## COUNTRY WEEKLIES HIT BY CONSERVATION ORDER.

Reduction of 25 per cent of all publication space in excess of eight pages for country weekly newspapers, was ordered by Chairman Barusch of the war industries board.

Other features of a conservation plan for newsprint paper which by this order is extended to include the countries' weeklies are:

Discontinuance of papers to subscribers three months after subscriptions expire.

Stopping use of free copies for exchanges within the same county or a 40-mile radius, stopping of publication of extra copies for advertising stimulation and stoppage of returns of unsold copies from news dealers.

## CHURCH ANNOUNCEMENTS

Services for Next Sunday in Several Perrysburg Churches.

### PRESBYTERIAN CHURCH

Rev. Wm. H. Pheley, Minister.  
Services Sunday, September 1:  
Rally, Rally, Rally Day. Watch for the date.

Sunday school at 9:30. Lesson, "Christian Giving," Luke 6:30-38; 21:1-4. Everyone present on time is a good beginning for Rally Day. Men wanted for the Bible class. Drop in next Sunday and see how you like it.

Morning worship and sermon at 10:30. Dr. Pheley will preach. After the benediction we will sing the first and last verses of the Star-Spangled Banner. There will be no evening service.

Christian Endeavor meeting at 6:30. Topic, "All for Christ—Our Tongues." James 3:1-12. Mrs. W. H. Roose, leader. This is always a most interesting and helpful hour.

Prayer and praise service Thursday evening at 7:30 o'clock. Subject for consideration, "Our Rock." Deuteronomy 32:3, 4; 30, 31. You are heartily invited to attend our services.

### Are You a Candidate?

The judge stopped to have a word with the colored man-of-all-work, and asked if he went to church.

"Yessuh, Ah goes to church every Sunday," he said.

"Are you a member?"

"Yessuh."

"What church?"

"Presbyterian."

"Do you believe in the doctrine of election?"

"Yessuh."

"Do you believe I am elected to the saved?"

"Law, Judge, Ah didn't even know you was a candidate."

### METHODIST EPISCOPAL CHURCH

Rev. Daniel Carter, Minister.  
Services Sunday, September 1:  
Sunday school, 9:00 a. m.  
Public worship, 10:30 a. m.

The pastor will preach on "Christian Steadfastness." The sermon will be followed by the administration of the Holy Communion.

This will be the closing service of this conference year and the last of Dr. Carter's pastorate of this church. At the session of the West Ohio conference to be held in Cincinnati September 4, 1919, he will ask to be retired from the active ministry. He has served 40 years. He will make his permanent home in Perrysburg at 514 W. Front street.

## FROM "OVER THERE"

Letters From Perrysburg Soldier Boys Now in France.

July 29, 1918.

I am now down in sunny Italy. The trip from France was certainly delightful. This country is much more beautiful than France. We were in parade in one of the large cities of this country and were treated with the greatest kindness we have been shown at any time on this side of the water. At the close of the parade the people served us with coffee and sandwiches and shook hands with every man they could meet.

The towns are cleaner here than in France; the buildings are more beautiful and the people dress in better style.

Give my best regards to all friends.

Address Pvt. Harry Wilson, Co. K, 332 Inf., A. E. F., in Italy, Zone de Guerrie.

### CALLED TO THE COLORS.

Orders were received here on Saturday calling the following Perrysburg boys to the colors:

Louis C. Marti.  
Cloyce Ames.  
Harvey Weider.

These young men were ordered to report at Bowling Green on Wednesday the 28th to receive instructions relative to going into camp.

They left for Camp Taylor, Kentucky, on Thursday morning. (Camp Taylor is located 11½ miles from Louisville, Ky.)

Gradually and surely the stern reality of war is making itself felt in the village and vicinity.

With the departure of this party the Journal office loses its foreman, Mr. Louis Marti, who has been with us for the past six years, coming here when but a boy of 15. Prior to reaching his majority he demonstrated his courage and loyalty to his country by endeavoring to enlist in the navy, but was refused on account of physical disability, but upon reaching his majority he promptly registered for military service and is now enlisted as one of the nation's defenders.

The Journal is naturally proud to know that he is not only not a slacker but that he refused to take advantage of an opportunity to secure exemption.

### Ask Anyone Who Has Used It.

There are families who always aim to keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house for use in case it is needed, and find that it is not only a good investment but saves them no end of suffering. As to its reliability, ask anyone who has used it.

**FREDERICK C. AVERILL**  
ATTORNEY  
AND COUNSELOR-AT-LAW  
818 Spitzer Building,  
TOLEDO, OHIO.  
Home Phone 1428.

**DR. B. KINSLEY**  
DENTIST  
Office Hours—8 to 11 a. m.; 1 to 5 p. m.  
Office upstairs corner Second and Main Streets,  
PERRYSBURG, OHIO.  
Evening Hours 8

## MUST CUT THEM OFF

Free Copies of Journal Cannot be Sent to Soldiers.

From the time the first Perrysburg boys entered the service of the United States we have been sending the Journal free of charge to them for the purpose of keeping the boys informed of home events in and about the village. We were glad to do this because we feel that whatever we can do to keep the soldier boys cheerful is not only a duty but a pleasure.

But it is all off now. The new regulations pertaining to newspapers has forced us to cut off all such subscriptions.

We made special application to the department for the privilege of a continuance of the practice and the following letter plainly indicates that we must take their names off the list:

Post Office Department  
Third Assistant Postmaster General  
Washington, August 24, 1918.  
Publisher "The Perrysburg Journal,"  
Perrysburg, Ohio.

Sirs:  
In reply to your letter of the 15th instant, with regard to "The Perrysburg Journal," I have to say that the law under which that publication is entered as second class matter makes no provision for the circulation at the publishers' second class pound rates of postage of free copies which the publisher desires to send regularly to individuals.

In this connection you are advised that the War Industries Board is urging upon publishers the necessity of eliminating the circulation of free copies in order to conserve the supply of paper.

Respectfully,  
W. J. BARROWS,  
Acting Third Assistant Postmaster General.

To those of our readers who have sons or brothers in the service, we make the best possible offer the postal regulations will permit, as follows:

We will send the Journal to any soldier in any camp or field at one-half the regular rate of subscription—75 cents per year.

We deeply regret that we can no longer favor the soldier boys with free copies of the Journal.

## SOLDIER TAKES BRIDE AT SOLDIERS' CLUB

The Soldiers' Club on Fourth street was decorated last night in celebration of the first wedding held there. A number of soldiers were present to witness the marriage of their comrade in arms, Charles G. Crawford, of Pittsburg, Pa., and Miss Winifred Pope, of Perrysburg, O. The Rev. C. R. Lutin, of Christ Baptist church, officiated.

The marriage was to have taken place at the home of Miss Pope in Perrysburg, but when it was found that following a long period of quarantine, Mr. Crawford would shortly leave West Point, where he has been stationed with Battery A, 325th Field Artillery, Miss Pope and her mother, Mrs. John Pope, made a hasty trip to Louisville. After a long and wearisome journey they reached here yesterday afternoon, then hastened to West Point.

On their return to Louisville J. Perry, manager of the club, suggested that the marriage take place there and hurriedly made all the necessary preparations.

The wedding party marched to the altar to the strains of Lohengrin, played by Private Lester A. Ottenheimer, 7th Company, 2d Battalion, Camp Zachary Taylor. —Louisville (Ky.) Courier-Journal.

The bride has many Perrysburg friends who extend congratulations.

## IS THE EARTH DRYING UP?

Mr. William Cousino has just completed the work of digging a well which he put down to the depth of 35 feet without striking water. This is very unusual in this locality.

### Must Be a Branch of Hades.

Men do live and work and accomplish things in Mesopotamia between May and October, says a returned traveler, but the requisites are sun-helmets, spine pads, deep dugouts or thick walls, and a larger measure of pure grit than is necessary in any other country on earth that I know of. And in spite of all the precautions that are taken, more men are killed each year by heatstroke than by any other natural agency.

## AGRICULTURAL NOTES

Prepared for the Journal by Ohio Experiment Station

"It appears probable that more wheat was destroyed by stinking smut in Ohio the past summer than for several years," says Professor W. G. Stover of the College of Agriculture. "In some places fully half the grain coming to the elevators has some smut in it, according to reports. This disease reduces the profits of the grower by cutting down the yield. Smutted grain also brings a lower price per bushel.

"The government is urging all of us to prevent waste of food-stuffs and we have been observing wheatless days. The destruction of grain by smut is an absolute waste and offsets a large part of what we save by wheatless days. Stinking smut can be easily and cheaply prevented by such treatment. Three cents an acre and a little effort is all it costs.

"The method of such treatment most widely used is to sprinkle the grain until wet with a solution made by adding a pint of formaldehyde to forty gallons of water, and cover with canvas for two hours."

For full directions, see your county agricultural agent, or write to the Extension Pathologist, Ohio State University, Columbus.

On account of the high prices of feed, it will not pay poultry raisers to keep non-productive hens a day longer than necessary, according to poultry specialists of the Ohio State University. Slacker hens molt early. They have bright colored legs at this season. Their combs are small, dry, hard, and rough to the touch. The productive hens have combs that are good sized, soft, and pliable. The shanks are pale, due to the fact that the pigment is drawn out during egg production. No signs of molting are shown up to September 15.

Experiments covering a period of 10 years to determine the most economical amount of seed wheat to sow to the acre show that 8 pecks has been the most profitable amount. This has been done at the Ohio Experiment Station. In the rate of seeding tests from 3 to 10 pecks to the acre have been tried with a 10-year average of 30 bushels for the 8-peck rate while 26 bushels has been the average yield for the 3-peck sowing; the amounts then gradually rise for each additional peck sown per acre but less than one-half bushel more has been harvested to the acre with 10 pecks than with 8 pecks.

Tests to determine a combined date and rate of seeding using 6, 8 and 10 pecks to the acre on five different dates, September 15, 25 and October 25 have been carried on for 2 years. Taking the average for the short-time experiment the largest yield is from the seeding made on September 25 with 8 pecks to the acre; in averaging the three rates of seeding, September 25 has proved the best date at the Ohio Experiment Station.

## SAVE YOUR MONEY

Uncle Sam Will Pay Good Rate of Interest.

Thousands of Ohioans will avail themselves this week of the opportunity of buying War Savings Stamps before the increase in price of 20 cents on each \$100, which becomes effective after Saturday. Many of these purchasers will be those who are redeeming pledges made during the June campaign, and who will take advantage of the chance to save an appreciable amount on large purchases.

During August the government is charging \$83.80 for 20 War Savings Stamps, which will be redeemed January 1, 1923, for \$100. After the first of the month, the price will be \$84. On purchases of "the limit," \$838 will buy \$1,000 worth of War Savings Stamps during the balance of August. In September, the cost will be \$840.

Dyspepsia is America's curse. To restore digestion, normal weight, good health and purify the blood, use Burdock Blood Bitters. Sold at all drug stores. Price, \$1.25.

## WOMEN ARE ACTIVE

Doing Good Work in Council of National Defense.

The district meeting of the Women's Committee of the Council of National Defense, held at the Woman's building in Toledo, Thursday of last week, was well attended by our local chairmen.

Various phases of the work were discussed, instructions given and plans arranged. It is very pleasing to our local members to learn that we are accomplishing what is desired in the work assigned the committee.

The Nurses' Reserve Drive still continues. There are 1,579 nurses' training schools in the country. Their need is as great and imperative as that of the army school of nursing. Those who enroll for these schools will be assigned as vacancies occur. Registrants may enroll in either the preferred or deferred classes. Those who enroll in the former must be ready to accept assignment to whatever hospital the government directs, although they may state their choice, which will be given consideration. The deferred class is composed of those who limit their pledge of service—That is, who will not engage to go except to certain hospitals. These will be assigned after the preferred class is exhausted.

The government relies on the patriotism of those who enroll to fill out preferred cards if they possibly can. It is hoped that the women of America will show that they know how to answer their government's call.

The attention of the public is again called to the bulletin boards of the local committee. Each month new educational literature will be posted upon these boards by Mrs. Fitzgerald, chairman of the educational committee. These publications are issued by the government for the instruction of the public upon the vital questions of the day.

The Child Welfare Campaign is being conducted under the able leadership and direction of Mrs. Merlin Bowers. Many children have been examined and registered at the Civic Association rooms this week.

The Round Robin parties which are being held during August are netting a neat sum for the treasury of the local committee.

MRS. J. REAPE,  
Sec'y of Local Com.

### Summer Complaint.

During the hot weather of the summer months some member of almost every family is likely to be troubled with an unnatural looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can only be done when the medicine is kept at hand. Mrs. F. F. Scott, Scottsville, N. Y., writes, "I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose relieved me. Other members of my family have since used it with like results."

## MEN BETWEEN 30 AND 40

Are on the average at their highest earning ability.

That is the time to set aside a part of their income for the declining years.

Too often they hope for some stroke of fortune to make up for money they might have saved only to be disappointed. Or they expect greater earning power which fails to come.

Those who know say that the second half of life is better than the first—if it is not spent in penury. In youth joys are keen but disappointments are also sharp and many. Age may weaken the body but the mind is as keen as before and stronger with acquired knowledge and experience.

Provide for your declining years by putting aside some of your earnings in this strong safe bank.
