

## Pretty High School Graduates

Will look much prettier and their costumes will be more appropriate if the material is bought at Froney's store and the pattern selected from a Standard Fashion book. And the variety of white goods found here is of the metropolitan character—includes India Linon, Mulls and Lawns.

**Persian Lawns** are shown in a most extraordinary quantity—and from the ordinary kind to the most expensive quality afforded us by our importer. This is a soft clinging fabric and especially suitable for graduating dresses. Then it is inexpensive when you consider the adaptability of the costume for future use. The prices range from 25c to 50c a yard.

**Pearline Lawn** is very much like Persian lawn in its general character but has a beautiful mercerized finish which will always retain its luster. This soft, fluffy white goods, improved by this new lustrous finish, is made more suitable for the graduating dress. While there are many grades of Pearline lawns shown they are all good. Prices 25c to 50c.

**Swiss Mulls** in all qualities that are good—very fine shear cloth with just enough dressing in it to give that graceful "stand-out" effect so much desired. And then this material will launder beautifully, thereby rendering it more desirable for the graduating dress. It sells at various prices from 20c to 60c a yard.

**French Batiste** is a very fine white fabric which resembles lawn, is a little closer shorn than the Swiss mull and will launder equally as well, and has all the virtues of the other white goods. Prices range from 25c to 75c a yard.

**A. Froney & Co.**  
BOWLING GREEN, OHIO.

Weatherly, Sup't of Schools." April 24, M. E. church.

## ANNOUNCEMENT.

Inasmuch as some of the neighboring towns and cities are paying four per cent. on Savings Deposits our Board feel our depositors are entitled to no less consideration than is offered by these institutions, and after the few months of our existence can show no better appreciation of the business entrusted to us, which has by far exceeded our expectations, than by changing the rate in our Savings Department from 3 to 4 per cent., the same to take effect as of April 10th.

In making this announcement we wish to state that we have but the one rate—all are treated alike—and whether the deposit is in the form of a Certificate or Pass Book, or whether for six months or a year makes no difference. Our rules provide interest shall be figured on savings pass books January 1st and July 1st of each year, and on Certificates of Deposit remaining six months or longer.

On all deposits now standing in our Savings Department interest will be computed at four per cent. from this date.

We commend to your consideration our strong Board of Directors under whose careful management the bank is conducted. We desire to place your name upon our rapidly growing list of Savings Depositors. Inviting you to call at your convenience and examine our banking rooms and facilities, we remain

Most respectfully yours,  
**THE PERRYSBURG BANKING COMPANY,**

E. L. KINGSBURY,  
President.

T. M. FRANEY,  
Cashier.
