

# The Evening Herald.

VOL. VI.—NO. 146.

SHENANDOAH, PA., FRIDAY, JUNE 5, 1891.

ONE CENT.

THE SUREST ROAD TO WEALTH IS THROUGH LIBERAL ADVERTISING!

There is some life in the School Board. If not only talks, but acts. There are but few drones in that body.

The School Board did right in carrying out the suggestion of the HERALD. Shenandoah public schools will continue to lead the county.

The condition of the coal trade is deplorable, but we have hopes of a change for the better before this month is over. Business men should not get discouraged.

It is understood that dissatisfaction exists in the Democratic ranks over the election of teachers on Wednesday night and that some have intimated that "a clean sweep" will be made at the election next year. There was a Democratic howl last year when the Republicans made changes in the corps and now, when no changes are made, there is another howl. But such is the nature of the average Democrat. He stamps everything created outside of his party as wrong. The re-election of the old corps of teachers was urged by the superintendent of the public schools and there is no individual in the town more capable of judging the qualifications of a teacher than he.

#### The Japanese Murderer Sentenced.

NEW YORK, June 5.—Jugro, the Japanese murderer, was sentenced by Justice Van Brunt to be executed in the week beginning July 6, the same week fixed for the execution of the murderers Wood, Slocum and Smiler.

#### Tilden Will Contest.

SARATOGA, N. Y., June 5.—Joseph H. Clouse, counsel for respondents in the Tilden will case, finished his argument before the Court of Appeals and James C. Carter took up the case for appellant.

#### Dygart Goes to Prison.

BUFFALO, N. Y., June 5.—Fred W. Dygart, the last of the Mount Morris gang, connected with the Joslyn murder, was sentenced to Auburn prison for five years.

#### Secretary Blaine at Bar Harbor.

BAR HARBOR, Me., June 5.—Secretary and Mrs. Blaine arrived in Bar Harbor last evening and were immediately driven to their cottage.

#### Consul Corte Arrives in Rome.

ROME, June 5.—Consul Corte has arrived in this city.

Ladies' fine patent tip shoes for 35c. at the Boston shoe store.

**20 CENTS** per yd for the BEST TABLE OILCLOTH. Sold in other stores for 35c. All four Oilcloths reduced. Call for bargains. **C. D. FRICKE'S** Carpet Store, 10 South Jardin St., near Centre

JUST RECEIVED AT KEITER'S!

GENUINE IMPORTED GOODS

Washing Powder, 4 lbs for 25c

Will have another lot of those Fancy Moquette Rugs at \$1.25 in a few days.

AT KEITER'S.

## TERRIFIC FIGHT!

IT LASTED ONE HOUR AND 100 MEN WERE KILLED.

DARING WORK BY INSURGENTS.

Their Cruiser Attacks the Chilean Government Torpedo Boats. Crept into the Harbor of Valparaiso After Dark.

By National Press Association.

SAN FRANCISCO, June 5.—News of the fiercest sea fight that has taken place during the whole of the Chilean war has just been received here. It took place in the harbor of Valparaiso between the insurgent cruiser Magallanes and the government torpedo boats Alden, Condell and Lynch, four days after the encounter between the same vessels in Channel Bay, the news of which was received in New York on Monday last.

After the latter battle the Magallanes decided to attack the government ships and, if possible, destroy them before they could again be fitted for sea. Favored by darkness the Magallanes crept into the harbor of Valparaiso and began the attack by ranging close alongside the already crippled Alden and firing a broadside into her that did terrible execution. Nearly half of the torpedo boat's crew were either killed or wounded, and the vessel was completely riddled.

The Forts Alarmed. An alarm was sounded in the forts, but as the vessels lay so close together the gunners in the forts dared not fire, for fear of hitting their own vessels.

Getting clear of the Alden, the Magallanes at once attacked the Lynch, but her fire was returned with interest. The smokestack of the Lynch was blown away, and a boat containing ten men, who had been sent to try to attack the rebel vessel with a torpedo boat, was blown out of the water.

Forty of the Crew Killed.

The Condell had steamed to the outside of the Magallanes, thus getting the latter between the two fires. The Magallanes was shot through and through. Over 40 of her crew were lying dead on her decks, but her guns were untouched, and her captain made up his mind to try to better his condition.

Suddenly the rebel vessel began to move astern and ceased firing. The night being so dark the government steamers were unknowingly firing into each other, and the Condell began to fill rapidly. The trick was not discovered until the Magallanes had turned and steaming across the stern of Condell poured in a broadside that nearly demolished the latter, dismounting every gun and killing 14 and wounding six more of the crew.

Flight of the Rebel Steamer.

The rebel steamer then started to steam out of the harbor at full speed. Every gun in the forts on shore opened on her, but only once was she struck. A heavy shell landed fairly on her deck just forward of her pivot gun and burst. The explosion tore a big hole in her deck, and the pivot gun was thrown over on its side and four men were killed. Soon after that she was out of range of the forts and ran up the coast to Caldera.

Over 100 men were killed during the fierce conflict, fully one half of whom were on board the Magallanes. No attempt was made by the foreign war ships

to stop the fight, which lasted fully an hour.

CLOSING THE SCANDAL TRIAL.

The Baccarat Case Will Probably Be Finished This Evening. LONDON, June 5.—The baccarat case will probably finish this evening. The Prince of Wales has been in court all day. When he enters the court rises and bows, the court including everybody. The Prince returns the bow and sits, then all sit.

Mrs. Green and her husband were among the witnesses. Mr. Green has been pictured by his father-in-law as something of a fire eater; he is hating of speech and has a memory like a sieve. Mrs. Green was nervous at first, but soon regained her composure.

She was asked more than one pointed question. How long had she known Sir William Gordon Cumming? Six years. By whom had she been taught to play baccarat? By Gordon Cumming. Mr. Gill, who appears with the Solicitor-General for Cumming said to-day, in an aside intended for the jury, that there was more in the case than appeared on surface. Many believe this; but that it is susceptible of proof is doubtful, apparently.

Schooner Sunk in Lake Erie.

BUFFALO, N. Y., June 5.—The propeller Northern Queen, Capt. Smith, bound up from Buffalo, ran into the schooner Fayette Brown at a point eight miles east-southeast of the Dummy Light, and sunk her in nine fathoms of water. There is no report as to the fate of the crew. The Queen stopped at Detroit and reported the accident to Manager Gordon. She was not injured and proceeded on her way. The Brown was loaded with sandstone for Buffalo and was owned by Bradley of Cleveland. She was valued at \$16,000.

The Storm in Indiana.

LA POINTE, June 4.—Reports are coming in of great damage by the terrific hurricane and hail storm which struck this section Wednesday night. The storm was especially severe in this city. The roof of the warehouse of King & Filides, wooden dealers, was blown off, and \$40,000 worth of lumber soaked. The roof of the Quaker Church was torn off, the new City Hall badly damaged and the fronts of several stores blown in.

He Has Genuine Hydrophobia.

ANCONY PARK, June 5.—A three hours' consultation between Doctors Kimbrough, Johnson and Wilbur and David W. Barthe, brother of the lawyer who was bitten by a cat, and Mrs. Reading, his sister, last night. All agree that the patient has genuine hydrophobia and is passing into the last stages.

Cadets Appointed.

WASHINGTON, June 5.—Cadets have been appointed to the West Point Military Academy as follows: Harry H. Stout, Tidlow, Pa.; Percy D. McConnell, Bradford, alternate; Guy Hartlett, Fairmount, W. Va.; and C. Perry, Warsaw, Ky.

THE MINISTERIAL WAR.

Secrets Are Being Divulged by Clergymen in the Pittsburgh Synod.

PITTSBURGH, June 5.—There was a very large audience in attendance at the morning session of the Reformed Presbyterian Synod.

Rev. O. B. Milligan, one of the suspended ministers, was the first speaker. He declined to speak from the platform, saying that by so doing he would be guilty of contempt, as the Pittsburgh Presbytery had forbidden him to do so. He would not speak from a Reformed Presbyterian pulpit until he could do so as a free man.

This declaration created a sensation, and the speaker had not proceeded far in his address until cries came from all parts of the church. "Take the platform!" "Take the platform!" After asking that the court be held responsible for his action, Mr. Milligan continued his address from the pulpit. His speech attracted close attention, as did the address of Rev. J. R. J. Milligan, who followed him. The speeches occupied the time of the morning session.

The suspended ministers in their addresses are divulging secrets, which place the Rev. Dr. McAllister and Rev. R. J. George in an unenviable position. Several of the young ministers have made charges of unfairness, crookedness, breach of faith and wilful persecution. These charges are substantiated by documentary evidence such as will be very difficult to refute.

MOONEY DEFEATS MURPHY.

Over \$25,000 Wagered on the Big Pigeon Shoot at Hollywood.

ANCONY PARK, N. Y., June 5.—A large crowd attended the pigeon shooting match at Hollywood between G. Edgar Murphy of New York and Capt. A. W. Mooney of London, England.

The match was for \$1,000 a side, and the conditions were 100 birds each at 30 yards rise, with a 21-yard boundary line, the use of both barrels being allowed. Fully \$25,000 were wagered on the result.

The match was the fastest ever shot, occupying two hours and three minutes. John S. Hoy was the referee, Philip Daly, Jr., trapper, and Walter G. Murphy scorer.

Mooney won the match by a score of 87 to Murphy's 83 killed. Mooney also made the heaviest run, he killing 21 birds in succession.

The Shenandoah Business College will continue its sessions through the summer. Pupils entering now for bookkeeping or shorthand can prepare for positions by fall. Inquire at the college rooms, Robbin's opera house. 6-22w

## COUNCIL MEETS!

A VERY LENGTHY SESSION HELD LAST NIGHT.

STONE CRUSHER TO BE PURCHASED

New Fire Marshal and Assistants Elected—The Latter Salaried. Monthly Reports of the Borough Officials.

A regular meeting of the Borough Council was held last evening, the session opening at 7:30 and lasting until after 11 o'clock, but nothing of an extraordinary character transpired.

The members present were Messrs. Beteridge, James, Coakley, Amour, Wurm, Gable, Hopkins, Holman, Van Dusen, Devers, Moskier, Portz and Lamb.

The most important business disposed of was that touching upon the purchase of a stone crusher. Supervisor Lowellyn stated that if Council would give him a stone crusher and two months time the streets could be put in first-class condition within a very short time. With a stone crusher, he claimed, more work can be done on the streets in one month than with a gang of men breaking stones in four months. Mr. Wurm moved that a stone crusher and engine be purchased as soon as possible. Mr. Portz was opposed to the purchase of an engine and said the crusher could be located near the Indian Ridge, from which place power could be secured at little or no cost. Mr. Wurm's motion was carried.

Mr. Holman stated that the people of Poplar street object to that street being filled up with coal dirt.

Mr. Wurm stated that it had been reported to him that the captain of the special police had detailed men for duty, so the understanding that the borough would pay for the service. It was the sense of that Council that before placing special police on duty at any particular place members of Council must first be consulted and anyone who goes on duty under any other circumstances must look for his pay to the captain of the force, or to the party for whom the service is rendered.

Peter Dibley, of the Fourth ward, petitioned the Council for protection. He complained that certain parties are continually creating a disturbance about his property and that they have lately broken windows of his house three times. The matter was referred to the committee on lamp and police.

A committee was instructed to notify George Leitner that hereafter he must pursue the work of carting away and dumping off only in the right time.

George H. Jones asked to have an order for \$19.50 granted to him about four years ago duplicated, as it had been lost. The last report of the borough auditors shows that the order is still outstanding and the request was granted, upon condition that should the original be presented at any time Mr. Jones shall refund the amount.

Patrick Conroy, of the First ward, complained of a nuisance in front of his property on Emerick street, by reason of improper drainage. Council decided that the culvert crossing Centre street, at Emerick, shall be enlarged; that the plank culvert running in front of Mr. Conroy's property shall be removed, and that the owners of properties along that square shall be required to pave and gutter in front of their places.

Complaint was made that the Bierman property on West Coal street is still subjected to damage by the overflow of mountain water. Recently the borough constructed a water course near the property on the understanding that Mr. Bierman was to pay one-half the expense. The question was asked if Mr. Bierman had paid his share, to which an answer of "No" was given, whereupon a motion was made that the Chief Burgess proceed at once to collect Mr. Bierman's share.

It was decided that a ten-inch pipe be laid to drain the borough building and lookup, the pipe to run southwardly along Pear alley to Cherry street.

A motion that the Borough Treasurer redeem \$2,000 worth of bonds was carried.

The following elections were reported and confirmed: Chief Fire Marshal, Frank Lewis; 1st Assistant, Matthew Wheelhan; 2nd Assistant, Charles Hoffman.

SAFETY COMMITTEE.

Columbia—Alfred Evans, Thomas W. Powell and Adam Stauffenberger.

Phoenix—James Bradley, John Ready and Martin Ward.

Roscoe—John Dillenbachler, Milton Troutman and Lewis Becker.

It was decided that the first and second assistants to the Chief Marshal, who receives \$25 a year, be paid \$15 and \$10 per year, respectively.

The report of the Chief of Police for the month showed that 5 persons served time and 15 paid fines. The fines collected amounted to \$28 and lodgings were furnished to 9 persons. The Chief Burgess reported that he collected \$29.50 during the month for licenses, fines and permits. Borough Treasurer Bradigan's report showed balance on hand amounting to \$4,677.44.

A MINER KILLED.

Crushed to Death by a Rush of Coal.

George McAndrews, a well known and popular resident of Girardville, was instantly killed by a fall of coal in a breast of the Hammond colliery yesterday afternoon. He went up the breast to start coal and before he could reach a place of safety it rushed on and crushed him to death.

WILL NOT SURRENDER.

A Deposed Official in Pennsylvania Refuses to Vacate the Office.

HARRISBURG, Pa., June 5.—Attorney-General Hensel and Professor Snyder had another conference with Dr. Waller at the Department of Public Instruction. Prof. Snyder made a formal demand for the office, which Dr. Waller declined to surrender. It was then agreed that nothing further should be done until a conference, at which, it is expected, a settlement will be reached, has been held.

Prof. Snyder was nominated by Gov. Pattison to be Superintendent of Public Instruction, but the Senate refused to confirm the nomination. Since the adjournment of the Legislature the Governor appointed Prof. Snyder to the office and issued his commission, but Dr. Waller refused to vacate.

The Tissue Ballot Cases.

PROVIDENCE, June 5.—Two new and interesting phases developed in the tissue ballot cases in Lincoln. The Republicans secured from the Supreme Court writs of quo warranto and citations returnable to-morrow, which were served on the town officers. On the other hand, the Democratic council met to-day and ordered the ballots burned. These instructions were carried out by the town sergeant.

Newspaper Changes.

NEW YORK, June 4.—Mr. George W. Turner has resigned the office of publisher of the World, and has been succeeded by Manager Dillon, late of the St. Louis Post-Dispatch. Mr. Joseph Pulitzer, the proprietor of the World, called yesterday from Liverpool for New York. Mr. Turner goes to the Recorder, in which he is said to have acquired a proprietary interest, together with Col. C. W. Taylor of the Boston Globe.

Destitution in the Coke Region.

SCOTTDALE, Pa., June 5.—The 140 employees of Robert Hogsett at Mt. Braddock coke works are on strike on account of the discharge of two drivers. There is dissatisfaction at a number of independent producers' plants, which will probably culminate in a strike. Great destitution prevails among the miners who were refused employment. The labor leaders have sent out appeals for immediate aid.

A Boy's Sentence Commuted.

ALBANY, June 5.—Governor Hill commuted the sentence in the case of the boy Frederick Easton, who entered a farm house in Wyoming in 1883 and stole \$1.20 and was sent to Auburn Prison for 25 years by the late Judge Corlett. Under the commutation the sentence will expire to-day. The case has attracted some attention because of the alleged severity of the sentence.

A Bride Attempts Suicide.

NEARBY FALLS, N. Y., June 5.—Mrs. Philip Knistler, a bride of 11 days, attempted suicide early in the morning by taking a quantity of oxalic acid, followed by a big dose of castor oil. The oil may have her life, but the physicians say she will die.

Bound to Die This Time.

MEADVILLE, Pa., June 5.—Dr. John Thompson, who lives near Linesville, this county, yesterday tied his fast to a tree with a rope, hitched the rope to a tree, leaving plenty of slack, and then plunged headlong into a creek and was drowned. He was 67 years old. He had frequently threatened suicide on account of ill health.

No Power to Grant Railroad Concessions.

WASHINGTON, June 5.—A dispatch from the City of Mexico says the Congress which has just adjourned did not give the President power to grant railroad concessions, as has been customary previously. It is said that this is in accordance with the President's own suggestion. The Executive wishes to have fewer concessions made.

Italy Will Investigate.

ROME, June 5.—The Government will investigate into the causes of the decline of Italy's foreign trade, which decreased \$200,000,000 in 1890, and during five years including 1890. The committee will also make inquiries regarding new outlets for Italy's foreign trade.

Big Failure at Nashville, Tenn.

NASHVILLE, Tenn., June 5.—The McConnell, Hall, McKoster Company, wholesale dry goods and shoes, have made an assignment. Their assets are estimated at \$755,000, while their liabilities are \$473,000.

Execution by Electricity.

BOSTON, June 5.—Dr. Schelling, the Prussian Minister of Justice, is interested in the new American method of execution by electricity, and has caused instructions to be sent for full reports as to its methods of working.

Ladies' fine shoes, 55 cents, at Boston boot and shoe store.

A New Business.

P. J. Cleary has opened a store in the Ferguson's building, on East Centre street, and is prepared to furnish the local trade with fine leather and shoe findings and all kinds of shoemaker's supplies. His stock is a large one and well equipped to fully supply all demands of the trade. 6-15-1f

## MONEY WANTED!

A CALL FOR \$3,000,000 FROM NATIONAL BANKS.

THE SURPLUS ONLY \$5,000,000.

Paying the June Pensions the Cause of the Reduction—The Navy Department Receives News About the Itata.

By National Press Association.

WASHINGTON, June 5.—Acting Secretary of the Treasury Spaulding, according to directions received from Secretary Foster now in New York, has issued the following call:

The Secretary of the Treasury has this day called upon a number of national bank depositories to transfer to the Sub-Treasury a portion of the public moneys held by them and not needed for the transaction of public business.

These banks, which are mostly what is known as "surplus" banks, had been notified by the late Secretary Windom and had previously transferred the amount of two calls made by him. This amount to be transferred on or before June 30, 1891, under this call is about \$3,000,000.

The surplus in the treasury to-day is about \$5,000,000. The extent of its reduction is the payment of about \$3,000,000 in pensions due June 10.

Treasury officials say the effect of the call outlined above, together with the proposed extension in the payment of 4 1/2 per cent. bonds, with interest at 2 per cent., will be to send the surplus up to at least \$25,000,000 if not \$30,000,000 within the next few weeks.

THE ITATA SURRENDERED.

Formally Turned Over to Commander McCann at Iquique.

WASHINGTON, June 5.—Secretary Tracy last night received the following dispatch from Admiral McCann dated Iquique, Chile, June 4:

"The Itata arrived at Iquique, Chile, from Topopilla last night and was placed at the disposition of Rear-Admiral McCann this morning. She had on board 5,000 rifles and ammunition taken from the Robert and Minnie in the port of San Diego, Cal. She has no other munitions of war than those belonging to the ship, and transferred nothing to the Esmeralda, with whom she communicated off Acapulco, Mexico. She then went direct to Topopilla.

The Charleston arrived at Iquique to-day and the Pensacola is expected to-day. As soon as the Itata takes on coal and prepares for the return trip, Admiral McCann will send her back to San Diego, probably under convoy of one of his cruisers. She will be delivered to the United States court officers at San Diego, and the proceedings against her for violation of the neutrality laws will be resumed at that point where they were interrupted by the unlawful departure of the steamer, and the responsible parties will likely be called upon to answer the charge of contempt of court for running away while under injunction.

Swinfarth Chased by a Mob.

CHICAGO, June 5.—A dispatch from Kansas City says that Swinfarth, the Rockland, Ill., crank, who styles himself "the only true Christ," and who has been for the past few days holding forth with his "disciples," in Kansas City, had to flee for his life. A crowd assembled before the building in which Swinfarth has been exhibiting himself, with the firm determination of applying a coat of tar and feathers to the pretender. Swinfarth up to a late hour had not been caught.

The Late Rufus King's Estate.

LEXINGTON, Me., June 5.—The value of the late Hon. Rufus King's estate is nearly double what was expected, according to the report of the appraisers. The results have completely set at rest the reports to the effect that Mr. King had so mixed up the estates of others, of which he was guardian or trustee, that it was probable that there would not be money enough realized from all to go around.

Mr. Cleveland to Live in Jersey.

NEWARK, N. J., June 5.—The now famous and beautiful 8-mile River Valley, Bergen County, N. J., is about to occupy a still more prominent place in the eyes of the public. Ex-President Grover Cleveland will reside at the Fox Jefferson mansion this summer, and it is stated that he will purchase the property should it prove to his liking.

Butter Took a Tumble

LAST WEEK.

It is down to a respectable price now. You might as well have the good. The difference is only a few cents. We always have the finest Creamery.

AT GRAF'S,

No. 122 North Jardin Street
