Interesting to Asthma Sufferers. Daniel Bante, of Otterville, Ia., writes: "I have had asthma for three or four years and have tried about all the cough and asthma cures in the market, and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar, which gave me immediate relief, and I will never be without it in my house. I sincerely recommend it to all." C. P. Champney.

GOOD WELLS

Found on Territory Abandoned by Perrysburg Gas Co.

Drilling commenced on the Kelley tract Monday. This will make the forty second well for Sitt, Montgomery and Sitt in the territory formerly drilled for gas by Perrysburg. Of the forty-one wells drilled, only five were dry.

August Schaller has moved into his new house, which, by the way, is one of the finest farm residences in Middleton township.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and \$1 bottles guaranteed by C. P. Champney. Trial bottles free.

MAUMEE PRESBYTERY.

June Session Held on Monday in Maumee.

The June meeting of the Maumee Presbytery was held at Maumee Monday, in the Presbyterian church, of which Rev. E. H. McMillan is pastor. Rev. E. E. Davis of North Baltimore, moderator of the Presbytery, presided, and Rev. E. E. Rogers of Bowling Green, led the devotional exercises.

Rev. Dr. W. F. Ringland, synodical superintendent of missions, presented the work of the synod in this district. Reports of the general assembly were given by the commissioners, Rev. J. W. Wilson of Weston; Rev. J. W. Dempster of Napoleon; Elder H. E. Riggs of Maumee, and Elder Bowls of Pemberville. Rev. Campbell Coyle of Collingwood church, was a visitor and also made an address. The principal work of the Presbytery was the dismissal of Rev. Wm. Pholey, former pastor of Auburndale church, to the New York Presbytery. A call for the service of Rev. James Kelly Argo to the Auburndale church was heard favorably, and arrangements were made for the former installation of Mr. Argo as pastor on the 17th of June.

A popular meeting was held in the evening and three interesting addresses were given. Rev. Mr. Wilson spoke on "The 20th Century Movement." Rev. E. E. Rogers on "Our Home Mission Field," and Dr. Ringland, on "Missions."

The next meeting of the Presbytery will be held in September in the Fifth Presbyterian church. The ladies of the Maumee Presbyterian church served the visitors an elegant dinner and supper in the session room.

Seven Years in Bed.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from headache, backache, nervousness, sleeplessness, melancholy, fainting and dizzy spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. C. P. Champney. Only 50c.

OF FOREIGN INTEREST.

Germany has 60,000 men employed in 22 shipyards.
Holland now stands fifth in the world's list of leading trading countries. Spain is tenth, with just under three per cent. of the total.

The increase of travel between London and Bombay and Calcutta has induced the shipping line running between those points to build three palatial steamers of 5,000 tons capacity for passenger service.

The North German Lloyd steamer "Krefeld" has just brought to Germany 175 ancient Chinese bronze guns, which formerly stood on the walls of Peking, and, according to inscriptions upon them, were cast between 200 and 250 years ago in Chinese arsenals under the superintendence of the Jesuits. It is stated that the more highly ornamented pieces of cannon are to be placed in the naval museum, while the remainder are to be melted for the sake of the bronze.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. Strickfaden, editor World Herald, Fair Haven, Wash. For sale by C. P. Champney, Druggist.

How to Avoid Trouble.
Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by C. P. Champney, Druggist.

ALMOST MURDER.

Committed on Perrysburg Streets Saturday Night.

On Saturday night last, between 10 and 11 o'clock, a bold hold-up occurred in Perrysburg.

Arthur Finkbeiner, who has discontinued business in Perrysburg, and is now with his father, Chris Finkbeiner, in the furniture business in Toledo, was way-laid while returning home from town.

He had been closing out the remainder of his stock of dry goods, etc., by holding an auction sale every Saturday evening. He closed up the evening's business and started for home.

When within a block of his home on West Front street, and directly under an electric street lamp he was accosted by a man who told him to hold up his hands. Finkbeiner paid no attention until the second demand was made, accompanied by the high-wayman pulling a revolver from his inside coat pocket, at which Mr. Finkbeiner started to run and call for help. He had gone but a few feet when he heard the report of a revolver and felt a bullet enter his arm. He ran to Mr. Woodring's house, where he saw a light and knew a party of friends were assembled. As he approached the door friends came to his assistance, who saw the robber in the act of shooting again, but was prevented by his pal and the two men immediately started to run down the street.

The people of the neighborhood were immediately aroused and in company with Sheriff Kingsbury, who happened to be in town, a search was made for the robbers.

In the meantime Mr. Finkbeiner was taken to Dr. Rheinfrank's residence, where his injuries were attended to. He claims that when he was held up the robber dropped some papers from his pocket when he pulled out his revolver. A package of letters was found near the place where the hold-up occurred and were identified as belonging to a Perrysburg man, who was afterwards discovered searching for them. The sheriff arrested the man and he was taken before Mayor Brown who released him upon \$500 bond.

The man arrested claims he had been in the vicinity in company with a lady whom he conducted to the car and that he had dropped the packet at that time. He is well known here and has never been known to mix up in any such affair heretofore and he claims to be able to prove his innocence.

Mr. Finkbeiner was badly injured, the bullet breaking the bone of his arm between the elbow and shoulder and although every effort was made, the physicians were unable to locate the bullet until Monday night, when by the aid of the X-ray it was found to be imbedded in the shoulder. The injured man has suffered severely, but at present is improving and it is believed the arm will undoubtedly be saved.

There is a report that when Mr. Finkbeiner was on his way home he stopped into Hoffmann's to buy a cigar and while there two strangers observed him closely, one of whom inquired of him if he had had good luck with his sale, and it is hinted that these parties followed him and are the guilty ones.

Read it in His Newspaper.
George Schaub, a well-known German citizen of New Lebanon, O., is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by C. P. Champney, druggist.

REDUCTION OF TAXES.

Wood county tax-payers will save almost enough money the present year by reason of the reduction of the state levy to pay for the new jail, says the Sentinel.

Last year the state levy was 2.89 mills. The coming year it will be 1.35 mills—a difference of 1.54 mills.

Wood county's tax duplicate is in round numbers, \$25,000,000. Last year the state's share of the taxes levied was in round numbers, \$72,250.

Under the new levy of 1.35 mills the state will be entitled to \$33,750, a reduction of \$48,500, enough to equal all the cost of constructing the new jail.

Under the guiding hand of Gov. Nash and Secretary of State Laylin, the legislature passed what is known as the Willis law to tax all stock companies one-tenth of one per cent. on its capital stock. It was estimated at the time that the state would derive a revenue of \$400,000 from this law. The estimate was correct. The payments already made exceed the estimate. The legislature in anticipation of this money from stock companies reduced the state levy as mentioned above and has saved the farmers and householders of Wood county \$48,000. And thus the Republican party redeems its pledges.

He Was in Need of a Wife.

A pious lady of Portsmouth had a husband who was a seaman. He was about to start on a protracted voyage, and as the wife was anxious as to her husband's welfare, she sent the following notice to the village preacher:

"Mr. Blank, who is going to sea, his wife desires the prayers of the congregation."

As the old lady was quite illiterate, the minister read the following to the congregation from the slip handed to him:

"Mr. Blank, who is going to see his wife, desires the prayers of the congregation."—London Tit-Bits.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

HOW NATIONS SLEEP.

French beds are noted for their hardness. Many Norwegian beds are made to pull out from recesses. Japanese lie upon matting laid on the floor, with a stiff, uncomfortable wooden headrest.

German beds are so ridiculously short that foreign visitors are often much too big for them.

In this country the unhealthy feather bed is being driven out by the healthier mattress, which also rules in America.

Of all people the easiest to suit in the way of sleeping quarters are negroes. An African negro, like a wild animal, can curl up anywhere.

The hammock rules in South and Central America. The Indians of Guiana plait most beautiful hammocks out of grass, which they dye prettily.

The Chinese use low bedsteads, often elaborately carved. But their only mattresses and coverlets are made of matting. In winter they put on heavy clothes wadded with cotton, in which they sleep.

Didn't Marry for Money.

The Boston man who lately married a sickly rich young woman is happy now, for he got Dr. King's New Life Pills, which restored her to perfect health. Infallible for jaundice, biliousness, malaria, fever and ague and all liver and stomach troubles. Gentle, but effective. Only 25c at C. P. Champney's drug store.

BRITISH AFFAIRS.

The British museum has been open 143 years last January.

The Red Hand in heraldry is the distinctive badge of baronets.

Thirty-seven million tons of traffic is conveyed yearly on British canals.

In Great Britain and Ireland there are now 7,672,848 houses and shops. Since 1862, 71,533 companies have been registered in the United Kingdom.

London's police is officered by four chief constables and 32 superintendents.

London is governed by one county authority, two city and 27 borough authorities.

There are, by latest statistics, 3,520 miles of inland navigation in England and Wales.

Next year's Cork (Ireland) exposition gives 30,000 square feet to agriculture and education.

Within the past century the sea has stolen from England land equal in area to the county of London.

The lord steward of the king's household can hold courts for the settling of disputes among the retinue under his control.

—On the first indication of kidney trouble, stop it by taking Foley's Kidney Cure. C. P. Champney.

CURIOUS WAYS OF HOPI MAIDS

They Do All the Weaving and Lead the Men of Their Choice to the Altar.

In this age of advanced views on matrimonial entanglements and obligations it is refreshing to read of the curious marriage customs of the gentile savages of the Hopi tribe, in Arizona, says the Cleveland Plain Dealer. Here the Hopi maid does the weaving, for the women of the Hopi brand are held in much higher respect than are their coppery sisters of kindred tribes. And when the Hopi maid has selected the youth of her choice she goes to his house as a suitor for his hand and testifies both to her devotion and her industry by grinding corn beneath his roof until he is sufficiently impressed with her qualities to yield and name the day. When the Hopi maid leads the man of her choice to the tribal altar she does so in the midst of elaborate ceremonies of long duration, and when all is over she takes him to her home. Nor does she yield this ownership when she weds. On the contrary, the house, the fields and all the property save the herds belong to the wife. This, as will be seen, greatly facilitates the Hopi method of obtaining a divorce, for when the wife tires of her husband she simply takes his saddle from her floor and tosses it through the door, and the divorce is completed.

A Terrible Explosion

"Of a gasoline stove burned a lady here frightfully," writes N. E. Palmer, of Kirkman, Ia. "The best doctors couldn't heal the running sore that followed, but Bucklen's Arnica Salve entirely cured her." Infallible for cuts, corns, sores, boils, bruises, skin diseases and piles. 25c at C. P. Champney's.
