NESTING TIME FOR SONG BIRDS

This is the nesting time of the birds, the season of the year when the songsters of the woods and fields build nests and raise their young and a busy set they are. It usually takes about three months to grow up a nest of birds so they can fly and no longer need the care of their parents. Birds feed largely on worms and

MEMORIAL DAY

Committees Appointed to Make Arrangements for the Day.

At a meeting of Wolford Post G. A. R., Commander Geo. Leatherer, Sr., appointed the following committees to arrange for the proper observance of Decoration day, May 30th: To procure speaker, Johnathan Duhamel and Peter Witzler. To arrange for Memorial Sunday

insects. This is particularly true of our song birds. For this reason they ought not to be molested. A man or boy who will shoot birds in the woods or fields ought to be punished to the full extent of the law. Kill off the hawks and owls for they feed on the song birds. The wrens, bluebirds, flickers, the entire woodpecker family and thrushes are insect eaters. But they eat your cherries. Suppose they do eat a cherry or two. Where they eat one they save thousands. Now, don't you think so?

The farmer, particularly, needs the service of the birds. They protect his fruit and other products against insects. It is a fact that insects are rapidly increasing while the birds are decreasing in numbers. The field birds ought to be provided with boxes for nesting places, especially the bluebirds. Even the despised crow and his cousin, the starling, are not as black as they look. Both are good scavengers. They will follow the plow in the spring and pick up grubs. And last but not least to be mentioned as a scavenger is the English sparrow.—Exchange.

CORONER'S REPORT.

Wreck Was Caused by Disobedience of Orders.

Coroner C. P. Jones, as was expected, has found that the accident on the evening of May fifth, when two inter-urban cars came together south of the car barn in Bowling Green, causing the death of W. H. Baker, was due to the negligence of the Motorman, George Mains on the limited car. His finding is as follows: "I find that W. H. Baker died from the effect of injuries received on the wreck on the T. U. & I. May 5th, 1907.

"I find that the wreck was caused by reason of disobedience of orders of one Geo. Mains, motorman on limited train No. 213 south bound in passing siding No. 12 at car barn without receiving the proper sign from conductor of north bound train No. 30 which was the train he was to meet at said siding No. 12, also that said motorman was careless and negligent in not observing train No. 30 on same straight track in time to stop his train to ascertain whether the car was approaching him or going in same direction thereby averting the collision."

The coroner filed a complete report of the testimony of all of the witnesses examined with the county clerk late Friday afternoon.

There is nothing that can be done with either Mains or any other person who may have been guilty of criminal negligence in connection with the affair.

Prosecutor Ladd states, however, that he intends to present the evidence in this case to the legislature and at the next session take up the matter with them and endeavor to have the statutes so revised as to fasten the crime of manslaughter upon anyone guilty of criminal negligence.

COURT HOUSE NEWS

Divorces and Other Business Transacted at the Temple,

Deputies Shoecraft and Davenport were about Millbury on the 15th and found five bolts of dark heavy blue dress goods, all wool. They were made by the Sears, Roebuck & Co.'s mills and that is all the clue there is at present to the identity of the owner or the thief.

John Koenig, a farmer, has a barn near Stop 8, Lake Shore Electric, which he does not use much, having some hay stored therein. He discovered some fresh wheel tracks about the place, someone evidently having backed up to the barn, and informed the sheriff's office and upon the deputies searching around the place, they found beneath the floor the five bolts of cloth. These are now in the sheriff's office as good as ever, although somewhat covered with hay seed.

A few days ago the residents of North Baltimore were greatly incensed because of the brutal beating of a colt by Grant Lybarger, a former pipe line worker. It was a most cruel exhibition of abuse and Dr. Thomas of that city, swore out a warrant against him. Friday in Justice Neuring's court Lybarger was found guilty and sentenced to ten days in jail and to pay \$5 and the costs.

The theft of brass fixtures amounting to \$25 is the alleged act for which Fred Rethinger, of Custer, is now incarcerated in the county jail. He was brought over here by the marshal of the town, having failed to give \$250 bond imposed upon him by Mayor F. L. Weis to appear before the common pleas court.

In the case of Mrs. Julia Bingle against Henry Witte et al. in which one administrator is suing another on an account made by the two dead men, Henry Witte files an answer and cross petition by stating that the late David Bingle removed some fence and let stock into the other's fields whereby much loss was incurred; and he presents other claims so that the aggregate amount is \$300.35.

Judge Fries has appointed the following as members of the jury commission: R. J. Simon of Bloomdale; J. W. Powell of Bowling Green.

The Peterson family aired their differences in court Friday when Mr. P. sought to divorce his wife, who seemed willing but made a kick for alimony. It was a very spicy affair.

Jennie Smith's application for divorce was heard Friday. Decision reserved.

Adella Byers told her story to the court Thursday in her suit for divorce. Cruelty and neglect was the charge.

Shroyer against Shroyer, for divorce, was also heard Friday.

GOING AFTER A DOCTOR.

"Talk about fast travel," said a gentleman from the country the other day, "why I certainly made a record a few nights since. I traveled from my home, five miles from town, to three towns in about fifteen minutes, during a rain storm, without hoisting an umbrella or getting my feet wet." It's no joke! I did it, and this is the way it was done: Just as the storm was fiercest, we needed the doctor. It turned out to be all scare, but I thought we needed him badly. It is usually easy to find the doctor, but this time proved the exception. I followed him from Perrysburg to Dunbridge, then to Dowling and finally caught him at Lime City. He made a long-distance diagnosis that immediately relieved all our fears. That telephone saved me that long drive and brought relief to us in a very few minutes, and you may be sure I was mighty thankful to have such a good old stand by to help me just when I needed help, and when you think about it, the telephone is a friend indeed in time of emergency.

ALMOST NINETY YEARS

Was Allotted to George W. Creps to Live.

After almost ninety years, George W. Creps, a pioneer citizen of Perrysburg township, passed away at his home here on Thursday, May 16, 1907. George W. Creps was born December 25, 1817, in Shippensburg, Pa. At the age of five years he moved with his parents to Green Springs, O., moving to Perrysburg ten years later, in May, 1833.

In company with his brother John, he went to Columbus to study, he taking the theological course in the Lutheran school.

Returning home from school he paid his fare to ride in the stage, but because of the almost impassible condition of the mud roads, the stage would carry nothing but the mail, and the passengers were compelled to walk, and Mr. Creps was so overcome with the exertion that it was necessary for the landlord of the hotel where they stopped at night to assist him to his bed.

He was engaged in school teaching after his return from college and "boarded around" among the pupils' families as was the custom in those days.

He united with the M. E. church 53 years ago, and was a licensed preacher at the time of his death.

Mr. Creps lived a very retired, modest life, and was highly respected by a large circle of friends.

His funeral services were conducted at the M. E. church on Sunday afternoon, by Rev. G. W. Sowers, and his remains were placed at rest in Ft. Meigs cemetery.

My Best Friend.

Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by Wm. Comstock & Son, druggists. 50c and \$1.00. Trial bottle free.

DEATH OF MRS. LEVERTON.

Mrs. Sarah J. Carr Leverton, wife of John Leverton of Lime City, died at 4:30 a. m. on Monday, May 20, after a two months' illness.

She was born October 18, 1830, in Cambridgeshire, England, and came to America in 1857, locating in Monroeville, moving to Wood county in 1862. She was united in marriage with John Leverton December 21, 1853, celebrating her golden wedding in 1903.

She is survived by six children—Mrs. Sarah Trowbridge of Lime City; James Leverton of Findlay; Samuel Leverton of Dowling; Mrs. Celia Charlton of Bowling Green; Mrs. Jane Bauman of Dunbridge; Mrs. Mary Sheldrick of East Toledo also her husband, two sisters, 25 grandchildren and three great grandchildren.

Deceased was well and favorably known by a large circle of friends who will deeply regret her death.

The funeral services were held at the M. E. church at Lime City, on Wednesday, May 22, at 2 p. m., by Rev. Sowers.

BROKE HIS NECK

By Being Crushed in Grasp of Bull Wheel.

The deadly bull wheel has claimed another victim, says the Sentinel.

Reese Carrothers of Rudolph, received fatal injuries Thursday afternoon while working about an oil well at Galatea and died an hour and a half afterwards.

He was caught by the wheel and the rope was wound around him so tightly as to break his ribs and cause internal hemorrhages. He was taken to a nearby farm house and every attention was given him but without avail. Coroner Jones was summoned and held an inquest. He stated that the man's neck had also been broken.

The unfortunate man was working with Frank Dauterman of this city, at the time. They were employed by the Ohio Oil Co. under William Johnson on the Levi Simon farm. Mr. Dauterman promptly did all he could to release him, but was too late.

He leaves a wife and little girl besides his mother who lived with him. The latter is the sister of John Weaver, of Lehman avenue, Bowling Green. He also has two aunts living in Iowa. Mr. Carrothers was 23 years of age. He was a valued member of the Modern Maccabees of the Rudolph tent and carried \$1000 insurance in that order. Oliver Weaver of Bays is his uncle.

Wonderful Eczema Cure.

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at Wm. Comstock & Son's drug store. 50c.
