BOWLING GREEN, OHIO.

**Stylish Overcoats**

Owing to the steady majestic tread of progress and the continued prosperity which is attending the public, there is an increasing demand for high grade merchandise and with the foresight of which we supplied ourselves with the most extensive showing of high grade overcoats to be found in the county. Being high grade does not mean that they are necessarily high priced. We give as much attention to the make and character of a \$10 coat as to the \$20 coat and every garment bears the approval of Dame Fashion as well as the finger marks of the high class tailor.

They come in plain and fancy colors in the various lengths that are in vogue this season. Prices range from \$7 to \$35.

**Men's \$10** At this price you have the choice of more than a half dozen styles including black and Oxford in all lengths, varying from 44 to 52 inches long and made with belt, all well tailored and substantially made.

**Men's 15** This lot embraces a large variety of the most fashionable overcoats to be found in the market, many of them Adler-made. Half dozen or more pretty designs in the popular fancy belt coat. Length of fancy coat 52 inches—others 44 to 50 inches.

**Youth's 10** Plain and fancy coats in the long style that prevails this season—made double and single breasted and with and without belt. These coats all have the same style and character found in the men's.

**Boy's 5** Splendid value at the price in sizes from 9 to 16 years. Plain coats in medium lengths and the fancy patterns in the extra long style with belt substantially and stylishly tailored.

**Child's 3.50** Splendid pretty designs in Russian overcoats, made long, double breasted, and with belt, and trimmed with brass buttons. Also plain colors in different lengths

No Poison in Chamberlain's Cough Remedy.

From Napier New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds and whooping cough. This remedy is for sale by Bowers & Comstock, druggists.
