Table with columns for date, temperature, and weather conditions for April 28, 1885.

CITY MATTERS.

The old Champion "steel works" are now the "Ross Cu. Works."

Conductor Cogswell has resumed his duties on the Springfield branch, after an absence of some months on account of sickness.

An additional train will be put upon the Ohio Division of the I. B. & W. shortly, running through to Sandusky, making close connections at this point.

There is a strong probability that the entire force of National Guard of the State will encamp in one place this year and Yellow Springs may be that place.

Passenger Agent Frank N. Caldwell, late of the Panhandle, was here yesterday on a farewell visit to railroad men before departing for his new field of operations at Fort Wayne, Indiana.

General Keifer is in receipt of a letter from Secretary Manning in reply to inquiries regarding a site for the proposed new government building here, mailed the Supervising Architect.

The Times-Star Columbus special says: "Miss Mary Harbaugh was yesterday reported Assistant State Librarian. She has filled the place so long and so well that everybody in Columbus and about the State House, save a jealous few, would have to admit, no matter who should become Librarian. And Dr. Pierson showed his good judgment by reappointing her for a two years' term. I am told that Governor Honday, when he arrived home yesterday, had some words of favor for Miss Harbaugh. When the press of Ohio had the news that Miss Harbaugh was likely to be deposed for the sake of a Democratic lady the deluge of letters from prominent Democrats to the Governor and Dr. Pierson was wonderful. They were all very complimentary to Miss Harbaugh, who was assisted by old Joe Geiger, the Librarian preceding Conard. She is a brave, plucky woman, her light has been square and straightforward, and her victory is appreciated by all her friends." Miss Harbaugh formerly resided in Springfield and her many friends here are more than pleased to learn that she is retained in a position she is so well-qualified to fill.

The La Motte-Michels case, in which a young man named M. W. La Motte was arrested and bound over to court charged with assault on a married woman named Michels, is still fresh in the minds of many readers. The case now becomes somewhat complicated by reason of the absconding of the prosecuting witness, Mrs. Michels, from her house at the West End. It is reported that upon going home after spending last evening upon town, Mrs. Michels discovered that her husband had left, taking with him some bedding, clothing and furniture, which it seems was loaded into a spring wagon which drove away about nine o'clock. It seems, from statements made, she has been growing exceedingly nervous as the time drew near over the prospect of having to testify in court in the case, but her husband endeavored to reassure her, saying she could prove her innocence. Last Sunday, it is further stated, she made a confession to her husband regarding her relations with La Motte, and since then has manifested more disturbance than ever, with the climax above indicated. Her family live in German township, and it is thought possible the woman has gone to them. If she is not found before the Grand Jury, which meets May 11, adjourns, it seems probable no case can be made against La Motte.

Death of Mr. Levi Perkins. Another of the pioneers of Springfield, one who was closely identified with the early days of our village existence; the days of stage coaches, and hand-made goods of all kinds, has passed away. Reference is made to Mr. Levi Perkins, who died about eleven o'clock last night, at his residence, No. 106 Pearl street, at the age of 73 years and three months. Funeral services at the house Friday morning at ten o'clock. Interment at Greenwood. Mr. Perkins' illness was dropsy. He had lived here about 35 years, and when the old Warden House was headquarters for the traveling public, carried on a stage line between Springfield, Harmony and Vienna. After that he had a grocery store on East Main street, and resided here. Later still he engaged in teaming and for years had the contract for hauling between the depot and the Buckeye works on what is now Warden street. His last active employment was as watchman at the I. B. & W. and Ohio Southern railroad crossing, on Limestone street. His health has been poor for a number of years, and he suffered greatly during that time. He had a good memory, and liked nothing better than to indulge in reminiscences of the early times as he knew them in Springfield and of the men who flourished here at one time or another. He was a little eccentric and stuck to his own opinions, which he held on most subjects, but was a good citizen, to be relied upon, and a pleasant man to converse with.

By's Treatment for Diphtheria. The patient absolutely requires extraordinary nutrition and gentle stimulation to resist and overcome the slow fever that consumes strength and also to counteract the deadly work of fatal fungus in the vital organs. Immediate use of Dr. Williams' Pink Pills for Pale People is essential, and will produce wonderful results. No case of failure has ever been known. Protect the patient from exposure and harmful excitement, but stick to medicine. All reliable grocers and druggists will supply it for \$1 per large bottle.

MUNICIPAL LEGISLATURE.

The New Council Building Business From the Word Go—Increased Water Facilities—Official Appointments, But No Police—Nuisance to be Abated—Miscellaneous.

City Council met in regular session, last night, with President Mast in the chair. Present: Messrs. Ackerson, Cogley, Conklin, Funk, Grube, Johnson, Kidder, Kern, Lessor, McKenna, Nelson, Neis, Prince, Russell, Stephan, Tobias and Thomas.

The minutes of the last meeting were read and approved.

The Clerk presented the bond of J. D. Moler, in the sum of \$1,000, as City Engineer, with C. G. Funk and A. McCreight Wilson as sureties.

The Clerk also presented the resignation of Mr. William Wood, as station-house keeper, to take effect May 1, which on motion of Mr. Johnson was accepted.

In accordance with an advertisement and a resolution of Council the Clerk presented for sale a bond in the sum of \$1,000, for the construction of the Plum street sewer. He also presented bids from Lambrecht, Hayes & Co., of Cleveland, offering \$80 premium; and from N. W. Harris & Co., of Chicago, offering \$55 premium. Although there were several local capitalists present, no bids were presented, and the bonds were sold to Lambrecht, Hayes & Co.

By Mr. Prince—A petition from A. McCreight Wilson to remove the old office of Hayward & Co. to the lot corner of Center and Washington streets. Referred to the Committee on Streets and Highways, which reported favorably later in the evening.

By Mr. Ackerson—A petition asking that crossings be laid on both sides of Gallagher street from Clifton to Liberty streets. Referred to the Committee on Streets and Highways.

By Mr. Cogley—A petition asking that gas pipes be extended on Clifton street, between Taylor and York streets. Referred to the Committee on Gas.

By Mr. Russell—A petition from business men in the Arcade building, that the Market Master be directed to have market stands placed along the sidewalk on the East side of Market street. Referred to the Committee on Markets.

By Dr. Nelson—A petition that Farlow street, between Warden and Nelson streets, be ordered graded and gravelled. Referred to the Committee on Streets and Highways.

Bill were presented and referred.

The bill presented the appointment of William P. Gibson, as Watchman. On motion the appointment was confirmed.

By the same—The appointment of James H. Brinley as City Dealer and Inspector of Weights and Measures. Confirmed.

By Mr. Cogley—A resolution that the electric light at Center and Washington be declared a nuisance and ordered removed; and that the C. C. & L. I. B. & W. be directed to place a watchman at gates at this place. Adopted.

By the same—An ordinance for the payment of the claim of Lewis Johnson for \$15 for repairing his scales. Adopted.

By Mr. Russell—A report on the petition of Esther Johnson for sidewalks on Harrison street, asking that it be referred to the Committee on City Improvements.

By the same—A report in favor of granting permission to remove a small building on Central avenue to Kelly avenue.

By the same—An ordinance for the payment of bills amounting to \$254.65. Adopted.

By Mr. Kidder, of the Committee on Fire Department, a report on the petition of John Barton, who was injured at the Central engine house, to be placed upon half pay for the month of May.

By the same—An ordinance for the payment of sundry bills amounting to \$1,016.50. Adopted.

By Mr. Prince, of the Police Committee, an ordinance for the payment of sundry bills amounting to \$67.35. Adopted.

By the same—A report and recommendation that Colonel August Dotz, at present assistant station house keeper, be promoted to the position of station house keeper in place of William Wood, resigned. Adopted 17 to 1. Mr. Grube voting no.

By the same—A recommendation and report that Mr. E. R. Cheney be appointed as assistant station house keeper, in place of Col. August Dotz, promoted. Adopted.

By Mr. Kern—Of the Auditing Committee, a report stating that the report of the Mayor up to the expiration of his term had been examined and found correct.

By Mr. Nelson—Of the Committee on Health, a report on the communication of Dr. L. E. Russell, in regard to the drainage at the corner of Harrison and Rice streets, stating that the defective drainage was due to the street not being graded, and requesting that the matter be referred to the proper committee. Referred to the Committee on Streets and Highways.

By the same—A report recommending the appointment of another Sanitary Marshal for a term of ninety days. Adopted.

By Mr. Nelson—Of the Committee on Sanitation, a report on the petition for appointment to the office of Sanitary Marshal of Conrad Stryker, Thomas O'Brien, R. H. Mills and Daniel Wisinger, sen. On an objection to a verbal report, the committee was instructed to make a written report. While this was being written, Mr. Conklin, of the Committee on Claims, submitted a report on the claim of F. M. Hagan for \$450, for extra compensation as City Solicitor, recommending that \$300 be allowed him. This was agreed to by a vote of 17 to 1. Kidder voting no.

By the same—An ordinance for the payment of sundry claims amounting to \$139.67, out of the General Expense Fund. Adopted.

By Mr. Lessor, of the Water Works Committee—A report stating that an increase in the water supply is necessary; that they find that by extending the line of pipe from the pumping house to a point above the dam of Warden, Bushnell & Glassner, across Buck creek, a distance of about 7,400 feet, and at said point constructing a trench about 100 by 30 feet and 15 feet deep, and piping into said trench a large spring about 490 feet distant, a supply of water would be secured equal to or greater than the capacity of the pumps, and which would flow directly into the pumps by gravitation, thereby saving a large percentage of fuel in lifting water from the present well, an average of 20 feet; and also greatly lessen the wear on the machinery.

The Committee recommended that said improvements be made, and offered a resolution that a large percentage of the ground of Edward Merritt as lies between Warden, Bushnell & Glassner and the C. C. & L. I. B. & W. bridge on the west side of Buck creek, be made necessary, and also prepare plans and specifications for the construction of a 20 inch iron pipe to said land from the pumping house of the Water Works, all of which shall be submitted to Council for approval.

In favor of the report and resolution. Mr. Mast then requested Mr. Conklin to take the chair. He then spoke very fully on the matter. He was opposed to the plan on account of the large expense and the large amount of pipe to be laid, and said that a better plan, in his opinion, was to extend pipe from the galleries or trenches to springs in the hill south of Mr. Ross Mitchell's residence, a distance of not over 2,000 feet, and which would not cost over \$5,000. Mr. Mast said that he knew very well that a larger water supply was needed for the city, but he thought when the question of spending \$25,000 came up the Council should examine the matter very carefully. He said that the amount of water in the spring to which Mr. Lessor referred, instead of requiring a 20 inch pipe, would not fill a 6 inch pipe under one foot of pressure, and would not fill a 2 inch nozzle under the present fire pressure. Mr. Mast thought that the matter should be referred to Council as a Committee of the Whole, and that a resolution be passed that Mr. Prince said that the Water Works Trustees had estimated that it would cost just as much to extend the filter galleries to the base of the hill near Mr. Mitchell's house, as it would to carry pipes to the spring referred to in the report.

Mr. Mast then moved that the matter be referred to Council as a Committee of the Whole. This was adopted.

By Mr. Neis, of the Committee on Health—A report placing all the names of the gentlemen nominated for Sanitary Marshal before Council, without recommendation. On a ballot being cast the result was as follows: O'Brien 6, Schler 5, Mills 4, Jackson 0, Wisinger 1. The second ballot resulted: O'Brien 5, Schler 5, Mills 2, Mills 2. The fourth ballot resulted: O'Brien 5, Mills 7, Schler 2. The fifth ballot resulted: Mills 8, O'Brien 5, Schler 4. Mr. Conklin here moved to adjourn, but the motion was lost. On motion of Mr. Prince, it was agreed to drop the matter. The sixth ballot resulted: Mills 7, O'Brien 6, Schler 4. Schler was dropped. The seventh ballot resulted: Mills 10, O'Brien 7. Mills was declared elected.

By Lessor—A resolution that permission be granted to the Bavarian Society to sell beer at their hall on May 4. It was stated that this authority was vested in the Chief of Police, and it was referred to him.

By the same—A resolution that Water street, between Main street and Buck creek, Columbia street, between Foster and Sycamore; and North street, between Spring and Foster streets be graded and gravelled. Referred to the Committee on Streets and Highways.

By the same—A resolution that crossings be constructed across Columbia street, on the east side of Sycamore; alley crossing the first alley east and west of Foster street on the south side of Columbia street; and the first alley south of Columbia on the West side of Water. Referred to the Committee on City Improvements.

By the same—A resolution that the National Gun Association be allowed to shoot on the Fair grounds during their tournament, from May 5 to 9, inclusive. Adopted by a vote of 11 to 6, after considerable discussion.

By the same—A resolution that the Committee on Public Buildings be and are hereby instructed to look up a suitable site for a market house, ascertain its cost and report same to Council. It seemed to be the general disposition of the Councilmen to talk and this question, as well as all others, received its full share of discussion. The motion was lost.

By the same—A resolution that the City Solicitor be directed to take the necessary legal steps for the construction of the following sewers: On Center street from Mill Run, south; on Foster street from Main to Buck creek, with branches on Columbia and North streets, and on Main street from Spring to Water street. Referred to the Committee on Streets and Highways.

By Mr. Tobias—An ordinance accepting a plat of ground laid out by Mr. Robert Johnson, as an addition to the city. A motion to suspend the rules and place the ordinance upon its second reading was lost.

By Mr. Prince—A resolution that the Street Commissioner be directed to take such steps as are necessary for the preservation of the Factory street bridge over Buck creek. Adopted.

By Mr. Kidder—A resolution that the property owners on Southern avenue, from Limestone street to Center street, be required to curb and gutter. Withdrawn.

By the same—A resolution that Joseph Cashan and Frank Poppert be appointed as deputy watchmen, without salary, to serve at the base ball ground.

The President stated that this would have to be done by ordinance, and the Solicitor was directed to draw up an ordinance.

By the same—A resolution that the Committee on City Improvements be instructed to have two gutters constructed across Liberty street at Center street. Referred to the Committee on City Improvements.

By Mr. Russell—A resolution that a culvert be built across Dibert Avenue between Jackson street and Western avenue, and that \$200 be set apart for same. Referred to the Committee on City Improvements.

By the same—Resolution that the C. C. & L. railroad be allowed to move a switch stand from south of their track, 20 feet east to the north side of their track, 20 feet east of the watch house on the crossing at High street. Referred to the Committee on Streets and Highways.

By the City Clerk—A resolution that crossings be constructed across Race street, north side of High; across first alley east of north side of High; across first alley east of Yellow Springs street, both sides of Jefferson street. Referred to the Committee on City Improvements.

Adjourned.

A Very Pleasant Wedding. Through announcement already made readers of the GLOBE REPUBLIC are in possession of the fact of the marriage of Miss Glenn S. Coleman to Mr. John G. Webb, the ceremony occurring at eleven o'clock today, at the residence of the bride's parents, Mr. and Mrs. J. L. Coleman, on Factory street south of Warden.

The officiating clergyman was Rev. Wm. H. Webb, D. D., pastor of the Second Presbyterian church, over one hundred relatives and invited guests, a number from a distance, witnessing the ceremony, receiving their congratulations and good wishes subsequently and partaking of the abundant and elegant hospitality of the host and hostess, the bridal party and about 125 guests sitting down to the wedding dinner prepared under the direction of Mrs. Emily Thomas. There were six expert waiters, under direction of Ed Lisle, to attend to every want of the guests. The stereotyped expressions, "numerosus," "scintillating," "elegant," etc., applied to the array of bridal tokens, while true enough, would give no adequate impression of the grand display in this instance. The list includes gifts from relatives and friends in San Francisco, Cal., Lawrence, Kansas, St. Louis, Mo., Louisville, Ky., New York city, Winneton, Conn., Cleveland and Xenia, Ohio, and this city, and the articles seem to have been selected with an eye to utility as well as ornament. At two o'clock Mr. and Mrs. Webb took their departure for Cincinnati, going thence to Louisville, home of the groom's parents, and other points West. Upon returning here the couple will reside, at least for the present, at Knox, the groom holding a position as superintendent of the Hastings Paper Company's mills at that place. The bride is a graduate of the Springfield High school and endowed with all those charms and qualities, personal and mental, desirable in a wife, having a

Mr. Chas. Roy, now at Wheeling, West Va., formerly a Champion missionary, is spending a few days in the city, and finds friends as numerous as ever.

Miss Nellie Lelas has returned to New York State.

Jeff West will probably visit the same State this fall.

Houston & Yessel are to clip 400 fat sheep and ship them to New York Saturday.

J. W. Deming and his "steam" will commence clipping sheep for John Smith, who has about 3,500 head, next week.

John Hoas moves on to the Knox Street property, this week.

C. F. M. Conkey is in the harness business.

Ab. Taverner has a good prospect for a crop of raspberries.

The Board of Education has hired additional room.

Dr. A. E. McCouky has been absent for a few days.

Miss Healdy, of Springfield, is the guest of Mr. Cory Runyan.

The G. A. R. will meet Monday to make arrangements for Decoration Day.

James Burgess has purchased the Isaiah Neer property, for \$1,000, and is going into the poultry business.

William Runyan is painting Thomas Wingate's house.

The walls of Pleasant Chapel are being frescoed.

John, Esq., has not returned.

Your Golden Wedding. This is the fiftieth anniversary of marriage. Most folks who celebrate it have reached a good old age. Well-preserved people are right to enjoy a hearty old age. It is sad to see old people the victims of debility and impoverished blood. People who are not so far gone can enrich their blood, conquer fatigue and enjoy vigorous health by the use of Brown's Iron Bitters.

Dr. Myers, of Fairfield, La., says, "Brown's Iron Bitters is the best iron preparation I have ever known in my thirty years of practice."

Transfers of Real Estate. Lewis Schaffner to Susan M. Miller, 1 acre land in Bethel Township; \$95. P. M. Carmel to Mary A. Gram, property on Southern Avenue and Liberty streets; \$5,000. Charles M. Clark to Jeremiah Frock, 203 acres land in Springfield and Moorefield townships; \$15,000. Robert Ludwig to Peter S. Ludwig 2 lots in Hotsenpiller's addition; \$1,000. Nelson A. Oakes to Owen E. North, 66 acres land in Madison Township; \$4,000. Owen E. North to Fannie Oakes, property on East Pleasant street; \$2,000.

LOCAL NOTICES.

It is not a secret preparation composed of alcohol and a few worthless barks compounded in a careless and unskillful way. The proprietors of Miehler's Herb Bitters have published broadcast the formula upon which that great medicine is prepared. It consists of many of the purest and most wholesome herbs in the whole range of medicinal science, and the recipe is more than two hundred years old. It is an infallible remedy for dyspepsia, kidney and lung troubles.

CURES FOR PILES. Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, faintness, uneasiness of the stomach, etc. A moisture, like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, bleeding, and itching Piles yield at once to the application of Dr. Bosanquet's Pile Remedy, which acts directly upon the parts affected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Sold by Ad. Bakhaus & Co.

Quantity in medicine is no indication of value. Ayer's Sarsaparilla is concentrated and powerful; requires a smaller dose, and is more effective, dose for dose, than any other Sarsaparilla. It is the best of all blood medicines.

A Husband's Greatest Blessing is a strong, healthy, vigorous wife with a clear, handsome complexion. These can be acquired by using Dr. Hartner's Iron Tonic.

While money is close, wages and prices low, expenses should be cut down in every household. Economy and the welfare of Mother, head of Doctor bills, by always keeping in the house a bottle of Dr. Bosanquet's Cough and Lung Syrup. Stops a Cough instantly, relieves Consumption, cures Croup and pain in the Chest in one night. It is just the remedy for hard times. Price 50c, and \$1. Samples free. Sold by Ad. Bakhaus & Co.

Women with pale, colorless faces, who feel weak and discouraged, will receive both mental and bodily vigor by using Carter's Iron Pills, which are made for the blood, nerves and complexion.

The removal of Prof. Sanborn of N. H., after being pronounced incurable by a score of physicians, from Las Vegas, N. M., to his home, was effected by administering Dr. Hartner's Iron Tonic, which has restored him to his former good health.

Young Men—Beware! The Voltaic Belt, of Marshall, Mich., offer to send their celebrated Electro-Magnetic Belt and other Electric Appliances on trial for thirty days, to men (young or old), afflicted with nervous debility, loss of vitality and manhood, and all kindred troubles. Also for rheumatism, neuralgia, paralysis, and many other diseases. Complete instructions to health, vigor and mental concentration. No risk is incurred as thirty days trial is allowed. Write them at once for illustrated pamphlet free.

"Distance lends enchantment" to our best friend when that friend has a bad temper. Dr. Carpenter's "Caloric Resolvent" will speedily sweep the worst breath and make a sweeter, more agreeable jolly in its stead. Sold by J. B. Brown.

Pawning Her Boy's Clothes for Medicine. A poor woman in Wales, whose boy had been very ill for several years, had resorted to pawn her means to pay for medicine. At last the doctors gave him up and said he must die. He suffered so terribly with rheumatism that he could not be moved. One day some one told her about the Mount Lebanon Shakers. The evidence of the curative power of their Extract of Roots was so convincing that she pawned the poor boy's clothing to buy a bottle of the remedy (Siegle's Syrup), but she now feels proud that she did so, for it was the means of curing her son.

The Shakers say that this was the result of indigestion, and that the medicine cured the dyspepsia, and that the rheumatism was only a symptom of the real disease. For only a syringe of the real disease. For only a syringe of the Shaker Tar Capsules are strongly recommended.
