

Cancer Of the Face.

Mrs. Laura E. Mims, of Smithville, Ga., says: "A small pimple of a strawberry color appeared on my cheek; it soon began to grow rapidly, notwithstanding all efforts to check it. My eye became terribly inflamed, and was so swollen that for quite a while I could not see. The doctors said I had Cancer of the most malignant type, and after exhausting their efforts without doing me any good, they gave up the case as hopeless. When informed that my father had died from the same disease, they said I must die, as hereditary Cancer was incurable. "At this crisis, I was advised to try S.S.S., and in a short while the Cancer began to discharge and continued to do so for three months, then it began to heal. I continued the medicine a while longer until the Cancer disappeared entirely. This was several years ago and there has been no return of the disease."

A Real Blood Remedy.

Cancer is a blood disease, and only a blood remedy will cure it. S.S.S. (guaranteed purely vegetable) is a real blood remedy, and never fails to permanently cure Cancer, Scrofula, Eczema, Rheumatism or any other disease of the blood. LIBERAL TERMS TO CUBA

Proposed by the Radical Wing of the Autonomist Party.

TO NEGOTIATE WITH INSURGENTS

The New Scheme Proposes Recognition of Insurgent Leaders, Abolition of Death Sentences For Rebellion and Three Cabinet Seats For Insurgents.

Havana, via Key West, Feb. 14.—The Radical wing of the Autonomist party, formed of Senores Eliso Giberger, Arturo Amblaud, Leopoldo Sola, Carlos Font, Miguel Genor, Eduardo Dolz and others, assembled in secret meeting here to discuss the situation, which is considered very serious, owing to the continuance of the insurrection, despite the fact that autonomy has been granted to Cuba. Senor Antonio Govin, colonial secretary of the interior, did not take part in the deliberations, but sent his assent to the resolutions adopted. It was resolved to open negotiations with the insurgents, in the belief that the revolution could not be suppressed by force of arms. Anticipating that the insurgents would not accept the new terms it was resolved that the colonial government would open negotiations, thus saving the Madrid government from the responsibility. The following propositions will be formally tendered to the insurgents:

First—The volunteers will be dissolved and a Cuban militia formed. Second—The insurgent Colonels and generals will be recognized. Third—Cuba will be called upon to pay only \$1,000,000 out of the \$5,000,000 indebtedness due for both wars. Fourth—Cuba will pay \$2,000,000 a year for the crown tax. Fifth—Cuba will make her own treaties without interference by the Madrid government. Sixth—Spanish products will have only a 10 per cent margin of protection over similar products from other countries. Seventh—No exiles or deportations will be made, even in war time, to Spain, Africa or to penal settlements elsewhere. Eighth—Death sentences for rebellion shall be abolished. Ninth—Martial law cannot be ordered by the captain general without the consent of both the house and senate if those bodies are in session, or without the assent of a majority of the cabinet if they are not in session. Tenth—The archbishop of Santiago de Cuba shall always be an active Cuban. Eleventh—The actual insurgent party shall have three seats in the first cabinet. Twelfth—An armistice of 15 days shall be granted for the discussion of the terms of peace. Thirteenth—These terms are accepted by the Autonomist party in full, with the exceptions of Senores Galvez, Montero, Zayas and Delonte.

SHOT BY POLICEMAN. Poston, Feb. 14.—A man who afterwards gave his name as Peter Nielsen, 23 years of age, was acting suspiciously on the street and was accosted by Policeman Walter G. Horton, who asked him his business. Without warning Nielsen drew a pistol and fired at the policeman, shooting him in the back. Horton, who is not dangerously hurt, arrested Nielsen.

Ex-Princesses Married. Honolulu, Feb. 12.—The engagement is announced of a marriage that has been arranged between Prince David Kawananakoa and Princess Kalaniani'olaha Kii. The princess is the daughter of the ex-Governor Archibald Scott Cleghorn and the late Princess Miriam Likelike. Under the monarchical regime she would have succeeded Queen Liliuokalani to the throne of Hawaii. Prince David is a son of Kahanuipoa, a famous high chief, and is the daughter of the youngest sister of Queen Kapiolani.

Consumption Positively Cured. Mr. R. B. Greeve, merchant, of Chilhowee, Va., certifies that he had consumption, was given up to die, sought all medical treatment, but money could procure, tried all kinds of remedies, but could get no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years he has been attending to business and says Dr. King's New Discovery is the greatest remedy ever made, as it has done so much for him and also for the members of his community. Discussing De Lome's Successor. Madrid, Feb. 14.—The cabinet is today discussing the choice of a successor to "Don Dupuy" De Lome at Washington. The candidacy of Senor Polo-Barrera appears to be abandoned. Several members of the cabinet favor the nomination of the Duke of Arcos, Spanish minister to Mexico, because he could take charge of the Spanish legation at Washington this week.

THE DE LOME LETTER.

How the Insulting Missive Came to Be Published.

STOLEN AT HAVANA'S POSTOFFICE

An Agent of the Cuban Party There Employed Secured the Original Letter and Sent the Envelope to Senor Canelajas Stuffed With Blank Paper.

Philadelphia, Feb. 14.—The Press prints what it asserts to be a true version of the acquisition and publication of the letter from Spanish Minister De Lome to Senor Canelajas. The authenticity of the letter is established by a "Cuba" in the highest standing in the councils of the party, who received his information "from headquarters in New York."

The story proceeds to say: "The letter was not stolen from the United States mails, but was secured by an agent of the Cuban party in the post-office at Havana. Don Jose Canelajas to whom the letter was addressed, never saw the original. He did not know until eight days after the letter reached Havana that such a letter from Spain's representative in Washington had been written by his person."

De Lome wrote the letter in his private residence in Washington instead of at the Spanish legation. The paper, however, was marked with the official type and read in the corner, "Legation de Espana." The same inscription was upon the left-hand upper corner of the envelope.

"Senor De Lome did not mail the letter from his house. In fact, he had not quite completed it upon the morning it was written, and carried it to the legation, where it was first seen and noticed by a person who is in the employ of the embassy, acting in a sub-official capacity. The letter lay upon the desk of the minister in his inner office, the outer office being his place of reception to visitors. During an absence of half an hour from the inner office of De Lome, the clerk in question saw the open letter and read some of it.

"The next day this same person sent word to his Cuban associates in Washington to the effect that he had seen a letter from De Lome to Canelajas in which President McKinley was vilified and autonomy called a scheme. Several of the Cuban leaders got together and asked the employe of the embassy to secure the letter. They did not believe implicitly in his story, although he urged them to come into public print to make charges against De Lome. Because they did not have the letter in their possession the leaders refused to say anything about it. The employe of the legation was urged to use all means in his power to secure the letter, although it was considered probable that the letter would be taken from him when the Cubans at the Hotel Raleigh were informed of its existence.

"The clerk in the employ of Minister De Lome saw no more of the letter. His memory written abstracts were forwarded to New York, and it was quickly agreed that possession of the letter be obtained and his statements proven to be true the letter would be of incalculable value to the Cuban cause as substantiating what Cuban leaders had maintained regarding autonomy and the general Spanish policy in official circles toward this country and its officers. Immediately words of warning and urgency to be on the alert were sent to every Cuban who might be in a position to obtain track of or intercept the much sought for missive.

"The letter reached Havana five days after its postmark in Washington. An agent of the Cuban party, who is an employe of the Spanish postoffice, knew that the letter was on its way, and when it came into his hands it was carried from the postoffice and a copy was made of it. Word to this effect was sent to the Cuban leader in Jacksonville, Fla., who at once asked the secret Cuban Junta in Havana to secure the original letter—that a copy was not what was desired. The Havana postoffice clerk was not willing to do this at first, but when the Junta threatened original was taken, several blank sheets were substituted in place of the paper upon which De Lome had written, and the letter finally postmarked in the Havana office and sent in its routine way. Eight days from its arrival in the Havana office the sealed envelope, properly addressed to Senor Canelajas, was delivered at the Hotel Inglaterra. Senor Canelajas did not regard the matter seriously at the time, although the hotel boy who brought him the letter and the postoffice employe who had last charge of it were arrested, so, also, was the hotel employe who went several times daily to the postoffice for the mails. All three were discharged after the examination.

"Senor Canelajas communicated almost immediately with Minister De Lome and for several days letters and cablegrams passed between the two, but no trace of the letter could be obtained. Canelajas shortly thereafter left Havana, going to Madrid.

"It is not explained why the letter was kept by the Cuban party for several days before it was given out for publication. An informant, other than the person who gave the foregoing, but who is on the inside in Cuban official circles, declares that the delay was occasioned by a desire on the part of the Junta to be assured absolutely that the writings were that of the Spanish minister, and that he might not have any chance to deny its authorship, and thus cause a reaction, which would undoubtedly have been the result of the propagation of a fake."

THE ESCAPE.

When a man has a chance to escape from prison he doesn't stop to argue about it; he breaks out as quickly as ever he can. He knows that every moment's delay may lessen his chance of escape; but when a man is sick he too often postpones his opportunity of getting well and says, "I'll be better next week" or "next month."

The weeks and months go on and every day his chance of escaping from the dungeon of disease grows smaller. The Golden Medical Discovery, originated by Dr. R. V. Pierce, of Buffalo, N. Y., offers a certain means of recovery to every man and woman who is suffering from any form of weakness or disease due to imperfect nutrition. "Golden Medical Discovery" creates good appetite, good digestion, good blood, good health. It gives muscular strength, nervous energy, vitality. It helps you to think and work successfully.

Mr. Frank A. Startz, of Fayetteville, Fayette Co., Texas, writes in a letter to Dr. Pierce: "It affords me pleasure to testify to the remarkable curative power of Dr. Pierce's Golden Medical Discovery. I was severely afflicted with trouble in my lungs—spitting up blood, and was so weak I was unable to do any of my work. I tried several remedies which gave me no relief, and had almost given up hope when I bought Dr. Pierce's Golden Medical Discovery. I was recommended to me so I tried it, and before long my cough cleared away, my appetite returned, and I was able to resume work. I consider it the most wonderful medicine I have ever used."

Every man who wants to save doctor's bills should send at once the stamps of the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y., for a copy of his free book, "Common Sense Medical Advice," in paper covers, or 31 stamps for cloth-bound copy.
