## BE PATIENT A WHILE

Telephone Company Loses Heavily by Recent Storm.

When the great sleet storm of the first part of this month dropped down on the thousands of wires, poles and other equipment, it put out of business several village telephone companies.

It also tied up business so that it has taken much time to get lines working once more.

Telephone subscribers of the Northern Ohio Telephone Company may have had occasion to feel displeased because the service has been temporarily interrupted, but when they consider that supplies were slow in coming, competent help impossible to secure and that the loss by damages will be over ten thousand dollars, it will be seen that this is a time to exercise as much patience as possible and give the company a chance to get back in working shape, which they are doing as fast as possible.

## NEW CENTURY CLUB.

The new Century Club met January 22 with the president, Mrs. Cook. Seven members answered to roll call with "Current Events in China."

Miss Gunder read a very good paper on "Fetes and Festivals in China." "A Chinaman's view of London" was read by Mrs. Cook.

Miss Bertha Cranker gave an interesting talk on "China's National Curse."

The following officers were elected: President, Mrs. Canfield; vice-president, Mrs. Taneyhill; secretary and reporter, Miss Gunder; treasurer, Mrs. Roether; critic, Mrs. Cooke.

Program Com.—Mrs. Canfield, Mrs. Roether, Mrs. Taneyhill, Mrs. Hollenbeck.

The meeting adjourned to Feb. 12 next.

## SCHOOL NOTES.

—The first number of last Monday's program was a paper on dairying by Hilton Maddy. The paper was very instructive. The last number was a vocal solo by Miss Florence Heckler. There should have been another number but it was postponed until next week.

—Orrin Fuler is absent from High school on account of sickness.

—The seventh grade pupils have finished their mid-year exams. Miss Zing says that there were no disappointments.

Mrs. A. R. Tabor, of Crider, Mo., had been troubled with sick headache for about five years, when she began taking Chamberlain's Tablets. She has taken two bottles of them and they have cured her. Sick headache is caused by a disordered stomach for which these tablets are especially intended. Try them, get well and stay well. Sold by all dealers.

## TRAIN WILL STOP

Request of Journal Receives Approval of P. O. Department.

About four months since the postal department decided to cut off several mails running out of Perrysburg by the electric railway route, and by so doing the Journal mail could not get out of Perrysburg except by using the local mail leaving town, north-bound, at 9:14 a. m., because the usual "catch pouch" mail which was picked up by the fast trains on the C. H. & D. R. R. was not large enough to carry the Journal mail.

This arrangement worked a hardship on the Journal and we took the case to the Postal department, and asked for relief.

A special inspector for the department was sent to Perrysburg to inspect our mail and ascertain the facts pertaining thereto, and upon our statement the department promised to furnish the Journal with the necessary accommodation, even though it should require the stopping of a fast train to take care of the Journal mail.

Patience on the part of the Journal and perseverance of the Postal department has finally succeeded and we have this week received the joyful tidings that train No. 6, north-bound out of Perrysburg at 1:41 p. m., will make Perrysburg a regular stop in the future, and thus the Journal will have its mail carried out of town at a time that is suitable for our business.

This action on the part of the Post-office department indicates that while there is a laudable desire to reduce expenses of the department, it is not the intention to deprive any publisher of his rights, and the Journal is greatly pleased to be thus accommodated and recognized as worthy of consideration.

## MAPLE GROVE SOLD.

Maple Grove, which is one of the most picturesque locations along the Maumee river, has been purchased by Mr. Harry King, of the law firm of King, Tracy, Chapman & Welles of Toledo.

The property consists of 10 acres of woodland, midway between Perrysburg and Eagle Point on the Perrysburg side of the river.

At that point the river is skirted by a high bluff, from which is obtained an unobstructed view of Walbridge park, the Country club, the beautiful groups of islands, and the entire Maumee valley as far south as Turkeyfoot Rock. While hard maples predominate and give the spot its name, the forest setting actually includes 50 varieties of native Ohio trees.

The grove, like all the rest of the Maumee valley, is historic. In the early days, before the memorable Harrison campaigns of 1812 and 1813, it was a favorite camping ground of the Indians, who then controlled this section of the Northwest Territory.

## SHADE TREE BUTCHERY.

"A fine example of shade tree butchery came to my notice the other day in a central Ohio town," says an instructor from the College of Agriculture, Ohio State University. "Last spring, in an attempt to head back some fine soft maple trees, the limbs had all been cut off, leaving only a few stubs. Not enough foliage was left to manufacture food for the trees and the hot summer sun beat down in full force upon the unprotected trunks and branches, with the result that a number of trees have died. The dead bark is falling away from the tree trunks, which stand as monuments to someone's ignorance of tree pruning." All over the village of Perrysburg may be seen samples of the same type of butchery until the once beautiful shade trees of the town are rapidly becoming extinct.

Persons troubled with partial paralysis are often very much benefited by massaging the affected parts thoroughly when applying Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by all dealers.

## WILL ASK APPROPRIATION

To Further Beautify and Improve Fort Meigs Park.

Fort Meigs was visited Saturday by the members of the Fort Meigs Commission and several members of the legislature for the purpose of looking over the grounds and considering the advisability of asking the general assembly to make an appropriation for the purpose of making further improvements in the buildings and grounds.

The Historical Association has in its possession a number of relics of special significance to northwestern Ohio history, for which it has no suitable place of display. Many other mementos, not only of pioneer days, but of the several wars from the earliest Indian conflicts in the territory, would be placed in charge of the association if safety from fire were assured.

The association plans an artistic building which would cost probably \$8,000. It is estimated that an additional \$2,000 would be needed to furnish it. An automobile shed, to cost \$1,500, is planned. A monument to Peter Navarre, one to the officers who fell at Fort Meigs, and another to the soldiers of the garrison who were buried there, each of the three to cost \$500, are included in the plan.

When you want a reliable medicine for a cough or cold take Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers.

## LIME CITY COMPANY

The Lime City Farmers Mutual Fire Insurance association held their annual meeting at the Morse school house a few days since and transacted the usual business.

The old directors and officers of the association were re-elected for the coming year.

The directors elected the following officers:

President—Conrad Kohl, Perrysburg.

Secretary—Chas. Zingg of Lime City.

Treasurer—J. D. Greiner of Lime City.

It was decided by a unanimous vote to change the location of the company's headquarters to Lime City.

The association has had a very prosperous year and enter upon the coming year with renewed faith in the efficiency of their association.

## FOUND DEAD IN BED.

Miss Winfred Sargent was found dead in bed by her mother at the home of her brother-in-law, John M. Weeks, Maumee, Saturday morning. Miss Sargent was 38 years old at the time of her death and was well and favorably known in Perrysburg.

## FARMERS' WEEK AT COLUMBUS.

A Farmers' and Home Makers' Week will be held at the Ohio State University, February 3 to 7, under the direction of the College of Agriculture. Five days of practical instruction in agriculture and home economics has been arranged for farmers and their families. There will be no registration fees of any kind and no charges for admission to the lectures.

## YOUNG MEN'S MEETING

The Young Men's Bible Class of the M. E. church held their second annual banquet in the church parlors Wednesday evening, January 22. Music was furnished by the Sunday school orchestra and a male quartet. After the banquet was served, Mr. Veitch, the teacher of the class, acting in his capacity as toastmaster, called for short addresses from Rev. Webster, Chas. Schneider, Dr. Canfield, Earl Marshal, Earl Sarver, class president, and Ward Hanson, secretary and treasurer of the class. All responded with helpful and well chosen remarks. The pleasant evening was brought to a close by the class singing, "God Be With You," and a benediction by the pastor.

## CIVIC ASSOCIATION

Constitution and By-Laws Adopted at Enthusiastic Meeting

The first business meeting of the Perrysburg Civic Association was held at the Council Chamber on Thursday evening last and was attended by a goodly number of citizens whose interest and enthusiasm were thoroughly in evidence before the close of the session.

The meeting was called chiefly for the purpose of hearing the report of the committee appointed to draft Constitution and By-Laws for the association.

The report of the committee was read, and upon unanimous vote was adopted.

There being no further special business for the session, the meeting resolved itself into a general discussion of ways and means for doing something for Perrysburg, and as an indication of this good intention and desire to get into the Booster band wagon, every man present signed the roll and thus enlisted himself in the campaign for a bigger and better Perrysburg.

The next regular meeting will be held on the evening of the second Thursday of February, at the Council Chamber, at 7:30 o'clock, and every citizen of Perrysburg village and township who has the best interests of Perrysburg at heart is invited to attend the meeting and enroll himself as one who is willing to help do something for the town he calls HOME.

### SUDDEN DEATH.

Philip Binneger, aged 50, died suddenly at his home near Hobart, Friday morning. He arose in morning in apparent good health. He went out to the barn, was taken with heart failure and dropped dead. He is survived by his wife and eight children. He was a prosperous and respected farmer. The funeral services were held Monday.

If your children are subject to attacks of croup, watch for the first symptom, hoarseness. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse and the attack may be warded off. For sale by all dealers.

## BANK ELECTION

Perrysburg Banking Company Elect Officers for Year 1913.

The annual meeting of the stockholders of the Perrysburg Banking Company was held at the bank on Monday afternoon.

There was a large representation of the stock present. The report of the condition and business of the bank was read and indicated a very prosperous condition. The following Board of Directors was elected:

E. L. Kingsbury, T. M. Franey, Chas. Fox, E. M. Rowley, Lewis Shipman, Bennett Carter, John Kazmaier, John Amon, H. Uthoff, John Welling, H. P. Lucas, E. A. Underhill, John Schneider, Edward Fitzgerald, Geo. Craig.

The directors will hold their meeting on Saturday for the purpose of electing officers.

## HIRAM COLLEGE.

January 29, 1913.

We have been having school six days a week since college opened after Christmas vacation, so you see I have been busy. Exams began last Friday and continue through this week. I only have one exam this week and as there are no classes, I am availing myself of the opportunity and doing little odds and ends. ((Of course you understand that this letter is not an odd or end.))

The weather these few weeks has been delightful, just like spring days. Yesterday was especially warm. So warm, in fact, that white shoes and stockings were in evidence everywhere. Even one or two fellows were out in their summer straw hats (probably 1912 ones however.) But as I am writing this, I am trying hard not to shiver as the room is cold and the outside even colder.

I am glad to hear that Perrysburg is waking up and doing something. I was pleased when I read in the Journal of the organization of "The Perrysburg Civic Association" and I hope that it may prosper and do the old "burg" a great deal of good within the near future.

The Hiram people had a great scare Saturday evening when they heard a terrible explosion and learned that the Standard Oil wagon was on fire in the village. The driver had been drawing oil and was using a lantern in order to see, when the small oil tank "let loose," and took fire. The three horses were saved however. It was feared for a time that the large gasoline tank would burst, but the heat seemed to form a gas with the oil and it safely blew off through the filling holes in the top of the tank. The fire department was called out to protect nearby residents that were in the danger zone. This spectacular sight afforded the students a good deal of amusement for they took it as a celebration of the basket ball victory, before it was played. Later in the evening it was learned that Hiram HAD won from Western Reserve at Cleveland by the score of 38 to 31. This makes three games won out of three played. Hiram first won from German-Wallace 40-19 and then we "skinned" Ohio Northern University 44 to 37. On February 6 we play Bethany here and expect to win about 6 or 7 to 1.

Much interest is being taken just at present, in the coming basket ball tournament.

The different boarding clubs have organized and put a team in the field and will play for a loving cup which the Athletic Board has offered. This cup will be kept by the winning club until another club takes it a following year. The first of this series of games will be played this Saturday evening in the Y. M. C. A. gymnasium.

Another looked forward to event is the annual debate and banquet between the Delphic and Hesperian literary societies which takes place February 24. Both societies have strong teams and it is expected to be a close contest.

I fear I am trying your nerves, so will close, wishing you success, I am, as ever,

EDWIN A. CLAY.

Here is a remedy that will cure your cold. Why waste time and money experimenting when you can get a preparation that has won a world-wide reputation by its cures of this disease and can always be depended upon? It is known everywhere as Chamberlain's Cough Remedy, and is a medicine of real merit. For sale by all dealers.—Adv.
