THEY haven't got the Republicans on the run this year.

PATTISON Republicans are becoming scarcer than hen's teeth.

CHAIRMAN JAMES promises to make this a brilliant campaign. He will be ably assisted by his Executive Committee.

\$25,000 HAS been refused for the Bucks county *Intelligencer*. They want \$50,000. Newspaper plants are not given away. It is not a cheap operation to build up a successful leading county newspaper.

IN December, 1857, James Buchanan said in his message to Congress: "In the midst of unsurpassed plenty in all the productions and in all the elements of national wealth, we find our manufacturing suspended, our public works retarded, our private enterprises of different kinds abandoned, and thousands of useful laborers thrown out of

employment and reduced to want." This state of affairs was reached under a free trade tariff. Do the people want a repetition of that condition of the country.

THURSDAY, September 24, is the last day for the registration of votes. Republican committeemen and other active party men should examine the lists at once, and if the names of any Republicans are omitted, they should be notified and requested to register immediately.

THE Wilmington, (Del.) *Republican* says "that if the Democrats of Pennsylvania work up the Dardsley defalcation racket right lively they may keep the state from giving more than 50,000 Republican majority at this coming fall's election, and more than 100,000 majority for Blaine next year if he is the candidate for President.

REPUBLICANS should be registered or assessed on or before Thursday, September 24, which is the last day. This matter is a vitally important one. Thousands of votes are lost annually on account of voters neglecting to have their names placed upon the registry of their precinct.

FREE Traders claim that Protection affords a monopoly to American manufacturers. Free Trade will afford a monopoly to English manufacturers. It is only a question, if the first proposition is true, whether you will enlist under the Stars and Stripes or the British flag.

IT is all coming out now. The *Chronicle* charges the *Miners' Journal* with the atrocious crime of accepting "job work and binding" from the County Commissioners. Sour grapes.

## NEW TEACHERS!

ELECTIONS BY THE SCHOOL BOARD LAST NIGHT.

THE MINORITY MEMBERS KICK.

Warm Debates Over the Promotion of Two Teachers—New Quarters to be Secured for Schools.

Messrs. Beddall, O'Hara, Conry, Gable, Butts, Baird, Davenport, Williams, Bachman, Hanna, Broonan, Owens, Gallagher, Muldoon and Trezise were in attendance at the special meeting of the School Board last evening.

The first business disposed of was the acceptance of the resignation of Miss Robena Glover, who resigned to accept a position as teacher in one of the Atlantic City schools.

A proposition from Rev. John Grubler, pastor of the German Lutheran church, to lease the basement of the church for school purposes, for a term of five years, at \$20 per month, was read. The proper committee was instructed to lease the place for three years, with the privilege of a renewal for two years more.

The board then proceeded to elect teachers to succeed Miss Hannah B. Reese and Robena F. Glover and John F. Davies, resigned.

Seven applications were read. They were made by Misses Mary E. Roberts, Lezlie Carroll, Lizzie Neary and Libby Phillips, and R. A. McHale, of town; Miss Elizabeth Linton, of Mahanoy City, and Miss Sue Tomlinson, of Montoursville, Montour county.

Miss Roberts and Phillips received 15 votes each and Miss Linton received 8. They were declared elected.

Mr. Trezise caused a hum of discontent by moving that James R. Lewis be elected to take the position vacated by Miss Glover. Mr. Butts seconded the motion.

Mr. Baird moved, as an amendment, that the filling of the position be deferred until Superintendent Freeman's return from his vacation. The amendment was not seconded.

Mr. O'Hara protested that it would be against the rules of the board to fill the position without consulting the superintendent.

Mr. Davenport claimed that the matter had been deferred too long and criticized the superintendent for remaining away so long. As the schools are to open on Monday, he claimed the board should fill the position.

The debate was a lively one and was bordering on a personal character when Mr. Conry moved that the board adjourn. Mr. Muldoon seconded the motion, but the chair declared it out of order because there was a motion before the board.

A vote was then taken and Mr. Lewis was elected.

Mr. Davenport then moved that John B. Scheuching be elected to fill the position at the Turkey Run school vacated by Mr. Davies. Mr. Gallagher nominated Michael H. Bitt.

Chairman Beddall arose and said, "It is moved and seconded that John B. Scheuching be elected to succeed Mr. Davies as teacher at the Turkey Run school."

Then there was an uproar. Mr. O'Hara again protested. Mr. Hanna did the same and said the minority members were not allowed a chance by the procedure. Mr. Muldoon also hotly protested, but Mr. Conry, in a very suave manner, said he could see nothing that the minority members could do, other than take their medicine as gracefully as possible. There was an outburst of laughter upon Mr. Conry's remark, but Messrs. O'Hara and Muldoon refused to even smile. Mr. Baird asked permission to retire and left the room saying, "I'm going home."

The debate continued for a few minutes and finally the motion was carried. The excitement then subsided.

Mr. Beddall called attention to the list of state appropriation for the public schools, as published in the *HERALD* a few nights ago, and after some discussion it was decided that the finance committee, in conjunction with the chairman and superintendent, act as a committee to ascertain why Shenandoah's appropriation is smaller than the appropriations made for Pottsville and Mahanoy City, when the population of Shenandoah is so much larger.

Chairman Beddall stated the Borough Council was desirous of having the board share the responsibility incurred in making collection of Taxes. On motion the secretary was instructed to write to Council and say that the board is heartily in favor of the method adopted for the collection of taxes from the Poles, Huns and other evaders and should they be any trouble the board will share the expense with Council.

## A GAY LOTHARIO.

A HANDSOME POLISH WIDOWER IN THE TOILS.

WON BY GREEN MOUNTAIN GIRLS.

One of Them Marries Him and the Others Seek Consolation at the Hands of the Law—He is in Jail.

Steve Sobo is a handsome young Polish widower of Green Mountain. He is about six feet tall, weighs about 150 pounds, is as straight as an arrow, as muscular as a trained athlete, and has the features of an Adonis. Steve's strikingly attractive appearance is the root of his troubles. A year ago last March his wife died at Green Mountain. He kept a large Polish boarding house and required a housekeeper after the death of his partner. Emma Barno, a prepossessing young Polish woman, was his choice and she filled the position very acceptably. She had charge of the house until last May and during the intervening period they became intimate. In May Steve sent Emma to New York, promising to join her there in a few weeks, or send for her as soon as he could secure work in some other part of the country. Emma waited patiently to see or hear from Steve, but he failed to put in his appearance or send her any message. Meanwhile a daughter was born to her and last week she resolved to go back to Green Mountain. Upon her arrival there she was astounded to find that Steve had married a Polish widow. Emma came to town yesterday and swore out a warrant for Sobo's arrest and Constable Toomey scooped him in at Green Mountain yesterday morning. At the hearing before Squire Monaghan it was shown that Emma has a husband living in Stockholm, but she has not lived with him for several months, articles of separation having been agreed upon a few weeks before Emma went into Sobo's service. Squire Monaghan asked Steve to furnish \$500 bail and Emma offered to settle the case for \$150. As the man could not furnish the security or pay the amount asked by the prosecutor, he was committed to the lockup.

## THE NATIONAL CAMP.

The Sessions Are Now Being Held in Philadelphia.

The annual sessions of the Patriotic Order Sons of America are now being held in Philadelphia, and is one of the largest attended in the history of the order. At the last session held in Boston the word "white" was inserted in the constitution relating to the qualification of members, and has caused considerable dissatisfaction among the members of the order, especially in this state. When the camp reconvened yesterday morning there was a full attendance to consider the propriety of breaking down the color line to which the order has adhered since its inception. After a long and spirited debate the motion to strike out the word "white" was defeated for want of a four-fifths vote, the result being 58 for and 50 against. A motion to reconsider was then put, but was laid on the table, which disposes of the question for another year. At the afternoon session the reports from the committee on ritual were received and also from the committee on amendments, resolutions and other routine matters. Morning and afternoon sessions will be held to-day.

The visiting members will make a trip to Atlantic City to-morrow as the guests of the Philadelphia delegation.

Life at the Seaside.

The club is just as strong without him.
