SPRINGFIELD, OHIO, TUESDAY EVENING, APRIL 14 1885.

THE SPRINGFIELD REPUBLIC,

OWEN BROTHERS

Indications.
WASHINGTON, April 14.—For Ohio Valley and Tennessee: Slightly warmer weather; local showers, wind shifting to southerly, lower barometer.

WILLING TO DIVIDE.

If our own made suits are not better by 20 per cent. than their's, buy their's. If our \$5, \$8, \$10 or \$12 suits are not lower by 20 per cent. than their's, buy their's.

If a dozen prices on a single garment is more agreeable than one, follow the dictations of your nature and buy by the dozen from their's.

If, on the other hand, our way and our 20 per cent. lower one price meets with your approval, we'd be pleased to see you at any time.

The young man who wants to put himself in fashionable trim for the warmer days coming, should at once see

OWEN BROTHERS,

And test their ability on either ready made or made to order suits.

Separate pants are smiling at you, and we often smile ourselves to think of the strict economy you practice in paying \$12 for garments that are to be had our way at \$7.50 to \$8.

Bags and satchels and handy straps to fit are dealt in economically here. The very finest of leather lined are among them. The very coarsest of shoddy affairs are here also, and a score of intermediates. Easy bought.

Hats have tumbled more than you'd believe without looking. It's no poor shapeless hat that sells for a dollar 50 these times, and caps besides. Think of a silk "Pola" at 25c and find it only an imitation.

There's a suit in the children's department at \$3, and another at \$3.50 which are above the standard. No one knows till they've looked.

Jean pants and working shirts come and go. When \$1.25 pants are sold for 75c, there's not much use talking. Jean coats are on the same tables. Boy's shirt waists ought to be thought of soon. From poor to good, to best, we find sale for all sorts.

We'll tell of new gloves tomorrow.

HOUSE.—The following communication was presented and referred to the committee on rules:

Hon. A. D. Marsh, Speaker of the House of Representatives: "I respectfully call your attention to the following: 'The drunkard from Franklin still holds his seat on the floor of the House among the men who have been pleased to call liars and horse thieves whenever it has moved his indignation to so designate certain of his associates.'"

"No citizen of Columbus has any right in the House that the drunken blackguard from Franklin is bound to respect. And the Speaker of the House permits him to pour out his abuse without any check or restraint, and that the Reform farm can turn out a better specimen of its workmanship that institution as well as abandoned and the expenses of the same."

The author of this and similar libels is a person named Samuel Shaffer, who enjoys the privileges of the floor of the House and who has repeatedly abused his courtesies by foul and malicious libels upon myself and fellow members. As a journalist I feel that such persons are a disgrace to journalism, and as a member of the Franklin county delegation I call your attention to this matter that action may be had as provided by Rule 65, pages 44 and 45. I do this because in twelve years' experience reporters have never so abused their privileges and rights as those occupying seats upon the floor of the present House with a few honorable exceptions.
