CONVENTION CALL.

To the Republican Electors of Pennsylvania:
After consultation and correspondence with the members of the Republican State Committee, and by their direction, I hereby give notice that the Republicans of Pennsylvania, by their duly chosen representatives, will meet in State Convention at Harrisburg, Wednesday, August 19, 1891, at 10 o'clock A. M., for the purpose of placing in nomination candidates for the offices of State Treasurer and Auditor General, for the nomination of eighteen candidates for Delegates-at-Large to the Constitutional Convention, provided for in the Act of Assembly approved June 19, 1891, and for the transaction of such other business as may be presented.
Notice is especially directed to the fact that, in accordance with the provisions of the last mentioned act, each Senatorial district is entitled to a representation of three delegates in said Constitutional Convention, two of whom only can be members of the majority party in said district. The electors of each district are therefore requested to make proper nominations for delegates to said convention, the rules governing the nomination of candidates for State Senator to be applicable.
In this connection the Chairman desires to call the attention of Republican voters to the recommendation of the State Convention of 1882, that "they allow the greatest freedom in the general participation in the primaries consistent with the preservation of the party organization."
WM. H. ANDREWS, Chairman.

COUNTY COMMITTEE MEETING.

The members of the Republican County Committee elected at the primaries held on Saturday, August 1, 1891, are requested to meet at Centennial Hall, in the Borough of Edinville, on Tuesday, August 18, at 10 a. m., for the purpose of electing a County Chairman and transacting such other business as may be required.
ELIAS DAVIS,
Chairman County Convention,
August 4, 1891.

ONE REASON WHY.

The considerations urged to account for the large immigration into this country are numerous, and not the least important is one seldom advanced; the fact that the debt of many leading foreign nations is increasing as that of the United States steadily decreases. The tabulated statement prepared by the census bureau for the decade of 1880 to 1890 shows that the former has increased more than two thousand million dollars; the latter has decreased half that amount. The fact that this heavy increase of foreign indebtedness is due largely to preparations for war furnishes a further inducement to seek a land of peace and comparatively small national expenditures.

GLEANINGS BY THE LOCAL CORPS OF REPORTERS.

WHAT THE SCRIBES SEE AND HEAR

A Young Man's Extraordinary Escape From an Awful Fate. Saved by an Engineer's Watchfulness.

A young man residing in the First ward had an exceedingly narrow escape from death on the Lehigh Valley railroad yesterday morning. He works near Barry's station and goes to the place every morning on the 5:30 passenger train. Yesterday he was too late to reach the depot in time and ran to the Emerick street crossing to catch the train. The engineer, Charles Price, saw that the young man intended and, as the train was passing the crossing at a lively speed, he motioned him not to attempt to jump on the train. The warning was unheeded. The young man made a jump for the front platform of the passenger car next to the tank of the engine. He missed his footing, but held to the rail of the platform with a death grip. The train sped on, with the legs of the foolish young fellow sweeping along the rails about four inches ahead of the front wheels of the car. Price, the engineer, reversed his engine as soon as possible, but did not succeed in stopping the train until it had run some distance. The stoppage was made in the nick of time, for at the instant the wheels stopped revolving the young fellow loosened his grasp on the platform rail and dropped before the wheels of the car, exhausted. Engineer Price says it was one of the most remarkable escapes in his experience.

Light at Last.

It is gratifying to see that the Lehigh Valley Railroad Company has at last realized the necessity of more, or, rather, some light at the local depot. It has abandoned the way-back gas light and has replaced it with an arc incandescent light. Very good, but the company is still behind the age. There should be more light at the north and west sides of the depot. This place is one of the most dangerous in the town after dark.

The Association Meeting.

We regretted our inability to attend the quarterly meeting of the Schuylkill Press Association at Trenton on Tuesday. Sick-ness alone kept us away from what we had counted on—the pleasant gathering of the Association's existence. The West End editors planned a good time for the visitors and they succeeded in satisfying them all.

Down Went the Horse.

A horse fell into an old cess pool in the alley at the rear of Robbins' row, near the Lehigh Valley railroad yesterday, and was fished out after considerable work without injury. The cess pool is one that was in use by the residents of Robbins' row before Mr. Robbins built the out houses on the railroad side of the property.

Sunday School Picnic.

The members of Fowler's Methodist Episcopal Sunday school will picnic in the Delano grove on August 22nd. Train will leave the local Lehigh Valley depot immediately after the departure of the regular 9:10 train and leave Delano at 8 p. m. Fare for adults, 25 cents. Children, 15 cents. All invited.

Colliery Accident.

By some unexplained cause, the hoisting engine at Maple Hill colliery became unmanageable on Thursday afternoon. The cage, with a car on it, was pulled up out of the shaft and on to the team road, both being badly smashed. The sheaves, rope, etc., were also damaged, but fortunately no one was hurt.

The "Y" Programme.

The following will be the programme of the "Y's" at the meeting this evening: Scripture reading—Miss L. Oliver, Music—Mrs. J. H. Bell, No. 25. Detainer: Resolved that the Emperor Napoleon was a greater general than the Duke of Wellington. Bert. C. Hooks and Arthur C. Morgan for the affirmative; Messrs. Ogden and Chausse for the negative. Music—Mrs. J. H. Bell, No. 25. Credit—E. Shoemaker.

Oh, What a Cough.

Will you heed the warning? The signal persons of the sure approach of that more terrible disease, Consumption. THE EISTEDDFOD!

VERY LARGE ATTENDANCE AT LAKESIDE TO-DAY.

1,000 FROM TOWN THIS MORNING.

Payday Scenes—Lookup Crowded Last Night—Non-Taxpayers Run In—Personal Mention and Other Items.

A special train of twelve cars, packed like sardines in a box, left the local P. & R. depot at 9 o'clock this morning for Lakeside, the scene of the State Eisteddfod. There were 200 from Centrella in charge of Capt. Ted Reese. They came over the Lehigh Valley road as far as Shenandoah. It is estimated that there were from 1000 to 1100 people on board. Agent Davis, several minutes before the train left, had then sold nearly 1,000 tickets, and many got on board without a ticket, not having time to secure them.

Taking Shenandoah as a criterion, there will be fully 8,000 to 10,000 people present at this famous resort to-day.

LAST CHEAP EXCURSION

To Atlantic City via the Reading Double Track Route.

This season's last popular excursion to Atlantic City takes place on Tuesday, 23rd inst. Such an opportunity to see old ocean's "high rollers" and enjoy a swift ride on the "flyers" that have made the "Royal Route to the Sea" world-famous seldom occurs. Round trip tickets for this excursion will be sold from Shenandoah at the very low rate of \$3.50 and will be good going on special train leaving Shenandoah at 10:05 a. m. on the day above named. They will be good for return passage on any train within seven days, including day of issue. For particulars call on any ticket agent. Persons taking this trip can stop off in Philadelphia in both directions.

Shenandoah Wins.

The newly organized Shenandoah baseball team, under Manager Sampsell, defeated the strong Girardville team at the trotting park yesterday afternoon by a score of 11 to 7. Features of the game was running catches by Hinecks and Ward, and the batting of Sanger and Geary.

NOVEL.

The Shenandoah team, under Manager Sampsell, are making a lively sport, and it looks as if Shenandoah will redeem herself in base ball circles once more. Gibbon's catching was a feature. Hinecks plays a steady game. Morris will do the twirling for Shenandoah against Frackville.

Ward played like a professional in yesterday's game.

O'Neil, with a little speed, would rank among the best pitchers in the state.

Marshall, of the Brownsville team, is a good hitter.

But three hits were made off Ryan in Sunday's game.

Items of Interest From Our Regular Correspondent.

Machinist William Bensinger, of the P. & R. shops, goes around on three legs since he allowed a cylinder head to fall on his toes.

The wife of Richard Metz, of town, met with a very painful accident on Monday evening. While walking in the garden she slipped and fell upon a stone, dislocating her shoulder. From last accounts she is rapidly recovering.

Rumors has it that our public schools will reopen on Monday, Aug. 17th, for a ten months' term. If this is true, it will go hard for the children to be cooped up in a close, ill-smelling, poorly ventilated school room in the very midst of the dog days, and for no other reason than that the teachers desire to put an extra month's pay into their pockets. The plea that a longer school term will be an advantage to the pupils is, to put it mildly, rather thin, as the instructions given in the schools of Gilberton borough is, in quantity and quality, far below that given in the schools of our sister borough of Frackville. What do we pay taxes for, anyway?

We hear much about Sunday beer picnics in Frackville these days, and we are given to understand that, as the saloons of that town are closed "tight" on Sunday, the picnickers bring their beer into town with them. Well, that sort of thing is bad enough from a prohibition point of view, but from the same point of view, Frackville's beer picnics dwindle into mere children's parties alongside the orgies which take place in Mahanoy Plane saloons on Sunday nights. Brethren, let us pray for the wicked.

G. M. Israel, train dispatcher of this division of the P. & R. R., is off on a well-earned vacation which he is spending amid the hills and valleys of Lebanon county. During his absence the duties of his position are being ably performed by William Kellar, of Frackville, assistant traveling agent of the Williamsport division.

Last Saturday evening, when whiskey flowed as freely and volitionally as the waters of the mighty Mahanoy creek, "Davy" Kane, commonly known as the "One legged warbler of the Mahanoy mud flats," from his propensity for vocal music, "got a load on him" as they say in the vernacular, and being unable to restrain his joy burst forth with his favorite song, "I am the son of an Irishman." The doleful quaver of his rum-soaked voice attracted the attention of "Windy Bill," alias Bill Horrick, who had also been imbibing sufficient bug-juice to seriously cloud his better judgment, and who supposing from the sound that the O. L. Warbler was suffering intense agony, tenderly picked him up and laid him down and proceeded to rub a hole in the ground with him. The warbler, not appreciating the kindly intentions of W. B., showed fight, and things were getting interesting when a crowd arrived on the scene. One of the crowd offered to meet "Windy Bill" with bare fists there and then but the latter suddenly remembered that he had to go home and nurse the baby. The last seen of him was a cloud of dust down Railroad avenue.
