## THE PEOPLE'S CLUBHOUSE

The School House Recreation Center receives much attention on the program of the Recreation Congress to be held in Cleveland, June 5th-8th. Men and women of national prominence will discuss its effect in lessening vice and immorality, in aiding immigrants to adjust themselves to American conditions. Some school buildings are used for motion picture exhibitions and for amateur dramatic performances, some are thrown open for dancing. In certain cities clubs are allowed to hold their regular meetings in the public school. Whether this evening use of school buildings is interfering with the use of these buildings during the day for class room purposes will be discussed. H. S. BRAUCHER, Sec'y Playground and Recreation Association of America. 1 Madison Avenue, New York.

Escapes an Awful Fate.

A thousand tongues could not express the gratitude of Mrs. J. E. Cox, of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough," she writes. "Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now." Quick and safe, it's the most reliable of all throat and lung medicines. Every bottle guaranteed, 50c and \$1.00. Trial bottle free at C. R. Champney.

## HIGH SCHOOL COMMENCEMENT

Perrysburg High School Graduates a Class Of Seven—An Interesting and Unique Program.

It is the good fortune of but very few people to attend a national convention for the nomination of a candidate for president of the U. S. A. College students often hold "mock conventions" in which candidates are chosen, platforms drawn up and all the other work of such a convention is gone through with. The citizens of Perrysburg and vicinity will have the opportunity of hearing nominating speeches without the expense of going to Chicago or to Baltimore. The H. S. class of 1912 will at their commencement Friday evening, May 31, nominate the leading candidates now before the people of this country. This feature is new and in this presidential year will be of great interest. The students have been working hard for sometime getting their speeches ready and on May 31 will be

ready to present each candidate in the best way possible. Each ticket sold will secure for its holder a reserved chair and for the small sum of 15 cents. Send your order for tickets to Supt. D. A. Haylor who will issue them in the order received. First come first choice. Tickets will be on sale Saturday morning, May 25, at 8 o'clock.

The address to the graduates will be given by Hon. A. P. Sandles, secretary of Agriculture, Columbus, O. He has announced as his subject—"Honor thy Father and thy Mother". The ability of the secretary assures the class and the public that something unusually good may be expected.

## THE DEMONS OF THE SWAMP

are mosquitos. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite flies and the strength falls; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fretwell, of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50 cts. at C. P. Champney.
