

# PERRYSBURG JOURNAL

VOL. LXIV—ED. L. BLUE, Publisher.

PERRYSBURG, WOOD CO., O., THURSDAY, JUNE 29, 1916.

\$1.00 IN ADVANCE—NO. 19

## CALL TO ARMS

**Finds Many Patriotic Sons in Various Parts of the State.**

An incident worthy of note occurred in Bowling Green on Saturday night last when the company stationed in that city were out for their evening drill.

Mr. Charles Heater, an employe of the Sentinel office, who has had many years in the service, and who had the honor of being captain of the company, was on Thursday elected to the office of major of the regiment. Army regulations require officers to furnish their own equipment, and through the efforts of Mr. Franklin P. Riegler and Mr. B. C. Harding a beautiful saddle horse was purchased and presented to Major Heater on Saturday night.

It was a splendid gift and bestowed upon one who is in every respect worthy.

The Bowling Green company left for Columbus on Tuesday.

A very touching incident occurred on Friday night last at Masonic Temple in Toledo when Capt. Charles Wragge of Company B, Knights Templars, said farewell to his men prior to taking his place as lieutenant in his company of the Sixth regiment, which starts for the front this week. He was presented with a beautiful regulation army saber as a token of love from his company of Knights. Capt. Wragge had served in the Cuban war and was entitled to the privilege of resigning and remaining at home with his wife and daughter, but with Spartan-like courage his wife encouraged him to stand by the colors he had long loved and had supported in previous days of danger, and said that she would "love him more as a brave soldier than she would if he quit at the first sign of danger."

## THE HONOR ROLL.

Perrysburg's Roll of Honor, as shown by her citizens who have joined the colors, include the following names:  
CAPT. GEORGE GREENHALGH  
PRIVATE FRANK MAHR.

The Journal will be thankful for the names of all men and boys from this locality who enter the service in any capacity.

Greatly Benefited by Chamberlain's Liniment.

"I have used Chamberlain's Liniment for sprains, bruises and rheumatic pains, and the great benefit I have received justifies my recommending it in the highest terms," writes Mrs. Florence Slife, Wabash, Ind. If you are troubled with rheumatic pains you will certainly be pleased with the prompt relief which Chamberlain's Liniment affords. For sale by all dealers.

## EXTRA INNINGS AGAIN

**Home Boys Lose to Visitors, by 3 to 1 Score.**

In a fast and exciting game Monroe defeated Perrysburg in ten innings by the score of 3 to 1.

It was a hard game to lose, but in a game such as that played last Sunday there is credit to both teams, win or lose.

The visitors scored first. Peterson, the first batter up, walked. On Bernit's attempt to sacrifice Peterson was out at second. Bernit stole second and scored on Navarre's hit to center.

Perrysburg tied the score in the second. Hits by Harper, Pringle and Noble netted one run. It was a pitchers' battle up to the tenth. Monroe got to Eagle's delivery and drove out three hits, scoring two runs, and won the game.

The game was well attended, and with this class of base ball should swell the crowds.

Score:

Monroe 1 0 0 0 0 0 0 0 2—3

Per'bg 0 1 0 0 0 0 0 0 0—1

Monroe—Hits, 4; errors, 1; battery, Navarre and Plots. Perrysburg—Hits, 9; errors, 4; battery, Engle and Pringle.

Next Sunday the Clark semipro will be here to battle with the locals. This team is well known, having defeated Perrysburg two out of three games, and another real ball game is assured. Be on hand and root for the home team.

On July 4th Perrysburg will cross the river and play Maumee. This game promises to be a hot contest as Maumee is out for revenge. Their methods for defeating the home team are not known, but we need plenty of rooters to drive the locals to victory.

## NEW COLLEGE COURSE

Do you want to take a course in agriculture during the winter when the work is slack on the farm. Then write to the Dean of the College of Agriculture, Ohio State University, Columbus, for a bulletin describing the short course in Agriculture which opens October 17 and closes March 16, 1917. The course will be given especially for the boys who want to continue farm operations during the growing season. A high school training is not required for entrance.

## COME TO CENTRAL MINNESOTA.

This country is adapted to diversified farming, stock raising, dairying, all classes of small grains, corn, clover, timothy and other grasses, vegetables and small fruit. Prices reasonable.

We also have lands in Northern Minnesota, and can furnish any size tract desired. Low prices and easy terms.

Benton County Real Estate Co.,  
17j Sauk Rapids, Minnesota.

## PERRYSBURG MAN

**Makes Excellent Record at Training Camp Target Practice.**

Cashier R. R. Hartshorn, of the Citizens' Bank of Perrysburg, is spending his vacation at the training camp at Plattsburg, New York, and with others was trying his nerve on the shooting range, and this is what an exchange says of him:

### Ohioan Leads the List.

Lieut. Thomas L. Murray of Company B, a resident of Marion, Ohio, stands at the head of the list with a total of 208 out of a possible 225, with Raymond Hartshorn, of Perrysburg, Ohio, a member of Company C, second, with a total of 203.

Hartshorn never had a gun in his hand until he joined the camp, and his shooting was a surprise even to the officers of the regular army, who are accustomed to witnessing some strange "stunts" with the army rifle.

That's some record, all right, but it should be remembered that Mr. Hartshorn had some practice on the bunch of auto bandits who were captured one night in Perrysburg a few months ago.

Ray opened on the bunch with a shotgun and made the auto look like an old fashioned horseradish grater, and all four of the men captured were spitting up buckshot for the next two weeks.

## CORN FOR HENS

**Largely Used as Feed for Egg Production.**

"In Ohio corn under usual market conditions is one of the most economical feeds for laying hens, and can be well used to a very large extent in their ration. However, corn must be supplemented with a nitrogenous feed, such as meat scrap or skim milk, if good results are to be obtained from its use," says W. J. Buss, poultry husbandman of the Ohio Experiment Station, in the June Monthly Bulletin. Recent experiments at the station show that hens fed a ration composed of 87.2 per cent corn and 12.8 meat scrap produced eggs cheaper than hens given a greater number of feeds.

Hens given corn, wheat, oats, bran, middlings, oilmeal and meat scrap ate more feed, but the increase in egg production was not sufficient to pay for the additional feed consumed and for the higher cost per pound of this variety ration. In one test they produced 8.4 per cent more eggs, but the feed cost per dozen eggs produced was 27 per cent more than that of hens fed only corn and meat scrap.

## A PATRIOTIC FAMILY.

Seven men from one family to enter the service of the United States in the prospective war with Mexico is a record seldom equaled, but such is the case with Colonel Wood of Philadelphia, who with his four sons and two sons-in-law have joined the colors. One of the Colonel's sons recently married Miss Marcia Robinson, sister of Mrs. Dr. W. H. Rheinfrank of Perrysburg.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This is a remedy that every family should be provided with, and especially during the summer months. Think of the pain and suffering that must be endured when medicine must be sent for or before relief can be obtained. This remedy is thoroughly reliable. Ask anyone who has used it. For sale by all dealers.

## PERRYSBURG LONG AGO

**Some Early History—The Meteoric Shower of 1833.**

By DWIGHT R. CANFIELD

With the following article we shall leave the "Thirties" to themselves. And in describing the great Meteoric Shower of November, 1833, as it was witnessed here in the Valley, it is our intention to correlate local history with a spectacular event, so that both may be the better remembered.

It was during the "Thirties" that this place had its real beginning. Neither before nor since have we had men and women more stalwart in manhood or refined in character.

Coming from the East, where refinement and culture had always been encouraged, they practiced those virtues in their new western home and so bequeathed to their generations a great respect for learning that is even proving yet today of inestimable value in maintaining the social and literary status of this community.

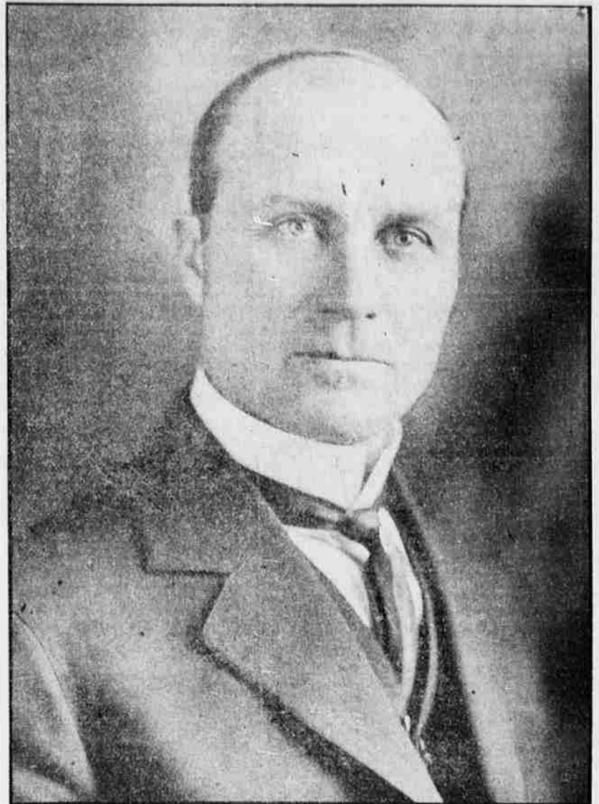

When Joseph Creps arrived here in 1833, there were twenty-three houses and cabins. And from here to Miltonville on the Maumee there were occasional residences all along the river. The first above Perrysburg was that of John T. Key; the second was Miller's; the third was the Creps cabin; the fourth was the Chadwick's; the fifth was the red farm house of Aurora Spafford; the sixth was the Williams log house; and so on up to the old Mission Farm, near the present site of Volmar's Park, where Rev. Isaac Van Tassel had established on October 27, 1822, a school and mission designed for educational and religious purposes. The old Mission School was up to a few years ago a relic of an early educational endeavor in this Valley. In its rooms white children and Indian urchins were taught to read and write, but how far Van Tassel succeeded in his endeavor to rapidly revolutionize the red race on the Maumee, you must read history to ascertain.

Returning from the old "Mission Farm" back to Perrysburg, we find here a little hamlet of a few houses and stores. Front street was the only thoroughfare at all established, and it was only a tortuous road along the river.

To be sure, the county seat was here; the old pioneer court house with the log jail behind it, but even in '33 the town was in a very primitive condition and yet awaited real organization and incorporation.

At this time the stage coach was in operation between here and Lower Sandusky, and was the only means of travel in a public way other than by sailing vessels over Lake Erie and up the river. Many interesting stories of "stage coach days" are told by early settlers. The stage, with its proud driver, was a daily arrival at the 'Burg. Generally four spirited horses were driven; passengers crowded in and on top of the coach—anywhere to ride—and away they would go, ripetty-lick, for the next stop, which was usually a country tavern or small "settlement." Thus people came and went. During the "Thirties" the red man, his squaw and string of papooses was still an inhabitant of the region about. The squaw carried her papoose strapped to a board with basswood bark when she traveled. This board, or slab, she stood up against the corner of (Continued on Eighth Page.)

A household remedy in America for 25 years—Dr. Thomas' Eclectic Oil. For cuts, sprains, burns, scalds, bruises, 25c and 50c. At all drug stores.

FRANKLIN P. RIEGLER FOR CONGRESS.

**Wood County Should Name the Next Congressman for the Thirtieth District.**

Many years have gone by since Wood county was represented in Congress by one of her own citizens, and now that we are in a district wherein Lucas county is not a part, the possibility of placing a Wood county man in Congress should appeal to every citizen of the county, regardless of political affiliation or personal feeling.

Republicans are especially interested in this respect in the fact that Wood county has but one candidate for Congressman and that the contest has settled down to

### WOOD COUNTY UNITED

against all the other counties in the district.

Wood county CAN win.  
Wood county MUST win.  
Wood county casts the largest Republican vote of any county in the district, and by giving it solidly to the Wood county candidate, he is sure to be nominated.

Every candidate for a county office on the Republican ticket is vitally interested in the nomination of Franklin P. Riegler for Congressman because if Riegler is nominated his influence in bringing out the full Republican vote in Wood county next November will greatly assist in the election of the entire Republican county ticket.

A Congressional candidate who has an extensive acquaintance and is a good campaigner, is a strong help for the county ticket in his home county, and with Mr. Riegler on the ticket the Republican county ticket will receive a boost that will make itself felt for each and every candidate, and if any of the Republican candidates for county offices are not favorable to a Wood county candidate for Congress, he is not deserving of holding a place on the county ticket, so get busy, boys, and boost Riegler for Congress. All the time you are boosting yourself for the county office you desire.

With due respect to other candidates from other counties, there are none of them more capable than Franklin P. Riegler of Wood county.

Let every citizen of the county give a boost for Riegler.
