### Ohio State News Told in an Interesting Manner

#### ALMOST ONE A NIGHT.

Yeggs Crack Safe and Secure \$1,000 in Loot.

Fulton.—The twenty-seventh safe blowing in Ohio within 29 days occurred when crackers blew the safe in the general store of A. L. Pipes, here, and looted it of \$1,000.

Bloodhounds from the penitentiary at Columbus followed a trail from the store to the Ohio Central depot. It is believed the yeggs escaped on a freight train.

#### LORAIN HEADS THE LIST.

In this list Lorain, O., leads, with a present population of 28,883, an increase of 20.2 per cent over 1900. Other Ohio towns in this list which show increases are: Akron, with a population of 69,067; Canton, 50,217; Hamilton, 35,279; Lima, 30,508; Newark, 25,404; Springfield, 46,921; Youngstown, 79,066; and Zanesville, 28,026.

#### OHIO SOLDIER'S HEROISM.

Lectonia.—Patrick Galvin, member of Company B, Ninth Infantry, of this place, now stationed at Cebu, Philippine Islands, saved two lives. He has been recommended for a certificate of merit for his bravery. Two other members of his company were in swimming. One was seized with the cramps, the companion trying to rescue the drowning man, and he also was dragged under. Galvin was "doing time" as a prisoner. He saw the struggle. Without removing his clothing Galvin jumped into the water and brought both men to shore.

Perintown.—Two freight trains on the Norfolk & Western railroad met in a head-on collision. The toll of the head-on collision is: Hunt, Wayne, W. Va., brakeman, dead; Cliff G. Smith, Portsmouth, O., engineer, seriously injured internally; Roland Jacobs, Portsmouth, O., fireman, broken leg and internal injuries, and C. J. Pyles, Portsmouth, O., engineer, serious injuries about the body. The accident was due, it is said, to misunderstanding of orders.

Dull.—A. P. Dull, of Rockport, had a narrow escape from death when he was buried under 18 feet of corn at the Dull elevator. Corn had clogged in the chute to their corn crib, and Dull crawled in the end of the chute to loosen the obstruction. As the corn gave way he lost his hold on the chute and went into the crib. It was several minutes before the accident was discovered. A portion of the wall was sawed out to release him.

Columbus.—The police are searching for the father of Mildred and Gertrude Clayton, aged 3 and 2, respectively, as a result of their alleged abduction from St. Ann's infant asylum. Sisters in charge say the children had been put there by their mother, who lives at Martin's Ferry. A man who said he was the children's father was allowed to visit them. He grabbed a child in each arm and escaped by a window and a passing street car.

Columbus.—A decision was handed down by the Supreme court relieving the Mutual Life Insurance company of New York of the payments of taxes on premiums paid to the home office amounting to \$9,354.69. The other companies which paid their taxes under protest pending the decision, involving about \$25,000, are affected and will be able to recover.

Kenton.—Every teacher in the Kenton public schools received a notice demanding two weeks vacation after Christmas, signed "The Black Hand." The notices came from the body of school children who are clamoring for two weeks' vacation instead of one. The school board met in secret session to decide on the question.

Williamsburg.—By the bursting of a boiler attached to a corn shredder William Price was killed, George Iretton seriously injured and several others were slightly hurt. The barn was set on fire and it and contents destroyed. Loss \$3,000. Price was blown more than 100 feet, and portions of the boiler were carried 200 yards.

### MIDDLETOWN'S HOSPITAL.

Middletown.—A \$50,000 hospital for Middletown is no longer in doubt. The committee of seventy-five reported more than half the amount raised within three weeks. Heading the subscription list are the Collin Gardner Paper Co., \$5,000; the Rolling mill, \$5,000; Mrs. Paul J. Sorg, \$3,000; Advance Bag Co., \$1,000. Employees of one factory gave \$544.50 and nearly every factory employe in the city has pledged an amount equal to two days' wages.

### TRACKED BY BLOODHOUNDS.

Three Brothers Arrested as Assailants of Aged Spinster.

Coshocton.—With the arrest of Frank, John and Jesse Crago, aged 20, 17 and 15 years, who were tracked by bloodhounds from the home of Margaret Schwab, a spinster, 60 years old, officials are confident they have the men who beat and robbed her of \$100. The trail was followed to a shanty at the entrance of a coal mine, in which the Crago brothers were at work. The hut was found filled with jewelry, silverware, cut glass and costly robes. Miss Schwab identified Jesse as one of her assailants.

### TO GERMAN PATRIOTS.

Dayton.—A large bronze tablet in memory of the Germans who fought for the Stars and Stripes during the war of the revolution and civil war was dedicated at Memorial hall, 2,000 members of German societies participating in a parade that preceded the exercises. ### Practical Fashions

#### 'ADIES' MILITARY COAT.

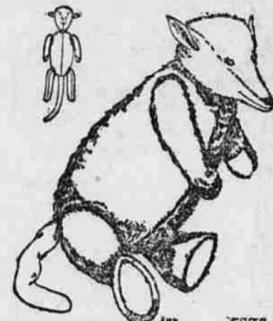

This serviceable coat is cut with the new narrow lines. The fronts and sides are joined by long French darts and corresponding long seams join the center back panels to the side back gores. The closing is close to the throat where there is a small turnover collar; the sleeve has very little fullness and is finished with a cuff at the wrist. All edges are trimmed with braid, but stitching may be substituted. Covert cloth, kersey, tweed, and other woolsens of good body are suitable for this garment.

The pattern (5235) is cut in sizes 32 to 42 inches bust measure. Medium size requires 2 1/2 yards of 44 inch material with 1/4 yard of braid to trim as pictured.

To procure this pattern send 10 cents to "Pattern Department," of this paper. Write name and address plainly, and be sure to give size and number of pattern.

#### A BILLY POSSUM.

The possum is well known in southland, and even in the north it is not unfamiliar to children. The little animal illustrated may be made of fleecy cotton flannel, or felt, or plush or of any other furry fabric, for the genuine animal is furred like a cat. The sharp nose, which is so often poked into the bits of food, is well shown in the pattern, and the long ratlike tail, by which Billy hangs from trees, is made just a little larger in order to make it possible to stuff it properly. The pattern (5231) is cut in one size. To make it will require 1/4 yard of 44 inch material, with 1/4 yard of 18 inch felt.

To procure this pattern send 10 cents to "Pattern Department," of this paper. Write name and address plainly, and be sure to give size and number of pattern.

Initiative and Referendum. The initiative and referendum may properly be called a political phrase. The initiative means the right of a section of the people—a party—to have its views on a certain political question brought before the whole people for a decision. The referendum is the system of deciding a political question pending in congress by submitting to popular vote.

Etiquette and Good Manners. Etiquette and good manners are often confused in the minds of many people. The former may be learned from books, for it is simply a set of conventional rules laid down for the external guidance of society. But something more is necessary for really good manners. They must come from the heart; they are the product of character.

Must War on Insects. When it is stated on good authority that the people of the United States have suffered from the ravages of insect pests to the extent of about \$700,000,000 in a single year, when the agriculture of the small state of Massachusetts is said to lose nearly \$5,000,000 annually from the attacks of insects, it is time to look about us to see how we can get help in the war against them; it is time to do something to increase the numbers of the creatures that feed upon these insects.
