

The Wood Will Dent, But the Varnish, If It Is

## FIXALL

Will Not Crack Or Turn White

FIXALL is far ahead of the ordinary varnish, but costs no more.

We have it in the clear varnish and the different colors in quarts, pints, half and quarter pints. Ask for color card.

# A Child's Savings May Shorten The War

The war is costing the combined allies more than \$30,000,000 an hour. The daily fate of this huge sum is simple waste. A shortening of the war by days or even hours would mean the redemption of colossal waste.

We must bend every financial effort towards shortening the war. Every small amount invested by a child in Thrift Stamps tends towards this end. The influence of every Thrift Stamp purchased is a little momentum toward earlier victory.

Thus a child's savings may be instrumental in definitely shortening this war and in saving many times its own value in money, to say nothing of conserving human life.

Encourage your child to invest in 4% interest-bearing Thrift Stamps instead of merely hoarding his pennies in a tin bank.

Thrift Stamps cost 25 cents each and may be bought at the postoffice, from your mail carrier and at most stores.
