**NOTHING LIKE**  
SWIFT'S SPECIFIC is totally unlike any  
other blood medicine. It cures diseases of  
the blood and skin by removing the poison  
at the same time supplies good blood to the  
sick parts. Don't be imposed on by imitations,  
which are sold in every part of the world.  
No medicine  
performed as many  
in the world  
of cures, or relieved so much suffering.

My blood was badly poisoned last year, which  
caused my whole system to become so weak  
that I could not do any work. I was  
constant source of suffering, no appetite and  
enjoyment of life. Two bottles of  
brought me right out. There is no  
other remedy for blood diseases.

**A GRAND SPECTACLE.**  
(Continued from Second Page.)  
manner before commanding, naval re-  
serve tug, Commander Jacob W. Miller,  
police tug of New York, Brooklyn and  
Jersey City, and twenty additional hired  
tugs.

This division consists of the vessels needed  
to mark and patrol the reserved channel  
and anchorages and to enforce the special  
port regulations established for the purpose  
of the review.

The merchant marine was not in the re-  
view proper, except as spectators, but a  
hundred or more craft, of varying char-  
acter, wound up the ceremonies of the day  
by passing from their anchorage close to  
the Jersey shore, up and around the head  
of the war fleet and down the New York  
side. The merchant vessels were all galli-  
antly decorated, and were joined by the ex-  
cursion boats, also flying myriads of colors.  
The procession was further added to by a  
squadron of steam and sail yachts from the  
various clubs and otherwise, and over  
300 of these vessels participated in the  
grand finale. The procession was not as  
formidable in appearance as the lines of  
grim warships, but it made a good showing  
in point of numbers and decorations. It  
made a pretty sight and gave an excellent  
lesson as to the character and amount of  
shipping in New York harbor.

The immense fleet showed a double  
line of war vessels extending from Thirty-  
fifth to Ninety-fifth streets, each  
vessel 400 feet from the ship on either  
side of it. The port column consisted  
of the home vessels, with Rear Admiral  
Gherardi, U. S. N., commander-in-chief;  
Rear Admiral A. E. K. Benham, U. S. N.,  
commander of the first squadron, and Rear  
Admiral John G. Walker, U. S. N., com-  
mander of the second squadron.

All Royally Entertained.  
It is safe to say that every one of the  
600,000 visitors who witnessed the grand  
naval review here to-day will go home feel-  
ing that Uncle Sam provided them with a  
great show upon the waters, a review of  
the warships of nations which was the most  
important, as well as the largest, noisest  
and most picturesque naval fleet that was  
ever assembled in American waters, if not  
in the world.

There has never been but one occasion  
before to-day's great event which has drawn  
anything like as large crowd of visitors to  
America's metropolis as has been here since  
yesterday and last night, and that was the  
Columbian celebration last October when  
New York's population was increased to  
the extent of about 800,000, that being the  
estimated number of persons from outside  
the city who witnessed the memorable fe-  
stivities on that occasion. Those in a po-  
sition to judge intelligently place the num-  
ber of visitors here to-day at fully 600,000,  
while a great many are of the opinion that  
700,000 would be much nearer the correct  
figure. Every hotel and boarding house  
is taxed to its fullest capacity to accom-  
modate the strangers and many are forced  
to stay "out in the cold" on account of the  
over-crowded condition of the hoteleries.

**A Display of Patriotism.**  
Evidences of patriotism are witnessed on  
an every hand as the three glorious colors,  
the red, white and blue, under which the  
American republic has proudly lived and  
flourished for more than a century (to-  
gether with the Spanish colors) are floating  
in the breeze and proclaiming in silence  
the love of every American citizen for the  
land of the free and the home of the brave.

As Riverside park was the most conven-  
ient point from which to view the great  
water pageant, crowds of visitors, together  
with townspeople, gathered there at an  
early hour, and before 9 o'clock the people  
were packed like sardines in a box on the  
side hill overlooking the course of the naval  
fleet. There never was so great a crowd  
gathered in the park before, but all were  
good natured and no disturbance, not even  
of a trivial nature, happened to mar in the  
least the joy and pleasure of the occasion.

All of the warships are profusely dec-  
orated and the flags of all nations are dis-  
played from each.

**FOUR PHYSICIANS FAIL**  
But a Mother's Love Surmounts  
All Difficulties. Her Darling  
Child Cured of Bright's Disease  
by Dr. Kennedy's Favorite  
Remedy.

My daughter had Bright's Disease. Her  
ankles, feet and eyes were terribly swollen.  
Rheumatism, and all the physicians at-  
tended her but her life IT was despaired of.  
A mother's love surmounts all difficulties,  
and I determined to try Dr. David Ken-  
nedy's Favorite Remedy, made at Ron-  
dout, N. Y.

It was **ALWAYS** happy I  
am that I **ALWAYS** determined  
upon this course—for one by one the  
well known symptoms of the disease left  
her. Words fail to express my gratitude,  
and I cannot too earnestly recommend this  
great **CURE** to all who are afflicted  
by this disease. It is the only medicine  
I have ever used, which was the  
only medicine taken after her case was  
abandoned by the physicians. Mrs. LAURA  
A. KEMPTON, West Rutland, Vermont.

Can you not see that such an earnest  
and out spoken statement as the above  
comes from the heart and is sincere?  
And does it not show how valuable this  
great medicine becomes to those who are  
in need?

**TWO BILLS ARE KILLED.**  
Governor Pattison Sends Ve-  
toes to the Senate  
WHICH ARE SHORT BUT EFFECTIVE.

School Directors Not to be Allowed the  
Power to Sell Public School Property—  
The Vote Defeating the Brown Road  
Bill Re-considered—The Niles Tax Bill  
Discussed in the House.  
HARRISBURG, April 27.—The two mat-  
ters of principal importance in the senate  
yesterday were the vetoes sent in by  
Governor Pattison. They were both short,  
but sufficiently long to do their deadly  
work. One goes away with the bill con-  
ferring upon school directors the power to  
sell public school property when such  
boards shall deem it expedient to do so and  
provide for the application of the proceeds  
derived from the sale thereof to school pur-  
poses. This bill was particularly applic-  
able to Philadelphia. The second veto  
disposes of the bill creating the office of  
assistant superintendent of public schools  
in cities of the second class.  
The vote by which the Brown road bill  
was defeated was re-considered and its  
further consideration was postponed for  
the present. The Lloyd road bill was amended  
by the substitution of the main features of  
the Smiley measure.

Among the bills which passed finally  
were the following:  
Authorizing the governor to appoint a  
commission of nine to examine into and  
make report upon the causes of pollution  
of sources of water supply for cities and  
towns.  
Granting a pension to Amanda Kunkle,  
widow of William H. Kunkel, of Cham-  
bersburg.  
To authorize the trial of issues of fact or  
the statement and affidavit of defense.  
To repeal an act relative to committing  
magistrates in the counties of Dauphin and  
Lebanon, approved May 13, 1871.

For the government and regulation of  
county jails or prisons.  
Providing for the location of lateral rail-  
roads and the assessment of damages where  
proposed route lies partly in one county and  
partly in another, relating to the lien of  
mechanics and others.  
Governor Pattison sent the following  
nominations to the senate: W. A. Ralston,  
Dauphin, Dauphin county, to be notary  
public; George M. Crosswell, Petersburg,  
to be associate judge of Huntingdon county  
until the first Monday of January next in  
place of Tobias Foreman, deceased. These  
nominations were confirmed.  
Senate adjourned until next Monday  
night at 9 o'clock.

**PROCEEDINGS IN THE HOUSE.**  
Among the senate bills reported from  
committee in the house yesterday were the  
following:  
Conferring on street railway companies  
the power to carry mail.  
Permitting the cars of one passenger rail-  
way company to run over the tracks of an-  
other company.  
Authorizing burgesses to serve as mem-  
bers of town councils.  
Providing for the keeping of highways  
from becoming blocked with snow.  
Providing for the recovery of damages to  
trains along the public highway by tele-  
graph, telephone and electric light com-  
panies.  
To prohibit brewers and wholesale liquor  
dealers owning retail stands. (Negative  
recommendation.)

A resolution was unanimously adopted  
for the appointment of a committee of five  
members of the house and three senators  
to ascertain the number of unnaturalized  
citizens confined in the various hospitals  
and other public institutions in this com-  
monwealth, and if not inconsistent with  
public policy to take such steps as are nec-  
essary to return the said unnaturalized cit-  
izens to the country from whence they  
came. The provisions of this resolution  
are not to apply to those unaturalized  
persons who have served in and have been  
honorably discharged from the army of the  
United States or of the state militia.

The house concurred in the senate's  
amendment to the Labor Day bill, making  
the first Saturday in September as the time.  
A communication was received from  
Governor Pattison announcing that he has  
approved the following list:  
To prevent county superintendents of  
common schools from engaging in the pro-  
fession of teaching during their term of  
office unless it shall be done without com-  
pensation.  
To provide for the licensing and regulat-  
ing of lying in hospitals.

Providing that municipal corporations  
shall not be required to file affidavits of de-  
fense in actions of assumpsit, unless the  
defendant is a resident of the county.  
Relating to taxation of real estate in  
cities of the first class.  
The house passed finally Mr. Tewks-  
bury's bill authorizing the governor of  
this commonwealth to appoint five persons  
to make inquiry and examine into and  
make report to the next session of the  
legislature at its next regular session, the  
advisability of erecting suitable tablets  
marking the various forts erected as a de-  
fense against the Indians by the early set-  
tlers of this commonwealth prior to the  
year 1783.

The first bill on the special revenue cal-  
endar to be called up was the Niles tax bill.  
The first section was read, when Mr.  
Tewksbury moved to indefinitely postpone  
the section, this being done in order to al-  
low the entire bill to be discussed.  
The plaigne of breaking lamp-  
chimneys is abroad in the land.  
There are two sorts of chim-  
neys; brittle and tough. Ninety-  
nine in a hundred are brittle.  
The worst are imported from  
Germany. The best are Mac-  
beth's "Pearl-top" & "Pearl-glass."  
Two sorts as to workman-  
ship; fine and coarse. The  
fine are Macbeth's "Pearl-top"  
and "Pearl-glass." The coarse  
are rough and out of propor-  
tion; misfits and misshapen;  
they do not make a good  
draft; they smoke.  
Two sorts as to glass; trans-  
parent and gray. "Pearl-top"  
and "Pearl-glass" are clear, fine  
and tough—not tough against  
accident—tough against heat.  
Call for "Pearl-top" or  
"Pearl-glass" chimneys.
