

Good Bye, Painful Corns!

When your feet are not right—painful you—corns continually on edge—makes you hate to put your feet down solid, it makes life just about unbearable—you're wrong all over, day in and day out. One of the simplest yet most effective methods of removing corns is to apply

NYAL'S CORN REMOVER

that's all there is to it—just apply it and don't fuss with bandages.

It relieves all pain, banishes discomforts and removes the corn when you've forgotten you ever had one. There is absolutely no danger of infection—it is thoroughly antiseptic—forms a coating over the corn, softens and relieves the pain following pressure of shoe.

Price, 25 Cents.

Whatever a good drug store ought to have—and many things that other drug stores don't keep—you'll find here. Come to us first and you'll get what you want.

Champney's Pharmacy.

Stories of Success

JOHN W. ALEXANDER

Keeping everlastingly at it brings success. With ordinary talent and extraordinary perseverance, most things come through. Persistent people begin their success where others end in failure. There was no opening in the art room of a New York publishing house when John W. Alexander came from Allegheny, Pennsylvania for a job.

But the future president of the National Academy of Design, the most important art society in America, would not take "no" for an answer.

The next few years he worked hard, and from wages of three to eight dollars a week saved enough to attend the Royal Academy at Munich.

Without the money-saving habit, without perseverance and frugality, when golden opportunity knocks at your door you will not be ready.

See us today about this important matter.

The Perryburg Banking Company.
