

CITY MATTERS.

Mrs. Oscar Martin went to Cincinnati this morning. J. H. Voseh, traveling freight agent of the C. M. & St. P., is in town. The Old World Gem Co. arrived this noon and is quartered at the Arcade. Daniel Hackenberg pleaded guilty this morning to keeping a ferocious dog and paid \$1 and costs. Deacon Thomas Tracy, of Windsor, Mo., is visiting relatives in this city—among them the Nicholases and Hoffords. Port Limon bananas are the best that come to this market for table use. Burns & Laferly have the sale of these bananas here. Dr. F. C. Runyan, of this city, was elected Vice President of the Mad River Valley Dental Association, at Dayton, the other day. A number of I. B. & W. officials are in the city today. Among the number are notified the names of Duress, Wilson, Henderson, Dehl, Robinson and Woods. MARRIED: May 20, 1885, at M. E. parsonage, Yellow Springs, O., by Rev. A. Hamilton, Mr. James E. McClure and Miss Kittie C. Myers, both of Clark county, O. Rev. H. W. Tate returned today from Marion, O., where he has been holding quarterly meeting for his presiding elder. He reports the fruit and grain crops up there quite favorable. One night recently a raid was made on door yards on Ellsworth street by flower thieves, who ruthlessly stripped beds, urns and trellises of their floral ornaments, some of which were destroyed. A. L. Duffy, an employe of the Springfield Engine and Thresher Co., had the ends of three fingers taken off yesterday afternoon. The damage was done by a machine called the universal wood worker. E. A. Morgan, of the Gazette, left this morning for the Magnetic Springs. After several days at the Springs he will start for a trip on the lake, expecting to be absent from Springfield about two weeks. Dr. Charles Ludlow, of this city, was elected first Vice President of the Ohio State Pharmaceutical Association, at its annual meeting at Sandusky. Mayor DeWitt welcomed the delegates in a neat little speech. Mr. and Mrs. Crosson, with the Misses Graham and Smith, arrived from Ireland this morning at 2 o'clock. Mrs. James Crosson prepared a comfortable home for his parents, in which their many friends wish them joy. James Malignan, a 16-year-old boy living on Lagoda avenue, was arrested this morning for disorderly conduct. James was very busy for awhile today tearing up his sister's clothes, and by other like actions endeavoring himself to his family. The judicial convention, announced for June 16, at Morrow, has been postponed until July 20, according to a letter received by John W. Parsons this morning. The original appointment conflicted with other interests in some of the counties. Mr. Nate (N. G.) Hamilton, of N. G. Hamilton & Co., 345 Superior street, Cleveland, is in the city arranging for the establishment of agencies for the sale of the Hon. S. S. Cox's new book, "Three Decades of Federal Legislation," which is to be the great literary work of the author's life. It will be undoubtedly the leading book of the year. Mr. Cox is a very graceful and interesting writer, and his account of American politics for thirty years past—written by a Democrat—will have great historical interest and value. We have already alluded to the book in the editorial columns of the paper. President Cleveland, Hon. James G. Blaine and Ex-President Hayes commend the work highly in autograph letters, which have been lithographed. Decorations and Furniture for the Wigwam. The Executive Committee met last night and heard reports from several of the sub-committees. Mr. Frank McGraw, of the committee on printing, reported that blanks for the use of the convention had been secured from Major Brown, of Columbus. Bids for furnishing ribbon were read. It was decided that in place of tickets for the alternates as was at first proposed, they should be furnished blank the same as the delegates. It is estimated that 500 yards of ribbon will be required to make such badges. Mr. Miles reported for Committee on Furniture and Decorations. He had found 1,200 chairs in the city which can be secured for use of the convention, with a good prospect of getting 300 or 400 more. These, together with the 1,200 at Dayton, will make enough. Negotiations with Cincinnati firms are therefore at an end. In regard to decorations the contract for decorating the wigwam was let to the Springfield Seed Co. for \$350. They are to decorate the building in the best style, using new materials and will work under direction of the Building Committee. The Executive Committee adjourned to meet again Friday night. Second Lutheran Church. A congregational meeting was held after prayer meeting in the Second English Lutheran church, Clifton and Boler streets, last evening, to consider the selection of a site and purchase of a lot upon which to erect the new house of worship. After discussion and comparison of views the Council was authorized to purchase the Lupter lot, southwest corner of Pearl and Clifton streets, two squares west of the present location. This lot is ninety-five feet on Clifton and seventy-five on Pearl street. The Bower property, next west on Clifton street, was also purchased, or is to be by action of the meeting. The edifice will front, or rather the gable will come on Pearl street, but the tower, in which are to be the entrances will be midway the house on Clifton street, so that in one sense there will be two fronts. Plans for the building have not been decided upon yet, but this will be the next step, to be taken immediately, and it is the expectation to complete the building ready for occupation this year. The sum of \$5,000 is already subscribed, and the property now occupied is worth at least \$3,000, and will be sold. The selection of the location named was by a unanimous vote of the congregation. To show the rapid growth of the new organization, it is only necessary to state that there were 310 present at Sunday school last Sabbath. Congregations average about 300 at regular church services. In accordance with the resolution passed in Council Tuesday night the hay and wood wagons are now to be found on Columbia street between Market and Limestone.

The Late Charles M. King Esq. There was a fair attendance, chiefly of younger members, at the meeting of the Bar in the Common Pleas court-room this morning at nine o'clock, to hear reports of committees appointed in view of the death of Chas. M. King Esq., a member of the Bar. The committee on resolutions presented the following, which were adopted, after some eulogistic remarks by the chairman, Hon. J. K. Mower, in whose office the deceased studied law, and W. M. Rockel Esq., who as President of the Building and Loan Association, had been personally and intimately associated with the deceased: Whereas, Death has removed from this bar our late brother, Charles M. King, we desire to express our deep regret at the sudden and unexpected end of his life. We shall remember him as one who was exemplary in his habits, ever kindly and courteous in his intercourse with others, studious in his profession, faithful and attentive in the transaction of business, honorable in all his affairs, and brave and manly in the battle of life against adverse circumstances. Resolved, That we deplore his departure from this earthly sphere so early in the period of his young manhood, with the prospect of many years of usefulness to others and honor to himself, and we deeply sympathize with the members of his family in their sorrow at his death. Resolved, That as a token of respect for our deceased brother we will attend his funeral service. Resolved, That a copy of these resolutions be furnished to his family and that we respectfully ask his Honor Judge White to order the same spread upon the minutes of the Court of Common Pleas of this county. F. M. HAGAN, FLETCHER WHITE, JOHN L. ZIMMERMAN, Committee.

Bradley, of Dayton; vice president, Dr. F. C. Runyan, of Springfield; secretary and treasurer, Dr. L. C. Adams, of Dayton.

Mr. Rockel, in his remarks, spoke of the energy and determination shown by M. King in overcoming difficulties and preparing himself for the profession, expressing the belief that, had his life been spared, he would eventually have risen to prominence therein. Mr. Barnham reported that upon consultation with the family of deceased the following-named members had been selected as pall bearers: Luther Young, Wm M. Rockel, W. R. Horner, M. T. Barnham, Geo. Board and Frank Rittmeyer. The meeting then adjourned, and upon opening of court the resolutions were presented by the secretary, Chase Stewart, Esq., with the request they be spread upon the minutes. The Court made an order to that effect and then adjourned court for the day out of respect for the memory of the deceased.

Central Ohio Electric Medical Association. The members of the Association held their regular monthly meeting in the Lagoda House parlors, yesterday afternoon. The members present were Dr. Russell, Austin, Dillahun, and Miranda, of this city; Dr. Cole, of Lagoda, Dr. Long, of Westville, Dr. Boyer, of Catawba, Dr. Keppier, of London, and Dr. Nesbitt, of Trenton.

Dr. Dillahun brought before the Association a case of hernia with partial development of hydrocele. The case was the subject of a lengthy and interesting discussion. The question of getting up a "black list" for the use of the members of the medical profession in this neighborhood was brought up and it was decided that such a list should be made up of three classes of "black sheep," those who are slow to pay, those who can be made to pay and those who are dead beats beyond all redemption. Drs. Austin, Russell and Dillahun were chosen to consult with the Clark County Medical Association on the subject. It is proposed to exchange lists with the association so as to get the benefit of both. This list is to be for the protection of the medical fraternity, and will be strictly confidential, no exposure of the names hereon to be made.

Arrangements were made for the meeting of the State Electric Association, which will be held here June 9 and 10. About 100 members are expected to attend. A contract was made with the proprietor of the Lagoda House for a banquet on the night of the 9th. This banquet is given by our home association to the members of the State association. The banquet will be gotten up in the best style, the bill of fare to include cold meats of all descriptions, ice cream, berries, fruits of various kinds, wines and punches of many varieties; in short, all the delicacies of the season. Most of those who attended will probably leave on the evening of the 10th.

Dr. Russell, Miranda, Keppier, Nesbitt and Dillahun were appointed delegates to report at the State meeting the condition and present status of our home association. Dr. Russell was made chairman of the delegation. The association then adjourned until July, there being no meeting next month on account of the presence here of the State association. Two colored men entered a yard on Jefferson street about 10 o'clock this morning and appropriated unto themselves some clothes that were hanging on the line. Mr. Neal, the owner, saw the thieves when they took the clothes and pursued them up the Little Miami R. R. several blocks, but did not succeed in catching them or making them drop their booty. In accordance with the resolution passed in Council Tuesday night the hay and wood wagons are now to be found on Columbia street between Market and Limestone.
