

CITY MATTERS.

James Boyle, of the Commercial Gazette, is in town to interview prominent members of Dr. Leonard's church.

The pastors of the city, with their families, are enjoying a basket picnic today on the campus of Wittenberg College.

Jerry Hunt left for Chicago last evening to accept the position of Traveling Passenger Agent, of the Chicago & Alton road.

Ed Peters pleaded guilty in Mayor's court yesterday afternoon to the charge of stealing chickens and was fined \$5 and costs.

There will be preparatory services in the First English Lutheran church this (Friday) evening at 8 o'clock. Preaching by Prof. Hoskinson.

Mrs. Dr. L. M. Potter entertained a small family party last evening at her residence on East High street, in honor of Mrs. Clements, of Cincinnati.

MARSHED—Taylor—Russell—At the First Baptist parsonage, July 8, by Rev. A. L. Wilkinson, Harvey Edward Taylor and Miss Ida M. Russell.

About 5 o'clock this morning a keg of beer, left by the beer-wagon in front of Jas. King's saloon, on West Main street, was carried off by parties unknown.

The exhibition of the Nellie Burke Combination was greeted by a greatly diminished attendance at the Fair Grounds yesterday afternoon and the concern failed to pay expenses.

The earnings of the Indiana, Bloomington and Western for the month of June were, \$107,063.64; freight earnings, \$90,808.45; passenger earnings, \$69,185.05; miscellaneous, \$13,510.14.

Harry Fuller, the man knocked down by "Skinny" Boyer, last Thursday, in front of Turziler's saloon, in the West End, came up to testify against Boyer this afternoon, and was arrested by the Marshal for disorderly conduct.

"Squire Stout" this morning rendered his decision in the suit of the Hanika Iron Fence Co. vs. Charles Woods, to recover the money deposited with Woods by S. G. Clarke. He decided that Woods is responsible to Clarke, who made the deposit.

The following cases were disposed of by the Mayor this afternoon: T. Rogers, drunk, \$2 and costs; Martin Moran, disorderly, continued; Ed. Johnson, common thief, continued; Dr. Campbell, taxi driving and cruelty to animals, \$5 and costs.

Joseph Mackart, Charles Fick, Mrs. Fick, and Mrs. Frederick Hahn were arrested at East Springfield on a State warrant this morning by Marshal Hughes. Robert Fick charged them with habitually stealing wood from Fick's woods at East Springfield.

J. H. DeHaven, or whatever the scamp's name is, who eloped with the Allen girl from Rising Sun, Ind., was arrested in Cincinnati yesterday and will be taken back to Rising Sun. He has no "wife and family in Springfield, Ohio," as was published yesterday in newspaper accounts of the affair.

The Government Building Commission met for a few minutes yesterday afternoon at J. W. Bookwala & Co.'s city office, to listen to the instructions read by Chairman John Kinnean, and adjourned until July 26, when they will meet to open the sealed proposals, the advertisement for which will be found in another part of this paper.

Chas. Becker, a disabled veteran who has recently recovered from long illness sufficiently to bear removal to the Soldier's Home, wishes the Globe-Republic to express his thanks to Mitchell Post, G. A. R., for their care of himself and family during his own and his wife's protracted illness; also to Dr. J. O. Davy for medical attendance.

A young workman in the blacksmith shop of the East street shops, named John Wilson, residing on Winter street, had three fingers of his left hand crushed under a trip hammer this morning while trying to extricate a bar from the hammer. The middle finger was broken at the joint and will probably always be stiff. Dr. C. W. Dunlap was called and dressed the wounded hand.

The reunion of the 110th O. V. I. was fixed at the last meeting for August 6, 1885, at South Charleston, and a meeting of comrades is called by President B. B. McCollum for July 14, at South Charleston, to make arrangements. As the day selected is one of those on which the G. A. R. Encampment will be held here, it would seem best to transfer the 110th reunion to this city.

A fine Winchester rifle was stolen from J. Elder on the I. & A. W. train which left for Sandusky at 2:35 this morning. Mr. Elder deposited the gun with the rest of his baggage in the car while it was lying on the side track, and then left the car for a few minutes. When he returned the gun was gone. It was reported to the railroad officials last night and by them to the police this morning, but no trace of it has yet been found.

The Dayton blacksmith who sent Blaine a horse-shoe during the last campaign as an expressive souvenir of good-luck, has sent one to Leonard, but with the following explanatory letter, which is a very delicate hit at the "Hon." gentleman:

HON. A. B. LEONARD—Sir: I send here-with one of my hand-made, non-interfering shoes. As you know, the horse-shoe is an emblem of good luck, and as I now am a staunch Republican, I desire that party's success. I send you the non-interfering sort, hoping that you will be able to find a shoe in the gift. I sent an interfering shoe to Blaine last year, but this year I have changed my tactics, and send you a non-interfering kind. Respectfully, J. BYRNE.

The Cincinnati Enquirer has reports of interviews with Rev. Dr. Reed, of St. Paul's M. E. church, Rev. E. H. Cherrington, of St. John's M. E., and Rev. Dr. Baylis, editor of the Christian Advocate, and these gentlemen, in the language of the Enquirer, "speak kind words for Dr. Leonard, but cannot vote for him." Dr. Baylis said that Leonard "was a conscientious, good man, but that he would have to vote for Judge Forsaker. He was afraid, however, if the Prohibitionists received twenty-five or thirty thousand votes, it would result in an advantage to Democracy. His only consolation was that, in his opinion, many Democrats would vote the Republican ticket."

METHODIST PROTESTANT MISSIONS.

Work of the Board of Home and Foreign Missions in Annual Session at the Pleasant Street Church.

The Board of Home and Foreign Missions of the Methodist Protestant Church has finished its annual session of two days, at the Pleasant street church, and all the members attending have departed for their homes. There were present ten of the thirteen members of the Board as follows: Rev. T. B. Graham, of Bellbrook, President; Rev. C. S. Evans, of Springfield, Secretary; Rev. C. H. Williams, of Springfield, Treasurer; Rev. Dr. G. B. McKroy, of Adrian, Mich.; Rev. W. Bates, of Washington, D. C.; Rev. O. V. W. Chandler, of Tiffin; Rev. A. H. Widney, of Weldon, Ill.; Rev. W. W. McCallin, of Franklin, Indiana, and Mr. William White, of Cincinnati. Rev. F. F. Tagg, Corresponding-Secretary of the Board, was detained by illness at his home at Baltimore. The time of the session was almost entirely occupied with routine work, listening to the reports of officers and missionaries, stationed in foreign countries and throughout the southern and western states and territories. All these missions reported very encouraging prosperity and progress in the work. The Board appropriated \$20,000 for the work, which is to be raised and expended during the ensuing year. They decided to divide the mission school at Yokohama, Japan, and give the control of the girls' department over to the Women's Foreign Missionary Society. Rev. F. C. Klein, of Baltimore, was re-elected Superintendent of Foreign Missions with headquarters at Yokohama. The board decided to send another missionary to Japan as soon as a suitable one could be selected for the duty. On Wednesday evening a public meeting was addressed very eloquently by Rev. T. H. Oshower, of Pittsburg.

The next meeting of the Board will be convened at the same place on the first Wednesday in July, 1886.

Real Estate Transactions of the Past Year.

Capt. S. A. Todd, county recorder, has completed his report of conveyances, cancellations, etc., in Clark county for the year ending June 30, 1885, for transmission to the Secretary of State. It shows the following state of things in the real-estate market: Number of deeds recorded 1,992, as follows: Sales of land, 360; of town lots, 21; city, town and village lots, 579; one dollar consideration lands, 130; number acres town lands, 64, amounting to \$9,000; county lands sold, 8,290 acres at an average price per acre of \$71.50; total consideration under deeds recorded, \$1,351,288.50, of which \$714,229.17 is for city, town and village lots.

Number of mortgages on land recorded, 200, securing \$463,356.52; number of mortgages on city, town and village lots recorded, 862, securing \$765,593.68; total number of mortgages recorded, 1,062, amount secured, \$1,218,950.20; number of mortgages on land canceled, 290, releasing \$413,357.33. Number of mortgages on town lots canceled 668, releasing \$497,996.49. Total number of mortgages canceled 958, releasing \$911,253.82.

Number of leases of lands recorded 13; amount of consideration on same \$19,275. Town acres, one lease with \$5,000 amount of consideration. Number of leases of city, town and village lots recorded 52; amount of consideration \$77,680. Total amount of leases recorded 65; amount of consideration \$96,955.

For the preceding year the number of deeds recorded was 1173 covering \$1,921,174.88 worth of property; a decrease this year of 171 in number of deeds recorded and of \$569,276.33 in amount. The average value per acre of lands sold has dropped \$5.94. For the year 1884 the number of mortgages recorded was 1,130, securing \$1,421,270.93, and the number canceled was 961 releasing \$1,098,318.08. The decrease in amount released is \$497,054.87. On the whole the showing for the year 1885 is considered not unfavorable, in view of the prevailing business depression.

Mitchell Post Meeting.

There was an unusually large turnout at the meeting of Mitchell Post, No. 45, G. A. R., last evening, at which one recruit was mustered, two more elected and four applications received and referred. The boys were taken by surprise when it was announced that the revised by-laws were in print, ready for distribution, and there was a great rush for copies.

Department Commander Brown's general order as to Grand Army Day was read. The points therein have already been published in these columns in reports of action by the Executive Committee at their meeting. It was reported that some arrangements were yet to be made for the entertainment of visiting members of the Women's Relief Corps and the matter was referred to the Executive Committee. It is probable a special sub-committee will be appointed on this subject. J. W. R. Clark, chairman committee on hotels, etc., has a letter from President Mrs. Myers asking that accommodations be reserved for herself.

After the Post adjourned the committee on camp privileges, etc., met and arranged to advertise immediately for proposals from restaurants, refreshment stands, etc., on the camp grounds. The notice appears elsewhere in this paper. It should be borne in mind that these proposals cover the right to furnish meals during the two or three days to the thousands of veterans in camp as well as to visitors. Some applications are already in hand, and bidders should send proposals as soon as possible to Ira W. Wallace, chairman of the committee.

The Finance Committee, including ward solicitors, meet this evening for consideration and to arrange for beginning work. Old soldiers who have been elected to Mitchell Post should present themselves for muster before the encampment begins. The Post meets every Thursday evening.

The Little Gales.

The Gale family at St. St. Paul's church last evening gave as good an entertainment in elocutionary exercises as was ever given in this city. The exercises opened with an excellent piano solo by Master Harry Leuty. "Jude Browning's description of Reuben's Piano playing." "The Newboy of Fulton Ferry." "How the Pa-son's Horse won the Bet," were creditably rendered and well received. "Aunt Jeannina's Courtship," and "Widder Green's Last Words," rendered by Kitty Bee, was comical. Master Paul is simply a phenomenon as "The Newboy," and as "Little Ah Sid," the Coelestial he was immense. The entertainment was well attended and considered a success.

Woman's Province.

THE DUTIES OF THE GENTLER SEX—HOW BEST FULFILLED.

What a great task is assigned to woman. Its dignity cannot be elevated. It is not her province to make laws, to lead armies, nor to be at the head of great enterprises, but to her is given the power to form those by whom the laws are made, to teach the leaders of mighty armies and the governors of vast empires. She is required to guard against having the slightest taint of bodily infirmity touch the frail creature whose moral, intellectual and physical being is derived from her. She must instill correct principles, inculcate right doctrines, and breathe into the soul of her offspring those pure sentiments which in time come to be a part of themselves, and bless generations yet unborn. Yes, to woman is given the blessed privilege of aiding the sufferer in all the various stages of his existence. She smiles serenely at the christening, and rejoices at the burial, while she soothes the bereaved heart. It is her province and duty. Yet how can she fulfill her mission unless possessed of a strong and healthy body? The preparation of Dr. S. H. Harnam, and known as PERUNA, is just the thing for persons suffering from a majority of the complaints incident to this climate. It is invaluable to women, and Mrs. J. W. Reynolds, of New Lisbon, Columbiana county, Ohio, is a noted example of what the medicine can do. She says she has suffered for years with congestion of the lungs, catarrh in the head, and was troubled with a bad cough. She had tried a number of physicians, but they all failed to give her any relief, and she was induced to try PERUNA, and immediately a marked change took place. After using one bottle her cough ceased and in a short time her other ailments were cured. She is now completely restored to health, and she gives all the credit to PERUNA. Mr. J. W. Reynolds, her husband, was a confirmed invalid. He could not sleep well, neither could he work. He used PERUNA, and as a result, was completely restored to his former state of health and strength. He says he now feels like a new man.

Mr. Bernhard Sebbs, St. Clair, St. Clair county, Mich., says: "I have thoroughly tried your PERUNA in the various diseases to which parents are liable, and I find it in every case to be just the thing needed. No family can be honestly without it." Nancy Fetterman, Cookport, Indiana County, Pa., says: "Gentlemen: Your valuable PERUNA is the best medicine I ever used."

Training of Teachers.

The Toledo Post correspondent at the Ohio Teachers' Association meeting at Chautauque, sends the following abstract of Supt. W. J. White's paper on "Normal Training as a Preparation for Teachers." White's paper on "Normal Training as a Preparation for Teachers," read Tuesday before the association. Supt. W. J. White, of Springfield, then read an able paper on "Normal Training as a Preparation for Teachers." There is a growing conviction, he said, in the minds of the best people that the public schools must be in charge of trained teachers. Teachers who can teach. Prudence and self-protection demand professional training. Experience is a slow and costly way of learning. It is as much the duty of the teacher to know his way as it is of the pilot to guide his bark. Most of the leading cities have normal training in successful operation, yielding rich returns in the conduct of the schools of those cities. The evil of inexperience retard the progress of schools. Our public schools do not and cannot of themselves furnish teachers ready made for the school. The immutable truths and principles of the problem of education have been given by them and studied, and understood. Sound judgment, quick decision and skillful tact are qualities to which the raw teacher is often an entire stranger. He would not substitute theory for experience, but he would improve experience by study of good theory. He would place pupil teachers under skillful guidance, under trained teachers and kindly, helpful criticism. He would put the standard of admission to the training department very high, and call out those who show no aptitude for teaching. He would do for the protection of the schools—or rather of the children, who now suffer that teachers may gain knowledge through experience.

The Market Street Crossing Matter.

Council has several times ordered the P. C. & St. L. railway company to plan the crossing at Southern avenue and State street. The railroad people urge that, as the city has never secured right of way across the tracks at that point, the company is under no obligation to comply with the order. They made it a condition that right of way should be given upon granting of permission to change tracks at Market street as desired, which was not given. The city will be obliged therefore to go to the expense of condemning the right of way. There was a report yesterday that the company was fencing up both streets at the crossing, but it was incorrect. Manager McGee, of the P. C. & St. L., says that the laying of tracks at Market street, as proposed under the plan prepared by himself and submitted to Council, would decrease the amount of switching now necessary to be done there from one-third to one-half, and that if a better plan can be prepared by any local engineer he will accept and adopt it. He is thoughtful possible the matter will come up again in some shape at some time in the near future.

Gun Club Meeting.

The Springfield Gun and Fishing Association met at Slack's gun store last evening with President "Bussy" Wilson in the chair and seventeen members present. One name, proposed for membership, was rejected on the ballot, though favorably reported by the committee. On motion of Lieutenant Kirkpatrick, Mr. Weller was elected an honorary member by acclamation. Messrs. Kirkpatrick, Warder & Perrin were appointed a committee to write to the Logoska Clay Pigeon Company and negotiate a change of the traps which the club now has for the regulation traps used by the National Association.

Looking Over the Ground.

The first N. Y. P. & O. train to pass through Springfield was the special which arrived here from Dayton at 12:45 this noon, having on board Charles Payne, of Cleveland, General Superintendent; A. N. Tucker, of Galion, Division Superintendent; Daniel Ryan, of Dayton, Road Master, and Cyrus Latimer, of Cleveland, Chief Engineer, all officers of the N. Y. P. & O., who are making a tour of inspection over the line. The train had only the one car, which is a complete dwelling-house with all the modern conveniences. After a brief consultation with J. H. Wilson, General Superintendent of the I. & A. W. officials, about the change to be made in the time card, they continued their trip to Galion. It is not expected that the N. Y. P. & O. train will run through town before next Wednesday, July 15.

HOUSE AND PARSONS.

English miles long. It has been given in addition a large practice ground, with every facility of training recruits. Here the latter are taught laying sleepers, rails, and telegraph wires, destroying and repairing lines and engines, in fact every kind of railway work, and bridges have been built to train men in the repair of broken arches, etc., and destroyed railway works of every kind. The regiment has an ample supply of rolling-stock of engines, passenger carriages, good vans, trucks, etc. There is thus every facility for training men to act as porters or unskilled workmen in the loading and unloading of wares and other stores, and teaching non-commissioned officers and privates engine driving, the care and repair of engines, the duties of firemen, pointmen, slingers, etc., and finally the duties of railway guards or the management of trains and regulation of traffic. The strength of the Railway Regiment, large as it is in peace, would be enormously increased if mobilized for war. Before the second battalion was raised Paris and Heidelberg put the strength of the German Railway Corps, when mobilized for war, at eight companies of artificers, four traffic companies, and two companies of unskilled workmen (Bau-Regiment, Arbeiter-Compagnien). This has, of course, been very much added to by the creation of the second battalion in 1875, and we should not be much out if we reckoned on these numbers as now doubled, certainly as regards the traffic companies. The Army and Navy Quarterly.

King Cases a Kick.

The feelings of the Democracy are again harrowed up painfully by the appointment of W. M. King of this city to a \$2,000 place under Commissioner Colman. The Enquirer's Washington correspondent says: "And now comes another Ohio man to destroy the equanimity of Democratic hopes. A few days ago W. M. King was appointed by the Commissioner of Agriculture Chief of the Seed Division of the Agricultural Department. The place is worth \$2,000 a year. While King is a competent man, it was hoped a Democrat would get this place. He does not claim to be a Democrat. He is not a mug-wump. He is not a Republican. He did not vote for Belva Lockwood. He did not vote for Blaine. The reason is obvious. Mr. King is a Prohibitionist, and does not deny it. Hence he doubtless voted for St. John the Slick. To keep the step of his conscience nicely balanced Mr. King's next vote for Governor of Ohio will be for a man named Leonard."

A Correction.

To the Editor of the Globe-Republic. Please give room in your columns for the correction of a false, as well as uncalculated statement, made with reference to myself in Thursday's issue of your paper.

Under the title of "An Honor Well Bestowed" the gentleman of the trade of keepers of saloons," and returned to his native country. "I consider the language to be the chief charm of all America," he says. "Now, if I were to write my book in my own language, my people, having it read, will know my own language better than I do. The American language; but if my book I write in English they perceive the beauty, the eloquence and all the nobleness, as the Americans would say, of the language which I did learn, and which they will desire to learn, from the lips of the natives."
