

PROMINENT PEOPLE

VIGOROUS YOUNG PROSECUTOR

State's Attorney Edmund Burke, who prosecutes the evil doers in Sangamon county...

The young state's attorney at Springfield lost no time in getting busy when he heard that there had been boodling among the state's lawmakers...

Mr. Wayman didn't like to have the young Democrat at the state capital "butting in" and made some such comment...

The attorney general of the state, Mr. Stead, then took a hand and tried to assist Mr. Wayman by having the inquiry started by Burke at Springfield stopped...

Mean time the people of Illinois were wondering. One thing they thought of was that Wayman was elected on a Republican ticket and Mr. Burke was a successful Democratic candidate...

Mr. Burke is a graduate of the University of Michigan. He was graduated from that institution of learning 11 years ago and returned to Springfield to practise law...

CURTISS ON AN AERIAL WAR

The next time two nations are at war—it is to be hoped there will be no next time—airships will swarm like deadly insects over the old-fashioned navies...

This is the idea of Glenn H. Curtiss, aviator, who says the huge battleship Florida, recently launched, and other Dreadnaughts will be useless in a battle with an aerial fleet...

"More than 1,000 aeroplanes can be launched for the price of a single battleship," he adds. "I was much interested in the launching of the Florida. I heartily subscribe to the preparations we are making to defend our country from all aggression..."

conditions. Battleships have been impressive engines of war, but their day is practically done. It is as sure as death and taxes that the airship will supersede the great floating structure of steel with its immense guns...

"Imagine, for instance, that a hostile fleet is anchored 20 miles off New York. Suppose it consists of some of the most powerful of modern vessels like the Florida. Before it could begin to shell the city our fleet of aeroplanes would start from the New Jersey flats..."

"Bombs were used in the South African war which weighed not more than ten pounds. They were made of picric acid. So far as I know, there is nothing more deadly. The missiles can be hurled down on such a broad target as a war vessel with great precision..."

"During the day the aeroplanes could soar away at a great height. They could be painted the color of the sky. Before the lookouts on the hostile fleet could discern the mosquito-like flyers the aeroplanes could swoop down and blow the warships to pieces..."

"Before another year has passed away many nations will devote the millions they are now spending on Dreadnaughts to building fleets of aeroplanes. It is inevitable."

HEADS A WASHINGTON CLUB

Mrs. Alexander White Gregg, wife of Representative Gregg of Texas, who was elected president of the Congressional club in Washington recently, is one of the most attractive and accomplished women in the congressional set...

Mrs. Gregg, who was previous to her marriage Miss Mary Brooks of Palestine, Texas, is a member of an old Virginia family which settled in the Lone Star state during her infancy. She is especially popular among the southern contingent in Washington...

a debutante daughter, Miss May Gregg, and three sons. During the social season they occupy a house at No. 1737 Corcoran street and entertain frequently.

Mrs. Gregg's selection as president was greeted with much enthusiasm by the other club members. The election was called to fill the vacancy caused by the resignation of Mrs. James Breck Perkins, widow of Representative Perkins of Rochester, N. Y.

EDISON SPRINGS A NEW ONE

Thomas A. Edison, wizard of the electrical world, has brought forth a new idea that will not prove popular with the great army of persons who make their living by clerking in the stores...

An automatic store, which might be called a clerkless store, is the "wizard's" scheme. Mr. Edison says it will decrease the cost of living and be a boon to mankind. He has given thought to the great number of clerks that would be thrown out of employment if his idea should be carried out to effect...

He is reducing to paper the plans that have long occupied his brain for an automatic store. When these plans are complete he hopes to see salesmen replaced by automatic vending devices in most stores. The customer need but walk up to a slot machine, drop in the proper coin, and his bundle, neatly wrapped, will be delivered in his hand...

The customer, for example, will drop his coin, turn the pointer to indicate the particular kind of goods he wishes, and touch the button. The machine will do the rest.

OHIO STATE HAPPENINGS

TO SAVE OHIO RESOURCES

Harmon Calls for First Conservation Congress of State to Meet in 1911.

Columbus, O.—Ohio is to take an active stand on the big national problem of the conservation of natural resources. In a formal message Governor Harmon has issued a call for an Ohio conservation congress...

As a special committee to make the conservation congress arrangements Governor Harmon named A. P. Sandles, secretary of the state board of agriculture; C. E. Thorne, director of the Ohio agricultural experiment station; H. C. Price, at the head of the agricultural department of Ohio State university; and C. H. Stevenson and B. H. Harmon.

LORAIN COMBATS LEPROSY

Health Officer of City Starts Fight to Check Spread of Disease Affecting Boy.

Lorain, O.—Health Officer Hug has made an investigation of conditions surrounding the residence here of Saverio Marvelli, 19, the Italian youth held at New York under suspicion of being afflicted with leprosy. Doctor Hug's opinion is that Marvelli is suffering with the disease.

The lad boarded for three years with his cousin, Samuel Catanzariti, this city. He had been ill for some time and Mr. and Mrs. Catanzariti, fearing he was suffering from a skin disease, compelled him to sleep in a room separated from the rest of the house. All of the bed clothing has been burned and the house fumigated.

OHIOAN HELD AS "SLAVER"

Man Arrested at Chicago, Police Charge, Made Lima Girl Think She Married Him Here.

Lima, O.—Charles Stanford, alias Charles Harter, who made love to 17-year-old Nellie Bell, daughter of Mr. and Mrs. Ina Bell, 135 South Jackson street, this city, was arrested in Chicago, there charged with trafficking in white slaves. Stanford, the police assert, took Miss Bell to Toledo on promise of marriage there, thence to Cleveland from which city Stanford wrote Mrs. Bell saying he had married her daughter. From Cleveland the couple went to Chicago. Investigation at the probate offices in Toledo, Cleveland and Chicago shows no marriage license was issued, yet the girl believed she had been legally united to Stanford.

KEEPS KENYON SECTARIAN

Diocese Convention Supports Bar to Carnegie Fund's Becoming Available to College.

Piqua, O.—The thirty-sixth annual convention of the central and southern Ohio diocese of the Protestant Episcopal church ended here. The convention decided against making Kenyon college a nonsectarian school by amendments to the constitution after an acrimonious debate lasting the greater part of the day. This change was sought so as to procure for the school the Carnegie foundation fund. President Pierce made an earnest plea for the change.

ROCKEFELLER PAYS \$15,000 TO STATE

Columbus, O.—John D. Rockefeller, through the Ohio Oil Co., has given the state of Ohio two cents. The capital stock of the oil company is a little less than \$15,000,000 and the tax due the state from the Rockefeller concern was \$14,999.98. The secretary of state has received a check for an even \$15,000, which is one-tenth of one per cent of the capital stock. There is no law against the acceptance of the extra two cents, so the state will take the money.

Archbold is Re-elected.

Findlay, O.—John Archbold of New York, head of the Standard Oil Co., was elected president of the Ohio Oil Co. at the annual meeting here. The company also decided to make many repairs and improvements in the northwestern Ohio field. Just before adjourning the directors voted to raise the wages of all the field men in the employ of the company in Ohio from 7 1/2 to 10 per cent.

Man's Pipe Fires House.

Kenton, O.—As a result of sparks flying from a pipe which G. W. Stevens was smoking, a blaze started that could not be checked before his residence was partially destroyed. The sparks had alighted in lace curtains back of Mr. Stevens and he did not become aware of the fire until his wife, who saw the flames issuing from the window, ran into the house and gave the alarm. The flames spread rapidly as the blaze had gained good headway. Only after hard fighting was the residence saved from total loss.

POLICE CHIEF SUSPENDED

Accused Chief of Cleveland's Police Force Will Fight Charges Made Against Him.

Cleveland, O.—Fred Kohler, suspended by Mayor Baehr as chief of police, employed Attorney William H. Boyd to defend him against the charges filed against him by A. C. K. Schoeneman and P. J. Brown and is preparing for the fight of his life. Meantime Kohler's enemies are preparing additional charges against him. Kohler's trial will probably start next Tuesday morning. Until its conclusion Capt. John Schmunk will act as chief, having been appointed acting superintendent by the mayor in Kohler's presence yesterday afternoon. Schmunk immediately took control of the department and it was declared that during Kohler's suspension a thorough search of Kohler's private office, with a view of getting possession of all papers and documents therein, would be made.

After Kohler had been notified of his suspension by Mayor Baehr in a meeting in the mayor's office, he returned to police headquarters. There he had a brief talk with Inspector Rowe and Schmunk, after which he went to the offices of Westenhaver, Boyd, Rudolph & Brooks, employing Boyd as counsel to defend him. Kohler personally desired to act as his own counsel, but the weight of advice by friends was that he ought to have legal aid.

Kohler, Boyd and Westenhaver, in a two-hour conference, covered the charges in detail. Kohler, personally, had asked Mayor Baehr for an immediate trial and Boyd's first act as counsel for the suspended chief was to ask President Samuel H. Holding of the civil service commission to fix an early date for the hearing. Holding told Boyd that the commission had mailed Kohler a formal letter announcing the filing of the charges and that with the return of M. P. Mooney, a member of the commission, to the city the commission would meet to fix a date for the commencement of the trial.

ATTACKS GOVERNOR HARMON

Republican Publicity Bureau's First Bulletin is Started From State Headquarters.

Columbus, O.—The wheels of the publicity bureau of the Republican state committee has started on the grind which will continue until November. A series of remarkable attacks on Governor Harmon, censured by Wade H. Ellis, state chairman, feature the first installment of "news matter." George A. Boisard of Cincinnati has been selected by Chairman Ellis to conduct the campaign.

"The issue in Ohio is firmly fixed," says the first bulletin from Republican state headquarters. "It cannot be evaded, or sidestepped. It should be memorized by every voter in the state. The paramount issue is 'what has Harmon done?'"

CONVICTS DECLARE A STRIKE

Prisoners, at Secret Signal, Quit Their Work, Protesting Meat is Diseased.

Columbus, O.—Believing they were being fed with diseased meat, 150 convicts employed in the penitentiary bolt shop went on a strike. An investigation by prison officials led to the belief that they must prepare to cope with a serious campaign of insubordination. The convicts employed in the bolt works at a secret signal laid down their tools and refused to continue at the machines. The striking convicts were hastily separated into small squads by guards and marched to their cells. A big supply of meat purchased by contract was rejected at the prison last week. None of it, officials say, was served to the convicts.

"GRAFT CASES" ARE REVIVES

Charges Against Former State Treasurer Will be Pressed, Says Attorney General.

Columbus, O.—Announcement was made from the attorney general's department that the treasury graft cases against W. S. McKinnon and I. B. Cameron, former state treasurers, will not be permitted longer to drag. Attorney General Denman said that the taking of depositions would be instituted next week. Cleveland banks will be among the first invaded. It is further announced that there will be immediate developments in connection with the handling of state funds during the 12 years' administration of Walter D. Guilbert as state auditor.

Wright's Father in Airship.

Dayton, O.—Orville Wright made five flights here in one of which he reached an altitude of 2,700 feet, from which height he landed at terrific speed, reaching the earth in one minute and 28 seconds, or at a rate of over 20 miles an hour. For the first time in his 82 years, Bishop Milton Wright, father of the aviators, left the earth with Orville in a six-minute flight and was taken 300 feet in the air. He entered the machine tremblingly, but later expressed his delight at the sensation of flying.

WOMEN'S ILLS.

Many women who suffer with back-ache, bearing-down pain, headaches and nervousness do not know that these ailments are usually due to trouble with the kidneys. Doan's Kidney Pills remove the cause.

Mrs. Joseph Cross, Church St., Morrilton, Ark., says: "For weeks I was bent double by pain in my back and the kidney secretions were profuse. My feet and ankles were badly swollen and I had headaches and dizzy spells. Six doctors treated me without relief and I finally began taking Doan's Kidney Pills. They cured me."

Remember the name—Doan's. For sale by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

A DIFFERENCE.

"This pie," said he, "is not at all like mother used to bake." His wife's remarks, however, were like mother used to make.

BABY'S SCALP CRUSTED

"Our little daughter, when three months old, began to break out on the head and we had the best doctors to treat her, but they did not do her any good. They said she had eczema. Her scalp was a solid scale all over. The burning and itching was so severe that she could not rest, day or night. We had about given up all hopes when we read of the Cuticura Remedies. We at once got a cake of Cuticura Soap, a box of Cuticura Ointment and one bottle of Cuticura Resolvent, and followed directions carefully. After the first dose of the Cuticura Resolvent, we used the Cuticura Soap freely and applied the Cuticura Ointment. Then she began to improve rapidly and in two weeks the scale came off her head and new hair began to grow. In a very short time she was well. She is now sixteen years of age and a picture of health. We used the Cuticura Remedies about five weeks, regularly, and then we could not tell she had been affected by the disease. We used no other treatments after we found out what the Cuticura Remedies would do for her. J. Fish and Ella M. Fish, Mt. Vernon, Ky., Oct. 12, 1909."

"Show Me Another." Soon after twins had arrived at the home of a prominent dry goods merchant recently the proud father led his son Richard, aged four, into the room to see the little strangers. The father first pulled down the covers and showed one of the babies to his son. He then walked to the other side of the bed and exhibited the other twin. Richard gazed at the two for a moment with a noncommittal look on his face, and then demanded: "Show me another, papa."

Understood the Sex. His Daughter—Daddy, you were twenty-five when this was taken, weren't you? Why, you might have sat for it yesterday.

Her Father—Myes; your mother's own daughter. Well, well, you'll find it on the table, I think.

His Daughter—Find what, daddy, darling?

Her Father—The checkbook, my own lamb.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one remedy that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CLENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

At the Funeral. "He has been not only a minister, but an editor."

"You don't say! Then his chances of getting to heaven are even."

"No, his chances of getting to heaven are not quite so good. He was an editor only a short time—not enough to make it an even thing."

Desire for Information. "Mrs. Gaddington wants to know all about everybody's business."

"Yes," replied Miss Cayenne. "She regards matrimony as a failure because she didn't marry a census taker."

SUCCESS FOR SEVEN YEARS. This is the record of Professor Perry Leitch. A reliable remedy for diarrhea, dysentery and all bowel complaints. Get the genuine. 25c, 50c and 1.00.

A letter should bear the stamp of approval—also a two-cent stamp if it is to go by mail.

Mrs. Winslow's Soothing Syrup. For children teething, softens the gums, reduces inflammation, allays pain, cures wind colic. 25c a bottle.

Toil, says the proverb, is the sire of fame.—Euripides.

THE REAL WRENCH.

Smith—It's mighty hard to get a wife. Hardup—It's no trouble to get one, but it's hard to keep her.

Have you a Baby? Every woman knows how imperative necessary it is that baby's things should be absolutely and perfectly clean. She knows the trouble she has with certain yellow soaps that leave the dirt in and often make the little garments harsh and irritating to baby's skin. Easy Task soap—you can get it of your grocer—is the quickest and safest cleanser made; it is antiseptic—and it reduces the work of washing by half.

Her Excuse. "Why—er—yes," Miss Goodley admitted, "perhaps you did hear me telling the minister I was only twenty-two."

"Oh, I'm surprised!" exclaimed Miss Gaddiet, "and you a Sabbath school teacher, too!"

"But," Miss Goodley protested, "the minister has told us it's always better to understate a thing than to exaggerate."

A Sample Box of Resinol Ointment Was Nearly Sufficient in This Case.

Enclosed find money to pay for Resinol. Just the sample you sent has almost cured Eczema on my little girl's face. I will gladly tell my friends of the great merits of Resinol.

Mrs. Emma B. McConkey, Hacker Valley, W. Va.

Limit to Woman's Suffrage. Women have obtained the right to vote in Krain, a province of Austria. They will be allowed to cast their ballots in person and not by proxy. There is, however, one limitation imposed on them. A special time of the day has been allotted to them for the exercise of this right.

Important to Mothers. Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Watson*.

In Use For Over 30 Years. The Kind You Have Always Bought.

Not in the Agreement. Daniel had been cast into the lions' den.

"My main objection," he said, as he playfully tweaked a lion's mane, "is that I get no moving-picture royalties."—Puck.

Hearsay Evidence. Mrs. Frost—How's your husband? Mrs. Snow—The members of his club say he is looking splendid.—Life.
