PERRYSBURG, WOOD CO., O., THURSDAY, JANUARY 31, 1918.

\$1.50 IN ADVANCE—NO. 50

## SCHOOL NOTES

Items Concerning Various Departments of the Public Schools

A record crowd was on hand Friday night to witness the game between the P. H. S. boys and girls against Grand Rapids. Our team was badly crippled, Merlin Sheldrick and Harvey Haefner being out of the line up on account of sickness, and Chas. Roberts, because of injuries received in practice, Lindsay Johnson and Chas. Marvin playing their first game on the home floor. Our teams showed Grand Rapids a "good time" and they played hard.

Lineup: Boys—Center, Lindsay Johnson; forwards, Arthur Reape, Jim Wisner; guards, Arthur McIntosh, Chas. Marvin. The boys' score was 38 to 18 in favor of Grand Rapids.

Girls—Center, Marguerite Hufford, Mildred Budd; running center, Eleanor Lowmsbury; forwards, Dorothy Craig, Mildred Witzler, Mary Williams; guards, Camille Thornton, Welma Waggoner. The girls' score was a tie, 17-17.

The Perrysburg town team also played a very "fast" game in the P. H. S. gym. They played the First Baptists of Toledo. Their score was 42-22 in favor of First Baptist church.

### Sixth Grade.

In the sixth grade much stress is to be laid upon better writing and upon rapid addition.

Imogene Kazmaier fell on a cement floor in the basement while playing the last week and became unconscious. Robert Hufford, by a sudden movement of the foot, broke a bone in it. Neither of these two have lost any time from school.

Notwithstanding the storms and cold our attendance is good.

### Fifth Grade.

Florence Bowers has entered the fifth grade. She attended Clay Center school before moving to Perrysburg.

The stormy and cold weather has caused much sickness among our people.

### Third Grade.

Elizabeth Lucas, Russell Connor and Elsie Lee Master have returned.

Julius Witzler is absent, having the mumps.

The children will each outline two sewing cards, a seal and an Eskimo.

In the "spelling match" Friday the girls were the winners.

## CHURCH ANNOUNCEMENTS

Services for Next Sunday in Several Perrysburg Churches.

### ZOAR LUTHERAN CHURCH.

P. Kluepfel, Pastor.  
Sunday, February 3:  
Sunday school at 9:00.  
Divine service at 10:00.  
Bible school Saturday at 9:00.  
In the near future the Lutheran League will give a patriotic entertainment for the benefit of the Red Cross. Watch the hand bills for particulars.

### METHODIST EPISCOPAL CHURCH.

Rev. Daniel Carter, Minister.  
Services Sunday, February 3:  
Sunday school, 9:00 a. m.  
Public worship, 10:30 a. m.  
Epworth League, 5:30 p. m.  
Public worship, 7:30 p. m.

The second quarterly service of this conference year will be held next Sunday. At the close of the morning service the Sacrament of the Lord's Supper will be administered. In the evening D. E. E. McCammon, the district superintendent, will preach. Children or adults may be presented for baptism at either service, and any wishing to unite with the church. The official board will meet at three o'clock Sunday afternoon.

The pledges of all friends who contribute for the support of the church will so far as it is practicable be paid at the morning service for the half year.

Mid-week prayer meeting, Thursday evening at 7:30 p. m.

### EVANGELICAL CHURCH.

Rev. C. W. Weltmer, Pastor.  
We were pleased to see so many present on last Sabbath in spite of the bad weather. It is proof of the earnestness of officers, teachers and scholars.

Sunday school at 9 a. m. Subject for next Sunday, "Jesus Lord of the Sabbath."

In this lesson and its connection we find Jesus in the midst of His Galilean ministry.

Prayer meeting Thursday evening at the home of Mrs. Rider on Second street.

Sunday morning at 10:30 the W. M. S. will take charge of the services as it is their annual day of prayer.

Y. P. A. at 7:00. Albert Fahrer, leader for the evening. Subject, "Christian Duty and Privileges and Winning Others to Christ." Found in Johns 1:35-46.

We have a message for you at 7:30. Come and bring your friends with you.

### PRESBYTERIAN CHURCH.

Rev. Wm. H. Pheley, Minister.  
Services for Sunday, February 3, 1918:

As the call of the hour in our nation is for loftiest patriotism, expressed in deeds and sacrifices in every increasing measure, so

(Continued on page 8.)

### Are Your Sewers Clogged?

The bowels are the sewerage system of the body. You can well imagine the result when they are stopped up as is the case in constipation. As a purgative you will find Chamberlain's Tablets excellent. They are mild and gentle in their action. They also improve the digestion.

## REGISTERED STOCK

To be Owned by Wood County Boys and Girls.

Through the efforts of the Wood County Agricultural Improvement Association, a movement is on foot to bring two car loads of pure bred cattle into the county to distribute among the boys and girls on the farms. Registered Jerseys and Holsteins will be bought and assigned to several boys and girls in each township, and then next fall these will be taken to the County Fair, where they will be exhibited for premiums.

It is the intention to ask the banks to loan money to boys and girls in order to start the movement, and then the heifers will be put up for sale at an auction during the Fair. It is assured that the heifers will find a ready sale at a price considerably greater than the purchase price, and the boys will have the opportunity to bid in their heifers, or else sell them and get the increase over the cost, thus allowing them to pay off the note at the bank.

Nothing is a greater stimulus to better live-stock than these Boy and Girls Calf Clubs, and nothing will work better to keep the boys on the farms than to give them a share of the best that the farm produces.

Boys and girls that are interested can get detailed information from their school superintendent, or from County Agent Gerlaugh in Bowling Green.

For any pain, burn, scald or bruise, apply Dr. Thomas' Electric Oil—the household remedy. Two sizes 30c and 60c at all drug stores.

## UNSATISFACTORY SEED CORN.

Government Will Provide Certified Seed at Cost.

Repeated tests on the germination of seed corn at the Ohio State University College of Agriculture show that the corn is germinating but from 1 to 60 per cent. Most of the corn is testing but 10 per cent. As the result of the seriousness of this situation, the Agricultural College Extension Service is sending out representatives to secure options on corn of known quality. The corn will be purchased with money provided by Congress and will be sold to the farmers at cost.

Beginning the week of January 28, rural teachers all over the state were making tests of the seed corn in their districts. It is expected that these tests will verify the results already obtained, and will indicate where the most acute shortage is to be found.

Persons having supplies of good seed corn for sale are urged to advertise it in their local papers as well as farm papers, and to communicate with the Agricultural College Extension Service, Columbus, Ohio.

## OBSERVATIONS.

Thrift made Frank A. Vanderlip, the farmer and machinist, head of the greatest and richest bank in the United States. While he plowed or stood at the lathe he saved his wages, studied at night and rose in life. Listen to his well considered words:

"There is not one of us who could not cut down his expenses to a standard. We can all save and as it gets into our souls and we begin to understand what this war means and how our personal responsibilities should be felt, we will have a unity of purpose that will sweep us on to victory. Let us buy Thrift Stamps with the quarters that we are able to save every day and every week out of our regular expenses. If we all do this, the 25-cent pieces rattling into the treasury will make a noise that will be heard at the Brandenburg Gates in Berlin, and it will be a very discouraging sound to the Germans."

### Stomach Trouble.

If you have trouble with your stomach you should try Chamberlain's Tablets. So many have been restored to health by the use of these tablets and their cost is so little, 25 cents, that it is worth while to give them a trial.

## Save for Uncle Sam and Yourself

Thrift Stamps Will Help Win the War and Start You to Prosperity

## HOW A DRAFTED MAN LIVES

Mirror of Camp Life in a Soldier's Letters Home.

A drafted soldier's letters, which appear in the February People's Home Journal, gives an excellent picture of camp life.

"To begin with, let me say with all the emphasis I possess—don't worry! Your son will work as he never worked before. He'll lead a life that is strenuous to the last degree; but he'll be watched over and pampered as you never pampered him. Yes, I mean just that."

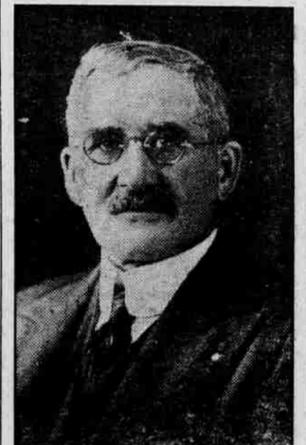

Speaking of what camp life has done for him, the young man writes:

"It takes a long while to make a good soldier, but it is surprising how quickly the average American learns. After I had been in camp two months I was known as the strongest man in the company. I worked in a bank before I was drafted. I was not sickly, but soft. I seldom got any outdoor exercise. Mowing the lawn almost broke my back. Today I carry on my back a light marching pack of fifty-five pounds or a heavy pack of seventy pounds, and never give it a thought. In addition to this load, I tote a 8.45-pound rifle also, frequently a pick or shovel, and carry the whole thing from ten to fifteen miles at a stretch.

"I used to dread getting into a row for fear some one bigger than I would knock me into the middle of next week. Recently I had a friendly boxing bout with a corporal, who was once a riveter on the steel structure of skyscrapers. He knocked me down twice. Then I got mad and—scrambling to my feet—I knocked him cold.

"Mother had a fit when I wrote her about it; but when she told the minister he chuckled. To mother's surprise, he remarked, 'That boy must be getting along—I didn't think he had it in him!' He knew what I know. We must learn to fight with our hands as well as

(Continued on page 8.)

M. C. GRIFFIN.

Among the many Toledo business men who make regular calls on Perrysburg trade, none are better or more favorably known than Mr. M. C. Griffin, 730 Broadway Place, who formerly resided in Perrysburg.

For three years Mr. Griffin was connected with the water works department of Toledo, and for eight years he was with the Toledo Railways and Light Company at the Water street power house, later traveling as an erecting engineer for several years.

For the past five years he has been in business for himself, representing the Willey electrically driven tools and lig electric ventilating fans and blowers, and the Patterson hot water heaters, pumps and motors.

His motto is reliability and loyalty and with his natural ability as a salesman coupled with his thorough knowledge of the needs of the trade, has enabled him to prove the merits of his goods and establish a line of business that is alike creditable to him as a dealer and salesman.

## U. S. LIBERTY BONDS

Bond Buying an Impetus to the Savings Spirit.

One of the most gratifying results of the Liberty Loan campaigns to date is the impetus the saving spirit is gaining with the people in general. Most purchasers of Liberty Bonds are paying for them out of their everyday earnings. Comparatively few have gone into their savings accounts to meet their payments.

This is what the government most desires.

Savings banks generally throughout the country the last year showed an increase in savings deposits despite the fact that something near six billions of dollars worth of Liberty Bonds had been purchased.

This same condition was experienced in England. For instance in 1916, although purchasing billions of dollars worth of war bonds, the small savings bank depositors increased their deposits more than \$60,000,000. And the Englishman as a rule is notably profligate.

The English are making their war bonds permanent investments. America will do well to follow their example.

But every man who sells a bond discourages this plan. And every merchant who accepts a Liberty Bond in exchange for merchandise, or in payment of an account, adds to this discouragement many fold.

Moreover they are digging a pitfall in Uncle Sam's financial path by depressing the market value of the bonds and making it more difficult for him to dispose of succeeding issues.

So if you would help Uncle Sam rather than the Kaiser:

Don't throw your bond on the market.

Don't accept a bond on account.

### An Efficient Individual.

Bacon—"They say Crimmonbeak does everything well." Egbert—"How about his lying?" "That's the best thing he does."

### Soon Over His Cold.

Everyone speaks well of Chamberlain's Cough Remedy after having used it. Mrs. George Lewis, Pittsfield, N. Y., has this to say regarding it: "Last winter my little boy, five years old, was sick with a cold for two or three weeks. I doctored him and used various cough medicines but nothing did him much good until I began using Chamberlain's Cough Remedy. He then improved rapidly and in a few days was over his cold."

## RED CROSS FLASHES

Splendid Work Being Done by Perrysburg Women.

Report of work sent to Toledo during the month of January:

Gauze compresses	1,360
Muslin bandages	249
Bed coats	6
Convalescent robes	12
Bed shirts	56
Pillow cases	48
Bed spreads	48
Dust clothes	24
Quilts	7
Sweaters	33
Wristlets, pair	21
Socks, pair	80
Helmets	2

### THE SERVICE FLAG.

The day my daddy went away, Among the flags that float and blow Outside our windows, there appeared A banner that I did not know.

A scarlet flag, with bar of white, On which one emblem stood alone;

'Twas not an English flag, nor French, Nor did it seem to be our own.

Perched on the nursery window seat,

I watched it flutter in the breeze, And when I heard my mother's step,

I asked her to explain it please.

And mother winked some tears away, And laughed—(it's queer how mothers are!)

"Why, son!" she said, "you didn't know? That represents our shooting star!"

—Beatrice Barry.

### Battery Gives Boiling Heat.

A battery invented by a French electrician is claimed to give six times the usual current by heating its contents to the boiling point.

### Prefers Chamberlain's.

"In the course of a conversation with Chamberlain Medicine Co.'s representative today, we had occasion to discuss in a general way the merits of their different preparations. At his suggestion I take pleasure in expressing my estimation of Chamberlain's Cough Remedy. I have a family of six children and have used this remedy in my home for years. I consider it the only good remedy on the market, as I have tried nearly all kinds."—Earl C. Ross, Publisher Hamilton County Republican-News, Syracuse, Kan.
