

# DORT

Quality Goes Clear Through

## A Good Solid Engine

The Dort engine is simple, strong, smooth. We hardly need say it is economical. Dort economy is an established fact, known to everyone. Its bearings, throughout, are nothing less than huge. Where there's a strain there is more than enough material to hold that strain. Its reciprocating parts are balanced to a nicety to minimize vibration. Everything that needs touching is right within reach.

## An Added Factor of Safety

The Dort chassis has an unusual factor of safety in every component. It will not only withstand severe usage but it will endure longer, stay quiet longer, maintain its power through a greater period than usual. An example is the rear axle. Malleable iron and steel tubing form a great, husky housing—yet a truss rod too is there for that added safety that would probably never be needed.

## Adjustability

The Dort is a slow-wearing car. Its bearings are overly big—they stay right beyond the point that is usually expected. Yet, when the time comes that an adjustment is necessary, the means are there and the method is such that it is a simple and far from delicate operation. There are adjustments at points where many cars have solid bearings, only adjustable by replacement.

## An Easy Riding Balance

The Dort "hangs right." Its balance is at the correct place to obviate disagreeable "kick-up" from either the front or rear springs. Although it is acknowledged that cantilever springs are the correct form of suspension for cars of comparatively short wheelbase, there is an individuality in Dort's method of traversing rough roads. Proper size, weight and hanging of the springs, and correct distribution of body weight account for it.

### ROSSFORD SCHOOL NOTES

but his happy song still lives in our hearts. The children loved him and his empty cage in our room makes us anxious that another bird shall come there to live.

The children have freely brought their gifts that the kindergarten may buy another bird to take its place. If there are those who feel the sorrow of the kindergarten enough to send a gift in sympathy we shall be very grateful.

Roscoe Poince, brother of Mrs. Littleton, was sick at the home of Mr. and Mrs. Littleton last week. Mr. Poince is attending the Institute of Technology at Detroit.

Four of our teachers, Mrs. Sprague, Miss Grover, Miss Champion and Miss Vermilya, were absent Monday on account of sickness.

Supt. E. N. Littleton attended a meeting of the superintendents of Wood county at Bowling Green last Saturday.

We now have a new school janitor in the person of Mr. J. W. Foster. He took the place upon the resignation of Mr. Doren and says that thus far he likes the work and the folks among whom he is working.

The school coal bin is running low, with little assurance of early relief. We are uncertain whether it will be possible to continue without a shut-down.

Wm. Langevire is still on our continued sick list.

The ninth and tenth grades had a very pleasant time at a party in the kindergarten room Wednesday night.

The evening was spent playing lively games and prize winning contests. Laura Limmer and Walter Heinemann were unable to attend. The girls served a delightful lunch.

### GLEE CLUB

The girls of the Rossford Junior High School have formed a glee club, with Miss Weida, the second grade teacher, directing and Winifred Sawyer at the piano. The club meets once a week in the school auditorium to rehearse. Those who cannot read music are being taught by Miss Weida.

### ASSEMBLY

In order to make school work more interesting, different parties and entertainments have been given by the Rossford Junior High School. Assemblies are also held every Wednesday afternoon in the school auditorium. One week the program is conducted by the eighth grade, the next week the ninth, etc.

Each grade elects its own committee and they in turn appoint those whom they wish to take part. The program consists of humorous stories, recitations and music. Last week the eighth grade conducted the affair. A

### The Discriminating Man

is most particular about his personal appearance. If his garments, by chance, become soiled and spotted he sends them to us. We clean them thoroughly by our modern method of dry cleaning and he is in the price of a new suit. Why not do as he does? It'll pay you.

### ARE YOU A TARGET FOR INFLUENZA?

It Hits Listless, Run-Down People First—Their Blood Is Thin.

### GERMS EVERYWHERE IN EPIDEMIC

Be Prepared—Strengthen and Build Up Your Blood with Pepto-Mangan.

If it is true that you are not feeling your best—if you have that "always-tired" feeling and no interest or enthusiasm—then you should be careful of the influenza.

It is thin-blooded, anemic people that disease strikes first. The fact that you have had a very few serious illnesses has nothing to do with it. Everyone gets run down occasionally, and when they do the blood is in no condition to fight off disease germs, because it has not enough red corpuscles. It is the red corpuscles of the blood that fight disease and save you from sickness.

You simply can't afford to take chances when influenza is striking down thousands everywhere. Fortify your blood—build it up with the pleasant tonic Pepto-Mangan.

And should you be just recovering from influenza, you need Pepto-Mangan because your blood has exhausted its strength. Pepto-Mangan will help build you up.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. Comes in either liquid or tablet form. No difference in medicinal properties.

Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name is on the package.—Advertisement.

brilliant piano solo was offered by Miss Mary Mainz, a humorous bit of poetry by Miss Grace Howard and Lester Philbin. A few selections were given by the school orchestra and then Miss Ida Schiffgens recited a very sad little poem, entitled "Poor Little Jim," which evidently was intended to bring tears to the eyes. The program ended by everyone rising and singing "America the Beautiful."

### HEALTH REGULATION

At the behest of the State Board of Health the Wood County Health Officer, Dr. Powell, has made the following regulations on school attendance: All pupils who are sick or have acute sore throat must stay out of school. In homes where there are measles, German measles, whooping cough or chicken pox, if the patient is kept isolated from the rest of the family, the other children who have had the disease may go to school. In cases of diphtheria, if the patient is isolated, other children who have taken anti-toxin may go to school. In cases of scarlet fever and influenza other children may go to school if the patient is isolated. It has been found that these diseases are not carried in the clothing to another person.

### PARENT-TEACHER'S CLUB

A successful start has been made this year for a worth-while Parent-Teachers' Club. At a preliminary meeting in the fall the organization was effected, and later a constitution adopted. A meeting is held the second Friday evening of each month in the school auditorium. The last meeting came on a stormy night and the attendance was not large, but the discussion of the subject, "Our Children's Companions," led by Mrs. Gallagher, proved one of the most interesting yet held.

The next meeting will be held on Feb. 13, and will be addressed by Judge Aaron B. Cohn, on "The Body Problem." It is hoped that the auditorium will be filled at this time. Judge Cohn is one of Toledo's most popular speakers and has had unusual opportunity to learn all phases of this subject.

## A REMEDY FOR ACHE AND PAINS THAT'S DIFFERENT

You Don't Know What a Really Good Liniment will do Until You Try "Houstonia."

Most liniments act as a counter irritant on the surface and give only temporary relief. Houstonia is different. Gets right under the skin. Penetrates to the source of the trouble. Rub if you want to—it won't burn or blister—but you don't have to. It goes in anyway. Contains just what is necessary to help Nature limber up stiff muscles, ease twinging, throbbing joints, and give immediate relief to sufferers from backache, lumbago, stiff neck, colds in the chest, sore-throat and kindred ailments. It penetrates to the affected parts and scatters congestion. Truly Nature's Aid. Ask for Houstonia, pronounced House-tone-e-ah (The Original Jones Liniment) at all druggists, 25, 50 cents and \$1.00. The same old price. No profiteering. The Dr. J. C. Jones Company, So. Charleston, Ohio.

C. P. CHAMPNEY

### HOW ANY GIRL CAN HAVE PRETTY EYES

No girl or woman is pretty if her eyes are red, strained or have dark rings. Simple witchhazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash, will brighten the eyes and a week's use will surprise you with its QUICK results. Regular use of Lavoptik keeps the eyes healthy, sparkling and vivacious. The quick change will please you. Dainty aluminum eye cup FREE. C. P. Champney, druggist.

### Will Give Play.

A play will be given some time in February by the Parent-Teacher's Club to defray expenses of the refreshments given at the meetings and to provide a working basis for any other activity that they may attempt. This play is now well under way under the direction of Ira Rook. Regular rehearsals are being held and a real treat is promised when it is given. It is a play of good quality and bristling with humor from beginning to end. The cast is wholly home talent, some of whom are: H. P. Gampher, Wm. Philbin, Herbert Brown, Glen Doren, Walter King, Alice Geltz, Helen Gampher, Helen Baillel, Mrs. Banning, Mrs. Algyre, Mrs. Williams, Mrs. Langevin, and either Mrs. Frautschi, Mrs. Rhoades, or Miss Eberly for a part not yet definitely assigned.

### THE "SMILES" NURSE

Our Community Nurse, Miss Wilma Kilmer, tells a little story which truly happened here last month which goes to show the faith a child has.

Miss Kilmer was hurrying away from the school where she spends the first two hours of the day. She had much on her mind. A very bad case of typhoid to be bathed, a couple of new babies to be attending to. She scarcely knew which case really needed her help first.

A frightened baby voice calling her attracted her attention and waiting a moment she realized something must be very serious.

"Oh Bess Kilmer, come to our house just as quick as you can," said the child. She took the wee girlies hand and trudged on in the snow. Suddenly a thought struck her. "What's wrong at your home, dear?" "Oh, nurse, my dollie falled down and broked both her eyes out," was the reply. So you see she mends little broken hearts too.

This year Cupid is not the only fixer. Miss Kilmer was our community nurse before she entered the field service in France and upon her return from abroad she came back to us. Her smile is contagious. Otherwise she is very cautious about germs. But she is the treasurer of our Smile Club and very kindly gives away each day millions of smile germs, hoping that they
