## We cannot eat our cake and feed our Soldiers, too

THE sooner the American people look the facts in the face the sooner the war will be over—and the fewer American soldiers will lie in their graves on the other side of the sea.

The facts are these:

**We cannot go on living as we did before the war. We cannot have the comforts and luxuries we used to have.**

Do not be misled by the fact that we can raise armies far outnumbering those of our enemy. Our soldiers cannot fight with bare hands and empty stomachs, and we cannot arm and feed them if we go on consuming vast quantities of foods and goods we don't need—if we demand, for our selfish comfort, the labor of thousands of men who ought to be hustling night and day to supply the ships, aeroplanes, guns, ammunition, motor trucks, clothing and food our soldiers **must** have if we are to win this war.

Our country needs the money you thoughtlessly spend for unnecessary things. It needs—desperately needs—the labor employed in making these things. Begin to save now. Save everything you can. And by all means save, by buying U. S. Thrift Stamps and War Savings Stamps, the **small sums** of money you now spend for things you can get along without.

This may seem like a little thing to do, but in reality it is a big thing, a patriotic thing, a powerful thing. For every quarter you can save and lend your country goes to make a soldier comfortable; helps arm and feed him; helps him to fight; protects his life, and does its utmost to cleanse the world from the horrors of German tyranny and despotism.

## No Soft Coal After May 1st, 1918

Monday we received this letter from one of our biggest Soft Coal shippers: "About May 1st we intend starting lake coal, and will load exclusively on this business only until the close of navigation. We want to ship you as nearly the amount of coal you will need as we possibly can before May 1st, as we can't ship to you after that date."

This from one who knows. Are you going to take his advice or are you going to wait—like you did last year and freeze your family out?

We haven't the bin room to store SOFT COAL so why don't you take it from the cars just as long as we can get it before May 1st and be sure that you will be very warm this coming winter.

Unless you assist us by taking the coal we shall have to stop shipments and then wait, and wait until we can get a car now and then.

Come in and leave us your order.

Please remember government regulations covering selling coal for CASH ONLY.

### NOTICE TO CONTRACTORS.

The board of education of Perrysburg village school district will receive bids for 200 tons more or less good grade soft coal to be delivered in the school building basement.

Bids will be opened Friday evening, March 22, 1918.

GEORGE MERICLE, Clerk.

### So to Speak.

"That lets me out," said the prisoner as the governor signed his pardon.

### HOUSEHOLD CARES.

Tax the Women of Perrysburg the Same as Elsewhere.

Hard to attend to household duties. With a constantly aching back. A woman should not have a bad back.

And she seldom would if the kidneys were well. Doan's Kidney Pills are endorsed by thousands.

Have been used in kidney trouble over 50 years.

Read what this Perrysburg woman says:

Mrs. W. P. Scott, West Sixth St., says: "I am glad to recommend Doan's Kidney Pills for they surely cured me of backache and other kidney trouble suffering. It was five years ago that I had such a dull ache across the small of my back, and it annoyed me dreadfully. I could not lift a scuttle of coal or anything else for sharp pains would catch me in my back. After leaning over a while at work I could hardly straighten. My kidneys didn't act right either. After the doctor failed to help me I decided to try Doan's Kidney Pills and I am glad I did for they cured me of the attack. I have had very little kidney trouble since and a few doses of Doan's Kidney Pills have taken care of that."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Scott uses. Foster-Milburn Co., Props., Buffalo, N. Y.

### Electric Water Heater.

An electric heater has been invented by means of which the water in a bath after it has been filled can be raised to any desired temperature.
