Wife Supported Family by Husking.

Minnie H. Snyder, of Milbury is plaintiff in a divorce suit against Daniel H. Snyder. She states in her petition that she married Snyder in 1897 and that they have a child six years of age. She accuses the defendant of gross neglect and says that he has not worked during the year last past and that she has been compelled to support herself and child by working in the fields and husking corn. Snyder has sold many articles of furniture and used the money to buy drink and while drunk he has beaten her with his fists and cruelly misused her.

For these reasons she asks to be divorced and to be given the custody of their daughter.

WILL FORM A UNION

Wood County Farmers Think They
Don't have Fair Show.

The twenty-fourth annual meeting of the farmers of Wood county institute was held Saturday. The assembly room at the court house was crowded and the institute proved to be one of the largest in the history of the county. Two features of the meeting were the discussion of a farmers' union and the discussion of the existing conditions in state legislature. The farmers unanimously appeared to believe that it was high time that they organized to protect themselves from the other combinations, both of labor and capital. It is possible that such an organization may be established in this county. The fidelity of representatives and senators to the interests of the people was argued at length and the consensus of opinion was that the corrupt politics of Ohio's large cities defeated the purposes and desires of the rural population. The alleged lack of honor of many public officials was bitterly denounced and the institute affirmed its intention to seek a remedy among the farmers whose votes place the legislators in office. The parcel post was enthusiastically supported and a lower rate of rail road fare suggested as a good thing. It is probable if the enthusiasm engendered at the institute continues that a great shaking up of political issues in old Wood will result.

A Mother's Recommendation.

I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Starr, Mich. For sale by Bowers & Comstock.

ITEMS OF INTEREST

From Neighboring Towns taken
from our Exchanges.

Mark Noble, aged about 70 years, an old resident of Lake township, died Saturday at his home after an illness of three months with dropsical trouble.

He leaves two children, a son on the old farm, and a daughter, Mrs. Hall, of Toledo. The funeral was held at the home Tuesday, at one p. m. Interment in the Lake township cemetery.

Mr. Noble came to Lake township in 1864.

Constance, the little daughter of R. of B. G., Riley came near dying some days ago from the effects of morphine. Mrs. Riley was changing the sideboard and temporarily placed some morphine tablets upon a chair. The child got hold of them and swallowed some, thinking they were candy. A doctor, was called, who after some hard work succeeded in saving the child's life.

BETTER THAN GOLD.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Bowers & Comstock.

ONE WAY COLONIST.

RURAL INSTRUCTORS

Held Interesting Meeting at Lime
City last Saturday.

The teachers of Perrysburg township schools met in regular session at Lime City last Saturday.

All districts being represented except Nos. 2, 10, 14, and 16. Miss Lucy Powers and Grace Blinn of Perrysburg were present and took an active part in the meeting.

Supt. B. O. Bistline clerk of the Board of County School examiners was present and gave an excellent talk to the teachers. It was not a formal address but one of Supt. Bistline's earnest, helpful, inspiring and practical talk to teachers, that he has the faculty of making so well, dealing with the practical every day work of a teachers life. Neither did he neglect the ideal side of the teachers work but gave many points to think of to cheer and encourage them when the trials and vicissitudes of the schoolroom discouraged them. He gave two forcible and excellent illustrations of the future possibilities of the teachers present influence for either good or evil. I can not forbear asking your permission to repeat in part at least.

A minister was called one day to preach the funeral sermon for a man who had met with a sudden death, and after the services he was asked, by a critic, as the future judgment of the soul of the deceased whether it judged then or at some time in the future. The minister was puzzled and said he could not answer that question now but would at some future time. About a year afterward he preached again at the same place and referred to the question asked him a year ago in regard to the soul's judgment. He said that he was now able to answer it, and that he was satisfied that no soul was or could be judged at the time of its release from the body for the influence of that person (which is the soul) for good or evil upon the life of others could not be determined immediately but only from the future and that we were not responsible for our acts only but equally responsible for our influence upon others. Supt. Bistline also made an earnest appeal to the teachers for higher qualifications for their work and congratulated them on the interest they were taking and their effort to better qualify themselves as evidenced by their voluntary attendance at the afternoon sessions of the meetings.

The teachers were greatly benefited and encouraged by this visit and are anxious for his return.

John F. Lintner, member of the Board from Sub. Dist. No. 3 was an interested visitor and we were glad to have him with us.

The next meeting will be held March 5th when either Supt. H. E. Hall or B. O. Bistline is expected to be present.

A GERMAN EVENING.

Under the direction of Mrs. Kate Jameson the German students of our High School are planning to give an evening entertainment in German. The entertainment will consist of some original German exercises, some German translations some German songs, and a German play. We do not remember that such an entertainment has ever been attempted in Perrysburg, in fact, it is seldom attempted even in colleges. This is an effort to more directly interest the German speaking citizens of our community in our schools and to let them see what the quality of the work in German is. All the exercises will be in German and it is expected that all lovers of "Das Vaterland und der Deutsche" will have special invitation to be present. Look for further announcements.

Have You Indigestion?

If you have indigestion, Kodol Dyspepsia Cure will cure you. It has cured thousands. It is curing people every day—every hour. You owe it to yourself to give it a trial. You will continue to suffer until you do try it. There is no other combination of digestants that digest and rebuild at the same time. Kodol does both. Kodol cures, strengthens and rebuilds. Sold by Bowers & Comstock.

WON THE CASE

Court Decides Hydraulic Case in
Favor of Puhl.

The case brought by Jas. Kerr of Maumee against P. M. Puhl for a share in the Hydraulic property, was decided by Judge Kinkade in favor of Mr. Puhl. The case will be carried to a higher court, but in all probability will be again decided in favor of the defendant in time for the work of improving the canal to be commenced in the spring.

The JOURNAL is informed that there is every indication that there will be something doing along the line in the Spring that will show the present owners are not merely bluffing but that they will make improvements that will mean much to this locality.

There is plenty of money in sight to make the canal a great power supplying plant.

Former Perrysburg Lady Dies.

The Kendallville Daily Sun of February 9 prints the following:

Mrs. George P. Fleisher after a few days illness from puerperal fever, died today, shortly before one o'clock. She was thirty years of age, and leaves a husband and four small children, one of whom is less than a week old. She was the youngest daughter of Mrs. Harriet Westcott, and was a most excellent and lovable young woman, popular in social and musical circles of our city, and highly respected and loved in her large circle of acquaintances and friends. Her death is deeply deplored and is a particularly sad one.

Deceased was formerly Miss Gertrude Westcott of this place, and many friends of the family here will regret to learn of her death.

Mrs. William Miller was pleasantly surprised Tuesday evening and reminded that it was her birthday. A pleasant time is reported, the guests departing at an early hour in the morning.

School closes Friday until Tuesday. William Gueshaber entertained a number of guests at a Lent party on Tuesday evening. All say "Bill" is a good entertainer.

NEARLY FORFEITS HIS LIFE.

A runaway almost ending fatally started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salve had no trouble to cure him. Equally good for burns, bruises, skin eruptions and piles. 45c at Bowers & Comstock's drug store.

CHILD'S NARROW ESCAPE

Fell on Track and was Struck
by Wheel.

A report from North Baltimore, this county says Mrs. Louis Wiler, of Trembley, and her two children, a little girl about five and an infant, waited here Friday afternoon for a north-bound car to take them home. The woman did not observe the car when it stopped at the hotels, but rushed out of a store to hail the motorman, half way between the two stops.

The little girl ran directly in front of the moving car. The mother saw the danger and with a piercing scream ran on the track after her. All fell in a heap, the mother and infant rolling off the track, but the little girl fell on the rail and in an instant the wheel was against her tiny form. The motorman had thrown on all the brakes as tight as possible and the mammoth car wheels slid a dozen feet or more pushing the child ahead on the rail. The little girl was only bruised.

Teacher's Examination Questions.

The following is a list of questions in U. S. history propounded by the Examiners of Putnam county recently, and of a class of 47 applicants but two were able to answer the list correctly:

1. Name the members of President Roosevelt's cabinet.
2. What time is covered by Fiske's Critical Period.
3. Name 10 important events occurring during this period.
4. Point out some defects in the articles of Confederation.
5. What compromises were made in adopting the constitution of the U. S.
6. Write the history of the Emancipation Proclamation. How wide was its application?
7. What point did the electoral commission settle? How must such questions be settled should they arise again?
8. What persons have been given the titles of General and of Lieutenant General of the U. S. Army?
9. Explain how a president and vice president of the U. S. are elected.
10. Who represents this county in the present State House of Representatives? Who represents this district in the Ohio Senate? Which counties compose this senatorial district? Who represents this district in the U. S. House of Representatives? Which counties compose this congressional district? What is the number of it.

For Cruelty to Animals.

James Hathaway a well known farmer of Luckey, Ohio, was fined \$100 and costs and sentenced to thirty days in jail for alleged inhuman treatment of his cattle, says the Tribune.

It is said that Hathaway turned several head of cattle into a pasture near Luckey and did not feed and shelter them. The animals are said to have suffered from hunger and exposure and to have eaten snow and licked the posters off the fence around the field. Two of the cows were dead when Humane Officer Hickerson arrived on the scene with Infirmary Director Cory and arrested Hathaway.

The community was much wrought up over the matter and public opinion waxed strong against Hathaway who was well able to care for his stock, but through sheer carelessness it is alleged, allowed the cattle to starve. The jail sentence was remitted and Hathaway given 30 days to pay the fine and costs.

ESCAPED AN AWFUL FATE.

Mr. H. Haggins of Melbourne, Fla., writes, "My doctor told me I had consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases by Bowers & Comstock, druggists. Price 50c and \$1.00. Trial bottle free.

RAILWAY TRAFFIC

Recent Floods have Caused Much
Trouble to Electric Railroads

Electric railways are just recovering from the recent troubles occasioned by the high water which put power house out of business, washed out tracks and tore down poles and wires.

The Maumee valley line has been working to great disadvantage on account of insufficient power but now are supplied with all the current they can use. Each Sunday since the flood their cars have been crowded with people who ride around the belt for the purpose of observing the immense piles of ice that line the river.

The tracks of the Waterville line have been covered with ice for the past three weeks which caused a complete suspension of traffic along the line. For the past week a force of men have been at working to clear the tracks and get the line in operation again. The entire roadway from Maumee to Turkey Foot rock was impassable. It was also necessary to put in a new line of trolley poles, as nearly every one of the old poles was carried away by the floating ice. The up-river people have been greatly inconvenienced by the interruption of traffic on the Waterville line.

The T. B. G. & S. Traction company has certainly had a hard time of it. Their power houses all along the line were knocked out by the flood of three weeks ago, and they had scarcely recovered from that trouble when the rains of a week ago flooded the south part of this county and they were running their cars through water which covered the tracks for miles and not only made traffic uncertain and difficult but very dangerous as well. Many of their cars have passed through water that has covered the trucks and caused them to be coated with ice. To keep cars in condition to run under such circumstances requires much labor and expense and the companies are entitled to much credit for their efforts to accommodate the public under such trying conditions.

An Early Riser.

A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by Bowers & Comstock.

HOBART.

Wilson Kohl and wife of Perrysburg took dinner at her former home with John Swartz and wife.

John Bench was in Toledo Monday, on business.

Mr. Bert Mandell is very comfortably located in his new residence at this place.

Richard Perkins who has been very low with scarlet fever is recovering slowly.

Mr. Brossa has secured a number of signatures of people of this locality to a petition for a stone road.

Fred Neitz and Nora Muhl of this place were united in marriage on Tuesday. A sumptuous wedding supper was served at the brides home and many friends extend congratulations to the happy couple. They will make their future home in Toledo.

Jess Weaver of Stony Ridge has purchased the home of John Swartz near Moline.

Our public school is progressing nicely under the management of Miss Lizzie Ault of Lime City.

Our Sunday School and evening church services are also being well attended.

Relief in One Minute.
