. They are honestly made of the purest pigments and are mixed in Calcutta or India Flax Seed Oil, aged and settled, which imparts a beautiful varnish-like gloss which is permanent and lasting. Thousands of hotels, residences and public buildings throughout the United States have been painted with these mixed paints with the best of satisfaction to their owners. Their enormous works at Buffalo are kept running night and day to supply the demand for their excellent products. Having distributing points conveniently located throughout the country, the agencies are supplied on short notice, and parties who are interested in the subject of house painting, would do well to consider the matter and not buy paints of uncertain quality, and often inferior grades. If your local dealer does not handle Kellogg's BEST MIXED PAINTS, insist on his getting them for you or send direct to their distributing agents, where convenient cards with the shades displayed in great varieties are kept in quantities, together with complete information and full directions for the selection of proper shades and combinations. All orders and inquiries receive the most prompt and careful attention.
