## PENSION FOR PRISONERS

A Letter to Every Soldier who was  
Confined in Prison.

In view of the fact that a Bill has recently been introduced into Congress by Representatives Badger, of Ohio, (known as House Bill 9313) providing for the payment to all Union ex-prisoners of war who were confined in Rebel Prisons for thirty days or more, and who were honorably discharged, the sum of two dollars per day for the time of their imprisonment, permit me to appeal to you to use your efforts to secure the passage of this bill, as it is only just to those who endured the awful hardships and sufferings in Rebel Prisons, that they should be recognized by a grateful people by granting them this small stipend as a slight compensation for their sacrifices. The ex-prisoners are comparatively few in number, and most of them are broken down and in feeble health caused by long imprisonment, having been in captivity from six to twelve months. The amount of money required by this bill will prove no burden to this government, and such a measure would meet the hearty approval of the people.

Will you not lend your influence to the passage of this bill, or House Bill No. 5760, introduced by Hon. Dalzell, and thus bring a blessing to the needy old soldiers of this class? All Union ex-prisoners of war are requested to send their names and addresses to J. F. Holliger, secretary of Toledo Association Union Ex-Prisoners of War, 417 Vance street, Toledo, O.

Hon. F. P. Reigle has introduced a bill to permit the trustees of Weston township to issue \$2,500 bonds for the erection of cemetery vaults.

A. C. McDonald, a prominent oil producer, is suffering from serious injuries sustained at an oil well yesterday. He slipped on the icy derrick floor, and fell heavily, tearing the ligaments of his hip and producing bad sprains in his back.

Thomas Elarton has asked the common pleas court for a divorce from his wife, who he says, drove him from their home after forcing him to cook and wash dishes for many weeks, while she ignored her household duties.

According to conditions reported from various surrounding counties, Wood county is more prosperous than her neighbors. The infirmary in this county contains no able bodied men, though half a dozen do light work when not ailing. The women are universally long past middle age, one centenarian being in the institution. The majority of charity's patrons in this county are brought to that strait through illness or old age.

William Davidson, a prominent and well known farmer who has lived all his life near Householder's corners, died Saturday evening after a short sickness of pneumonia. He was 56 years of age and leaves a wife and two daughters and a large number of friends to mourn his death. His daughters are Mrs. Clyde Koptz of Weston, and Miss Jennie Davidson, who lives at home.

Mr. Davidson was the son of Robert Davidson and was born and raised in this county. He was well known and respected by his neighbors and friends. The funeral service was held Tuesday and interment in Scotch Ridge cemetery.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so effective to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 50c, and satisfaction guaranteed by Bowers & Comstock, druggists.

ONE WAY COLONIST.

Call on agents of Ohio Central lines for full particulars relative to Home-seekers' and Colonists' rates. Tickets on sale first and third Tuesday of each month. Moulton Houk, G. P. A., Toledo, Ohio. No. 6

COLDS CAUSE PNEUMONIA.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by Bowers & Comstock.

DO YOU WANT STRENGTH?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. Sold by Bowers & Comstock.

## FROZEN BODY FOUND

Man Had Disappeared from Home  
Six Weeks Ago.

John Pasch disappeared from his home in Toledo about six weeks ago, and his body was found in a corn field near Bowling last Wednesday. He was 71 years of age and when found was in a kneeling position with his hands clasped as if in prayer. His cap and coat were found near by and a tin dish that had contained food was also found near the body. There was nothing to indicate how long the body had been there, except that the water had gathered around it and frozen, and it was necessary to use an ax before the body could be moved. Icicles were hanging from the long gray beard. In the trouser pockets were found a hair pin, a package of tobacco and a pipe. On the feet were wooden shoes such as are worn by German emigrants.

The body was identified by relatives and taken to his late home. He was supposed to be of sound mind but was very childish. He was supposed to have become bewildered and wandered away from home, and being unable to speak English is thought to have found it impossible to make himself understood and was overcome by the cold before he could find shelter.

## LIME CITY LOCALS.

The social of the M. E. church of this place was held at the home of C. F. Rider and wife on Thursday last, and was well attended. The entertainment was very pleasing to all. The next social will be held at the home of J. D. Griner the last Thursday in March.

Mrs. Horace Coy of East Toledo and J. D. Griner and family were guests of Isaac Whitson and family recently. A large party of friends gathered at the home of Isaac Whitson last Wednesday evening to help Mr. Whitson celebrate his 55th birthday. Music and dancing were features of the entertainment that was greatly enjoyed by all present. At about the hour when a new day was born an excellent supper was served which everybody present enjoyed most thoroughly and all went to their homes feeling that Isaac Whitson was worthy many more birthdays which they would be pleased to help him celebrate.

Mrs. Fred Baughman was the guest of Toledo relatives this week.

The elevator here has been very busy and Manager Frank Rider is kept hustling to look after the wants of the many patrons of the house.

There has been plenty of water in this section this week but most of our people are willing to accept the change from the severe cold weather of the past.

## Treat Seed Potatoes for Disease.

Recent investigations made at the Ohio Experiment Station show that a disease, heretofore but partially recognized, injures potato tops severely at times. This is the Potato Rosette and this disease appears to be general. Seed treatment in 1903 has increased the yield where the disease prevailed from 25 to 125 per cent on a light crop. Bulletin 145, just published, gives the second series of results in treating for this trouble. Formalin at the rate of 1 pint in 30 gallons of water, is the solution used. Immerse the seed potatoes in this for 2 hours, after which the tubers may be dried and cut for planting. This bulletin will be sent to all citizens of the state who may apply for it. Address THE OHIO EXPERIMENT STATION, Wooster, O.

## CITIZENS BANKING CO.

Purchases Bank Building and Will  
Erect Addition.

The building that has long been occupied by the Citizens Banking company and owned by the Syndicate, has been purchased by the Banking company.

The Directors have decided to build to their present quarters by building on an addition in the rear of the present building for the purpose of providing a Directors' room. For some time past the company have found their quarters too small for the needs of the company and it was either necessary to move elsewhere or purchase the present building and enlarge it.

The decision of the company to enlarge their building is an evidence of prosperity and progress on the part of the company.

## Death of Mrs. J. F. Brandhuber.

Mrs. Joseph F. Brandhuber departed this life Friday, Feb. 26, 1904 aged 43 years, 4 months and 20 days.

Harriet M. Hunt was born in Perrysburg Oct. 6, 1860. She was the only daughter of L. M. Hunt and wife, at one time very prominent citizens.

Her father died Sept. 24, 1881, and her mother followed him on June 13, 1899.

Decensed was united in marriage with Joseph F. Brandhuber Nov. 17, 1891.

Mrs. Brandhuber had been in poor health, suffering with asthmatic trouble for the past six years, but has borne her affliction with remarkable fortitude and patience, and had never given up her courage, but with wonderful will power had long continued to keep her home cheerful and bright for her husband and intimate friends.

During the past winter she has suffered more than usual with her affliction, but continued to be about most of the time. She was almost constantly attended by Mrs. Bates as companion but no immediate fatal turn of her disease had been anticipated. On Friday morning she was suffering severely and her physician was called who administered such help as was possible and she became easier and was able to obtain sleep. It was her custom to sleep as late in the morning as she desired and for that reason she was not disturbed, but at about 8:30 her friends were startled to discover that she had quietly passed away.

Her husband, who was in Michigan on his regular route, was notified as soon as he could be reached, but was not aware of her death until he arrived at home, when the sorrowful news was made known to him.

The funeral services were held at the late residence on Sunday and were attended by a large number of sympathizing friends and neighbors who deeply mourn her death. The services were conducted by Rev. Stecker of Toledo, and the funeral hymns were sung by Messrs. Chas. Chapman, Jr. and Chas. Champney who had often assisted the deceased in rendering similar services for others.

The floral offerings of friends and relatives were profuse and beautiful. The remains were interred in Ft. Meigs cemetery.

## FREIGHT TRAIN WRECKED

Broken Rail Causes Eighteen Rails  
to Leave the Track.

A broken rail caused a bad wreck at Weston on the C. H. & D. R. R. Sunday morning.

The wrecked train was a south-bound fast freight and was making good time while passing through Weston, when the rail broke and eighteen cars were piled up and their contents scattered along the track. Most of the cars were loaded with potatoes and they were scattered over a large area.

No person was injured in the wreck. A few car loads of flour were dumped on the ground and was made into dough by the heavy rain of Monday.

One car in which there were a number of horses, was not upset although several on each side were turned over and smashed, and the animals were not injured.

All trains were compelled to go around by Deshier to North Baltimore on the B. & O. and thence to Tontogany.

Fred Emch and family attended a party given at Ed Nollenberger's of Stony Ridge, Friday night.

## A WORTHY PROMOTION.

Hon. Frank H. Thompson of this place, who has been deputy collector under Collector Waldorf, was called to the office a few days since and given a promotion.

A position on the force became vacant that required the service of a man in whom the department could place the greatest confidence as the position was one of much importance.

Mr. Thompson was selected for the place, but was given his choice of remaining on his old route and duties or accepting the new place which is that of a Special deputy for the Tenth and Eighteenth districts.

Col. Waldorf has thus complimented Mr. Thompson as well as given him a position which is not only more pleasant employment but carries with it a better salary.

Many friends congratulate Mr. Thompson and wish him success in his new work.

## Tragedy Averted.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for Coughs, Colds and all Lung Diseases. Guaranteed by Bowers & Comstock, druggists. Price 50c and \$1.00. Trial bottles free.
