Telegraphic Accounts of Occurrences, Catastrophes and Events from All Over the World.

Two Men Killed at Palatine Bridge, New York.—Ocean Steamship News. Reported by the New York Herald—Other News.

By the Associated Press. ALBANY, N. Y., Nov. 15.—An engine on the New York Central railroad, drawing a freight train, exploded this morning near Palatine bridge. Fireman Slinger was killed and Engineer Mitchell perhaps fatally hurt.

FIGHTING FOR BLOOD. Duncan C. Ross and Sergeant Welch Crossed Swords in Earnest—The Police Intervene.

NEW ORLEANS, Nov. 15.—A broadsword contest took place here yesterday. The first fight was between a recent Maguire, an Englishman, and Seor Nerica, a Spaniard, who had won quite a reputation as a swordsman in his own country and Mexico. Maguire won eight bouts out of thirteen, and was declared the victor.

Duncan C. Ross and Sergt. Welch were then pitted against each other. Welch won the first two bouts, but in the second received a stroke on the bridge hand that laid the back of it wide open. This enraged Welch, and as soon as his hand was dressed he remounted and yelled to the trumpeter in an angry voice to sound the charge. When this was done he rushed at Ross, but before the horns came together he vaulted from his saddle and attacked his adversary on foot in a manner that showed that he meant business. He slashed viciously at Ross's legs, and stabbed vigorously at the unprotected parts of his body. Ross, who was not prepared for this, assumed the offensive. Rising in his stirrups he rained heavy blows upon Welch's guard, beating it down, and with tremendous blows on the helmet, brought the footman to the ground. He sprang up, however, and renewed the attack as madly as before. The Scotchman was again beating him down, when a policeman rushed up and seized the American from behind, driving him to the ground. This ended the fight, the victor being the Englishman.

Ross fought Maguire and cut him to the bone, and the Englishman gave up the fight.

IT WAS A BOMB. Louis Lingg Led a Gas Pipe Bomb and Not a Fulminating Cap.

CHICAGO, Nov. 15.—It has been settled that Louis Lingg killed himself with a dynamite bomb and not a fulminating cap, as was at first supposed. His cell was given a thorough overhauling yesterday, for the first time since his suicide. In order to put in shape for other prisoners. During the search scattered pieces of gas pipe were found, showing conclusively that Lingg had exploded a dynamite bomb in his mouth, and not a fulminating cap. One of these pieces is over an inch long and appears to have been torn longitudinally from a larger piece by an explosion. The remains are in the possession of Sheriff Matson, who has a souvenir of the most desperate man under his charge. The condition of the walls of Lingg's cell also bear out the theory that a bomb was used by him.

The Haddock Murder. STONINGTON, O., Nov. 15.—The second trial of John A. Haddock, under indictment for the murder of Rev. George C. Haddock on August 3, 1886, was called in the District court yesterday. The court-room was well filled with interested spectators, though the weather was not very propitious. The prosecution was conducted by the late S. M. Marsh, county attorney; the defense by the late S. M. Marsh, county attorney; the firm of Hubbard, Taylor & Spaulding of this city and M. C. Bunker Fox, Boston. The defense is in the hands of O. C. Trevelyan of this city, G. W. Argo, of Lennox and W. W. Erwin, of St. Paul.

Gigantic Fraud. NEW YORK, Nov. 15.—The Herald of this morning devotes a page to an article about the "Arrow Steamship company," organized about a year and a half ago with a capital of \$1,000,000 to build a fleet of ocean steamers to "revolutionize the navies of the world." It was claimed that the new vessels will run to Liverpool in five days. The story is over an inch long and appears to have been torn longitudinally from a larger piece by an explosion. The remains are in the possession of Sheriff Matson, who has a souvenir of the most desperate man under his charge. The condition of the walls of Lingg's cell also bear out the theory that a bomb was used by him.

The Chicago Anarchists. CHICAGO, Nov. 15.—It is announced that the American anarchist revolutionaries will join forces and assume the responsibility for providing for the families of the dead anarchists, and a permanent fund will be started for that purpose. It is intended to make this organization national in extent. There is another object in establishing this fund. One of the leaders yesterday said he expected it would be more money required for purposes of defense.

Against Sunday Papers. PITTSBURGH, Nov. 15.—At a meeting of the ministers resolutions were adopted unanimously denouncing Sunday newspapers and protesting against their publication, sale and reading on the Sabbath day; also entreating all lovers of social order and their postage to withdraw from such papers and threatening to appeal to the authorities to have them suppressed.

The resolutions were sent to the ministers of Ohio and a request that similar action be taken.

Schwab and Fielden Put to Work. JOLIET, Ill., Nov. 15.—Michael Schwab and Samuel Fielden, the anarchists, were taken out of court solitary yesterday, looking hearty and bright, and were put to work. Schwab was put in the convict kitchen, where his work will be to help peel potatoes, chop hash and prepare the convicts' food. Fielden was assigned to the cut stone department.

Short Time to the Pacific. CHICAGO, Nov. 15.—The managers of the Northern Pacific road have decided to shorten the time between St. Paul and Portland on Sunday, making the west bound trip in three days and three hours, shortening the time 21 hours. The east bound trip will be shortened 17 hours.

Henry M. Stanley. LONDON, Nov. 15.—Private telegrams have been received stating that on October 7 Henry M. Stanley gave four hundred miles from East Pacha, and that he was taking his last force on forced marches.

New Jersey Central. PHILADELPHIA, Nov. 15.—The Engineer says: The re-organization of the New Jersey Central railroad is practically accomplished. It will be taken out of the receiver's hands January 1.

Hydrophobia. NEW YORK, Nov. 15.—Charles Cavanaugh, a porter, is lying at the Chambers street hospital, suffering from a genuine case of hydrophobia. He was bitten by a dog October 8.

Not to be Taken Off. CHICAGO, Nov. 15.—Vice-president Potter, of the Union Pacific, says the fast train will not be taken off.

NATIONAL FARMERS' CONGRESS.

Report of the Second and Last Day's Proceedings by Commissioner Rawlings. To the Editor of the Republic:

CHICAGO, November 12. The second day's session of the National Farmers' congress was called to order at 10 a. m., and the committee on resolutions (consisting of one member from each state, and to whom all resolutions were referred) made a partial report. The resolution recommending that the government should have charge of the telegraph lines was unanimously adopted. Also a resolution was adopted recommending certain changes and amendments to the Interstate Commerce law in order to make it more effective. The legislatures of the different states were recommended to adopt a maximum freight bill so as to limit the rates of local transportation. A resolution looking to the eradication of pleuro-pneumonia and for protection against tuberculosis was unanimously adopted.

The sorghum sugar industry promises to become one of the most important and productive of the agricultural industries in the United States, and appropriate resolutions were adopted with reference to the experiments conducted under the auspices of the government.

Prof. W. H. H. Lupton, of the Alabama Agricultural college, read a very instructive paper on "The relation of Science to Agriculture." In the afternoon, Hon. Thomas Dudley, of New Jersey, delivered an address on "Protection to American Farmers." This was a very able and exhaustive argument in favor of protection to American farmers, and in favor of protection to American manufacturers and all grades and classes of American industries.

LAGONDA LACONICS.

Items of Interest from Springfield's Lively Little Suburb.

Miss Hattie Hatfield, of Mechanicsburg, is visiting friends here.

Mr. and Mrs. Rice, of Sonora, Montgomery county, visited Rev. C. J. Burkert on Sabbath.

The Ladies' Aid society will meet on Thursday afternoon at the residence of Mrs. D. C. Lawrence.

The Young Ladies' Mission band, will meet on Saturday afternoon, at the residence of Mrs. D. C. Lawrence.

The Gleasons' Band will meet at the church on Friday afternoon, at 4:30. All the members are urged to be present.

Mr. T. N. Turner has sold his most store, on Lagonda avenue, to A. H. Tamm, who will continue business at the old stand.

On Friday evening, the presiding elder, Rev. S. W. Keister, will preach, after which the quarterly conference business session will be held.

Mr. Heaton Jackson and wife, of Ada, Hardin county, brother of John M. Jackson and Mrs. W. H. Berger, have been visiting here for a few days.

On Friday morning Miss Jennie Neal, entering her college class at her residence in this place. There were seven couples in attendance, and a very enjoyable time was spent.

The sick of the community are all improving, except Mrs. W. H. Berger, who is very low—her death being expected at any moment. Mr. Berger is still confined to his bed.

On next Sabbath the first quarterly conference service will be held, conducted by Rev. J. H. Millholland, of Dayton, a very able minister of the gospel. He has never before visited Lagonda with a visit. "Come and hear him."

MATRIMONIAL MATTERS. Rumors of the Approaching Marriage of several Well Known Springfield People.

Matrimonial affairs are becoming decidedly interesting in Springfield social circles. Madeline Rumor has announced the marriage of several couples well known in Springfield society.

THE ASSOCIATED CHARITIES.

The Annual Meeting Monday Night Poorly Attended, But of Much Interest and Importance.

The Financial Statement of the Treasurer—List of Officers and Directors and the Routine Business Transacted.

The threatened meeting of the weather Monday evening and the fact that a monster meeting of the same nature had been recently held, made the attendance upon the annual meeting of the Associated Charities at the First Presbyterian church very small.

The public does not seem to realize, or else is indifferent to the fact, that all who make contributions in any manner to the charities during the year, thereby become members and are entitled to a vote on the important matter of electing the trustees. Let the fact be borne in mind in the future.

Mr. John Foss was elected chairman of the evening, in the absence of Dr. Getwold, and city clerk, J. S. Shewalter, secretary.

Mr. J. G. Benaick, treasurer of the Associated Charities, presented his annual financial statement as follows:

Table with financial data: Balance on hand, \$1,745.62; Association, \$300.00; Cash from Thanksgiving Day, \$54.18; Cash collected from various parties, \$124.65; Total, \$2,664.45.

ANNUAL WARD COMMITTEES. First ward, \$3.15; Second ward, \$3.15; Third ward, \$3.15; Fourth ward, \$3.15; Total, \$12.60.

1887. \$19.00—Am't transferred to Springfield Savings bank, \$1,200.00; Cash paid out to teachers, \$1,500.00; Total, \$3,000.00.

Nov. 14.—Balance at credit of associated charities in bond National Bank, Springfield, O., \$290.00.

J. G. BENAICK, Treasurer. This was a very able and exhaustive argument in favor of protection to American farmers, and in favor of protection to American manufacturers and all grades and classes of American industries.

On Friday night the Mayor's company will produce that satirical, lyrical, society comedy, "Check 42, or, Tobogganing," at the Grand. The Pittsburgh Dispatch says of it:

Last night the Grand opera house was opened by the Mayor's Tobogganing company, and proved to be a notable event. "Tobogganing," Mr. Westey's (just) satirical comedy, and by far the best, was given in the most elegant style.

On Monday General Keifer, it was recommended that meetings be held by all ward auxiliary societies not already held on Friday afternoon at 3 o'clock. Carried.

Another Exodus TO CALIFORNIA. The Bee Line Takes Out a Party of Twelve This (Tuesday) Morning.

A party of twelve persons left this (Tuesday) morning via the Bee Line for California. The exodus from this city and county to the Pacific slope continues with no apparent diminution, notwithstanding the fact that the exodus is a firm of trustees met last Monday at 3 p. m. Carried.

On motion of General Keifer, it was recommended that meetings be held by all ward auxiliary societies not already held on Friday afternoon at 3 o'clock. Carried.

En Route to the Dayton Work House. Pat Price was arrested late last night on the charge of drunkenness and disorderly conduct, and taken to the work house. He went to Ferra Sheld's house on Patton street and getting into a quarrel with her broke up a whole cupboard full of dishes. He will be held against him two charges of assault and battery, charge of carrying concealed weapons and a charge of shooting within the corporate limits.

Police Court. Judge Young yesterday disposed of the following cases: Frank Shively, drunk and noisy; James Daugherty, drunk and disorderly; \$5 and costs; Frank Erick, loitering; \$5 and costs; G. P. Hartman and Frank Miller, loitering after a tipping house; \$5 and costs each; Peter King, using profane language; \$10 and costs; Dora Shay, charged with destroying a tree, was dismissed.

Kinnear—Nichols. Mr. Wilson S. Kinnear, of California, and Miss Carrie M. Nichols, of Harmony, were married last Sunday at 1:30 p. m., at the residence of the bride's parents, by Rev. John L. Dalby, Mr. and Mrs. Kinnear left Sunday via the Bee Line, for Los Angeles, their future home. The best wishes of their many friends go with them.
