

Correct Clothes

A close range acquaintance with the style and character of these suits will reveal the fact of their intimacy with high class workmen and well bred designers—the bringing up of the boy will be reflected in the man.

These suits were "brought up" by a master hand, had good clean environment, and plenty of wholesome, fresh air. They are all "models" of the clothing world and possess nothing but correctness. Prices from \$10 to \$25.

A superb collection of the most fashionable patterns, checks and plaids predominating, all made up in the most popular models. The coats are made thirty and thirty-one inches long, form fitting and with a generous fullness in the skirt. Price **\$15**

A very extensive variety of pretty designs, including the much wanted check, plain blue serge and gray worsteds, made up models most in fashion this season. Most of these suits are equal to the average \$12 suit found in the market. Price **\$10**
